Administrator's Message

We've been struggling for over a year now with COVID 19. Moose International has given us a green light to open completely. Thanks to all of you that have helped us during these trying times.

Come check out what's happening at the lodge. Karaoke has started up every Friday night along with Cornholing on Tuesday nights. Texas hold'em on Friday night going strong and welcomes all members to try their luck.

If you come to the lodge and you feel comfortable wearing a mask, please do so.

We have a new governing unit family line like the United States. The title "Governor" of the lodge is now known as "President". His name is Earl Munday. Please feel free to call Earl if you wish to add any ideas for Moose functions.

We are working on more dinners right now. We have limited Friday night dinners.

If you haven't been to the lodge for awhile, please come down and see what a refreshing face lift of the lodge. I think you would be very pleased and very proud of what your lodge now looks like and what we represent.

Still serving

Robert(Bob) Pirone

seniors and communities.**

Earl Munday III

I hope this message finds everyone doing well. I am glad to report that the lodge is open, and we are getting things moving. Our Friday nights have been busy with dinners, karaoke, and poker. Some of our members have volunteered to cook so we are glad we are able to get our kitchen going again. Thank you to Kelly, Val, John, Jeff, and all those who have stepped up to cook it is very much appreciated. We will be bringing back Monday Night dinner with John DeRose as our chef in July.

We also have our 4th Wednesday of the Month Car Shows that are a lot of fun. Come on down, check out the cars and have a great meal. It is also a great opportunity to see your friends in person after a very long year of sheltering in place. Our first one was a great success and thank you to those who volunteered and those who jumped in when it got a little busier than expected. Which is a great problem to have!!!

Flea Markets are still going strong on the 1st and 3rd Sunday of the month. Come down and shop or rent a space and sell your extra stuff that you organized during this pandemic. The next Flea Market dates are August 1st and 15th.

One of our newest activities is Tuesday night cornhole which has been an instant success. My wife and I went down to watch, and they were having a great time. We plan on giving it a try in the coming weeks, so if you need a good laugh come watch us play. If you want to play it starts at 6:30 with a \$5.00 buy in.

We have gained a lot of new members recently and we are so happy to see them down at the lodge and enjoying themselves. It has been amazing to see our old friends at the lodge again and meeting a new group of friends as well.

As you can see the activities are starting again and we plan to keep them going and adding more. Our Activities Chairman is hard at work trying to plan some future events to keep our members busy. Remember with more events means we need more volunteers. So please consider volunteering your time down at the lodge when you are available. If you are interested in helping at different events or want to see a specific event at the lodge let us know. We are open to all ideas. I know we are always looking for volunteers at the flea market and car shows so if you can help or have ideas contact our Activities Chairman at 510-688-0396. She will work with me to make sure we are providing quality events for our members. You will see listed in this newsletter a list of committees and unfortunately those committees do not have names by them. I am looking for people to fill those spots as they are crucial to make our lodge successful. I would be happy to speak to about what those positions entail and hopefully getting all the slots filled by the next newsletter.

Speaking of newsletter, everyone give a big thank you to Cheryl for taking this on and getting information out to our members.

Until next time, see you at the lodge. In my next article I hope to bring you back some great information learned at our International Convention and tell you about our amazing trip to Mooseheart where we were able to see up close how our membership makes a difference and helps children in need.

Thank you for being part of our Moose Family!!!

Letter from the Senior Regent:
Hello co-workers, family, and friends.

My name is Tammy Ferman.

I am honored and grateful to be your Senior Regent for the Hayward Castro Valley Women of the Moose for 2021-2022. We are planning a great year for our Lodge and would love to have your input and support. What do YOU want to see at your lodge? What community organizations would you like to support. We are bringing back Friday night dinners, and Friday Night Poker! Monday night dinners at the Lodge are also returning. We have Friday night Karaoke, Corn Hole on Tuesdays, Billiards on Wednesdays, and our ever-popular Flea Market coming back on some Sundays. Our Women of the Moose meet on the Second Wednesday of the month at 6:30 p.m. (We have snacks!) We have open positions for chairmen and committee members, so watch your mailbox. We would love to see you at the Lodge and at WOTM meetings. Welcome Back, the Hayward/Castro Valley Moose!
