

We have a large selection of dope brushes, in stock and available for immediate pick up, shipment or delivery

Other shapes are available upon request through special order

DOPE BRUSHES

Dope brushes are made of firm tampico fiber, spiral-wound onto a wooden handle and available in different shapes and trim lengths. Dope brushes are available with or without a handle guard (non-breakable plastic, diamond shaped).

SM handle indicates a 7/8" diameter. LG handle indicates a 1-1/16" diameter.
