MAINTAIN A SAFE, PRODUCTIVE WORK ENVIRONMENT

Nearly 111 million workdays are lost to flu-related absences every year in the U.S. alone. That comes to almost \$7 billion in lost productivity!*

The good news: many of these instances of illness are preventable. By maintaining effective disinfecting/sanitizing procedures on highly touched objects (HTOs), you can help prevent

the spread of viruses and bacteria in the workplace - keeping your employees healthy and productivity high.

It all starts with the right cleaning program, using products that are proven effective in killing illness-causing pathogens. SCRUBS® is your go-to resource for all the cleaning, disinfecting and sanitizing chemicals you need to maintain a safe, productive work environment. After all - a healthy workplace and productivity are nothing to sniff at!

CLEAN VS. SANITIZE VS. DISINFECT WHAT'S THE DIFFERENCE?

CLEAN

REMOVES GERMS

Cleaning products can be considered as effective as soap and water in removing germs from hands and surfaces, but don't contain chemicals that will kill germs.

SANITIZE

REDUCES BACTERIA

Sanitizing reduces the number of bacteria on hands and surfaces. Sanitizing is particularly important in food preparation areas where germs can cause foodborne illnesses.

DISINFECT

KILLS 99.9% BACTERIA & VIRUSES

Disinfecting kills microscopic organisms (bacteria, viruses, fungi) on surfaces. Disinfection is achieved by using EPA-approved chemicals that kill the organisms on clean surfaces preventing them from spreading.

SCRUBS IN-A-BUCKET®
HAND CLEANER TOWELS

DO MORE THAN AN INCREDIBLE JOB OF CLEANING - THEY SAVE YOU MONEY!

They contribute to the bottom line because the vast majority of cleaning costs (more than 90%) are in labor! SCRUBS® towels allow workers to clean their hands ANYWHERE, ANYPLACE, ANYTIME!®, reducing the number of trips to hand-washing stations. The new more-textured towels clean more soils even faster! The time saved can be used for more productive activities for your business.

- Advanced cleaning formula loosens and dissolves industrial soils from hands, tools and surfaces
- Rough Touch® blue towel has textured surface for scrubbing and smooth side for touch ups
- Large towel locks in soil to prevent it from transferring back onto hands or surfaces
- Leaves hands feeling clean with no rinsing required and no sticky residue left behind
- Replaces dirty rags, shop towels and sponges
- Hands free dispensing when used with SCRUBS® Mounting Bracket (49-13582)
