

John, thanks for the great job done at MCES.

John Foley Masonry had done a great job on Rogers MCES project. The crew was very organized and efficient in their task. The guys were polite and motivated. The quality of work was above expectation and completed ahead of schedule. The owner rep. commended on that. Foreman was very good to work with. He was very mindful of safety/quality of work. I enjoyed working with him on this project and the last project at PA Manufacture. I'm looking forward to work with him again.
