NEW REKINDLED CHURCH LOCATION!

by Doyle Rowan

In a world of constant change and evolution, one aspect that remains steady is the spiritual yearning of individuals seeking solace and community. The idea of moving into a new church building is a significant event, signifying growth and progress for a congregation and its surrounding community. As the congregation embarks on this new journey, the selection of the perfect location becomes crucial. After careful consideration and prayerful reflection, the leadership team has found a space that not only complements our vision but also resonates with the values we hold dear.

The New Church Building Location

Nestled beneath the old Super 10 store on East Main Street, the new church building will stand as a beacon of hope and faith in eastern Albemarle. Conveniently located, just a short drive from where we currently meet on Sunday mornings, at 107 Moss Springs Road, the site offers easy accessibility for both existing members and newcomers alike. The decision to choose this location was guided by a desire to be welcoming

and inclusive, fostering a sense of belonging for anyone who seeks spiritual enlightenment.

Community Integration

A vibrant and close-knit community lies at the heart of the congregation's mission. The new church building location is strategically situated near residential areas, encouraging community members to engage actively with the church's programs and events. The leadership team envisions hosting outreach programs, social gatherings, and charity events that will not only serve the needs of the community but also strengthen the bonds between its residents. By being an integral part of the neighborhood, the church hopes to foster an atmosphere of love, support, and mutual understanding.

Future Growth

While the church building's location is ideal for its current needs, it also provides ample space for future church activities/functions and outreaches. This forward-thinking approach ensures that the church can continue to serve the spiritual and social needs of the community for years to come.

Conclusion

In choosing the location for their new church building, the leadership team has taken a purposeful and thoughtful approach. The site's community integration, and potential for future growth play a crucial role in shaping a spiritually enriching space. As we prepare to move into the new building location and the vision becomes a reality, the new church building will undoubtedly become a sanctuary where individuals from all walks of life can come together, grow in their faith, and forge lasting connections with one another. The leadership team eagerly awaits the day when the doors of the new church building will open, welcoming everyone with open arms and hearts.

A WORD FROM PASTOR WILSON

Grateful! That's the word that comes to my mind when I think of Rekindled Church. I am so grateful for each of you! This ride gets better each year. I am excited to move into our new facility very soon and begin to serve with you all even more. I am sure it will come with its challenges, but the rewards I know will pay off! I love seeing Rekindled grow and advance for the cause of Jesus.

I am also looking forward to Praise Fest 2023. This is going to be a great event, and we are so looking forward to what the Lord is going to do. We need you all to help us make this event a success. We will have various jobs for everyone, and of course please invite lots of folks to come out and enjoy the worship. We will have the House of Pearls and Ground 40 with us to minister to anyone who is struggling as well. Rekindled, we exist for moments like these. Lastly, thank you for your prayers in my illness this past weekend. I truly was reminded what a blessed pastor I am.

Thank you all for showing up for Pastor Charles in the death of his grandfather as well. You all show such love and for that again I am grateful.

Love Pastor Wilson
