## **Rhoads | May 2016 | Bowie, Maryland**

"My wife and I had moved out of state last year and decided to sell our house at 12803 Chesney Ln., Bowie, MD instead of continuing to rent. Since we did not need to sell in a hurry and wanted top dollar for our house, we decided to offer it "For Sale By Owner." We thought we had a fairly good idea of the local market and had decided on an amount we would sell at in "as in" condition and a price we would sell at after making basic, cosmetic upgrades. After six months of no offers and being more anxious to sell, we decided to market the property with a realtor. We interviewed several local realtors, as well as two realtors advertised heavily on local radio. We realized that some realtors were willing to list the house at whatever price I wanted, just to get their sign in my yard. We were not comfortable with any of the realtors we had contacted.

As we got closer to the date where we needed to decide on a realtor, we were approached by Christopher from Team Caropreso. He had seen my FSBO sign in the yard and asked if we were interested in using their services.

Christopher looked at our house and said the Team would evaluate its potential in the current local market. Vince Caropreso then made an appointment with us and presented his team's plan for marketing our house if we decided to use them. We were a little disappointed that his initial valuation was somewhat lower than we had hoped. We realized however that he was not just trying to use us as cheap advertising. We signed a contract with Vince and made final plans to put the house on the market. Vince's marketing team did a phenomenal job photographing and videoing our home and property. Vince decided to make the listing active on Thursday morning. By that evening, we had already had four agents and potential buyers come for a showing. By Monday evening, there had been roughly eighteen showings and we had four offers, all at full-price or better. That night we signed a contract for \$17,000 over our asking price. After closing, we realized almost exactly what we had hoped to net from our FSBO sale.

Needless to say, we are ecstatic with the results Team Caropreso delivered.

Vince and his team know how to sell homes. The quality and professionalism of their marketing plan can't be beat. Most importantly, they do in-depth research on the current, local market and know how to price and market the property to bring the highest offer. I have no doubt that, had we continued to try and sell the house on our own, we would not have netted the same amount from our sale and would have had to navigate all of the nightmarish contract details on our own. Vince and his Team Caropreso get our absolute highest recommendation for selling your home."

### **Volpe | May 2016 | Pasadena, Maryland**

### **Demyanovich | November 2015 | Annapolis, Maryland**

"My husband and I just purchased our first home last week with the help of Vince and Melinda. They were absolutely incredible! They were always responsive, always on top of things, and offered unbiased opinions of the many properties we looked at. My husband and I were not the easiest to work with as our minds changed quickly regarding house style, location, and price. Melinda handled this with ease and immediately adjusted our search criteria to reflect what we were looking for at the time. She took the time to get to know us well and used that knowledge to help us think outside the box when looking at properties. Additionally, she was always available to show us different homes during non-business hours and weekends. They were extremely knowledgeable about purchasing a foreclosed home and kept us on track with any deadlines during the buying process. Vince and Melinda made what seemed like a daunting experience fun and easy. I will recommend them to anyone I know in the area looking for a friendly, organized, and responsive real estate team. They were awesome and we will

always be thankful for their patience and persistence in helping us find our perfect first home!"

"I had my home on the market looking for a renter for about a year with another Realtor from Long & Foster and he did nothing to promote and market my condo. Not one person was interested. I signed up to locate a realtor on a website because I was so discouraged that I was just ready to sell it. Then Vince contacted me the same day and convinced me not to sell because I would not even get what I paid for it and that he could get me a renter. Within a few months I had a tenant, and he is working out great. Thank you so much Vince for everything!!!! You are AWESOME!!!!"
