

Dear Mathematics Colleagues,

Welcome back to the 2023-2024 school year!

I am excited to announce that Nassau County Association of Mathematics Supervisors will be changing our name to **Association of Mathematics Supervisors of Long Island (AMSLI)** starting in the 2024-2025 school year. The executive board has agreed that this change is necessary so as to ensure that the entire island knows we represent them as we focus on supporting and improving mathematics instruction and supervision.

In preparation for this change, we will be having a logo contest for our new organization name. We encourage all students to submit their logo design for AMSLI to John Towers, the Director of Mathematics in Levittown, at JTowers@levittownschoools.com, no later than January 5th. A scholarship will be awarded to the student whose design is selected.

We are happy to share news of the upcoming events that will create networking opportunities for new administrators and also allow administrators and teachers to collaborate and engage in current research-based teaching practices in order to enhance mathematics instruction.

Upcoming Events

Administrator Meet and Greet

October 2nd at Panera, located at 2375 Merrick Road in Bellmore from 8-10am.

Click [here](#) to register for this free event.

This is a great opportunity for new and veteran administrators to forge relationships and collaborate on current trends in mathematics education.

Fall Conference with Peter Liljedahl

November 9th at Salisbury School from 7-3:30pm.

Click [here](#) for more information and to register.

You've probably heard about Building Thinking Classrooms, now you can learn from the creator of it and be a participant as you see it in action!

AP Statistics Collegial Circle

October 12th at Jericho High School from 4-5:30pm

Click [here](#) for more information and to register.

Teachers collaborate as they review the most recent AP Statistics exam.

Please remember it is our goal to support you in your role as mathematics administrators and if there are any additional ways you think our organization can do so, let us know.

We wish everyone a successful school year!

**Joanne Fennessy
NCAMS President**
