Welcome to **The Spotlight** with Tony.

This month's spotlight is on **Angie Williams-Dolanz**.

Hi, I'm Angela Williams.

I started Clean & Simple in 2017. At the time, I realized I was unable to find a cleaning service that used pure, organic products in the homes they cleaned. I decided I wanted to be the person people could depend on to provide top-quality cleaning services, coupled with safe, anti-allergenic, Environmentally sound products that are also safe for children.

While you're here, don't miss out on the 'Services' section where you can read in detail what we can provide, and the level of quality we bring.

Please send us a message to set up a Free Consultation.

It would be my pleasure to show you just how delightful we can make your home become.

"I found Tony from Barrus Bookkeeping to help me with my taxes and bookkeeping. Before meeting Tony, I struggled with organization and running my business efficiently."

"Tony's professionalism and organizational skills have greatly improved my business and helped me with my bookkeeping, and his cost-effective rates, and wonderful personality made me confident in hiring him to work with me."

"Tony has been extremely beneficial for my company. He is diligent in sending me proper reports, statements, and helping me with taxes. His knowledge and expertise have been invaluable."

“With him, I have a stress-free feeling, knowing that my business is in good hands. My experience working with Tony has been nothing but professional and productive, and I would give him five stars without hesitation. Without his help, I wouldn't be where I am today.”

“Thank you, Tony, for your excellent service and support. Five stars all the way!”

Thank you so much for your time everyone!
