

Rules for Behavior Team

1. Analysis of behavior/s should be objective based.
2. Respect the voting body's decision regardless of personal feelings.
3. Behavior Team information will be shared outside of the team, internal to current SCRAPS employees and volunteers on a need-to-know basis.
4. If the decision is made to euthanize, the act will be carried out once the required staff and equipment become available.
5. Canine Enhancement should focus on dogs with the least number of behavioral issues first.
6. Extra emphasis should be focused on "Is this animal safe to place in a home" with significant consideration for the safety of neighbors and community members.
