010 - DEFINITIONS OF EMPLOYMENT STATUS

I. PURPOSE

To help provide uniformity and equity in applying personnel policies and benefits.

II. SCOPE

These definitions apply to all locations in Spokane County. Some labor contracts may have varying definitions. See specific labor contracts.

III. POLICY

Spokane County maintains standard definitions of employment status and classifies employees for purposes of personnel administration and related payroll transactions according to the following definitions:

A. EMPLOYMENT DEFINITIONS:

At-will: Spokane County is an at-will employer County. This means either the employee or employer is free to terminate the employment relationship at any time, with or without reason, advance notice, or warning. This may vary depending on the labor contract agreement or Civil Service rule.

Exempt: Any position designated by Spokane County as exempt while using the Fair Labor Standards Act (FLSA) overtime provisions tests. These employees are not entitled to receive overtime compensation.

Non-exempt: Employees whose positions do not meet FLSA exemption tests and who are paid a multiple of their regular rate of pay for overtime, as required by federal and state law. Payment can be in compensatory time off or in cash payment.

Regular: Employees who have completed at least 1,040 hours of Review Period.

Full-time: Employees scheduled to work 37.5 hours or 40 hours per week, a full workweek.

Part-time: Employees scheduled to work less than 37.5 hours per week.

Review Period: A period of time in which employees who are newly hired, just promoted, or rehired will be continually evaluated for at least the first 1,040 non-overtime work hours (approximately 6 months). However, longer periods may be established for positions requiring technical, professional, specialized, unusual or unique skills or qualifications.

Extra-Help: Works to cover peak or emergency workloads and necessary vacation relief. Insofar as possible, extra help work will be offered to persons from eligible lists. Extra help personnel shall not be employed for more than five months in any 12-month period in the same department. A month of extra help employment is considered to be 70 or more hours. Extra help personnel who work less than 70 hours per month may work for an indefinite period. Except in unusual or emergency situations, extra help personnel must meet the minimum requirement of the applicable county job classification. Extra help personnel are not eligible for benefits. (Res. 95-0742, Res. 87-1184 4, 1987; Res. 74-817, 1974)

Seasonal: Works at specific times of year or on special projects to meet departmental needs. Time of employment generally exceeds five months but less than twelve months. Only retirement benefits are paid, unless labor agreements specify otherwise.

Limited Term: Any position with a starting and an ending date; includes benefits and must be applied for in the normal manner, and approved, if not already established by the Board of County Commissioners.

B. GENERAL DEFINITIONS:

Appointed: A position in which an Elected Official (EO) has authority to hire directly without using recruitment procedures (i.e. Department Heads, Deputies, etc.). The EO may use County recruitment procedures, if they desire. These positions are political appointments and serve at the will and pleasure of the Elected Official.

The employee shall be paid for such work when the employee works for two (2) hours or more in a day, in a classification above that in which the employee is normally classified. The employee shall be paid for such work at the rate assigned to the higher classified position at the Step that results in a minimum of a 5% increase in pay but does not exceed the range of the higher classification. Out of class pay will not be authorized in any case there is no position in the department/division in the classification for which out of class pay is being requested. The employee must meet the minimum requirements of the higher classification to be assigned the out of class, and essential functions of the higher job classification and be paid the out of class pay if the temporary work is out of class. 21 - EQUAL EMPLOYMENT OPPORTUNITY

I. PURPOSE

To preserve an employment environment free from illegal discrimination.

II. SCOPE

This policy applies to all employees and applicants for employment of Spokane County.

III. POLICY

Spokane County maintains a policy of non-discrimination with employees and applicants for employment. No aspect of employment within Spokane County will be influenced in any manner by race, color, religion, sex, age, national origin, veteran status, mental or physical disability, or any other basis prohibited by statute.

Spokane County is an equal employment opportunity employer. The County employs, trains, retains, promotes, terminates, and otherwise treats all employees and job applicants based on merit, qualifications, and competence.

22 - AMERICANS WITH DISABILITIES ACT

I. PURPOSE

To comply with the Americans with Disabilities Act.

II. SCOPE

This policy applies to all employees and applicants for employment of Spokane County.

III. POLICY

Spokane County's policy and practice is to comply with the Americans with Disabilities Act and ensure equal employment opportunity for all qualified persons with disabilities.

“Disability” includes a physical or mental impairment that substantially limits one or more life activities, a record of such impairment, or being regarded as having such an impairment. “Physical or mental impairment” includes orthopedic disorders, visual, speech and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, HIV infection, cancer, heart disease, mental retardation, emotional illness, specific learning disabilities, drug addiction, and alcoholism.

Spokane County is committed to ensuring non-discrimination in all terms, conditions and privileges of employment. Reasonable accommodation is available to all employees and applicants, including work site accessibility, as long as the accommodation doesn't cause undue hardship on the County. Individuals should contact their supervisor, manager, Elected Official/Department Head or Human Resources concerning an accommodation. All final approvals for accommodations will be jointly approved by the Department and Human Resources.

It is the policy of Spokane County to provide reasonable accommodation for qualified individuals for services, programs or employment. Spokane County will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal opportunity to qualified individuals with disabilities. See ADA Attachment.

ADA ATTACHMENT

THE REASONABLE ACCOMMODATION OBLIGATION

Overview of Legal Obligations

- An employer must provide a reasonable accommodation to the known physical or mental limitations of a qualified applicant or employee with a disability unless it can be shown that the accommodation would impose an undue hardship on the business.
- Reasonable accommodation is any modification or adjustment to a job, an employment practice, or the work environment that makes it possible for an individual with a disability to enjoy an equal employment opportunity.
- The obligation to provide a reasonable accommodation applies to all aspects of employment. This duty is ongoing and may arise any time that a person's disability or job changes.
- An employer cannot deny an employment opportunity to a qualified applicant or employee because of the need to provide reasonable accommodation, unless it would cause an undue hardship.
- An employer does not have to make an accommodation for an individual who is not otherwise qualified for a position.
- Generally, it is the obligation of an individual with a disability to request a reasonable accommodation.
- A qualified individual with a disability has the right to refuse an accommodation. However, if the individual cannot perform the essential functions of the job without the accommodation, s/he may not be qualified for the job.
- If the cost of an accommodation would impose an undue hardship on the employer, the individual with a disability should be given the option of providing the accommodation or paying that portion of the cost which would constitute an undue hardship.

SOME EXAMPLES OF REASONABLE ACCOMMODATION

- making facilities readily accessible to and usable by an individual with a disability;
- restructuring a job by reallocating or redistributing marginal job functions;
- altering when or how an essential job function is performed;
- providing part-time or modified work schedules;
- obtaining or modifying equipment or devices;
- modifying examinations, training materials or policies;
- providing qualified readers and interpreters;
- reassignment to a vacant position;
- permitting use of accrued paid leave or unpaid leave for necessary treatment;
- providing reserved parking for a person with a mobility impairment;
- allowing an employee to provide equipment or devices that an employer is not required to provide.

EVALUATIONS, DISCIPLINE AND DISCHARGE AND THE ADA

- An employer can hold employees with disabilities to the same standards of production/performance as:
- Other similarly situated employees without disabilities for performing essential job functions (with or without reasonable accommodation).
- Other employees regarding marginal job functions, unless the disability affects the ability to perform the marginal functions. If the ability to perform marginal functions is affected by the disability, the employer must provide some type of reasonable accommodation such as job restructuring (unless to do so would be an undue hardship).

- A disabled employee who needs an accommodation (that is not an undue hardship for an employer) in order to perform a job function should not be evaluated on his/her ability to perform the function without the accommodation, and should not be downgraded because such an accommodation is needed to perform the function.
- An employer should not give employees with disabilities “special treatment.” They should not be evaluated on a lower standard or disciplined less severely than any other employee. This is not equal employment opportunity.
- An employer must provide an employee with a disability with reasonable accommodation necessary to enable the employee to participate in the evaluation process (for example, counseling or an interpreter).
- If an employee with a disability is not performing well, an employer may require medical and other professional inquiries that are job-related and consistent with business necessity to discover whether the disability is causing the poor performance, and whether any reasonable accommodation or additional accommodation is needed.
- An employer may take the same disciplinary action against employees with disabilities as it takes against other similarly situated employees, if the illegal use of drugs or alcohol use affects job performance and/or attendance.
- An employer may not discipline or terminate an employee with a disability if the employer has refused to provide a requested reasonable accommodation that did not constitute an undue hardship, and the reason for unsatisfactory performance was the lack of accommodation.

23 - EMPLOYMENT OF RELATIVES (*Nepotism*)

I. PURPOSE

To prevent problems of supervision, safety, security and morale.

II. SCOPE

This policy applies to all employees.

III. POLICY

Employment applications of close family relatives may be considered with other qualified applicants when personnel vacancies occur. Some restrictions in job placement may apply, to prevent problems of supervision, safety, security and morale.

IV. DEFINITION

“Close family relatives” include an employee’s parents, child, current spouse, brother, sister, in-laws, and step relationships.

V. PROCEDURE

- A. It is the policy of the county to avoid the practice of nepotism in employment. The identity or status of a relative must be given no weight at all in the employment decision unless the business necessity exception applies. Close relatives or spouses of current Spokane County employees shall not be employed by the Board of County Commissioners or their department heads where one of the following business necessities applies:
1. Where one relative or spouse would have the authority or practical power to supervise, appoint, remove or discipline the other;
 2. Where one relative or spouse would be responsible for auditing the work of the other;
 3. Where other circumstances exist which would place the relative or spouse in a situation of actual or reasonable foreseeable conflict between the employer’s interest and their own;
 4. Where, in order to avoid the reality or appearance of improper influence or favor, or to protect its confidentiality, the County must limit the employment of spouses or close relatives.

- a. Where one of the above business necessities requires the limitation of employment opportunities for relatives or spouses, the exclusion should be limited to the job, work crew, shop, or unit where the reason for the exclusion exists, and should not bar the person from the whole work force, unless the reason applies to the whole work force.
 - b. It is further desired by the Board of County Commissioners that the above policy be applied by all other elected officials. (Res. 85-0394 Attachment A, 1985; Res. 77-595, 1977; Res. 76-700, 1977)
- B. If employees become related after employment and a conflict of interest or management problems of supervision, safety, security or morale result; or, if a reorganization creates such conflict, reasonable time shall be provided to resolve the matter.

24 - EMPLOYMENT OF MINORS

I. PURPOSE

To establish guidelines to occasionally hire minors during school breaks, at peak work periods, or on an internship basis.

II. SCOPE

This policy applies to all positions in Spokane County.

III. POLICY

As a general rule, employees of the County must be 18 years of age or older. Occasionally, we may hire students or others who are 16 or 17 years old, but this is done only under special conditions and must be approved by Human Resources.

A. Number of Hours Worked.

1. Minors who are high school graduates or have a certificate of high school proficiency may work the same hours as adults.
2. Minors who have not graduated or achieved a certificate of high school proficiency may work up to eight hours per day and 48 hours per week, when school is not in session. When school is in session, they may work up to four hours per day, unless they have received written permission from school authorities to work up to eight hours in addition to school time on any day immediately prior to a non-school day.

B. Spread of Hours. Work must be performed between 5:00 a.m. and 10:00 p.m. However, if enrolled in a work experience program, a minor may work up to 12:30 a.m. on any evening.

C. Wages. Regardless of age, minors will be paid at least minimum wage. If working the same hours as an adult, high school graduates or minors with a certificate of high school proficiency must be paid the same rates as an adult.

25 - REHIRES

I. PURPOSE

To establish guidelines to rehire former employees.

II. SCOPE

This policy applies to all former employees of the County. (Labor agreements may vary. See specific labor agreements in reference to specific represented employees.)

III. POLICY

When former employees apply to be rehired, they will be evaluated on the same basis as other applicants. However, consideration will be given to past job performance, the circumstances surrounding termination of previous employment, and the former employee's knowledge of the County's procedures and functions.

IV. PROCEDURES

A. REHIRES NOT RETURNING FROM LAY OFF

1. The rehiring of any employee must be approved by the Department and Human Resources.
2. Rehire candidates are required to complete a Spokane County Employment Application.
3. Employees rehired within 30 consecutive calendar days after separation will have their service and longevity bridged. This means that the employee may retain the original date of hire and will continue to accrue benefits (vacation and sick leave) at the same rate as before separation and beginning on their first day of re-employment. Sick leave will be reinstated at recorded balance at the time of separation. Insurance and retirement benefits, previously in effect, will continue also. However, any time not worked during this break in service will be treated as leave without pay and benefits accruals would not accumulate during this break.
4. Employees rehired after a break of service of more than 30 consecutive calendar days will receive a new date of hire. They will be treated the same as new employees for all purposes.

B. REHIRES RETURNING FROM LAY OFF

1. If a person is rehired to County employment from a current eligible lay off list within eighteen (18) months following the lay off, the County will reinstate sick leave accrual days at time of lay off.
2. If the person had a previous parking slot on the County campus, the employee will go back on the parking waiting list and will use the original hired date, not the rehire date.
3. Any employee whose employment is terminated by reduction in force after five or more years of service, and who are rehired within three years of such termination, may combine their original length of service with that after rehire to determine the vacation accrual rate. (County Code 1.03.051)
4. Any employee whose employment is terminated by a reduction in force and who is rehired within eighteen (18) months following such termination, may combine their original length of service with that after rehire to determine longevity pay eligibility.

26 - PROMOTIONS

I. PURPOSE

To support the basic organization-building process of promoting qualified employees to positions of greater responsibility and recognition.

II. SCOPE

This policy applies to all positions with Spokane County. (Labor agreements may vary. See specific labor agreements in reference to specific represented employees.)

III. POLICY

- A. The County encourages current employees to apply for vacant County positions for which they are qualified.
- B. Regular employees are eligible for promotional recruitment, transfer or voluntary demotions. To be considered for another position, an employee must possess the minimum qualifications for the vacant position and be selected from a competitive recruitment by the hiring authority.
- C. When a vacancy occurs, opportunities to promote from within (Department or County) may be explored, consistent with the goal of filling positions with the most capable individual available.
- D. Job posting, employee qualifications and work performance will provide the primary input to the internal selection process.
- E. At times, external recruiting sources will be used concurrently with the internal search.
- F. Receipt of a promotion does not constitute a commitment for continued employment in a new position at the County for any specific time, nor is there a guarantee that an employee will be able to return to his or her former position if he or she is unsuccessful in the new job.
- G. Promotions may require a review period. (See Policy #030)

- H. A person promoted shall be entitled to receive the step rate in the salary range of the new position, which provides an increase in salary. A person who is compensated at a Y-rate which exceeds the top step of the salary range of the old position, shall upon promotion, be compensated at the step rate in the salary range of the new position which provides an increase in salary over the top step of the old position, provided that the person shall not thereby suffer a reduction in salary.
- I. When the increase in salary provided for above is less than the equivalent of a one range increase in salary, the person shall be placed on the next higher step of the position to which appointed. Step advances thereafter shall be as otherwise provided.
- J. When the increase in salary provided for above is at least equivalent to a one range increase in salary, but less than the equivalent of a two range increase in salary, the person shall be entitled to advance to the next higher step of the position to which appointed in one-half of the time otherwise required. Step advances thereafter shall be as otherwise provided.
- K. The effective date of any change of status pursuant to this section shall set a new anniversary step increase date.

(Paragraphs IIIH - K are excerpts from the "Administration of the Classification Plan.")

IV. RELATED POLICIES

Policy No. 030, Review Period
Policy No. 120, Salary Program Administration
Policy No. 510, Employee Development Review (EDR)

030 - REVIEW PERIOD

I. PURPOSE

To complete the employee selection process by providing a review period of on-the-job work experience by which the employee and the County may evaluate employment suitability in terms of knowledge, skill, ability and interest.

II. SCOPE

This policy applies to all positions.

III. DEFINITION

A period of time in which employees who are newly hired, just promoted, or rehired will be evaluated for at least the first 975/1,040 non-overtime work hours (approximately 6 months).

IV. POLICY

- A. Employees will serve a review period of at least 975/1,040* non-overtime work hours from date of hire. Longer periods may be established for positions when circumstances justify.
- B. During the review period, frequent informal and formal employee performance evaluations may be held. If the County determines in its sole discretion that a satisfactory performance level cannot be achieved through a reasonable amount of training and coaching, review period employees will be released immediately.
- C. All employees, regardless of status or length of service, are required to meet and maintain County standards for job performance and behavior.

(* 1,040 non-overtime hours based on an 8-hour workday or 975 non-overtime hours based on a 7.5-hour workday.)

V. PROCEDURE

- A. Elected Officials/Department Heads, managers, or supervisors normally will be responsible for the training and evaluation during the employee review period.

- B. Reports may be provided at the supervisor's discretion. Informal coaching and feedback should be provided. It is the County's regular procedure to conduct an appraisal before the end of the Review Period so employees can receive feedback on their performance during this period. (See Policy #510)
- C. Upon satisfactory completion of the review period, employees move to regular status, but the nature of employment, "at-will" does not change.
- D. During the review period an employee is required to demonstrate suitability for the position through actual work performance.
- E. Elected Officials/Department Heads may require a review period for those employees who are reinstated or rehired.
- F. Employees who have served a review period at the same or higher level (classification specification) are not required to serve an additional review period for any transfer or demotion.
- G. A review period is required for a promotion where the employee has held this higher level and has not completed a review period at that higher level.
- H. An employee's review period may be extended for up to an additional 1,040 non-overtime work hours (for example a need to continue to evaluate marginal performance, etc.) to properly evaluate the employee's performance. The review period will not be shortened for any reason.
- I. Eligible review period employees accrue vacation and sick leave. Newly hired County employees shall not be eligible to take a paid vacation until they have accrued six days of vacation and are no longer in a review period status. Sick leave may be taken during the review period.
- J. The County's "Administration of the Classification Plan" will be the governing document for all employees.

040 - PERSONNEL RECORDS & PRIVACY

I. PURPOSE

To establish standards by which information contained in personnel records will be managed to achieve accuracy, privacy and legal compliance.

II. SCOPE

This policy applies to all departments and employees of Spokane County.

III. POLICY

- A. Confidentiality. Personnel files are kept confidential to the maximum extent allowed by public information laws.
- B. Housing Files. Personnel records will be maintained in the Human Resources Department containing information on each County employee to meet State and Federal legal requirements and to assure efficient personnel administration.
- C. Notification of Changes. Changes of address, telephone number and/or family status (births, marriage, death, divorce, legal separation, etc.) must be reported in writing, immediately to Human Resources. Also an employee's income tax status and group insurance may be affected by these changes.
- D. Files Access. Access to personnel files is restricted to authorized employees of Human Resources Department, supervisors, managers, Elected Officials, Department Heads on a "need to know" basis. Employees may review their own personnel file. Personnel files are the property of Spokane County and may not be removed from the Human Resources Department without the Human Resources Director's approval.
- E. Information Requests and Employment References. Requests for information from employee files (from other departments, inquiries from outside the County, and requests for references), will be directed to Human Resources. Supervisors and other employees are prohibited from providing employment references on ex-employees or current employees without written authorization from the employee and HR approval.

- F. Other requests must contain written and signed consent from the current/past employee. This employee must specify all areas to be discussed/verified.
- G. Only the Human Resources Director or designee and Elected Official/Department Head may provide employment references on current or former regular County employees.

IV. PROCEDURE

- A. Personnel File Contents. When an employee is hired at the County, a personnel file will be established generally containing the following information:
 - 1. Application for employment and related hiring documents, such as resumes and course transcripts. Included with this will be the job posting and classification specification (class spec) under which an employee was hired.
 - 2. Personal information changes and personnel action notices of pay and employment status changes.
 - 3. Performance documents including appraisals.
 - 4. Employee history updating information submitted by employees including recent education, records of outside achievements, changes affecting withholding tax, etc.
 - 5. Other documents pertaining to employment such as certificates of a State or higher award, employment offer letters, record of drivers license, employment verifications, corrective action reports, disciplinary actions and exit interviews. The Department will maintain an employee's job related training records.
- B. Examination of an Employee's Personnel File. Inspection of an employee's personnel file may be accomplished at reasonable times during office hours under the following conditions:
 - 1. Employee. Employees may examine their files one time per year, at reasonable times, and upon prior 24 hour notice submitted to Human Resources. This review will take place in the Human Resources Department with an appropriate Human Resources representative present. Employees may obtain a copy of documents in the file. The County may charge thirty (30) cents a page for all copies made.

2. Management Staff. Management staff may examine active and separated employee files on a “need to know” basis.
 3. Government Inquiries. The County generally will cooperate with federal, state and local government agencies investigating an employee if the investigators furnish proper identification and proof of legal authority to investigate. However, the County may first seek advice of legal counsel. The County may permit a government investigator to review a personnel file on County premises, but the investigator will not be allowed to remove or reproduce this information without consent from Human Resources and/or the County's attorneys.
- C. Information Requests and Employment References. If current and former employees wish the County to verify information requested by outside sources for credit or other purposes, a release form with the employee's signature must accompany the request.
1. References with Written Approval: Salary history, job chronology and performance information may be released with written approval of the employee or ex-employee. This information will be released in writing and a copy retained in the employee's personnel file.
 2. Telephone Inquiries: Information will be verified by Human Resources via telephone (after a reasonable caller identification) but will be limited to the following:
 - Date of hire and date of separation;
 - Job title(s); and
 - Confirmation of salary stated by caller.
 3. Third Party Public Requests: These requests will be reviewed/considered on a case-by-case basis in accordance with state and federal public disclosure laws. Inquires must be made on appropriate request forms. (See Attached)
- D. Sensitive Files: Medical records, documents necessary for the administration of County Medical benefit programs, and any investigatory information will be kept in a separate confidential file. I-9 forms are also kept in a separate file. These files may be examined only by appropriate officials on a need to know basis.
- E. File Retention. Originals of personnel records will be retained by Human Resources for at least seven years after an employee's separation date.

100 - WAGE AND SALARY

Policy No. 110
December 2014
Page 1 of 1

110 - EXEMPT/NON-EXEMPT EMPLOYEES

I. PURPOSE

To define exempt and non-exempt employee status and to provide guidelines for determining this status according to law.

II. SCOPE

This policy applies to employees of Spokane County. Labor agreements may vary. See specific labor agreements in reference to specific represented employees. (Also, see Policy No. 211, Overtime: Non-exempt Employees, for overtime pay requirements.)

III. POLICY

All positions in Spokane County will be classified as either exempt or non-exempt in compliance with federal Fair Labor Standards laws and for pay administration purposes.

IV. DEFINITIONS

Definitions of exempt and non-exempt status are based on provisions of the Fair Labor Standards Act (FLSA). These definitions are summarized as follows:

Exempt. Management, supervisory, professional, and administrative employees whose positions meet specific tests established by the FLSA and who are exempt from overtime pay requirements. Time cards may be required for these employees.

Non-exempt. Employees whose positions do not meet FLSA exemption tests and who are eligible for overtime. Time cards are required for these employees. Overtime is calculated as follows:

- i. Straight time for hours paid through forty (40) hours in a work week. (Note: This may vary in some contracts.)
- ii. Hours worked greater than forty (40) will be compensated at 1.5 times their regular rate of pay.
- iii. Vacation, sick leave, PTO, holiday and comp hours are not counted toward hours worked for purposes of overtime consideration.

115 - CREATION OF NEW CLASSIFICATIONS, RECLASSIFICATIONS, TITLE CHANGES AND WAGE ADJUSTMENTS

I. PURPOSE

To provide the process to request a new job classification, reclassification, title change or wage adjustment.

II. SCOPE

This policy applies to regular positions, full-time and part-time, exempt and non-exempt, except Elected Officials. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

It is the policy of Spokane County to provide an equitable process for requesting a new job classification, a reclassification, title change or a wage adjustment. At least one of the following is required for consideration:

- A. Essential duties and responsibilities of the position have significantly changed (~50%) over time to meet department needs;
- B. The employee has been performing higher classification work and has been paid out-of-class for at least nine (9) months;
- C. A department reorganization or changing department needs requires the creation of a new or modified position;
- D. (Wage adjustment requests only) The request is the result of an on-going recruitment or retention problem; considerations may include extreme difficulty filling a vacancy or excessive turnover due to economic issues in the twelve (12) months preceding the request.

The effective date of any changes will be the tenth (10th) working day after the request was received by Human Resources.

No request for reclassification and/or wage adjustment evaluation shall be considered if it has been less than two (2) years since the last evaluation of the position or classification.

IV. PROCEDURE

Request

The requesting Department Head/Elected Official submits the completed Non-Represented **Job Analysis Request Form** to the Chief Operating Officer (COO) and Chief Budget Officer (CBO). If approved, the COO forwards the signed job analysis request to Human Resources for analysis.

Analysis

Human Resources, in collaboration with the Department, will evaluate the job duties and responsibilities pertaining to the request. If it is deemed appropriate, a new classification, a new job title, and/or a wage adjustment will be recommended by the analysis. If the duties and responsibilities fit within an existing classification, Human Resources will recommend that it be designated as such.

If the HR analysis does not result in a budgetary impact, the change shall be processed without the need for further approval.

Budget Approval

If the HR analysis requires additional monies, HR, the DH/EO will meet with the COO and/or CBO for final approval of the change prior to processing. Final approval will include the CBO advising the requesting DH/EO of the budgetary impact and discussion of funding availability. **In no case shall a new classification, a reclassification or a wage adjustment resulting in additional monies be processed without the final approval of the COO and the CBO.**

Outcomes

New Classification

A new classification may be created when the existing duties and responsibilities do not fit within an existing classification. The new classification may or may not result in a change in pay.

New Title

A new title may be applied to an existing classification in order to reflect changes in the market or industry. A new title may or may not result in a change in pay.

Reclassification to a lower classification

If a position is reclassified to a lower classification, the incumbent employee shall be “Y” rated. “Y” rating shall be defined as follows: An employee shall continue to receive compensation at their current rate if that rate is higher than that provided for their new classification/position. The employee will be considered ineligible for an increase in pay until an adjustment in the salary structure or a promotion to a classification with a higher salary range brings the employee’s rate of pay within the established range for the position.

Reclassification to a higher classification

If an individual position is reclassified, the incumbent employee shall be paid at the step in the new range which represents at least a 5.12% increase, or at the minimum step of the new range, whichever is greater. The resulting increase shall not exceed the maximum step of the new range. The employee will receive the next step increase twelve (12) months after the effective date of the reclassification. Subsequent step increases shall be at twelve (12) month intervals until the top step is achieved.

Wage Adjustments

Positions may be adjusted to a higher salary grade based on market and/or internal equity factors and in accordance with the County's Compensation Philosophy. The incumbent employee shall retain their current step in the new pay grade up to a maximum increase of ten percent (10%). The typical adjustment will be in the range of five to ten (10) percent. The employee will receive the next step increase twelve (12) months after the effective date of the wage adjustment; and, subsequent step increases shall be in twelve (12) month intervals until the top step is achieved.

Appeals

Employees may appeal by contacting the Human Resources Director within ten days of the outcome. The appeal must be in writing and based on one or more of the following criteria: (A) the selection of comparable positions was not an accurate match of the incumbent's position; and/or (B) additional information is now available that is pertinent to the outcome.

The Human Resources Director has the authority to determine the outcome. The decision by the Human Resources Director is final.

120 - SALARY PROGRAM

I. PURPOSE

To maintain an equitable and consistent compensation program.

II. SCOPE

This policy applies to regular positions, full-time and part-time, exempt and non-exempt, except Elected Officials. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

Spokane County strives to pay salaries competitive with those in our community and industry, recognizing individual effort and contribution to the County's success. Determination of salary policy is the responsibility of the Board of Commissioners. Human Resources handle administration.

IV. DEFINITIONS

Job Family. A hierarchy of positions involving work of the same nature but requiring different levels of skill and responsibility. For example, Accounting Tech, Accountant, Accounting Manager, etc.

Promotions. A change in status for an employee to a higher-graded position. For salary administration purposes, there are two types of promotions: those within the job family and those outside the job family.

Salary Level. Each salary range has been assigned a salary level. Within this framework, an employee's salary may be related to performance. Employees will receive a salary that is within the range limits of the applicable level.

Salary Range. Each position in the County has been placed in a salary range that establishes the position in relation to other positions in the organization.

Range Minimum. The lowest level (Step 1) of a Salary Range.

Range Maximum. The upper limit (Step 7) of a Salary Range.

“Y-rated” Salary. A ‘Y’ rate is a special salary rate established by the pay plan which entitles a person to receive compensation at a rate higher than that provided for in the top step, monthly flat rate, per annum, daily, or hourly rate for the classification/position. The employee will ordinarily be considered ineligible for an increase in pay until an adjustment in the salary structure or a promotion to a classification with a higher salary range brings the employee’s rate of pay within the established range for the position.

Salary or Range Adjustment: Adjustment of the salary range, either up or down, of an entire classification. Step placement and anniversary date of each incumbent of the classification remains the same.

Salary on Lateral Transfer/Equal Level Positions: Any employee who transfers from one department to another in the same classification or another classification having the same salary range shall be compensated at the same step in the salary range as previously received. For purposes of further increases within the salary range, the anniversary date shall remain the same as it was before the transfer.

II. SALARY PROGRAM ELEMENTS

A. Each job title within the County is classified into one of the County's classification (class) specifications for salary purposes, based on job qualifications, level of responsibility, difficulty, working conditions, skill, hazard, and amount of supervision required for the specific job title. Each class specification is assigned to a particular salary or salary range shown on the County's Salary Range Table. Salary ranges are approved by the Board of Commissioners.

B. Salary reviews are conducted by Human Resources.

C. Pay increases may be contingent on satisfactory work performance. If an employee's documented performance is less than satisfactory, the Elected Official/Department Head should consult with the Human Resources Department and the Compensation Plan document for possible actions regarding a delay in a scheduled pay increase for a stipulated period or until the employee's job performance is satisfactory.

D. Salary Adjustments.

1. Salary increases are granted on the effective date of the promotion.
2. The date of promotion establishes a new pay anniversary date and review date. (See Policy #030 - Review Period)
3. Salary on Promotion: Employees must meet the minimum qualifications of the higher classification upon promotion. An employee promoted shall be entitled to receive the step rate in the salary range of the new position as per the classification and pay plan.
4. Salary on Demotion: On voluntary or involuntary demotions the employee shall be reduced to an appropriate salary using the Salary Range Table and the Administration of the Classification and Pay Plan procedures.
5. Salary on Reinstatement: Elected Officials/Department Heads may consider Advance Step placement for individuals who have previously worked for the County in the same classification.

VI. LONGEVITY BENEFITS

Employees with continuous County service from the time of regular full-time employment are paid a longevity benefit calculated at the following:

<u>Continuous Service</u>	<u>Monthly Rate</u>
Over 7 years	\$ 40.00
Over 10 years	\$ 75.00
Over 15 years	\$100.00
Over 20 years	\$150.00
Over 25 years	\$200.00

The longevity pay shall not apply to:

1. Court Commissioners,
2. Any elected official whose salary is set by the Board of County Commissions,
3. Elected officials whose salaries are set by the Washington Citizens' Commission on salaries for Elected Officials, or
4. Elected officials whose salaries are set by the Spokane County Citizens' Commission on Salaries.

* The monthly rates are applied to Step 6 of Salary Range 9F.
 (Res. 89-0164, 1989; Res. 87-1184 § 5, 1987; Res. 82-0116 Attachment A (part), 1982; Res. 72-590 (part), 1972; Res. 71-80 (part), 1971; Res. 67-752 (part), 1967; Res. 57-497 § 1, 1957);
 Res. 13-1073 amended per Res. 14-0026

VII. ADVANCED STEP HIRE

A. SALARY UPON ORIGINAL PLACEMENT: Spokane County's practice requires that when a hiring is made to a particular budgeted position, the starting pay shall be at the first step in the salary range applicable to the position as classified. However, that new employee may be hired at other than the first step upon approval of the Human Resources (HR) Director.

B. THE PROCESS

1. The Department screens and offers the applicant a position at the Step 1 position.
2. If a discussion ensues about advanced step placement, the department forwards a letter to Human Resources (HR) requesting the advanced step. The letter will include the criteria and response to the questions listed below.
 - a. One or more of the following primary criteria must be met before considering an advanced step placement.

PRIMARY CRITERIA

- 1) Difficulty of Recruitment: A scarcity of applicants that meet the employment standards.
 - 2) Unusual Qualifications: Possession of knowledge, abilities or skills which are necessary to provide a needed service and which are unusual in the applicant population and normally have been acquired through substantial specialized training or experience.
- b. If one or more of the primary criteria are met, the following placement criteria will be analyzed in recommending step placement for a particular candidate.
- 1) Does the Department have the money needed in their budget to grant the advance step?
 - 2) Would granting the request result in the employee being placed in a higher step than existing employees with similar training and experience?
 - 3) Would the employee be earning more than they could have received if all their experience was with Spokane County?
 - 4) Is it necessary to hire above the first step to avoid the person receiving a substantial pay cut?
 - 5) Would the person accept the position at a lower rate of pay?

3. A HR Analyst reviews the information and makes a recommendation. This recommendation is forwarded to the HR Director.
4. The HR Director reviews the analysis, the letter and makes a final determination. This determination is documented in writing and sent back to the department.
5. If approved, the Department makes the job offer at the approved advanced step level, indicating that the next step will be at the completion of the 1,040 hour Review Period (Resolution 97-1056).
6. The Department completes the Personnel Action Form, with the advanced step approval letter attached, and forwards these items to Human Resources for processing.
7. HR processes the form and forwards it, along with a copy of the approval letter, to Payroll.
8. When a current employee is selected to fill a posted vacancy, the two departments involved will confer and agree on a suitable transfer date. Such transfers are expected to occur within two to four weeks from date of job acceptance.

C. SUMMARY

1. Every effort should be made to bring people in at Step 1 of the appropriate salary range.
2. Advanced steps should be a rare exception, not the rule.
3. Any deviations from the above procedures must go through the Board of County Commissioners, the legislative authority for wages and benefits.

121 - SETTING SALARIES FOR COUNTY NON-REPRESENTED EMPLOYEES

Scope: Non-represented employees

Definitions:

- Interim position: A temporary position where the employee has the full authority and responsibility as that found in the higher level position.
- Like-kind position: A position requiring the same knowledge, skills and abilities as a vacant higher level position.
- Promotion: An appointment of an employee from a lower level position to a higher level position.

Policy

Upon promotion, a County employee is normally placed at the step in the salary range of the new position which provides at least a two (2) step increase in salary over the previously held position. However, there may be occasions when it is appropriate to grant an internal candidate an advanced step placement, i.e., greater than two steps.

Upon transfer to a lesser graded class specification a County employee is placed at the appropriate salary using the Salary Range Table and the Administration of the Classification and Pay Plan procedures. However, there may be occasions when it is appropriate to grant an internal candidate an advanced step placement.

Procedure

To seek an advanced step placement for an internal candidate, the following factors should be considered:

1. Work history: Attention should be given to the candidate's previous experience if the candidate has directly performed the work either as a long-term interim or in a like-kind position either for the County or for a previous employer.
2. Education/Experience of other Incumbents: An internal assessment will be done to determine applicability and relevancy of advanced step placement requests to ensure equitable compensation placement.
3. Recruitment difficulties: Evaluation of factors such as the scarcity of qualified applicants, the number of rejected job offers, and the turnover rate for a position may give insight into recruitment difficulties. Consideration should be given to recruitment difficulties in relation to the available trained labor force for the position. For example, an individual who possesses skills difficult to find in the labor force may be in higher demand, and therefore may require additional salary consideration.
4. Department budget: In considering the appropriate salary action, attention should be given to the impact on the department budget. In addition, consideration should be given as to whether this salary action would cause internal equity issues and therefore lead to additional budgetary impacts.

The Human Resources Director must approve the advanced step placement.

130 - SIGN-ON BONUS POLICY

I. PURPOSE

To attract highly competent applicants for those select positions in which Spokane County has difficulty recruiting.

II. POLICY

Spokane County uses sign-on bonuses to attract highly competent external candidates for positions which are difficult to recruit and hire. This is a recruiting tool that is meant to be used selectively and not regularly.

The sign-on bonus plan is comprised of the following:

1. This bonus will be paid in two parts:
 - a. 50% of the bonus will be paid on the first regularly scheduled payday after the applicant becomes a Spokane County employee.
 - b. The remaining 50% will be paid on the first paycheck after the employee completes their first year of service as well as his/her probationary period.
2. If the employee leaves for any reason prior to one year of service, he/she is not entitled to the remaining 50% bonus payment nor will he/she be required to pay back any portion of the bonus already received.
3. The agreement to use a sign-on bonus requires the use of the sign-on bonus acceptance letter with new hire signature (attached).
4. The amount of the sign-on-bonus is determined through the use of this policy and in collaboration with the Human Resources Director or Chief Budget Officer. The bonus amount is paid out of the hiring department's budget.
5. Only Regular-Full Time Benefitted (FLSA) Exempt positions are eligible for a sign-on bonus. (Exception: Spokane County Sheriff's Office and Detention Services may use a sign on bonus for applicable candidates.)
6. Bonuses are limited to the following types of positions (as defined in the job code table):
 - a. Executive and Department Head positions: up to \$10,000
 - b. Manager positions: up to \$7,000
 - c. Non-exempt positions (Detention Services only): up to \$15,000
 - 1) Up to \$15,000 through 12/31/2022. After such date: up to \$7,500.
 - d. Non-exempt positions (Sheriff's Office only): up to \$25,000
 - 1) Up to \$25,000 through 06/30/2023. After such date: up to \$7,500.
 - a. Lateral and Intermediate Lateral Deputy positions up to \$25,000.
 - b. Entry Deputy positions up to \$10,000.
 - c. Other Regular-Full Time Benefitted (FLSA) Exempt positions up to \$7,500 with specific positions and bonus amounts pre-determined by Sheriff's Administration and the Human Resources Director.
7. Nothing in this policy changes the "at-will" status of the non-represented position eligible for a sign-on bonus nor does it change pertinent language found in the local bargaining unit representing this position.

III. ELIGIBILITY STANDARDS

In order to be eligible to use a sign-on bonus, the following requirements must be met:

1. There is a high degree of difficulty recruiting highly competent applicants, after extensive advertising and salary analysis.
2. The base salary of the position is competitive as determined by Human Resources.
3. The awardee is a new hire to Spokane County, or a rehire with a break in service, as a separated employee of greater than 12 months.
4. The following positions approve the use of a sign-on bonus: Human Resources Director, Chief Budget Officer (including a review of the department budget for sufficient monies to pay the bonus) with final approval from the County Executive Officer. Exception -- for the Spokane County Sheriff, Deputy approvals are: Civil Service Chief Examiner, Chief Budget Officer and Sheriff or designee.

IV. PROCEDURE

1. The Hiring Manager requests the use of a sign-on bonus for an eligible position.
2. The Department Head/Elected Official approves the use of a sign-on bonus and agrees to fund the sign-on-bonus.
3. If approved by the Department Head/Elected Official, the request goes to the Human Resources Director (or Chief Civil Service Examiner) who reviews the following in making the decision to approve:
 - The number of applications received;
 - The quality of the applicants;
 - The extent of advertising conducted.
4. If approved by the Human Resources Director (or Chief Civil Service Examiner), approvals must then be obtained from the Chief Budget Officer (including a review of the department budget for sufficient monies to pay the bonus) with final approval from the County Executive Officer. Exception -- for the Spokane County Sheriff, approvals are: Civil Service Chief Examiner, Chief Budget Officer and Sheriff or designee.
5. The newly hired employee must sign the bonus letter (attached) in order to receive any sign-on bonus amount.

IV. TAX CONSIDERATIONS

Sign-on bonuses are taxable income to the employee and must be added to the employee's compensation in the year in which they are paid. All applicable payroll taxes will be deducted.

200 - HOURS OF WORK AND PAYROLL

Policy No. 210
April 2001
Page 1 of 3

210 - HOURS OF WORK AND PAY PERIODS

I. PURPOSE

To establish the hours of employment in the County's basic workday and workweek and to establish pay periods and pay days to administer the payment of wages, salaries and overtime to comply with State and Federal regulations.

II. SCOPE

This policy applies to all employees at the Courthouse complex. Other work sites may have different schedules. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

1. Hours of Work:

1. The County's customer service workweek is Monday through Friday from 8:30 a.m. to 5:00 p.m. with a one-hour unpaid lunch period. Different work weeks/hours may be established by the County to meet job assignments and provide necessary services.
 2. Each employee's Elected Official/Department Head or their designee will advise the employee regarding specific work week/hours.
 3. A normal working schedule for regular, full-time employees consists of 37.5 or 40 hours each workweek. Alternative work schedules may be established by the County to meet job assignments and provide necessary County services.
 4. Extra-help, temporary, seasonal and limited term employees will work hours as specified by the Elected Official/Department Head.
 5. The County's standard workweek begins at 12:01 a.m. Sunday and ends at 12:00 a.m. the following Saturday. Elected Officials/Department Heads or designee may designate different standard workweeks and hours with Board of County Commissioners' concurrence.
2. Meal Periods and Rest Periods: Employees shall take one 15 minute break for every four hours worked. All breaks shall be arranged so that they do not interfere with County business or service to the public. Breaks should not be combined together or with meal periods. Meal periods shall be scheduled by the employee's Elected Official/Department Head or their designee. The scheduling of meal periods may vary depending on department workload. Meal periods are unpaid and are usually one hour in length.

3. Paydays: County employees are paid bi-monthly. If the payday falls on a Saturday, Sunday, or a holiday, payment shall be made on the working day immediately preceding. No payment shall be made to regular employees on other than the established paydays.
4. Flex Time: Working other than the regularly scheduled daily shift where start/finish times, break times and lunch times can vary but do satisfy a full day's work requirement. Flex time can support both worker's or management's needs. However, emphasis on approving flex time should rest on the service we provide to our customers. Elected Officials/Department Heads are the approval authority for flex time.
5. Expectations: Employees are expected to perform work during working hours. Receiving pay for time not worked is against County policy and will be considered dishonest. Violations may result in discipline. Examples include, but are not limited to:
 - Sleeping on job;
 - Personal errands or business;
 - Writing checks to pay personal bills;
 - Falsifying time cards/records;
 - Performing work for personal business or an outside employer.

G. Attendance:

1. Punctual, consistent and reliable attendance is a condition of employment. Each Elected Official/Department Head and supervisors are responsible for maintaining an accurate attendance record of his/her employees.
2. Employees unable to work or unable to report to work on time should notify their supervisor as soon as possible, ordinarily before the work day begins or within 30 minutes of the employee's usual starting time. If an absence continues beyond one day, the employee is responsible for reporting in each day unless a known duration is established in advance. If the supervisor is unavailable, the employee may leave a message with the Elected Official/Department Head or designee, stating the reason for being late or unable to report for work.
3. Employees are expected to be at work on time during inclement weather. Non-attendance will be counted as absence from work and will be charged to personal holiday time, accrued vacation or accrued comp time, in this order. Elected Officials/Department Heads may approve alternative work schedules during inclement weather. If such accrued leave time is not available to that employee, such absence will be without pay.
4. In the event the Board of Commissioners, after consultation with the Sheriff, decides to close County operations and directs employees to go home, all but essential personnel shall be released. Each shall be paid for the time off the job. Such pay shall not be charged against accrued leave time.

5. An employee who is absent without authorization or notification is subject to discipline, up to and including termination.

- H. Call Back: All employees are subject to call back in emergencies or as needed by the County to provide necessary services to the public. Refusal to respond to a call back grounds for disciplinary action. Employees called back to duty will be paid their appropriate rate of pay for hours worked (or overtime rate, if applicable).

IV. MAINTENANCE OF PAYROLL RECORDS

The County Auditor keeps the official payroll records. Each employee shall signify actual hours worked by signing a time sheet and submitting it to the Elected Official/Department Head or designee. Each Elected Official/Department Head shall, on a pay period basis, turn in a signed work record for each department employee, noting hours worked, overtime worked, and leaves taken, as applicable.

211 - OVERTIME: NON-EXEMPT EMPLOYEES

I. PURPOSE

To provide guidelines to administer overtime pay to comply with applicable federal and state wage and hour regulations.

II. SCOPE

This policy applies to non-exempt employees of Spokane County. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

- A. Overtime worked by non-exempt employees must be authorized in advance by the Elected Official or Department Head.
- B. Spokane County overtime pay policy conforms to overtime provisions of the federal Fair Labor Standards Act (FLSA). Exemption from these provisions will be claimed for an employee only when it can clearly be established that the employee's duties and responsibilities meet the requirements for such exemption. (See Policy No. 110, Exempt/Non-exempt Employee Status.)
- C. Non-exempt Positions: Employees will be paid following these principal elements:
 - 1. All employees working either a thirty-seven and one-half (37.5) or forty (40) hour workweek schedule will be compensated at a straight time rate for hours worked up to and including forty (40) hours in a workweek.
 - 2. Hours worked in excess of forty (40) in a workweek will be compensated at 1.5 times the employee's regular rate of pay.
- D. All work performed on any of the approved County-scheduled holidays is compensated at the holiday rate (1.5 times the straight time rate) plus the straight time rate.
- E. Only hours worked will be used to calculate overtime pay. Paid or unpaid time off for holidays, jury duty, military leave, PTO, vacation, sick leave or any leave of absence will not be considered for the purposes of calculating overtime.

F. Compensating time off in lieu of overtime payments may be granted.

G. Compensatory Time:

1. For non-exempt employees entitled to overtime: the Elected Official/Department Head decides whether to offer the employee compensatory time off in lieu of cash payment. Overtime is pre-approved on a case-by-case basis by the employee's Elected Official/Department Head or designee. If the compensatory time option is exercised, the employee's comp time is calculated the same as overtime. Maximum accruals of compensatory time shall be limited to the same number of hours as found within a regular work week, either 37.5 or 40 hours for regular employees. After maximum accrual, overtime compensation shall be paid.
2. Employees should use compensatory time within six months of when it was earned, unless doing so would unduly disrupt County operations. Employees will be permitted to use such time off within a reasonable period after making the request, unless doing so would unduly disrupt County operations.

212 – TIME SHEET & MISSED BREAKS

Purpose

The purpose of this policy is to provide time reporting requirements and procedures for missed breaks for all hourly paid employees of Spokane County in compliance with the Fair Labor Standards Act and the Washington State Minimum Wage Act. Department Heads and Elected Officials have the discretion to apply this policy to exempt employees.

Scope

Non-exempt employees (and exempt employees as designated by department heads or elected officials)

Definitions

Authorized hours: Work hours that a manager assigns to an employee.

Hours Worked: All hours during which the employee is authorized or required, known or reasonably believed by the employer to be on duty. Hours attributed to vacation, sick leave, PTO, and unpaid meal breaks are not considered hours worked (except under certain labor agreements). This time shall be recorded.

Meal Breaks: Defined as at least 30 minutes of uninterrupted time. Meal breaks are required for an employee working more than 5 hours in a workday; the meal break must be taken no earlier than 2 hours into the shift and no later than 5 hours after the beginning of the shift. Employers must (1) relieve the employee of all duty; (2) relinquish control over their activities; (3) permit employees a reasonable opportunity to take an uninterrupted meal break; and, (4) not impede or discourage the employee from doing so. Labor agreements may provide for alternate arrangements.

Non-exempt employee: Employees whose positions do not meet FLSA exemption tests and who are eligible for overtime.

Overtime: Defined as authorized hours worked by an hourly nonexempt employee in excess of 40-hours in a workweek or workweek as otherwise defined by the Washington State Minimum Wage Act and the Fair Labor Standards Act (FLSA). Overtime is paid at 1.5 time the regular rate of pay. Overtime shall be recorded accurately on a paper or electronic timesheet and must be approved in advance by the employee's manager. Labor agreements may provide for additional overtime.

Rest Breaks: Fifteen (15) minutes of uninterrupted rest time generally taken during the midpoint of a 4-hour segment of work time, but no later than the end of the third hour of the shift. The 15-minute rest break may be taken in increments with supervisor's approval. Examples of mini rest breaks are personal phone calls, eating a snack, personal conversations, smoke breaks, and whenever there is no work to do

for a few minutes during a work shift. Non-exempt employees are required to take rest breaks for every four hours worked. Employees may be mandated to stay on premises during this time.

Workday: Defined as 7.5 or 8.0 hours of authorized work generally between 8:00 a.m. and 5:00 pm (or as directed). Workday hours may differ depending upon labor agreement or alternative work schedules.

Workweek: Seven consecutive days generally beginning on Sunday and ending on Saturday. The usual work week period is 37.5 or 40 hours. (The workweek may vary for those employees on an alternative schedule.)

Policy

It is County policy that employees take their rest and meal breaks. Labor contracts may modify how and when rest and meal breaks are taken.

Non-exempt employees are required to notify their supervisor immediately should they miss their rest or meal break. Whenever possible, employees should receive authorization in advance from the supervisor about the necessity of missing a break. The supervisor will attempt to reschedule the missed break during the shift or reduce the scheduled shift by 15 minutes. If the supervisor is unable to reschedule the break or adjust the schedule, the employee will be additionally compensated. For example: an employee works an 8-hour shift. They miss their afternoon 15-minute rest break due to workload. If the supervisor cannot reschedule the break during that shift or allow the employee to leave work 15 minutes early, an additional 15 minutes will be added to the employee's timecard for that day. Collective bargaining agreement language may modify these provisions.

Procedures

Non-exempt employees paid on an hourly basis will regularly submit their time records as directed by their managers, either online or in hard copy. Time records must show all hours worked, PTO, vacation time, sick time, etc., that were incurred for the week. Time records must also note all missed meal and rest breaks.

Responsibilities

Each non-exempt hourly employee is responsible to:

- Take rest and meal breaks according to this policy (or applicable labor contract).
- Whenever possible, receive advance authorization to miss a rest or meal break.
- Notify manager immediately if a meal or rest break is not received. A missed meal or rest break period must be noted on time record by the end of the shift.

- Maintain an accurate daily record on his or her time record of hours worked. All absences from work schedules should be appropriately recorded and coded. Entries must be made daily on department timecards.
- Plan their work such that it incorporates allotted rest and meal breaks.
- Obtain prior approval for any overtime to be made in the workweek.
- Sign and submit the completed time record in the format required (electronic or paper) to the manager in the time period required for approval.

Each manager of non-exempt employees is responsible to:

- Review requests for overtime.
- Ensure that all employees maintain accurate time records including any missed breaks.
- Review/approve time records and submit them to payroll.
- Ensure employees take legally required breaks.
- Ensure employees are compensated for missed meal and rest breaks.
- Ensure non-exempt employees are not working additional unauthorized hours (i.e. starting work early, leaving work late).

213 - ALTERNATIVE WORK SCHEDULES

I. PURPOSE

To establish guidelines and pay practices to administer alternative work schedules.

II. SCOPE

This policy applies to employees in jobs designated by the Elected Official/Department Head, and Human Resources. (Labor agreements may vary. See specific labor agreements in reference to specific represented employees.)

III. GENERAL POLICY

- A. At the sole discretion of the Elected Official/Department Head, employees may observe work schedules which differ from Spokane County's normal work schedule of five consecutive days per week. These schedules must be approved by the Elected Official/Department Head and Human Resources prior to working one of these schedules.
- B. Employees in non-exempt positions will be paid for overtime according to federal regulations. For additional guidance regarding the County's overtime pay policies, see Policy No. 110 - Exempt/Non-exempt Employee Status, and Policy No. 211 - Overtime: Non-exempt Employees.

IV. POLICY - ALTERNATIVE WORK SCHEDULES

- A. Schedule: Employees may work alternative work schedules, based on the needs of the position and the Department.
- B. Flex Time: Working other than the regularly scheduled daily shift where start/finish times, break times and lunch times can vary but do satisfy a full day's work requirement. Flex time can support both worker's or management's needs. However, emphasis on approving flex time should rest on the service we provide to our customers. Elected Officials/Department Heads are the approval authority for flex time.
- C. Job Share: (See Policy #215).
- D. Percentage Employees: (See Policy #217 and Policy # 215).

217 - PERCENTAGE EMPLOYEES

PURPOSE

To assist and recognize the individual needs of employees outside of the workplace and further recognize departments may have alternative work needs and to provide less than full time employment opportunities to provide both departments and individuals more flexibility in managing work.

SCOPE

This policy applies to positions identified as qualifiable under the procedure.

POLICY

Percentage employee: a regular employee who is normally scheduled to work less than full time (37.5/40) hours per week. They shall only be budgeted at 50%, 60% or 80%.

Percentage positions are appropriate in instances where the operational needs of the affected departments will be adequately served by percentage rather than full-time positions.

Benefits for percentage employees are generally received on a pro-rated basis.

PROCEDURES

1. **Probation/Review Period** is based on calendar months from date of hire and applies equally to 50%, 60% and 80% percentage employees: six (6) months for non-represented percentage employees or twelve (12) months for union percentage employees. Probation/Review Period may be extended by the Department Head or Elected Official in conjunction with Human Resources and the pertinent collective bargaining agreement.
2. **Step Increase Date** is based on calendar months from the date of hire; it is not based upon hours worked. The initial step increase occurs approximately six months after hire with subsequent step increases occurring every twelve months thereafter.
3. **Vacation/PTO/Sick accruals** are pro-rated based upon the budgeted percentage of the position, i.e., 50%, 60% or 80%. Employees may use accrued annual leave and sick leave only for regularly scheduled work days.
4. **Paid Holidays** are pro-rated and paid based upon the budgeted percentage of the position, i.e., 50%, 60% or 80%.
 - a. A percentage employee is entitled to holiday pay if the employee would have been scheduled to work on such a day if it had not been observed as a holiday and the employee worked their last regularly scheduled day prior to, and the first scheduled day after the holiday unless they are excused by the Employer or on authorized paid leave.

- b. If a legal holiday occurs on the percentage employee's normal day off, the employee shall receive an alternative paid day off equal to the pro-rated full-time hours which shall be scheduled with the Department Head or Elected Official and shall be taken within the first 30 days following the holiday. For example, a 50% employee would receive 4 paid hours (8-hour day/40-hour week) to be used within 30 calendar days.
 - c. If a legal holiday occurs on a percentage employee's regularly scheduled work day, the employee shall receive the number of hours of holiday pay equal to their pro-rated full-time hours. For example, a 50% employee would receive 4 paid hours (8-hour day/40-hour week) for that holiday.
 - d. If the employee's normal schedule on a holiday includes more hours than granted in that paid holiday, the employee must either work the additional hours or use PTO or vacation to supplement. For example, a 50% employee normally works 7 hours on the day of the holiday. After receiving 4 hours of holiday pay (8-hour day/40-hour week), the employee must either work the additional 3 hours during that week or use three hours of vacation or PTO.
 - e. Holidays occurring during a period of vacation or sick leave shall be paid as they occur and the employee shall not be charged with vacation or sick leave for the holiday.
5. **Health insurance premium costs** for percentage employees (50%, 60%, 80%) are set at 20% of the total cost of the monthly premium for the coverage chosen.
6. **Life Insurance** provided by the County will be paid the same as if a full-time employee.
7. **Retirement Benefits** shall be provided to percentage employees as authorized in rules adopted by the Washington State Department of Retirement Systems.
8. **Overtime** of percentage employees occurs when hours worked exceeds 40 hours in an FLSA work week. (Collective bargaining agreements may vary).

POLICY 220: TELEWORKING

I. PURPOSE

The purpose of this policy is to provide a framework for establishing, evaluating, and authorizing teleworking arrangements where advantageous and appropriate. Where feasible, teleworking may help attract and retain a talented work force, improve productivity and job satisfaction, increase customer service, enhance work/life balance, as well as decrease carbon emissions, parking issues and operating costs.

II. SCOPE

This policy applies to all employees of Spokane County, hereafter referred to as County. Each teleworking arrangement is considered on a case-by-case basis, and each employee must meet and maintain eligibility requirements. Teleworking employees must comply with all County policies and consistently demonstrate County organizational values of respect, accountability, integrity and innovation in meeting the performance and behavioral standards of their respective position.

III. POLICY

The County supports teleworking as an alternative work arrangement and recognizes it to be a viable, flexible, sustainable work option when the employee, the position, and the specific work performed at any given time are suited to such an arrangement.

Teleworking arrangements can be temporary or a formal, recurring schedule where the employee works at a location other than a centralized worksite. Either an employee or a supervisor can propose teleworking as a possible work arrangement. In some cases, teleworking may be a condition of employment. The approval of each teleworking arrangement is at the sole discretion of the Elected Official/Department Head.

Each County department may develop additional teleworking requirements, guidelines, or procedures, provided they are consistent with the intent of this policy and approved by Human Resources and Risk Management prior to implementation. Teleworking employees must comply with all County policies and behavioral standards.

IV. GENERAL CONDITIONS OF TELEWORKING ARRANGEMENTS

Eligibility: Each Elected Official, Department Head and/or their designee, hereafter known as supervisor, has sole discretion in determining whether a position and/or an employee is eligible for teleworking. Some employees, positions, or specific work performed at any given time may not be eligible. The criteria below are not meant to be an exhaustive or mandatory list. The supervisor has the sole discretion to determine feasibility of a teleworking arrangement using the following criteria as a guide.

1. Employee: Is the employee a good candidate for teleworking?

Some employees may be better suited than others to manage the unique requirements of teleworking. Supervisors should consider whether the employee has a record of high productivity and performance and has demonstrated:

- Consistent compliance with all organizational and departmental policies and work rules
- A commitment to actively uphold the County values of respect, accountability, integrity and innovation in their daily work and interactions
- Effective communication with supervisors, coworkers, and customers
- Ability to work with minimal supervision

- Effective time management
- Ability to achieve and maintain a high level of skill and knowledge of the job
- Ability to prioritize work and meet deadlines

2. **Position:** Is the position suitable for teleworking?

Telework may be suitable when the duties of the position:

- Are independent in nature
- Are primarily knowledge-based
- Lend themselves to measurable deliverables
- Support Countywide internal and external customer service needs using methods other than face-to-face interaction

3. **Work Performed:** The specific work required of an employee or position may change over time in response to seasonal workflow demands, staff team changes, special assignments, or other factors. Therefore, teleworking arrangements may be appropriate at certain times and not others.

Telework may be suitable when the specific work demands at any certain time:

- Allow for limited or infrequent in-person interaction
- Do not require a significant amount of the employee's immediate physical presence at a work location
- Can effectively support department processes, workflow, and customer service in a telework environment
- Do not require the use of specialized technologies or equipment (that would be challenging to obtain, maintain, access or utilize in a telework environment)
- Work performed can be done in a paperless work environment

4. **Other Considerations:**

Equipment: Can equipment, technology and physical workspace needs be met in a teleworking environment?

Teleworking employees must be able to ensure:

- Reliable internet connectivity and speed to support work demands and position
- Compliance with confidentiality requirements
- A safe workspace that offers minimal interruptions or distractions affecting work performance.

Telework Location: Are there tax, benefit, labor law, or other legal implications?

- The primary teleworking location must be mutually agreed upon by County and employee.
- Careful consideration must be taken to ensure telework arrangements outside Spokane County meet the applicable administrative Federal, State, and Local compliance requirements and licenses.
- Assuming availability and response requirements set forth by the department are met, telework arrangements outside Washington and Idaho must be approved by both Human Resources and Risk Management.

Hours of Work/Availability: Each teleworking arrangement will include hours of work within an established work week. Teleworking involves a cooperative, good-faith agreement that the teleworking employee will maintain the assigned schedule and perform productive work during the designated business hours or confirmed schedule. The teleworking employee agrees to minimize engaging in personal business or activities beyond the extent considered reasonable at a County worksite. When the established hours of work and work week fall outside the typical hours/days, the IT Department will be consulted to ensure that adequate support and system availability may be provided. Just as the employee would do at a central worksite, an overtime eligible teleworking employee must accurately record hours worked using the time-keeping method applicable to their department (including recording sick, vacation, PTO hours, etc.) as required by employment status. If a teleworking employee is unable to work due to illness or personal issues, that time must be reported, just as it would on a non-teleworking schedule. Any comp time accrual or overtime hours require pre-approval of the teleworking employee's supervisor.

When teleworking, it's important all parties understand the expectations regarding communication, responsiveness and availability during the employee's workday. A teleworking employee must be available during scheduled work hours by phone, email or other specified methods of communication with their supervisor, coworkers and others with whom job-related communication is necessary. Communication between a teleworking employee and their supervisor will be in a manner and frequency appropriate for the position and individuals involved.

Within each workday, teleworking employees are required to take rest breaks and meal periods, consistent with employment status and County policy.

Work Travel: While departments are encouraged to first utilize available technologies prior to requiring an employee to report to the central worksite, there may be times when the teleworking employee's physical presence is necessary. When requested, the teleworking employee will attend job-related meetings, training sessions, etc. at the County campus (or location designated by the supervisor).

When an employee is required to report to the central worksite at the beginning of their scheduled workday, the travel time between the employees telework location and the central worksite will be considered their normal commute and the time will not be compensable; similarly, if an employee ends their workday at the central worksite, the drive home afterward is their normal commute. When an employee begins their scheduled workday by performing work at the telework location and is then required to report to the central worksite mid-shift, the time spent traveling between the telework location and the central worksite will be considered hours worked. If the employee then returns to the telework location to complete their scheduled shift, the time spent traveling between the central worksite and the telework location will be considered hours worked.

Any employee utilizing their personal vehicle for work travel during the course of their scheduled workday is required to comply with all conditions listed in Policy 630- Vehicle Use Policy- County & Privately-Owned Vehicles, including but not limited to insurance coverage requirements and completion of Defensive Driver or EVOC training every three (3) years. Reporting to /from the central worksite mid-shift is considered work travel.

For any questions regarding the potential compensation implications of travel time when an employee is required to report to the central worksite, the department must consult with Human Resources.

Productivity and Performance Expectations: All employees will be held to the same performance standards regardless of work location. The supervisor is responsible for establishing productivity and performance standards, as well as the communication and monitoring tools used. Prior to beginning the teleworking arrangement, both the supervisor and teleworking employee will discuss and agree to how the productivity and performance expectations will be measured.

Workspace, Equipment and Office Supplies:

Telecommuting Workspace

Teleworkers are responsible for establishing and maintaining a safe workspace that offers minimal interruptions or distractions affecting work performance. The employee is responsible for costs associated with the setup of the telework workspace (remodeling, furniture or lighting, repairs or modifications to the workspace); however, the County may provide additional equipment required for the position and cover certain costs on a case-by-case basis. Requests for workspace modifications made under the Americans with Disabilities Act (ADA) will be processed in compliance with County policy.

Central Worksite/Collaboration Center

The availability of a designated workspace at the central worksite will depend upon the nature of work performed and the percentage of time an employee teleworks. Full time teleworkers may be limited to a temporary, reservable workspace versus an assigned cubicle/office.

Office Supplies

The County will supply teleworking employees with appropriate office supplies (pen, paper, etc.) as needed for their position and the work performed.

Additional equipment or expenses

With preapproval, the County may cover certain business-related expenses (ex: long-distance phone calls and postage/shipping costs) on a case-by-case basis and consistent with County policy and procedures.

Teleworking expectations

Prospective teleworkers are encouraged to discuss expectations of teleworking with household members prior to entering into a telework agreement. It is important the employee understand the expectations and impacts of a teleworking arrangement from the onset, to support its success.

Teleworking is not designed to be a replacement for appropriate dependent care. Although an individual employee's schedule may be modified to accommodate child or other dependent care responsibilities with supervisor approval, the focus of the arrangement must remain on job performance and meeting business needs.

Technology, Support and Requirements: The supervisor will determine the appropriate technology and equipment needs (hardware, software, modems, phone, type of internet connectivity, and minimum upload speeds, etc.) for each teleworking arrangement. These needs may change over time. Solutions will be explored to prevent the purchase of additional equipment (i.e., go paperless rather than use a printer or scanner at the teleworking location). The Information Technology (IT) Department will serve as a primary resource and will approve all teleworking equipment. For current requirements and information, refer to Information Technology Teleworking documents on IT's intranet page.

Technology/Equipment supplied by the County will be maintained by the County at the central worksite and must be used for business purposes only. The teleworking employee may be required to return and/or deliver County-supplied equipment to the central worksite for maintenance, update and/or repair. The teleworking employee agrees to protect the items from damage or theft. County employees who telecommute are subject to the same county policies regarding the use of county provided equipment as that of employees at the centrally located worksite. All Spokane County property will be returned to the county when the telecommuting arrangement is no longer valid, if the equipment is no longer needed to do their work, if employment with the county is terminated, or as requested, unless other arrangements have been made. County equipment at teleworking locations will be tracked by the department.

Technology/Equipment supplied by the teleworking employee, if deemed appropriate by the County and approved by the IT department, will be maintained by the employee. Spokane County accepts no responsibility for damage, maintenance or repairs to employee-owned equipment. Reliable internet connectivity and speed to support work demands and position will be paid by the employee.

Staying Connected: Although working from an alternate location, teleworking employees are members of a department team and the larger Spokane County organization. Teleworking employees must maintain the same level of coordination, communication and connectivity with their coworkers, customers, and partners as would be expected in a centralized office environment. Becoming proficient in the tools necessary to do this in a virtual environment is essential.

Work Product Security: Consistent with the County's expectations of information security for employees working at the office, teleworking employees are expected to ensure the protection and safeguarding of any confidential information accessible from their workspace. Employees may not disclose confidential or private files, records, materials, or information, and may not allow access to County networks or databases to anyone who is not authorized to have access. Security steps may include locking your PC when away, regular password maintenance, and any other measures appropriate for the job and the working environment.

The employee is responsible for the security of all confidential information consistent with county policies. When handling particularly sensitive materials, a department may require teleworking employees to work in a location consistent with the employee's certification, such as Criminal Justice Information System requirements. The use of paper should be minimal, taking advantage of electronic means for storing documents. Departments may prohibit employees from printing confidential information in teleworking locations to avoid breaches of confidentiality. The IT Department will serve as a resource for paperless solutions. Documents must be disposed of in a manner appropriate with the content and consistent with county and departmental policy.

Record Retention: All files, records, papers, or other materials created while teleworking become County property and must be retained (either in hard copy or electronically) consistent with the Washington State Archives CORE record retention rules and/or county policy. All electronic documents must be saved to the County network, and not maintained on an employee's personal computer. Each department will determine the appropriate storage method and location for documents not electronically saved.

Personal Safety: Teleworking employees are expected to maintain a safe workspace, free from recognized hazards. Teleworking employees are provided industrial injury/illness coverage by the County's Self-Insured Workers' Compensation Program for job-related injuries and illnesses that occur in the course and scope of

employment. All employee injuries/illnesses must be reported in accordance with Section 1.7 (Accident/Incident Reporting) of the Accident Prevention Program.

Online workspace ergonomic training and safety checklists are available on the Risk Management page of the County’s intranet site.

Third-Party Liability: When the work site is in the home, the employee is responsible for injuries and/or property damage to third parties. Employees are encouraged to review their homeowner's insurance policy to ensure they have appropriate coverage and loss limits for potential claims against their policy.

Upon request from the employee’s supervisor, Risk Management Department staff are available to conduct remote worksite safety and hazard assessments.

V. PROCEDURE

If, after thoroughly vetting the guidelines above, the employee and supervisor agree on the feasibility of a teleworking arrangement, a teleworking agreement will be prepared and signed by all parties. At the supervisor’s sole discretion, they may consider allowing the employee to telework on a trial basis. A supervisor should establish a review period after which a decision can be made about an ongoing arrangement.

VI. TERMINATION OF TELEWORK ARRANGEMENT

It is important to note a teleworking arrangement may be discontinued at any time. Such arrangements may be altered or canceled to meet changing demands of the workplace, as well as the employee’s individual circumstances and should not be treated as a permanent agreement.

- Teleworking arrangements may be reevaluated at any time by the supervisor and employee to determine continued eligibility.
- Teleworking arrangements may be adjusted or cancelled when the supervisor determines the arrangement to no longer be viable.
- Every effort will be made to provide advance notice of an adjustment or cancellation in consideration of the potential impacts to the employee. There may be instances when no notice from the supervisor is possible.
- The adjustment or cancellation of a telework arrangement will be documented.

To provide a traditional paid-time-off benefit that will provide a restful break in year-round routine and support the County's goals to attract, motivate and retain quality employees.

II. SCOPE

This policy applies to eligible employees of the County. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

A. Each regular full-time non-represented employee accrues vacation leave as follows (County Code 1.03.051):

<u>Years of Employment</u>	<u>Vacation Hours Earned</u>	<u>Annual Days</u>
0 - 4 years	1 day per month	12 days
5 - 9 years	1¼ days per month	15 days

20 - 25 years	2 days per month	24 days
25+ years or more	2¼ days per month	27 days

*Eligible part-time and percentage employees accumulate on a pro-rated basis.

1. All new employees must satisfactorily complete their review period to be entitled to the use of vacation leave. Regular part-time employees and percentage employees will receive vacation on a pro-rated basis. Extra-help, seasonal, and temporary employees are not eligible for any vacation benefits.
2. Each Department is responsible for scheduling its employees' vacations without undue disruption of department operations. Leave requests should be submitted at least two weeks prior to commencement of vacation or according to the specific labor agreement procedures.
3. An employee hired on or after the 16th day of any month shall not earn vacation leave for that month. An employee must work through the 16th day of any month before vacation shall be earned at the vacation leave rate for that month.

4. Vacation leave may be accumulated to a total of twice the amount earned annually or to a maximum amount of 40 working days credit, whichever is the lesser. When an employee reaches the maximum amount of accumulated earned vacation leave, as provided for in this section, the employee will forfeit any additional earned vacation leave. Because of work scheduling problems, Elected Official/Department Head may request or authorize an employee to defer any accumulated vacation that would be forfeited under the provisions. This would be placed in writing and kept on file. Then, the vacation accrual would not be forfeited. This will be verified with the Payroll Section annually.
5. Employees transferring within the several offices and Departments of Spokane County shall be entitled to transfer accrued vacation time to each succeeding office or Department.
6. Any employee who is laid off, discharged, retired, or separated from the service of the employer for any reason, shall be compensated in cash for the unused vacation accumulated at the time of separation. In the event the employee is placed on administrative leave due to a disciplinary process, they shall not continue to accrue vacation benefits. In the case of death, vacation leave payment will be made to the estate.
7. Vacation or sick leave time shall not be charged against an employee taking military leave according to the provisions of RCW 38.40.060, and Title 38 U.S.C. Chapter 43. (See Policy #316 – Military Activation and Training.)
8. Spokane County encourages each full-time employee to take an annual vacation as paid time off away from work. The County does not provide vacation pay unless vacation time is actually taken as time off from work, or upon separation.
9. Sick leave shall not be substituted for vacation time so an employee can be in a paid status while taking time off from work.

IV. ELIGIBILITY

- A. Newly hired County employees do not accrue vacation entitlement during the review period. However, at the completion of this period vacation accrual is retroactive to the date of hire.
- B. Vacation time is not earned during an unpaid leave of absence. Earning resumes upon return to paid status.
- C. Unused vacation accrual will be paid to employees upon separation provided they have completed the Review Period (See Policy #030). Pay will be computed based on the rate of pay earned upon separation.

V. SCHEDULING

- A. Vacation hours may not be accrued from year to year beyond those specified in paragraph IIIA4 above.
- B. Selection of vacation dates is subject to approval of the employee's supervisor, manager, or Elected Official/Department Head. The County prefers that employees take one vacation period of at least five consecutive workdays.
- C. If a County-paid holiday falls during an employee's vacation, the holiday will not be counted as vacation day taken.
- D. Each supervisor, manager, or Elected Official/Department Head will maintain a department schedule and record of the vacation time taken by each employee.

312 - HOLIDAYS**I. PURPOSE**

- F. Non-exempt employees required to work on a scheduled holiday will be paid one-and-one-half their regular rate for hours worked, in addition to their regular holiday pay.
- G. An exempt employee required to work a holiday will be given another day off at a time mutually convenient to the employee and the County, usually within 90 days following the holiday.
- H. Extra-help, seasonal, and temporary employees are not eligible for holiday pay, but will be paid at their regular straight-time rate for hours worked on a holiday.
- I. RELIGIOUS HOLIDAYS (SSB 5173): Notwithstanding provisions in Policy #324, and employee is entitled to up to two unpaid holidays per calendar year for a reason of faith or conscience or an organized activity conducted under the auspices of a religious denomination, church or religious organization. The employee may, with the Elected Official's/Department Head's approval, take the unpaid day off as long as; (a) the employee's absence would not impose an undue hardship on the employer; (b) the employee submits a written request at least two weeks prior to the requested day (unless the employee can demonstrate that such notice was not possible under the circumstances); (c) the employee has not already used their two days in the calendar year;. Or (d) the employee is necessary to maintain public safety, i.e., granting the leave would result in the shift falling below necessary staffing levels. A partial day absence counts as one of the two days. To request the use of this day, a "Time-Off Request – Unpaid Religious Holiday" form must be completed and given to the employee's supervisor. An employee wishing to be compensated for the time off should follow the pertinent policies and procedures for using accrued PTO/vacation leave or compensatory time.

314 - PAID TIME OFF (PTO) PLAN

PURPOSE

The PTO Plan is designed to offer employees flexibility and self-management with their paid time off.

SCOPE

This policy applies regular employees of Spokane County, unless otherwise excluded. It currently applies to mostly non-represented employees. Classifications/Labor Groups/Benefits excluded from the PTO plan include:

Elected Officials	Court Commissioners

LEOFF Employees	PERS 1 Employees
Employees not covered by Long Term Disability or those employees/positions with benefits tied to the above excluded groups	

DEFINITIONS

1. **Catastrophic (CAT) account** means a bank of leave hours separate from PTO, created upon conversion from the standard vacation/sick leave plan to PTO. The CAT account may be accessed under specific circumstances, in the case of a severe illness or injury of the employee or an immediate family member. Not all employees will have a CAT account.
2. **Immediate family** means spouse, state registered domestic partner, parent, step-parent, child (biological, adopted, step or foster) regardless of age or dependency status, sibling, grandparent, grandchild, father-in-law, mother-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law, or a more distant relative living as a member of the employee’s immediate family.
3. **Paid Time Off (PTO) accrual year** means January 1st through December 31st (for end-of-year rollover purpose).

POLICY

A) PTO Uses

- 1) PTO may be used for scheduled or unscheduled absences. Scheduled absences require approval from a supervisor prior to utilization of PTO. Unscheduled absences require that the employee adhere to appropriate notification requirements.
 - a) Scheduled absences (for example: preventative care medical/dental appointments, family functions, recreational activities/vacations) require prior written approval. Scheduled absence requests should be submitted for approval two (2) weeks prior to

absence, or as soon as reasonably possible. Approvals for scheduled absences are at the supervisor's discretion based on the business needs of the department but will not be unreasonably withheld. In cases of duplicate requests for a scheduled absence outside an annual bidding process, approval will be on a first come, first considered basis. For those departments that follow an annual bidding process, department seniority shall prevail.

- b) Unscheduled absences (for example emergencies or calling in before shift due to an illness or injury of the employee or immediate family members). The employee must notify his/her Department Head/Elected Official (or designee) as soon as reasonably possible, in accordance with department procedures.
- 2) Employees may use PTO for domestic violence, sexual assault or stalking incidents, including:
- a) Seeking legal or law enforcement assistance or remedies to ensure the health and safety of employee's and their family members including, but not limited to, preparing for, or participating in, any civil or criminal legal proceeding related to or derived from domestic violence, sexual assault or stalking.
 - b) Seeking treatment by a health care provider for physical or mental injuries caused by domestic violence, sexual assault, or stalking or attending health care treatment for a victim who is the employee's family member.
 - c) Obtaining, or assisting the employee's family member(s) in obtaining services from: a domestic violence shelter; a rape crisis center; or a social services program for relief from domestic violence, sexual assault or stalking.
 - d) To obtain, or assist a family member in obtaining, mental health counseling related to an incident of domestic violence, sexual assault or stalking in which the employee or the employee's family member was a victim of domestic violence, sexual assault or stalking.
 - e) Participating, for the employee or employee's family member(s), in: safety planning; or temporary or permanent relocation; or other actions to increase the safety from future incidents of domestic violence, sexual assault or stalking.
- 3) PTO may be used due to closure of the employee's place of business or child's school/place of care by order of a public official for any health-related reasons; in the case of an exposure to a contagious disease where one-the-job presence of the employee would jeopardize the health of others; when a medical condition requires use of a legally prescribed prescription drug that impairs job performance or safety.

B) Accrual Rates

1) Accrual of PTO hours are at the following rates:

Years of Service	7.5-hour Rate		8-hour Rate		7.5-hour PTO Max Hours Annual Rollover	8-hour PTO Max Hours Annual Rollover
	Per Month	Per Year	Per Month	Per Year		
Less than 1 Year	13.125	157.50	14.000	168.00	315.00	336.00
1 year but less than 2	13.500	162.00	14.400	172.80	324.00	345.60
2 years but less than 3	13.875	166.50	14.800	177.60	333.00	355.20

25 years or more	22.500	270.00	24.000	288.00	540.00	576.00

- 2) Employees must be in a paid status for any portion of their scheduled work days during the month to earn credit for PTO time.
- 3) Percentage employees will accrue PTO on a pro-rated basis.
- 4) Accrual rates are based on the following:
 - a) Current vacation accrual rates
 - b) 60 hours (for 7.5 hour shift)/64 hours (for 8 hour shift) of sick leave per year
 - c) One personal holiday (7.5/8 hours) or as designated in the current bargaining contract
 - d) A day (7.5/8 hours) designated as a one-time holiday by the Governor of the State of Washington or the President of the United States will be added to the balance and used in accordance of the PTO policies. The one-time holiday is not used in calculating the maximum accrual rate.

c) Requesting PTO Time:

- 1) Employees can use PTO as it is earned
- 2) PTO time can be taken in no less than ¼ hour increments
- 3) There are limited situations in which PTO may not be approved, including:
 - a) Zero-balance account: when PTO and CAT accounts are depleted (CAT account is considered depleted for this purpose if the CAT account is not accessible because of short absence). This type of unauthorized absence may result in progressive discipline (counseling, oral reprimand, written reprimand, suspension, termination). Each occurrence (one occurrence can be a number of days when occurrence is an extended absence) of this type of unauthorized absence will advance to the next level of discipline unless stale discipline, utilization of other benefits/programs as identified in section I (Other Benefits/Programs) or other mitigating circumstances.
 - b) Job abandonment: when an employee fails to follow departmental procedures in notifying his/her supervisor of an absence (for example: leaving work during assigned shift without notice, failure to report to work without notice, failure to follow up/update supervisor of ongoing absence). These types of unapproved absences are considered an abandonment of one's job and justify severe discipline (suspension/termination).
 - c) Unapproved absences will be without pay

D) Maximum Annual Rollover:

The maximum number of PTO hours an employee may rollover from one PTO accrual year to the next cannot exceed two (2) times the annual accrual rate (see accrual rate chart).

E) CAT (Catastrophic) Account

- 1) Employees who have a balance in their CAT account will have the option of using CAT hours in lieu of PTO hours for a serious illness or injury of the employee or the employee's immediate family member, requiring an absence of more than five (5) working days.
- 2) Employees must first use a minimum of five (5) working days of PTO **per condition** before accessing their CAT account. The five (5) working days are not required to be consecutive.
- 3) The CAT account is non-renewable and will be established at conversion only. Additional hours/days cannot be added. Once the CAT account is exhausted, it cannot be utilized again, except:

- a. The CAT account may be used for an L&I covered illness, and “bought back” if specific requirements are met. See section I Other benefits/programs, item 4.
- 4) Employees who have an illness or injury requiring them to be absent for longer than three (3) working days **per condition**, should contact Human Resources to discuss FMLA or other benefits/conditions that may apply as a result of their time off. Spokane County Risk Management and/or HR may require a release to return to work for employee medical absences.

F) Annual PTO Cash Out/Incentives

- 1) Employees must have five (5) years of continuous service in a benefited position with Spokane County before they request a cash out.
- 2) Employees will have the option once per calendar year to cash out hours in their PTO bank above the required minimum balance of 150 hours (for 7.5-hour shift) or 160 hours (for 8-hour shift). Cash out is submitted in ¼ hour increments.
 - a. Employees who take 37.5 hours (for 7.5-hour shift) or 40 hours (for 8-hour shift) of PTO in the prior 12 calendar months may cash out up to 37.5 hours (for 7.5-hour shift) or up to 40 hours (for 8-hour shift) per calendar year.
 - b. Employees who take 75 hours (for 7.5-hour shift) or 80 hours (for 8-hour shift) of PTO in the prior 12 calendar months may cash out up to 75 hours (for 7.5-hour shift) or up to 80 hours (for 8-hour shift) per calendar year.
- 3) Employees with direct compensation (wages, longevity, cell phone or other additional wage items) equal to or more than the current Social Security Old-Age, Survivors, and Disability Insurance (OASDI) benefit base, are not eligible for a PTO cash out in any form (cash or deferred compensation). This annual limit is updated yearly by the Social Security Administration and is referenced at <http://www.socialsecurity.gov/OACT/COLA/cbb.html>.
- 4) Employees may select their cash out in one of the two following methods:
 - a. Additional money included in their paycheck.
 - b. Direct payment to their 457 Deferred Compensation Account. The employee must be currently enrolled in a Spokane County-sponsored deferred compensation program. Forms are required to make a one-time contribution, contact Human Resources for the necessary paperwork.
- 5) Requests to cash out must be submitted in writing by the 1st of the month for payment on the 15th payroll. Because accruals occur at the end of each month, absolutely no cash outs will be made on the last payroll of the month. (See Attachment B).

G) Separation from Service

- 1) Upon separation from service for any reason, employees will be cashed out at 100% of their PTO balance up to a maximum of the annual rollover (will vary depending upon each employee's years of service and respective accrual rate at time of separation).
 - a. Employees 60 years of age or older with at least five (5) years of service:
 - One week of PTO (37.5 or 40 hours) will be paid out as cash in their final paycheck
 - Remaining PTO will be cashed out at 100% to a VEBA
 - b. Employees with access to TriCare military coverage or who do not meet the criteria in section "a", their PTO balance will be cashed out 100% to their final paycheck.
- 2) Upon separation from service for any reason, only employees 55 years of age or older with 15 years or more of service with Spokane County will be cashed out at 25% of their CAT balance to a VEBA.
- 3) Any gaps in service will be treated as follows: if an employee is rehired/recalled within 12 months (18 months in the case of layoff) and if 25% of CAT has not been paid out, the CAT account balance will be reinstated. For calculation of years of service for PTO accruals, years of service will be bridged with prior service after a *recall /rehire from layoff* if prior service was at least five years and the recall/rehire was within three years of separation. All time in an unpaid status will reduce years of service. If separation from County is not as a result of layoff, the above treatment for gaps in service will only apply if rehired within 30 calendar days of separation.
 - a. Because an employee's PTO balance is cashed out upon separation from employment, there are no leave hours, aside from a CAT account balance (if applicable), to reinstate upon rehire.

H) Other Components of the Program

- 1) Employees on the PTO Plan are not eligible to receive or donate time to Shared Leave.
- 2) Short Term Disability (STD):
 - a. Employees must use all the PTO / CAT balances before receiving STD.
 - b. Only employees on PTO are eligible for the STD plan.
 - c. STD has a benefit waiting period of 60 calendar days from the date of the disability. STD benefits end when Long Term Disability (LTD) begins.
 - d. STD will pay 60% of an employee's basic monthly gross earnings in effect at the time they became disabled and provide a monthly STD income payment. Payroll related taxes and other benefit contributions (i.e., medical, dental, life insurance, retirement) are not deducted from the monthly STD income payment; however, such payments may be considered taxable income by the IRS. (Consult your tax advisor)

- e. For complete STD plan information and requirements, contact Human Resources.
- 3) Long Term Disability (LTD):
- a. Employees must use all the PTO / CAT balances before receiving LTD.
 - b. Only employees on PTO are eligible for the LTD plan.
 - c. LTD has a benefit waiting period of 180 calendar days from the date of the disability.
 - d. LTD will pay 60% of an employee's basic monthly gross earning in effect at the time they became disabled and provide a monthly LTD income payment. Payroll related taxes and other benefit contributions (i.e., medical, dental, life insurance, retirement) are not deducted from the monthly LTD income payment; however, such payments may be considered taxable income by the IRS. (Consult your tax advisor)
 - e. For complete LTD plan information and requirements, contact Human Resources.
- 4) Labor and Industries (L & I) Leaves:
- a. Employees will have the option of using CAT, PTO, or leave without pay for approved L & I leaves.
 - b. Employees must first use CAT time if it is available. PTO and CAT hours are eligible for buyback per Labor & Industries statutes and County policy. If no CAT hours are available, PTO time or leave without pay may be used.
 - c. Employees must authorize in writing of their desire to use PTO time as a buy-back option versus straight time-loss option.
 - d. Monthly income payment is determined by L & I. Contact the Risk Management Department for information and requirements.
- 5) Family and Medical Leave Act (FMLA):
- a. Employees who have a covered illness that will require them to be absent for three (3) working days or longer per condition, are required to contact their immediate supervisor and Human Resources to apply for FMLA or other benefits/ conditions (including the CAT account) that may apply as a result of their time off. Spokane County Risk Management and/or HR may require a release to return to work for employee medical absences.

1) Conversion from Current Plan to PTO

- 1) Conversion will occur as negotiated and adopted by the Board of County Commissioners.
- 2) Vacation hours will be converted hour for hour.
- 3) Sick leave from an employee's current balance will be credited up to 60 hours (for 7.5-hour shift) / 64 hours (for an 8-hour shift) in the PTO bank. Remaining sick leave hours will be placed in a catastrophic (CAT) account.

- 4) If the combination of vacation, personal days and, 60/64 hours of sick leave exceeds the PTO cap, excess PTO will be cashed out down to the cap.
- 5) Attachment B can be used to compute the converted PTO balance, CAT balance, and cash-out amount.

J) Conversion from PTO to Sick Leave/Vacation Leave/Personal Holiday Schedule

- 1) A change in position may require an employee to convert back from the PTO plan, to the sick leave/vacation leave/personal holiday schedule, if such position is in a group excluded as identified in A2 from the PTO plan.
- 2) Conversion back to the sick leave/vacation leave/personal holiday schedule will occur as follows:
 - a. The balance of the CAT account will be converted to sick leave. If the CAT account is zero, then the employee will start with a zero-sick leave balance.
 - b. All PTO hours will be converted to vacation.
 - c. Personal Holiday hours will be added at the beginning of the next calendar year.
 - d. If vacation hours, after conversion, exceeds the maximum PTO accrual rate for the employee, the excess PTO will be cashed out down to the maximum.

K) Retaliation

An employer may not discriminate or retaliate against an employee for the lawful use of PTO as it related to paid sick leave rights.

1. A pregnant employee is allowed to work as long as she is able to perform the job, and as long as her physician concurs. Once a pregnant employee is no longer able to perform her job, supported by a statement from her physician, she will be placed on State Maternity Leave for the period of time she is temporarily disabled because of pregnancy and/or child birth. The County may not be obligated to pay the benefits during any unpaid status while on maternity leave. (Accrued vacation and sick leave must be used prior to authorizing leave without pay.)
2. COBRA would be offered and arrangements must be made with payroll to pay life insurance and retirement. Upon the birth of the child, the employee would then be eligible for FMLA.
3. The maternity disability leave is not counted against FMLA. It is considered “stackable” on to FMLA leave. The County is responsible for maintaining employer medical/dental contributions while the employee is on paid status.
4. The employee shall be allowed to return to the same position, or a similar position of at least equal pay, if she has taken a leave of absence for the actual period of disability relating to pregnancy and childbirth.
5. During the period of maternity leave, an employee’s seniority will continue to accrue for the purposes of scheduled step increases, County longevity benefits, and leave accrual rates. (Effective for all employees returning from leave after 1/1/2023)

C. BEREAVEMENT LEAVE

Bereavement leave entitles a member up to three (3) working days off with pay, not chargeable to sick leave balance if a member suffers a death of a member of his/her immediate family as defined below. Bereavement leave in the case of a spouse or a child is allowed up to ten (10) working days.

Two additional working days may be authorized if travel time is needed for out-of-town funerals. To be considered out-of-town, the employee must travel more than one hundred and twenty-five miles outside of Spokane County.

Bereavement leave can be utilized over a six (6) month period after the death. If the employee requires additional bereavement time, they may request additional time off chargeable to compensatory time, annual leave or PTO.

Immediate family shall be defined as follows: Spouse, State Registered Domestic Partner, parent, step-parent, child (biological, adopted, step or foster) regardless of age or dependency status, sibling, grandparent, grandchild, father-in-law, mother-in-law, brother-in-law, sister-in-law, daughter-in-law, son-in-law or a more distant relative if living as a member of the employee's immediate family.

D. MILITARY SPOUSAL LEAVE

Entitles an employee who is the spouse of military personnel to take up to 15 days unpaid leave while their spouse is on leave from deployment, or before and up to deployment, during times of military conflict declared by the President or Congress.

1. The employee must provide employer with notice of the intention to take leave within five (5) business days of receiving official notice that their spouse will be on leave or of an impending call to active duty.
2. The employee may substitute accrued leave for any part of the family military leave and is entitled to job protection and the same benefits as under the state Family Leave Act.

316 - MILITARY ACTIVATION & TRAINING

I. PURPOSE

To establish procedures for handling military activation of County employees.

II. SCOPE

This policy applies to regular County employees, excluding extra help employees, called for military activation and placed on formal military orders, including the two-week military training (Summer camp).

III. POLICY

A. Spokane County supports our military Guard and Reservists and will abide by the legal authority pertaining to military activation and reemployment. These rights can be found in:

1. Revised Code of Washington (RCW) 38.40.060
2. Revised Code of Washington (RCW) 73.16.033
3. Title 38 U.S.C., Chapter 43, Sections 4301 - 4333 - United Services Employment and Reemployment Rights of Persons who Serve in Uniformed Service (USERRA)

B. Military leave of absences can be either paid or unpaid.

1. On paid status, the employee will continue to accrue all benefits as though they were at work.
2. If in unpaid status for more than half the month, the employee will only accrue Union seniority and County longevity benefits, but will not accrue vacation, sick, holiday, personal day or compensatory days.
3. The employee may request to use any vacation, personal holidays or compensatory leave that they accrue prior to and during their military activation or training.
4. Prior to the commencement of military service, the County will allow the employee to take leave to prepare for the activation/training and/or travel to military service location as required by law.
5. Spokane County will not require any employee to use vacation, personal holiday or compensatory leave.

C. Military activated time can be counted towards:

1. Accrued Union seniority benefits such as bidding rights,
2. Accrued County longevity benefits and Department of Retirement Service credit, and
3. STEPS increase credit for the time serving in the Uniformed Services.

- D. The military activated employee is not entitled to retention, preference, or displacement rights over any person with a superior claim. (*Title 38 U.S.C., Section 4312*)
- E. Washington State's 21-day military activation and training limits covers calendar years periods (October 1st – September 30th).
- F. Any time spent away from a scheduled workday for active duty training will be counted as one day towards the 21-day training time limit.

IV. PROCEDURE

A. Employee Responsibilities

1. Notify the employer, in advance writing, unless precluded by military necessity, of any annual inactive duty training (weekend drills), annual training, recall to active duty, or additional training requirements as determined and certified in writing by the Service Secretary through military orders. Failure to provide notice could result in a denial of protection of USERRA (Uniformed Services Employment and Reemployment Act of 1994 & 1996).
2. A County employee who is activated for military service must:
 - a. Provide the employer with advance written notice of military activation unless for a short-notice military necessity,
 - b. Within 30 days, or as soon as possible, provide official written military orders to the employer, and
 - c. Cooperate with the employer regarding the requirements of the leave request.
3. To be re-employed for any activation or training consisting of two weeks or longer, a County employee must submit a letter indicating their request for reemployment to the Elected Official/Department Head or the Human Resources Director within the following time lines:
 - a. Served less than 31 days - Employee must report to the employer either on the first day of the first regularly scheduled work period following completion of service, or "as soon as possible" if reporting on the first regularly scheduled work period is "impossible or unreasonable through no fault of the returning employee."
 - b. Served more than 30 days but less than 181 days – Application for re-employment must be submitted no later than 14 days following completion of military service, or "as soon as possible" if the failure to make timely application is through no fault of the returning employee. For returning employees whose length of service is more than 30 days, an employer may require the employee to provide documentation that: (1) the application is timely; (2) the leave has not exceeded the five year limit; and (3) the separation from military service was not disqualifying.
 - c. Served more than 180 days - Applications for re-employment must be submitted no later than 90 days from completion of military service
 - d. Notice by disabled persons – Returning employees who are hospitalized for war or convalescing from injuries incurred in or aggravated by military service may apply for re-employment within two years following recovery from such injuries.

- e. Failure to give timely notice – An employee failing to comply with the above timelines shall be subject to the conduct rules, established policy and general practices of the employer pursuant to Policy #324 – Leave of Absence Without Pay.
 - f. Unless a statutory exemption applies, the employee exceeded the service limitation, or the person was not entitled to reemployment benefits, the County will reemploy the employee in a position of employment in accordance with statutory priority. (*See 38 U.S.C., Section 4313*).
4. The employee must notify their Elected Official/Department Head if they wish to extend their benefits while on military leave/activation by using their accrued vacation, personal holiday and/or compensatory time.

B. Employer Procedures

1. The EO/DH, or designee, should respond to the employee's request through an agreement letter for military leave and ask for a copy of the official military orders, unless there is a short notification time or it is not feasible to respond [i.e.: responding to each inactive duty training (drills)]. Human Resources will advise and assist any EO/DH who requests assistance. (See Attachment C for an example letter)
2. The EO/DH will forward a copy of this letter along with a Personnel Action (PA) Form to HR for filing in the County's official personnel records.
3. HR will make any changes in payroll status to cover this leave of absence period.
4. If requested, HR a Status of Benefits briefing/letter to the employee taking a Military Leave of Absence.

C. How to Compute Military Time (*Used on all computations on or after 8/23/99*)

1. In short, military activation time is computed based on scheduled workdays. (For examples see Attachment B).
2. Military time can relate to inactive duty training (drills), active duty/annual training, recall to active duty, or additional training requirements determined and certified in writing by the Service Secretary through military orders.
3. Any portion of a work day for active duty or active duty training used will be computed as an entire day towards the State's 21-day military training allotment.
4. Military time can be in either paid or unpaid leave status.
 - a. **In paid status, a day is counted for each day the employee would have been scheduled to work and paid for the number of hours that would have been scheduled for that day (7.5, 8, 10, 12-hour shift).**
 - b. In unpaid status, a day is counted for each day the employee would have been scheduled to work during the military absence. For example, an employee has a military training obligation for one week, but would have been scheduled to work four (4) days during that period, then only those four (4) scheduled work days would be counted towards the 21-day military obligation time.

- D. How to Process a Call Up and Return to Work from a Military Activation
1. The Department would process a Personnel action (PA) form indicating an Action Code of “**PLA**” and Reason Code of “**LPD**.” The remarks sections should indicate either, “**Per RCW 38.40.060, employee is granted up to 21 days of paid leave for military training annually.**” or “**Employee using vacation accrual for paid status entitlement,**” or both.
 2. If the military activation will be longer than paid status, then a 2nd PA form would need to be completed with an Action Code of “**LOA**” and Reason Code of “**MIL**.” The remarks section would indicate, “**Employee still on military leave of absence. No pay, No benefits. County longevity and STEP increase dates will continue while on military orders.**”
 3. If the employee wants to continue medical, dental and life insurance coverage, the employee will work with the Benefits Coordinator to continue these options.
 4. Upon return from military service, a final PA form will be processed indicating an Action Code of “**RFL**” and a Reason Code of “**RLP**” (for Paid Leave) or “**RLU**” (for Unpaid Leave). The remarks section would indicate, “**Return to work from military leave of absence. Employee back on paid salary and benefit status. Military activation time counts toward County longevity and STEP increase dates.**”
- E. Other Information related to Military Activation:
1. As with any unpaid leave of absence the following will cease during this period of absence, [vacation, sick leave, medical, dental, State retirement, life insurance and deferred compensation].
 2. Dependent Medical Coverage:
 - a. The day military member is activated the member is covered through the military on all benefits.
 - b. Dependent's (spouse and/or children) become eligible for COBRA or military coverage (TriCare) at the start of an unpaid leave of absence. (See Attachment D on dependent medical coverage.)
- F. Group Life Insurance coverage (employees & dependents) for members on extended military activation.
- a. Employees may be eligible for up to \$50,000 in-group term insurance under the federal SGLI program.
 - b. If the employee returns to County employment, insurance coverage may be reinstated.

G. Employee coverage would end as of the date the employee begins full-time active duty.

***MILITARY LEAVE OF ABSENCES
COMMONLY ASKED QUESTIONS***

- 1) **Does the employee's seniority within the crew and/or union continue while he is on active duty?**

Answer: Yes, The employee's Union seniority and County seniority continues while on active duty.

- 2) **Does the employee continue to accrue sick and vacation while on active duty?**

Answer: No, the employee continues to accrue vacation and sick leave only while in paid status.

- 3) **Does the employee's Dental and Health insurance benefit continue?**

Answer: No, the employee's medical and dental premiums continue while they are in paid status only. When the employee moves to unpaid status, COBRA (Consolidated Omnibus Budget Reconciliation Act) will be offered which requires the employee to pay the medical coverage cost at 102% of the County's rate. COBRA coverage is for a maximum of 24 months. Another option is for the employee to utilize the military hospital for TriCare which would also allow family members to use the military hospital.

- 4) **Since the employee could be working for the Armed Forces for an extended period of time, would a physical be required prior to his return?**

Answer: No. A physical will not be required when the employee returns to County employment. However, if the employee was hurt while on military activation, a Fitness for Duty evaluation may be required.

- 5) **What will be the return to work date after military activation? Is there a grace period before returning to work?**

Answer: Yes, there is a grace period if the active duty is greater than 30 days. Otherwise, the report to work date is the next regularly scheduled work day after military duty. If military duty is between 30-180 days, the grace period is 14 days. If the military duty is greater than 180 days, the grace period is 90 days.

- 6) **What happens if the employee does not show up after the grace period has expired?**

Answer: The County will consider the employment relationship to have ended with the employee voluntarily resigning.

- 7) **Do I have to grant vacation leave to the employee if he requests it prior to his return?**

Answer: Yes. The employer has to grant any vacation leave requested prior to military activation or any vacation leave that the employee has accrued prior to the commencement of the military activation. For example, if the employee had 30 days vacation accrued on the books, he could request this time be added to the time allowed by the County (21 training days). While in paid status, the employee will continue to accrue vacation and sick leave and can also use this accrued time while on military leave.

- 8) **What do I do about his Job Performance Appraisals?**

Answer: Regarding the appraisal, Management can either complete it prior to military duty for the rating period or can wait until the employee's return. This is the supervisor's call. If the employee has pending discipline or a Corrective Action Plan, it would probably be advisable to complete the appraisal prior to the military activation.

- 9) **It is my understanding, as per our local union contract, that the employee will receive 21 days paid Military leave per Washington State law. Where does this payroll money come from?**

Answer: Any military activation is not planned or appropriated for through the County's budgeting process. The work section should absorb the cost in their budget since the County budgets a year's worth of pay for each employee.

10) Will the expenditure for the employee's replacement, if needed, come out of the Section's budget? If so, does this require Commissioner approval?

Answer: Any replacement worker (Extra-help, limited term, etc.) will come out of your Section's approved annual budget. Work with your Human Resources Point of Contact, to see what best works for your situation. HR will work with you in getting this worked through Position Control (the Budget Office). The Commissioners will not get involved unless you are asking for new monies outside of your approved budget.

11) What if the employee does not have sufficient vacation time accrued to cover the leave request?

Answer: The employee can only request the time available on the books. In some cases, there might be required travel time prior to the military activation and the County would need to accommodate the employee for any travel to get to his reporting station. If the employee doesn't have vacation time accrued, then this time would be granted in a leave absence without pay status.

For other questions that might arise on a military activation issue, contact Human Resources or Civil Law.

Attachment B

EXAMPLES OF HOW TO COMPUTE MILITARY ACTIVATION TIME

Examples 'A,' 'B,' and 'C' are all employees of Spokane County, a public governmental unit subject to RCW 38.40.060. These five are all members of the same military reserve unit, and all five have been ordered to attend a period of active duty training. They are required to report to a military base at 8:00 p.m. on Sunday, January 3, 1999. They have varying jobs and widely varying work schedules. Therefore, as illustrated below, they will end the week of military training with different balances of military leave.

Example 'A' (Working 5 - 7.5 or 8 hour days per week)

'A' works a standard work week from Monday through Friday. The active duty assignment means that 'A' will not be able to report for County work on January 4,5,6, 7, or 8. Thus, 'A' will use five days of military leave, and will have balance of 16 days for possible use later in 1999. Since 'A' is not required to work on the weekends, 'A' does not need to use military leave for January 3, 9 or 10.

Example 'B' (Working 4 - 10 hour days per week)

'B' work four days per week, Monday through Thursday, 10 hours per day. The active duty training will require 'B' to miss four days of County work – January 3, 4, 5, and 6. Therefore, 'B' will use four days of military leave and will have a balance of 17 days at the end of the week. Note that, 'A' and 'B' are both full-time employees working 40 hours per week, their varying schedules result in use of military leave in different ways.

Example 'C' (Percentage Employee)

'C,' unlike 'A' and 'B,' works only half time – four hours per day from Monday through Friday. For purposes of military leave, however, 'C' and 'A' are in exactly the same situation. 'C' must use five days of leave to attend the military training, and will have a balance of 16 days remaining for future use.

NOTE: Examples extracted from the Attorney General of Washington's Opinion Letter, "Military - Public Employees - Proper Calculation of Military Letter," Feb. 3, 1999.

This can be done through a letter sent to the Human Resources Director. This letter should arrive in advance of your return so the Department has time to work replacement issues. In this reemployment letter please indicate:

2. When you would like to return to work?
3. What position you left when you were activated?
4. Please, date and sign the letter.

“A person who fails to report or apply for reemployment within the appropriate period specified shall be subject to the conduct rules, established policy, and general practices of the employer pertaining to discipline with respect to absence from scheduled work.” (Title 38, Chap 43, Sect 4312)

Title 38, Chapter 43, Section 4312 - Reemployment Rights of Persons who Serve in the Uniformed Services states that, “shall not entitle such person to retention, preference, or displacement rights over any person with a superior claim.” This means that you cannot displace an employee who has seniority rights over you.

Spokane County Personnel Policy Manual

PERS RETIREMENT: You can count your military activation time toward your PERS retirement. To qualify for this, you will have to return to work with Spokane County and pay your member contributions for the time you were on active military status. This payment must be made to the Department of Retirement System (DRS) “prior to retirement or five years from the time you resume employment, whichever comes first.” (PERS Plan 2 Members Handbook, page 5, Feb 1997)

***MEDICAL OPTION FOR FAMILIES
ACTIVATED MILITARY MEMBERS***

Since military activation is a leave of absence from County employment on the date military activation commences and employee goes into “unpaid” status, medical benefits will end at the end of the following month.

NOTE: Employees may elect to extend benefits through the use of vacation leave, personal holidays and/or compensatory time that is accrued prior to and during military activation.

Also, the military medical programs cover the activated member. To help you make decisions for the activator’s family members, the following options are available for you.

OPTION #1 - COBRA

1. Prior to commencing military duty, contact the HR Benefits Coordinator as soon as possible.
2. Your options under COBRA (Consolidated Omnibus Budget Reconciliation Act) will be explained.
 - Medical coverage can be continued for 24 months for 102% of the County’s premium. This rate varies depending on the plan and number of dependents covered.

OPTION #2 - USING TriCare (Military Coverage)

1. After the activated member is processed at the Military Personnel Flight and has a military identification card and military orders, the member can go to the TriCare Office (Room 107A at the Fairchild Hospital) and register the family for TriCare (Champus) coverage. Depending on the length of activation, coverage programs vary.
 - Activated less than 30 days = No Benefits
 - Activated 30 - 179 days = TriCare Standard or Extra are available.
 - TriCare Standard has 80/20 coverage (a 20% co-pay)
 - TriCare Extra has an 85/15 coverage (a 15% co-pay)
 - Activated 179 day or more = TriCare Prime
 - Every TriCare recipient need advance approval prior to seeing a doctor.
2. Many of the doctors on the Premera provider list could be on the TriCare provider list.
3. Group Health recipients may be required to pay the bill up front and then file a claim for reimbursement with TriCare.

NOTE: TriCare recipients may use the Fairchild Hospital Pharmacy and get their prescriptions filled for FREE if the medicine is in stock.

317 - SHARED LEAVE

I. PURPOSE

To establish procedure for handling requests for Shared Leave.

II. SCOPE

This policy applies to all regular County employees.

III. GOVERNING DOCTRINE

County Resolution #98-0631

IV. POLICY

It is the policy of the County to permit employees (represented and non-represented) to donate vacation time to a co-worker who is suffering from a severe or extraordinary non-job related illness or who has a spouse/dependent or any other relative living in the home suffering from a severe or extraordinary illness, injury or other impairment as determined by the Shared Leave Committee, and is out of vacation time and sick leave and who will immediately go on leave without pay or terminate employment. There shall be no retroactive applications of donated leave.

V. PROCEDURES

A. Occasionally County employees or their spouse/dependent(s) or other relatives living in the home contract a catastrophic illness or sustain a disabling injury, whereby the employee exhausts his/her leave balances. Often co-workers who have substantial leave balances wish to donate some of their leave to these employees. Leave sharing is the mechanism to accommodate both groups.

B. Eligibility to Receive Shared Leave:

1. An employee may receive leave under this program if the employee suffers from an illness, non-job related injury or impairment, or who has a spouse-dependent or other relative living in the home suffering from a severe or extraordinary illness, injury or other impairment which has caused, or is likely to cause, the employee to go on leave without pay or which may cause the employee to be terminated from County employment.
2. Requests to receive leave sharing benefit shall be submitted to the Director of Human Resources Department. The Human Resources Director or designee may approve the request or convene a committee comprised of one (1) employee from the Human Resources Department, one (1) management employee and one (1) non-management

employee from another department, one (1) employee representing a Council of Unions and, as a non-voting member, the County Occupational Health Nurses. The committee members will be appointed by the Human Resources Director and will serve for a one (1) year term in order to provide consistency in the decision making process. If the requester is in a bargaining unit, a member of their union may be present. The decision of the committee shall be final; however, if the decision of the committee is to deny the request, the requester has the right to petition the committee for reconsideration. The decision of the committee shall not be subject to the grievance procedure.

3. An employee must have exhausted his or her sick leave and vacation time before receiving shared leave.
4. An employee receiving the shared leave benefit must have abided by the County's policies respecting sick leave.
5. An employee receiving the leave sharing benefit shall receive no more than a total of 2,000 hours of such leave during the course of his or her employment with the County.
6. The employee's position must be one in which vacation and sick leave can be accrued and used.
7. The employee must be eligible to use vacation time and sick leave time.
8. The committee shall also approve leave-sharing benefits for "after care" needs as prescribed by the attending physician.

C. Leave Transference Process

1. An employee wishing to receive shared leave shall submit a written request to the Human Resources Director and attach a statement from his/her physician verifying the severe or extraordinary nature and expected duration of the condition. A union representative or any other person may submit the request on behalf of the employee.
2. The Human Resources Department will, after the request is approved, notify the employee's department head and request the department head to communicate the employee's eligibility for leave sharing to other employees in that department. Employees may request that the department head communicate the status with other departments.

D. Donating Leave

1. Employees wishing to donate leave shall send the Donation of Vacation form to the Human Resources Department for processing.

2. All leave donated under the leave sharing program shall be in full hour increments. No difference will be made between the salary level of the donor and the recipient. The minimum amount of time for donation is four (4) hours.
3. An employee may donate to an individual(s) a maximum of eighty (80) hours vacation time in a calendar year. The recipient employee can retain up to forty (40) hours of sick leave after he/she returns to work. The County will accept all donated leave, but will return unused leave to the donator. All donations will be entered as sick leave in the recipients account.
4. Donations of vacation time may not bring the donor's vacation balance below forty (40) hours.
5. All donations of leave shall be strictly voluntary and confidential and shall be done on the donation of Vacation form a copy of which is attached. The donor shall designate the recipient.
6. No employee shall be coerced, threatened, intimidated, or financially induced into donating leave.
7. Once leave has been donated, it becomes the recipient's leave—regardless of any changes in his/her employment status.

E. Administration:

The Human Resources Department shall administer the Leave Sharing Program.

F. Long Term Disability:

1. At the time Shared Leave is requested, Long Term Disability must be requested concurrently if:
 - a. The reason for Shared Leave is for an employee's personal medical condition.
 - b. Shared Leave, when initially requested, will be for 90 days or more.
2. Long Term Disability must be applied for at the time requests for extensions of Shared Leave will, when combined, total 90 days or more.
3. The employee must not be receiving time-loss payments as a result of an on-the-job injury or illness or receiving long-term disability payments.
4. In the event Long Term Disability is denied, Shared Leave may continue in accordance with the terms of the plan.
5. In no event shall an employee receive more money than what they would receive if they had been working by combination of any benefit plans.

6. The employee must provide timely information and periodic medical verification necessary for the processing of the LTD application and continuation of eligibility to receive Shared Leave. Failure to do so could result in the discontinuation of Shared Leave payments.

b. Military Caregiver Leave allows eligible employees whose covered service member is a current member of the Regular Armed Forces, National Guard or Reserves to take up to 26 weeks of leave to care for a covered service member with a serious injury or illness incurred in the line of duty on active duty.

Regardless of pay status, no loss of seniority will occur while the employee is on FMLA leave. An employee's seniority will continue to accrue for the purposes of scheduled step increases, County longevity benefits, and leave accrual rates. (Effective for all employees returning from leave after 1/1/2023).

Employees must pay their portion of the cost of their group health insurance premiums, voluntary life insurance and FSA 125 premiums while on FMLA leave of absence.

This applies to families of National Guard or Reserve service members, not to families of service members in the Regular Armed Forces.

V. PROCEDURE

A. Application and Commencement:

1. A Family and Medical Leave of Absence form must be completed by the employee requesting family and medical leave of absence and submitted to the manager, Elected Official, or Department Head (forwarded to Human Resources) thirty (30) days prior to the commencement date, except where medical conditions make such a requirement impossible. Otherwise, the County will designate said leave as FMLA leave and ask that appropriate medical documentation be provided within 15 days of notification. If the employee is incapacitated then a family member or friend can provide the information requested.
2. Employees that have paid time available have the option of running FMLA simultaneously with paid leave or consecutively after the paid leave expires. The employee must submit a written notice to their manager, Elected Official, or Department Head regarding if they intend to run accrued FMLA leave after the expiration of any accrued paid leave. Medical certification must be provided to Human Resources once FMLA protection is requested. It will not be applied retroactively.
3. When the leave is to care for a sick child, parent or spouse, the requesting employee must submit a letter signed by a physician that states:
 - (a) the date the illness or condition began;
 - (b) the probable duration of the condition;
 - (c) the estimated time the employee will need to care for the family member; and
 - (d) a statement that the illness or condition requires the participation of a family member.
4. When the leave is for planned medical treatment, the employee must attempt where possible to schedule the treatment so as not to disrupt County operations.

5. When the leave is for the employee, the employee must submit appropriate medical certification. The certification includes information from the physician on the beginning date of the illness or injury, probable duration and estimated frequency of absence.
6. When leave is either approved or disapproved, Human Resources will issue a written response outlining the conditions of said leave. [See attached letter - Response to Employee's Request for Family & Medical Leave Act.]
7. When leave is approved, the department will initiate a Personnel Action form and forward it to Human Resources.

VI. REINSTATEMENT

1. Upon return from a family and medical leave of absence, the employee will be reinstated in the following priority of position reassignment:

First: Prior position if available.

Next: An equivalent position for which the employee is qualified.

2. Employees on leave must notify their supervisor, manager, or Elected Official/Department Head at least 2 days prior to end of leave to inform the County of availability to return to work. The County may require appropriate medical certification before an employee returns to work.
3. An employee's failure to return from leave on the scheduled date of return, will be considered a voluntary resignation.

V. EXCEPTION

If the employee on leave of absence is a salaried employee and is among the highest paid ten percent of County employees living within 75 miles of the County, and keeping the job open for the employee would result in substantial economic injury to the County, reinstatement to the position may be denied. The employee may be given an opportunity to return to work in a different job.

USE OF FAMILY AND MEDICAL LEAVE ACT OF 1993 HAS CHANGED!

Enclosed please find information pertaining to the Family and Medical Leave Act of 1993 (FMLA), which took effect on August 6, 1993 and implemented by Spokane County Board of Commissioners on August 24, 1993 (Res. 93-1028). To assist you with compliance I am forwarding to you summary sheet to be retained within the department as specific questions are raised.

Please note that the FMLA policy number 322 has been revised. In a recent decision from the 9th Circuit Court of Appeals we see a dramatic change in an employer's right to designate time off as FMLA leave. Under this court's interpretation of the FMLA, whether to take FMLA leave for a qualifying event is the employee's option, and employees can use paid time now and save their FMLA leave for later. Employees cannot apply for FMLA retroactively. All the forms have been updated recently as well and follow this summary.

I hope this summary is helpful to you. Please do not hesitate to contact the Human Resources Department if we can assist you further.

A SUMMARY OF THE FEDERAL FAMILY LEAVE LAW

1. Who is an eligible employee?

Only “eligible employees” are qualified to use FMLA. An eligible employee is one who has been employed for at least 12 months and worked at least 1,250 hours during the previous twelve months. Any employee who works more than 24 hours per week for 52 weeks of the year would qualify.

2. To what leave are the eligible employees entitled?

Eligible employees are entitled to a total of 12 work weeks of leave during any 12-month period for one or more of the following reasons:

- a. Birth of a son or daughter of the employee and in order to care for such son or daughter (herein called “child”). The term “son or daughter” means a biological, adopted, or foster child, a stepchild, a legal ward, or a child of a person standing in *loco parentis* (in place of the parent), if that child is under 18 years of age or 18 years of age or older and incapable of self-care because of a mental or physical disability;
- b. Because of the placement of a child with the employee for adoption or foster care;
- c. In order to care for the spouse, child or parent of the employee, if such spouse, child or parent has a serious health condition. The term “parent” means a biological parent of an employee or an individual who stood in place of the parent to that employee when that employee was a child. Therefore, if John is the employee and John’s father becomes seriously ill, John is entitled to the leave. However, John’s wife (also County employee) would not be entitled to leave to care for John’s father;
- d. A serious health condition makes the employee unable to perform the functions of his or her position. The term “serious health condition” in the Act means an illness, injury, impairment or physical or mental condition that involves in-patient care in a hospital, hospice, or residential medical care facility, or continuing treatment by a health care provider. Hopefully, the regulations will make clear what the term “continuing treatment by a health care provider” means. We do not believe the Act is intended to cover general illnesses which require a few visits to the doctor and a period of recovery, such as chicken pox.

3. How does the department measure the twelve-month period?

An eligible employee is entitled to take up to 12 weeks of FMLA leave in “any 12-month period.” Calculations are based on a rolling 12-month period measured backward from the first day of the new leave period an employee is requesting. Each time an employee takes FMLA leave the remaining leave entitlement would be any balance of the 12 weeks which has not been used during the immediately preceding 12 months. For example, if an employee has taken 8 weeks as of July 2013 then they have 4 more weeks available to use until time is reinstated in July 2014.

4. How soon does the employee have to take the leave?

The employee must take the leave for the birth or placement of a child before the end of the 12-month period

beginning on the date of such birth or placement. For example, an employee whose daughter is born April 10, 2014 could not wait until April 15, 2015 to take the leave.

5. *Must all the leave be taken at once?*

The leave related to the birth or placement of a child generally may not be taken intermittently or on a reduced leave schedule unless the employee and the employer agree otherwise. Leaves for care of a spouse, child or parent who has a serious health condition or because the employee has a serious health condition may be taken intermittently or on a reduced leave schedule when medically necessary. The amount of leave available to the employee is reduced only by the leave actually taken.

6. *Does the employer have to pay for the leave?*

The employer does not have to pay for the leave. If the employee is an exempt employee under the Fair Labor Standards Act, the provision of unpaid leave does not change the employee's status from that of an exempt employee to that of a non-exempt employee.

7. *Do my employees have to give me any notice of their leave?*

When the leave is for a birth or adoption and is foreseeable, the employee must provide the employer with not less than 30 days' notice before the date of leave is to begin of the employee's intention to take the leave unless the date of the birth or placement requires leave to begin in less than 30 days, under which circumstances the employee must provide such notice as soon as possible. Adoption placements often do not allow for 30 days' notice because of the uncertainty as to when a child will be available. The probable birth date of a child is generally known well enough in advance to allow for 30 days' notice. However, if the child should arrive prematurely, the employee need only give as much notice as is practicable.

When the leave is necessary because the employee has a serious health condition or must care for a qualified person and the leave is foreseeable based upon planned medical treatment, the employee must make a reasonable effort to schedule the treatment so as not to disrupt the operations of the employer, subject to the approval of the health care provider, and provide the employer with not less than 30 days' notice, before the date the leave is to begin, of the employee's intention to take leave unless the date of the treatment requires leave to begin in less than 30 days, under which circumstances the employee must provide such notice as is practicable. For example, if the employee needs elective surgery and, with the health care provider's approval, the surgery can be performed more than 30 days after the employee finds out the surgery is necessary, the employee must make an effort to schedule the operation more than 30 days later. The health care provider will always have the final decision as to whether a procedure or treatment can be delayed for any length of time.

8. *I have several married couples in my work force. Do they both get 12 week of leave?*

If a husband and wife are employed by the same employer, the aggregate number of workweeks of leave to which both are entitled may be limited to 12 work weeks during any 12-month period if the leave is taken for the birth or placement of a child or to care for a sick parent. However, each of them would be eligible for 12 weeks of leave for their own serious health condition or to care for the serious health condition of a spouse or child.

9. *Can I require some type of certification that a serious health condition exists?*

Human Resources may require that requests for a leave to care for the serious health condition of a spouse, child or parent or because of the employee's serious health condition be supported by a certification issued by the health care provider of the person with the condition. The employee must provide certification to Human Resources in a timely manner. This certification is kept in a locked cabinet separate from the personnel file.

10. *What about employee benefits?*

When an employee returns from leave taken under FMLA, the employee must be restored to the position the employee held when the leave commenced or to the equivalent position with equivalent employment benefits, pay and other terms and conditions of employment. No adjustments to County seniority or longevity will be made for time an employee is on approved FMLA, regardless of paid status. (Effective for all employees returning from leave after 1/1/2023)

11. *Do I have to continue any benefits during the leave at my expense?*

If an employee takes leave under FMLA, the employer is required to maintain coverage under any "group health plan" for the duration of the leave at the level and under the conditions coverage would have been provided if the employee had continued employment continuously for the duration of the leave. This means the employee would only be responsible for their portion of the medical, dental and voluntary life premiums that would normally be deducted from their check. A notice will be sent out to collect premiums if an employee is on unpaid leave.

12. *Does the 12-weeks begin after an employee has exhausted all remaining sick and vacation time accrued?*

The answer is "possibly". Employees that have paid time available have the option of running FMLA simultaneously with paid leave or consecutively after the paid leave expires. The employee must submit a written notice to their manager, Elected Official, or Department Head regarding the point in time they wish to commence FMLA leave. This can occur anytime during or at the expiration of paid leave. FMLA cannot be applied retroactively.

Fact Sheet #28: The Family and Medical Leave Act

(Revised 2012)

The Family and Medical Leave Act (FMLA) entitles eligible employees of covered employers to take unpaid, job-protected leave for specified family and medical reasons. This fact sheet provides general information about which employers are covered by the FMLA, when employees are eligible and entitled to take FMLA leave, and what rules apply when employees take FMLA leave.

COVERED EMPLOYERS

The FMLA only applies to employers that meet certain criteria. A **covered employer** is a:

- Private-sector employer, with 50 or more employees in 20 or more workweeks in the current or preceding calendar year, including a joint employer or successor in interest to a covered employer;
- Public agency, including a local, state, or Federal government agency, regardless of the number of employees it employs; or
- Public or private elementary or secondary school, regardless of the number of employees it employs.

ELIGIBLE EMPLOYEES

Only eligible employees are entitled to take FMLA leave. An **eligible employee** is one who:

- Works for a *covered employer*;
- Has worked for the employer for at least *12 months*;
- Has at least *1,250 hours* of service for the employer during the 12 month period immediately preceding the leave*; and
- Works at a location where the employer has at least *50 employees within 75 miles*.

* Special hours of service eligibility requirements apply to airline flight crew employees. See Fact Sheet 28J: Special Rules for Airline Flight Crew Employees under the Family and Medical Leave Act.

The 12 months of employment do not have to be consecutive. That means any time previously worked for the same employer (including seasonal work) could, in most cases, be used to meet the 12-month requirement. If the employee has a break in service that lasted seven years or more, the time worked prior to the break will not count *unless* the break is due to service covered by the Uniformed Services Employment and Reemployment Rights Act (USERRA), or there is a written agreement, including a collective bargaining agreement, outlining the employer's intention to rehire the employee after the break in service. See "FMLA Special Rules for Returning Reservists".

LEAVE ENTITLEMENT

Eligible employees may take up to **12 workweeks** of leave in a 12-month period for one or more of the following reasons:

- The birth of a son or daughter or placement of a son or daughter with the employee for adoption or foster care;
- To care for a spouse, son, daughter, or parent who has a serious health condition;
- For a serious health condition that makes the employee unable to perform the essential functions of his or her job; or
- For any qualifying exigency arising out of the fact that a spouse, son, daughter, or parent is a military member on covered active duty or call to covered active duty status.

An eligible employee may also take up to **26 workweeks** of leave during a "single 12-month period" to care for a covered servicemember with a serious injury or illness, when the employee is the spouse, son, daughter, parent, or next of kin of the servicemember. The "single 12-month period" for military caregiver leave is different from the 12-month period used for other FMLA leave reasons. *See [Fact Sheets 28F: Qualifying Reasons under the FMLA](#) and [28M: The Military Family Leave Provisions under the FMLA](#).*

Under some circumstances, employees may take FMLA leave on an intermittent or reduced schedule basis. That means an employee may take leave in separate blocks of time or by reducing the time he or she works each day or week for a single qualifying reason. When leave is needed for planned medical treatment, the employee must make a reasonable effort to schedule treatment so as not to unduly disrupt the employer's operations. If FMLA leave is for the birth, adoption, or foster placement of a child, use of intermittent or reduced schedule leave requires the employer's approval.

Under certain conditions, employees may choose, or employers may require employees, to "substitute" (run concurrently) accrued paid leave, such as sick or vacation leave, to cover some or all of the FMLA leave period. An employee's ability to substitute accrued paid leave is determined by the terms and conditions of the employer's normal leave policy.

NOTICE

Employees must comply with their employer's usual and customary requirements for requesting leave and provide enough information for their employer to reasonably determine whether the FMLA may apply to the leave request. Employees generally must request leave 30 days in advance when the need for leave is foreseeable. When the need for leave is foreseeable less than 30 days in advance or is unforeseeable, employees must provide notice as soon as possible and practicable under the circumstances.

When an employee seeks leave for a FMLA-qualifying reason for the first time, the employee need not expressly assert FMLA rights or even mention the FMLA. If an employee later requests additional leave for the same qualifying condition, the employee must specifically reference either the qualifying reason for leave or the need for FMLA leave. *See Fact Sheet 28E: Employee Notice Requirements under the FMLA .*

Covered employers must:

- (1) Post a notice explaining rights and responsibilities under the FMLA (and may be subject to a civil money penalty of up to \$110 for willful failure to post);

(2) Include information about the FMLA in their employee handbooks or provide information to new employees upon hire;

(3) When an employee requests FMLA leave or the employer acquires knowledge that leave may be for a FMLA-qualifying reason, provide the employee with notice concerning his or her eligibility for FMLA leave and his or her rights and responsibilities under the FMLA; and

(4) Notify employees whether leave is designated as FMLA leave and the amount of leave that will be deducted from the employee's FMLA entitlement.

See Fact Sheet 28D : Employer Notice Requirements under the FMLA

CERTIFICATION

When an employee requests FMLA leave due to his or her own serious health condition or a covered family member's serious health condition, the employer may require certification in support of the leave from a health care provider. An employer may also require second or third medical opinions (at the employer's expense) and periodic recertification of a serious health condition. *See Fact Sheet 28G*: Certification of a Serious Health Condition under the FMLA. For information on certification requirements for military family leave, *See Fact Sheet 28M(c)*: Qualifying Exigency Leave under the FMLA; *Fact Sheet 28M(a)*: Military Caregiver Leave for a Current Servicemember under the FMLA; and *Fact Sheet 28M(b)*: Military Caregiver Leave for a Veteran under the FMLA.

JOB RESTORATION AND HEALTH BENEFITS

Upon return from FMLA leave, an employee must be restored to his or her original job or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. An employee's use of FMLA leave cannot be counted against the employee under a "no-fault" attendance policy. Employers are also required to continue group health insurance coverage for an employee on FMLA leave under the same terms and conditions as if the employee had not taken leave. *See Fact Sheet 28A* . : Employee Protections under the Family and Medical Leave Act

OTHER PROVISIONS

Special rules apply to employees of local education agencies. Generally, these rules apply to intermittent or reduced schedule FMLA leave or the taking of FMLA leave near the end of a school term.

Salaried executive, administrative, and professional employees of covered employers who meet the Fair Labor Standards Act (FLSA) criteria for exemption from minimum wage and overtime under the FLSA regulations, 29 CFR Part 541, do not lose their FLSA-exempt status by using any unpaid FMLA leave. This special exception to the "salary basis" requirements for FLSA's exemption extends only to an eligible employee's use of FMLA leave.

ENFORCEMENT

It is unlawful for any employer to interfere with, restrain, or deny the exercise of or the attempt to exercise any right provided by the FMLA. It is also unlawful for an employer to discharge or discriminate against any individual for opposing any practice, or because of involvement in any

proceeding, related to the FMLA. *See* Fact Sheet 77B . The Wage and Hour Division is responsible for administering and enforcing the FMLA for most employees. Most federal and certain congressional employees are also covered by the law but are subject to the jurisdiction of the U.S. Office of Personnel Management or Congress. If you believe that your rights under the FMLA have been violated, you may file a complaint with the Wage and Hour Division or file a private lawsuit against your employer in court. : Protections for Individuals under the FMLA

If requested by the employer, your response is required to obtain or retain the benefit of FMLA-protected leave. 29 U.S.C. §§ 2613, 2614(c)(3). Failure to do so may result in a denial of an employee's FMLA request. 29 C.F.R. § 825.310(f). The employer must give an employee at least 15 calendar days to return this form to the employer.

Answer, fully and completely, all applicable parts. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Notice to the EMPLOYER

The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking military caregiver leave under the FMLA leave due to a serious injury or illness of a covered veteran to submit a certification providing sufficient facts to support the request for leave. Your response is voluntary. While you are not required to use this form, you may not ask the employee to provide more information than allowed under the FMLA regulations, 29 CFR 825.310. Employers must generally maintain records and documents relating to medical certifications, recertifications, or medical histories of employees or employees' family members, created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 CFR 1630.14(c)(1), if the Americans with Disabilities Act applies.

SECTION I: For completion by the EMPLOYEE and/or the VETERAN for whom the employee is requesting leave

INSTRUCTIONS to the EMPLOYEE and/or VETERAN: Please complete Section I before having Section II completed. The FMLA permits an employer to require that an employee submit a timely, complete, and sufficient certification to support a request for military caregiver leave under the FMLA leave due to a serious injury or illness of a covered veteran. If requested by the employer, your response is required to obtain or retain the benefit of FMLA-protected leave. 29 U.S.C. 2613, 2614(c)(3). Failure to do so may result in a denial of an employee's FMLA request. 29 CFR 825.310(f). The employer must give an employee at least 15 calendar days to return this form to the employer.

(This section must be completed before Section II can be completed by a health care provider.)

(2) Was the veteran **dishonorably** discharged or released from the Armed Forces (including the National Guard or Reserves)? Yes No

(3) Please provide the veteran's military branch, rank and unit at the time of discharge:

(4) Is the veteran receiving medical treatment, recuperation, or therapy for an injury or illness?

SECTION II: For completion by: (1) a United States Department of Defense ("DOD") health care provider; (2) a United States Department of Veterans Affairs ("VA") health care provider; (3) a DOD TRICARE network authorized private health care provider; (4) a DOD non-network TRICARE authorized private health care provider; or (5) a health care provider as defined in 29 CFR 825.125.

INSTRUCTIONS to the HEALTH CARE PROVIDER: The employee named in Section I has requested leave under the military caregiver leave provision of the FMLA to care for a family member who is a veteran. For purposes of FMLA military caregiver leave, a serious injury or illness means an injury or illness incurred by the servicemember in the line of duty on active duty in the Armed Forces (or that existed before the beginning of the servicemember's active duty and was aggravated by service in the line of duty on active duty in the Armed Forces) and manifested itself before or after the servicemember became a veteran, and is:

- (i) a continuation of a serious injury or illness that was incurred or aggravated when the covered veteran was a member of the Armed Forces and rendered the servicemember unable to perform the duties of the servicemember's office, grade, rank, or rating; or
- (ii) a physical or mental condition for which the covered veteran has received a U.S. Department of Veterans Affairs Service Related Disability Rating (VASRD) of 50 percent or greater, and such VASRD rating is based, in whole or in part, on the condition precipitating the need for military caregiver leave; or
- (iii) a physical or mental condition that substantially impairs the covered veteran's ability to secure or follow a substantially gainful occupation by reason of a disability or disabilities related to military service, or would do so absent treatment; or
- (iv) an injury, including a psychological injury, on the basis of which the covered veteran has been enrolled in the Department of Veterans' Affairs Program of Comprehensive Assistance for Family Caregivers.

A complete and sufficient certification to support a request for FMLA military caregiver leave due to a covered veteran's serious injury or illness includes written documentation confirming that the veteran's injury or illness was incurred in the line of duty on active duty or existed before the beginning of the veteran's active duty and was aggravated by service in the line of duty on active duty, and that the veteran is undergoing treatment, recuperation, or therapy for such injury or illness by a health care provider listed above. Answer fully and completely all applicable parts. Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA military caregiver leave coverage. Limit your responses to the veteran's condition for which the employee is seeking leave.

(Please ensure that Section I has been completed before completing this section. Please be sure to sign the form on the last page and return this form to the employee requesting leave (See Section I, Part A above). **DO NOT SEND THE COMPLETED FORM TO THE WAGE AND HOUR DIVISION.**)

340 - BENEFITS

I. PURPOSE

To provide employees and their families with health and financial related coverage.

II. SCOPE

Except as provided for herein after, this policy applies to all full-time and part-time County employees.

III. POLICY

The following information generally represents benefits as they were established as of 2/1/98. As each plan may be modified from time to time, you must contact the Human Resources Department for the complete and current details of each plan. Those described here should not be considered a guarantee that the plans will continue to provide the benefits as described here. Part-time (Percentage) employees will be provided benefits in accordance with Policy #217.

A. NOTIFICATIONS OF CHANGES

Employees must notify Human Resources of any benefit changes (marriage, divorce, adding or deletion of a child, etc.) within 30 days of the change. Failure could result in not only paying for incurred expenses, but also reimbursing the County for overpaid benefit compensations.

B. MEDICAL

Two medical plans are available to County employees consisting of a Health Maintenance Organization (HMO) and a Preferred Provider plan (PPO). For some employees this traditional plan may not be available after December 31, 2000. Currently the County contributes a major portion of the plans' premiums. Open enrollment is held annually for coverage for the following contract year. Percentage employees (50%, 60%, 80%) pay 20% of their medical premiums.

C. DENTAL

Two dental plans are available to County employees consisting of a Dental Maintenance Plan (DMO) and Preferred Provider Plan (PPO). Coverage varies depending on the procedure. Currently, the County contributes a major portion of the plans premiums for employees, spouses and dependents. Percentage

employees (50%, 60%, 80%) pay 20% of their dental premiums.

D. INSURANCE EXTENSION

Any Elected Official receiving County medical benefits or non-represented employee eligible for PTO/CAT benefits, who is unable to resume the duties of his/her elected position or employment by the County because of proven illness or injury, shall, for a period of six (6) months after exhaustion of leave and annual leave benefits, continue to receive the County contribution toward group insurance benefits.

E. GROUP LIFE INSURANCE

The County provides a \$10,000 Group Life Insurance policy for full-time and percentage employees. Currently the County pays this benefit in full. Through this plan the employee has the option to purchase a \$1,000 life policy to cover each dependent.

F. VOLUNTARY LIFE INSURANCE

The regular, full-time and percentage employees may apply for additional insurance ranging from \$10,000 to \$500,000. Premiums are based on tobacco free or tobacco use. The spouse may apply for an equal amount. If applied for within 30 days of hire date, a \$50,000 policy on employee and \$20,000 on spouse is guaranteed with no medical history. Insurance is also available for dependent children in the amounts of \$2,000, \$5,000, or \$10,000.

G. RETIREMENT PLAN

County employees are automatically enrolled in the Washington State Public Employees' Retirement System (PERS). Washington State Law Enforcement Officers and Fire Fighters Retirement System (LEOFF) is for Law Enforcement Officers. Those hired prior to October 1, 1977 are Plan 1 and those hired after that date are Plan 2 for both LEOFF & PERS plans. Both the employee and County contribute certain percentages of the gross salary which are subject to change (check with the Benefits Coordinator in Human Resources) and employees are vested after five years. Age and service requirements for retirement vary based on membership plan. (See PERS 1, PERS 2, PERS3, PSERS, JBM, LEOFF 1, & LEOFF 2 policy booklets for more detailed information.)

H. SOCIAL SECURITY

The Federal Social Security Act covers all employees. A required percentage of an employee's salary is deducted to pay the employee's portion of this protection, and the County matches this deduction dollar for dollar. This plan was designed for an employee's future security and that of his or her dependents by providing retirement, disability, death survivor and Medicare benefits.

I. STATE UNEMPLOYMENT INSURANCE

This program is funded entirely by employers in this state. The program provides weekly benefits to qualified employees who become unemployed through no fault of their own or circumstances described in the law.

J. WORKERS' COMPENSATION

The County is a self-insured carrier who covers the cost of work-incurred injury or illness. Benefits help pay for an employee's medical treatment and for part of the income lost while recovering. Specific benefits are prescribed by law depending on the circumstances in each case. To be assured of maximum coverage, all work-related accidents must be reported immediately to supervisors, managers, or Elected Officials/Department Heads and the Risk Management Section so the County can file a timely claim.

An employee could receive a combined check equaling 100% of his/her salary by combining State Industrial Fund payment and supplementing with a percentage of the salary by Spokane County. Once an employee has exhausted his/her sick leave reserve, the employee could continue to receive payment from Workers' Compensation. However, an employee may use vacation leave for 100% pay.

An employee continues to accrue benefits for retirement, vacation and sick leave. However, the employee's deduction withholding on retirement will depend on the amount of actual earnings and Workers Compensation received. For complete details be sure to check with the Risk Management Section.

K. LONG TERM DISABILITY INSURANCE

All eligible employees will be automatically enrolled for Long Term Disability. The County currently pays the full premium for this benefit.

This program provides for disability benefits for employees unable to work because of disability due to non-occupational accident or disease. The benefit period begins at the end of a 90 continuous calendar day waiting (elimination) period of total disability.

Age 65 is the maximum age limit for which benefits will be paid. An eligible employee who qualifies for benefits under this plan will receive a maximum of 60% of pre-disability earnings to a maximum of \$5,000 per month. Benefits provided to full-time LEOFF employees are not provided for under this plan.

M. COBRA

The Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985 requires continuation of health care benefits for employees and/or dependents depending on a variety of events normally associated with termination of employment for employees or loss of eligibility for dependents. The Human Resource Department has full details.

N. HIPAA

The Health Insurance Portability and Accountability Act (HIPAA) of 1997 requires implementation of a set of new requirements for employer-sponsored group health plans, whether insured or self-insured. These requirements address pre-existing conditions, health non-discrimination, health plan disclosure and certification to exiting employees. The Human Resources Department has full details.

341 – VOLUNTARY EMPLOYEE’S BENEFICIARY ASSOCIATION (VEBA)

HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

I. PURPOSE

To assist eligible employees with monthly healthcare premiums and other qualified out of pocket medical expenses not covered by insurance after separation of employment from Spokane County.

II. SCOPE

This policy applies to all eligible non-represented employees with the exception of LEOFF 1.

III. POLICY

- A. To be eligible for this program, at the time of separation of employment from Spokane County, the employee must be at least 55 years of age with 15 years or more of full service (as aligned to policy 314 requirements) with County service credits.
- B. Eligible non-represented employees, **with** Long Term Disability, will have twenty-five percent (25%) of their unused accumulated sick leave deposited into the HRA VEBA trust.
- C. Eligible non-represented employees **without** Long Term Disability will be allowed to cash out fifty percent (50%) of their accumulated sick leave up to a maximum of sixty-five (65) days upon retirement or death per previous agreement. Spokane County will then designate twenty-five percent (25%) of the employee’s remaining unused accumulated sick leave balance to be deposited into the HRA VEBA trust.
- D. The employer will make contributions into the HRA VEBA trust for eligible employees at separation of employment only once during the course of their employment with Spokane County. The monetary value of sick leave accredited to a VEBA will be based upon the value of the account at time of separation of employment. If reason for separation of employment prior to an active account being established is due to death then spouses, dependents, and/or beneficiaries are not permitted to enroll in the VEBA Plan.

- E. This program falls under and is subject to Section 501(c)(9) of the Internal Revenue Code. By investing twenty-five percent (25%) of the employees' unused accumulated sick leave into the HRA VEBA trust, the employee will be allowed to use the tax-free account to pay monthly healthcare premiums and qualified out of pocket medical expenses not covered by insurance when they separate from employment. There is tax savings on contributions, tax-free earnings and tax-free reimbursements.
- F. This policy is subject to change, modification, or elimination at any time with or without notice as a result of changes in relevant Internal Revenue Code (IRC) provisions or regulations.
- G. This policy may be rescinded with or without notice for any reason whatsoever at any time by the Board of County Commissioners.

342 - POST-EMPLOYMENT EXTENDED HEALTH CARE POLICY

I. PURPOSE

This policy is established to provide qualified County employees access to health care coverage for up to sixty (60) months post-employment with the County.

II. SCOPE

This policy pertains to all County employees who meet minimum qualifications, subject to collective bargaining agreements.

III. DEFINITIONS

1. "COBRA" means Consolidated Omnibus Budget Reconciliation Act.
2. "Extended health care coverage" means health care coverage for up to forty-two (42) months which begins after COBRA coverage.
3. "Health care coverage" means medical and dental insurance plans offered to employees of the County.

IV. POLICY

It is the intention of the Board of County Commissioners to offer employees extended health care coverage after they have left employment with the County beyond the standard 18-month COBRA duration, if they meet minimum qualifications. Employees who meet the eligibility criteria, have separated from service, and elected COBRA through Spokane County, are eligible to participate in the plan.

This extended health care coverage benefit is only offered to the employee until he/she is eligible for Medicare. Extended health care coverage does not cover spouses, domestic partners, or dependents. The employee is responsible for the full monthly premium plus an administration fee.

Minimum qualifications are as follows;

2. Employees must be between 60 and 65 years of age at the time of separation from the County.
3. Employees must be enrolled in a County offered health care plan prior to separation from the County.
4. The employee must make the election for extended health care coverage within sixty (60) days after separation or currently be on COBRA on the date of the effective date of this policy in which case the election for extended benefits must occur within sixty (60) days of the effective date of the policy.

- Assists employees in completing college coursework and degree programs, and
- Prepares employees for other job opportunities within the County

To assist as many employees as possible and thus provide the greatest possible gain for the County, this program is competitive in nature and is based on a shared responsibility between the County and participating employees; limited funding is unlikely to allow for all interested employees to participate at any given time, nor aid in covering all costs for those who participate.

Nothing in this policy/procedure is considered grievable.

II – EMPLOYEE ELIGIBILITY

Except as otherwise noted herein for any specific program, the following requirements must be met prior to an employee applying for enrollment in the Program:

- a. Full-time employees only
- b. Must be employed with Spokane County a minimum of 1 year of continuous service; temporary service does not apply toward the one-year period
- c. For Master's degree programs, 3 years of full-time continuous service with the County is required
- d. Requested course of study, training, or certification must be related to current job or one currently within the County to which the employee could reasonably aspire
- e. Receive written approval from Department Head/Elected Official
- f. Employee must be in good standing with respect to job performance, which includes no disciplinary actions one year prior to the time of application (which managers must acknowledge upon approval).
- g. Submission of a completed application

Employees can only be enrolled in one component of the Program at any given time. Program elements cannot be combined.

Employees selected for participation in the program will sign a Continuing Education Agreement (CEA) with the County prior to enrolling in the program and receiving Program benefits or reimbursements;

employees who do not fulfill the obligations of the Continuing Education Agreement may be subject to repayment of funds to Spokane County.

If an employee does not meet the conditions of the CEA, the employee will be required to repay that portion of their continuing education program that was not completed in compliance with their respective CEA within sixty (60) days.

III – EDUCATIONAL OPPORTUNITIES

Tuition Assistance for Degrees, Coursework, and Certification

The Tuition Assistance portion of the Program is intended to assist employees with defraying the costs of advanced training and education to improve their skills and abilities as employees of Spokane County.

The Tuition Assistance is available to employees who seek to complete a related college degree program, individual coursework and/or training classes to improve their abilities in their current job, or to gain certification(s) that benefit their current job duties or allow advancement into other reasonably attainable job classifications currently within the County. As Program funding is limited and can vary from year to year, Tuition Assistance participants must compete through a periodic competitive application process (see *Application and Selection Process*, below).

Tuition payments will be made directly by the County to the applicable institution for the approved program or study or coursework. Financial assistance for required text book costs, not included in the tuition payment will be made on a reimbursement basis. The following guidelines will apply to the Tuition Assistance Program:

- a. No use of county vehicles unless course is specific to employee's department, with approval from the department head/elected official
- b. Proof of successful completion of coursework must be submitted to Human Resources within 30 days of course completion. This includes course syllabus and official transcripts. For eligible textbook costs not included in tuition expenses, receipts must be provided for employee reimbursement.
- c. Course/class must be completed with a 2.5 grade point or better for technical or college classes, 3.0 grade point or better for graduate level courses.
- d. Course(s) must not interfere with employee's job responsibilities, as approved by the department head/elected official
- e. Courses/classes must be taken on employee's personal time
- f. No recreation/hobby classes may be included in coursework unless required for an approved degree program. Reimbursement is not available for any materials or equipment related to such courses (even if required by degree program)
- g. Reimbursement is not available for meals, lodging, or transportation
- h. Reimbursement is not available for computers, software, computer accessories & hardware, or other electronic devices

Spokane County reserves the right to limit the number of credit hours of course study that may be enrolled in by employees participating in the Program, as required to ensure employee's continued productivity in their employment or due to program funding constraints. Partial awards may be made at the discretion of the Selection Panel.

Employees will be required to maintain full-time employment with Spokane County upon completion of their continuing education program for a predetermined length of time, as prescribed in their Continuing Education Agreement. The length of service upon completion will be based on the total expenditure made by the County toward the employee’s continuing education program, as prescribed by the following table:

EMPLOYEE CONTINUING SERVICE PERIOD	
<u>Amount of Total County Expenditure</u>	<u>Years of Employment Following Tuition Assistance</u>
\$0-\$2500	2 years
\$2501-\$5000	3 years
\$5001-\$7500	4 years
\$7500 - \$10,000	5 years

Employees who voluntarily separate from service with the County prior to meeting their required continuing length of service (above) will reimburse the County for the total amount expended (by the County) less the amount credited for the actual length of time the employee remained in service. For example, the County contributes a total of \$8,000 in tuition and textbook assistance to an employee. The employee then leaves County service three years after receiving their tuition assistance. This equates to a credit of \$5,000. The remaining \$3,000 would need to be repaid to the County within 60 days *as shown below*:

\$8,000 (actual County expenditure for employee’s education program)
Three years of employment following tuition assistance = \$5,000 in tuition assistance amount
\$8,000 - \$5,000 = \$3,000 (employee repayment to County)

This policy in no way creates or implies an employment contract between the employee and Spokane County.

An employee who takes unpaid leave on an extended basis for medical reasons will have their required length of service extended by the same amount.

Education Leave (Time Only – Salary Assistance)

For employees who have the financial means to enroll in continuing education coursework or degree programs, but otherwise cannot do so because such programs only being offered during normal hours of work, Spokane County is providing Salary Assistance as a component of the Program. For employees selected to participate in Salary Assistance, the County will pay education leave at the employee’s standard hourly rate during those hours in which the employee is approved to attend classes/training during normal work hours. Education leave will not accrue with paid time-off, sick, or vacation leave but will be paid as it occurs, up to predetermined amounts per pay period. The employee’s department will administer and track education leave for all such employees. It is understood that all costs for courses, materials, and other financial obligations related to pursuing their continuing/advanced education will be the employee’s responsibility.

The following guidelines will apply to the Salary Assistance Program:

- Salary for education leave will be at the same regular hourly rate that the participating employee currently receives. Education leave will count toward seniority status for all employees

- Education leave available for any employee is limited to no more than 25% of their normally scheduled work hours, per pay period, as approved by the Department Head/Elected Official
- Employee participation in the Salary Assistance Program may be revoked by the County at any time if the employee's grade point average (or grade point for any single class) falls below a 2.5/4.0
 - Reinstatement in the Program may be granted if the employee demonstrates achieving a 2.5 or better on the next grade cycle (3.0 for graduate courses)
- Employees may be required to submit proof of course enrollment and progress at the request of the Department Head or Elected Official.
- No use of a County vehicle or equipment unless course/class is specific to employee's department and with prior approval of the department head/elected official
- Paid hours used for Education Leave will not be considered hours worked or contribute toward overtime hours.

PROCEDURE

IV – APPLICATION AND SELECTION PROCESS

Employee demand for participation in the Education Attainment Program is likely to be high; equally, County resources available to dedicate toward funding the Program will always be limited. To ensure fairness in administration of the Program, the Human Resources Department will establish selection criteria, application forms, an application schedule, and other such items as necessary for the efficient and effective administration of the Program.

Selection of participants for the Program will occur at least once per year. Employee applications will be reviewed by a Selection Panel chosen by the Human Resources Department. The panel will review all requests and set a preliminary amount to be reimbursed if approved.

Applicants must complete the *Education Attainment Program Application* by the date determined by Human Resources. The completed application will be considered by the Selection Panel and may include (but not be limited to) the following:

- Employee's tenure with the County and their respective department
- Relevance of the requested program of study to the employee's current job duties
- Employee's performance/personnel record
- Availability for the employee to participate in the requested program as it affects their ability to perform their job functions
- Financial cost of the requested program of study
- Availability of Program funding

Specific selection criteria will be established each year by the Human Resources Department and conveyed to employees through the advertisement and application process, at least once annually.

V – PROGRAM FUNDING

The Board of County Commissioners may establish a separate annual budget item to cover all costs for administration and operation of the Education Attainment Program during the annual County Budget process. All funds to support the Program will be paid as an expense of the County General Fund.

The recommended funding level for the Program will be provided as a portion of the budget request made by the Human Resources Department each year.

Funding for this Education Attainment program may end at any time based upon the decision of the Board of County Commissioners.

VI - PAYMENT

Tuition Assistance for Degrees, Coursework, and Certification

4. Employee picks up check at Human Resources and gives check to education institution for tuition payment

Textbook Reimbursement

1. Upon satisfactory completion of the course(s), employees must request textbook reimbursement by submitting to Human Resources a copy of their grades/transcripts and applicable receipts. The Human Resources Director will review and approve requests for reimbursement provided the reimbursement criteria have been met, and will submit the payment request for the employee. This amount may be considered taxable.
2. A textbook reimbursement check will be mailed to the employee’s residence.

This policy is subject to change.

EDUCATION ATTAINMENT PROGRAM OVERVIEW

360 - DEFERRED COMPENSATION (457 PLAN)

V. PURPOSE

To help eligible employees supplement their retirement income.

VI. SCOPE

This policy applies to all eligible employees.

VII. POLICY

- E. This program falls under Section 457 of the Internal Revenue Code. By investing a portion of pre-tax income in one of the County's two programs, the investment income and principal it earns are not taxed until the employee withdraws these earnings.
- F. The County has established a 457-investment plan to help employees supplement their retirement income. This voluntary plan permits employees to contribute earnings on a pre-tax basis to one of several investment choices. Existing government regulations controls the maximum annual dollar amount of employee contribution. The Human Resources Department has full details.
- G. While this plan has important savings and tax advantages, other aspects of this plan will require special consideration. Summary plan descriptions can be obtained in the Human Resources Department.

370 – PERFORMANCE BONUS PROGRAM

I. PURPOSE

To provide a procedure for the compensation of an employee assigned to complete a specific project, the performance of which is in addition to the employee's regular work duties and generally takes place outside of the employee's regular workday. Special Project Compensation (SPC) is project-driven and is designed to be a lump sum payment upon successful completion of an assigned project. This is not to run concurrently with out of class pay.

II. SCOPE

This applies to all employees of Spokane County, with the exception of Elected Officials.

III. POLICY

A. Objectives:

1. To improve the effectiveness and efficiency of County operations.
2. To stimulate high levels of performance, encourage innovation and strengthen employee- management relations.
3. To provide recognition and reward employees who contribute toward the meeting of these objectives.

B. Awards:

It shall be the general policy to make appropriate cash performance bonus (for projects that are in addition to the employee's regular duties and responsibilities and as such, do not interfere with the performance of his or her regular position). Project work will generally require work be performed outside of the employee's regular work schedule.

Prior to a department submitting a request for an SPC-eligible project, they must coordinate with the budget office to ensure they possess the funds necessary to compensate an employee for project completion.

The performance plan is comprised of the following:

1. Project is approved for SPC; project work is then completed.
2. Upon completion of the project, the award is distributed to the employee on the next regularly scheduled pay date following the completion date.

3. Compensation

Compensation shall be a flat dollar amount considering the following factors:

- a. Projects taking less than 50 hours to complete up to \$500
- b. Projects taking less than 100 hours to complete up to \$1,000
- c. Projects taking less than 150 hours to complete up \$1,500
- d. Projects taking over 150 hours to complete \$1,500+

C. Procedure:

1. The Elected Official or Department Head reviews a project to determine whether it may qualify for program usage.
2. The Elected Official/Department Head completes the request and sends it to the Human Resources Director who reviews the following in making the decision to approve:
 - The description of the project;
 - The duration of time required to complete the project;
 - If the project falls outside and above a person's regular job responsibilities;
 - If the project was a one-time event in duration of less than 12 full calendar months;
 - If any out of class pay had already been awarded as related to the project.
3. If approved by the Human Resources Director, approvals must then be obtained from the Chief Budget Officer (including the review of the departmental budget for sufficient monies to pay the bonus) with final approval from the County Executive Officer.

D. Tax Considerations:

Performance bonuses are taxable income to the employee and must be added to the employee's compensation in the year in which they are paid. All applicable payroll taxes will be deducted.

380 - PARKING ON THE COURTHOUSE CAMPUS

I. PURPOSE

To explain the procedure and process for parking on the Courthouse Campus.

II. SCOPE

This policy applies to all employees of Spokane County and employees of other agencies that work on the County Campus.

III. POLICY

Spokane County Codes and the Parking Committee will establish responsible and logical procedures for parking on the Courthouse Complex.

IV. PROCEDURES

- A. The following is a summary of current parking regulations for the Courthouse Campus. For definitions and further detail, please see County Code 46.48.
- B. It is not the intention of Spokane County to provide or guarantee to employees a parking space within the Courthouse Complex parking area (County Code 40.48.080). In addition, the Board of County Commissioners has set public access to the Courthouse as the priority. Policies and procedures approved by the Board are implemented by the Parking Committee, which meets on a monthly basis.
- C. Leased Parking
 1. Leased parking spaces are intended for use by current, full time employees who report to work to the Courthouse campus site and are employed by the County or other agencies within the complex.
 2. Parking is assigned on the basis of seniority as determined by date of hire per payroll records.
 3. Employees may not transfer leased parking to another person (sub-leasing).
 4. Upon termination of employment, employee space will be reassigned by the Parking Coordinator.
 1. If parking is not being used or has been improperly transferred to another person, the person assigned to the space will be contacted, and the space may be reassigned.

6. To park in an employee leased parking lot, the employee must have a current permit for that space properly displayed on their rearview mirror (County Code 46.48.070).
7. When the employee is assigned a space, the employee will be issued one permit at no charge. Extra or replacement permits will cost a designated fee.
8. All employees on County and City payroll are required to pay parking fees through payroll deduction, unless otherwise approved by the Parking Coordinator.
9. Parking not paid by the expiration date may not be renewed.
10. Employees leaving employment or otherwise canceling their parking are responsible for notifying payroll to stop deduction.
11. If the employee is assigned leased parking, they may not park in any leased space/lot other than the one to which they are assigned.
12. If the assigned space is not available, they should report this to the Parking Coordinator at 477-2132 or 477-2133. Report the lot assigned and the employee will be given permission to park in the main public lot south of Broadway between Madison and Jefferson or the metered lot on the NW corner of Jefferson and Broadway without charge during the period that your space is unavailable.

D. VIOLATIONS

1. It is a violation to park in a leased parking lot without a permit properly displayed.
2. Employees can be ticketed for improper display of an otherwise valid permit.
3. It is unlawful for employees to park in restricted spaces such as loading zones, vendor parking spaces, fire lanes or other spaces posted for special or restricted parking. This applies to both private and official vehicles.
4. The fine for most parking violations is \$10.00, payable at District Court within 15 days of the violation date.
 - a. Failure to respond or pay is reported to the Department of Licensing and your vehicle license will not be renewed until all penalties are paid.
 - b. Unpaid tickets will be turned in for collection as provided by law.
 - c. Employees with multiple unpaid parking violations will not be eligible for leased parking.

E. FREE PARKING FOR CARPOOLS AND VANPOOLS

Free parking is available to carpools and vanpools that are registered in the County's Commute Trip Reduction Program. Carpools must have three (3) or more participants (including the driver) to be eligible. A limited number of two (2) person carpool spaces are also available. Contact the County Employee Transportation Coordinator in Human Resources for further information.

390 - COMMUTE TRIP REDUCTION

I. PURPOSE

Spokane County's Commute Trip Reduction Program was approved on February 23, 1993 by the County Commissioners in compliance with Washington State law (RCW 70.94).

II. SCOPE

The program is strictly voluntary and is available to all Spokane County employees who report to work at the Courthouse Campus.

III. POLICY

The program has been developed in conjunction with several area wide programs that provide additional transportation benefits. The program is carefully monitored to track its effectiveness in achieving the county's state mandated goals.

IV. PROCEDURES

- A. By keeping track of their commuting on a monthly calendar, participants are eligible for various awards and incentives. To register for the program, see your department's Commute Trip Reduction (CTR) representative if they have one, or contact your Employee Transportation Coordinator at Human Resources.
- B. Elected Officials/Department Heads may use flex-time and alternative work schedules to meet Commute Trip Reduction objectives.
- C. Employee Transportation Coordinator (ETC)

The Spokane County Employee Transportation Coordinator assists employees with general program information and services including bus pass distribution, carpool and vanpool information and parking guidelines.

V. OBJECTIVES OF THE CTR PROGRAM

- 1. Reduce traffic congestion, fuel consumption, and auto emissions, which contribute to poor air quality.
- 2. Reduce parking requirements at the courthouse.
- 3. Encourage employee utilization of high occupancy vehicles including carpools, vanpools and public transit as well as other transportation alternatives such as bicycling, walking or teleworking and compressed work weeks.
- 4. Reduce employee commuter stress.
- 5. Provide area employers with a working model of a successful transportation management plan.

VI. PROGRAM INCENTIVES

1. Bicycle/Walking Facilities: A bicycle cage is located outside the Public Works Building. Showers are available for use by employees in the basement of the Public Works Building. The lockers in these locations are for temporary use only and cannot be checked out for extended period of time.
2. Parking Incentives: A limited number of parking spaces are leased on a monthly basis to full time employees who work on the courthouse campus. Parking is by permit only. Employees are assigned parking from a waiting list, which is based on hire date. If you regularly carpool with two (2) or more persons or are a member of a vanpool, you are eligible for preferred, free parking in the County's rideshare lot. Contact the Employee Transportation Coordinator for further information.
3. Transmatch Service: Visit [Commuter Finder NW](#) from Spokane Transit to find a carpool or vanpool near you or contact your CTR representative or Employee Transportation Coordinator for more information.
4. Guaranteed Ride Home: CTR participants are eligible for the Guaranteed Ride Home Program. The program is designed to provide participating employees with needed transportation in the event of an emergency on the days they use alternative transportation. For example, a personal illness or family emergency would qualify you for a G.R.H. Contact your CTR representative or the Employee Transportation Coordinator for further details.
5. Bus Pass/Vanpool Subsidies: Bus passes are available from Human Resources at no charge to county employees. Bus passes are non-transferable and can only be used by the employee the pass was issued to. A subsidy for vanpool riders is also available. See the Employee Transportation Coordinator for details.

440 - WIRELESS COMMUNICATIONS DEVICES (CELL PHONE) POLICY

I. PURPOSE

The purpose of the Cellular Device Policy is to address the business need and use of wireless communication devices (hereinafter referred to as “cellular devices”) and establish and communicate the responsibilities of each Department, Division, and its employees, while providing clarification for the issuance and use of cellular devices.

II. SCOPE

This policy shall apply to all Spokane County (County) departments, divisions, and employees.

III. DEFINITIONS

- A. *Cellular Device* - Any device that is used, by any measure, to send or receive wireless voice or data transmissions, commonly referred to as cell phones or smart phones. This does not include the County’s two-way radio devices or County-owned tablets.

Cellular Service - Wireless voice and data service identified by a unique cell phone number.
County- Refers to all of Spokane County.

Virtual Cellular Service Technology - Wireless carrier provided technology allowing two (2) cellular phone accounts to reside on the same physical device, running within an “application”. Allows employee to use personal device (smart phone) for both personal cell phone service and county-issued cell phone service, negating the need to carry two devices.

IV. POLICY

1. The effective management and application of cellular devices can improve the quality of service delivered to County citizens, the productivity of the County workforce, and the general cost effectiveness of the County’s operation. Cellular device technology aids with disaster recovery, and offers portable alternatives for immediate communication, enabling time and distance to be managed more effectively. Violation of the County policy on cellular device use is considered a serious offense.
2. Spokane County shall provide cellular phone numbers/service accounts for all business-related activity needing to occur via wireless communication. County-issued cellular phone numbers will be used on either 1) devices owned and issued by the County or 2) personal devices equipped with County-supplied virtual cellular service technology.
3. The County entrusts employees with cellular devices to enhance productivity and safety. It is the employee’s responsibility to use the equipment prudently to ensure the safety of themselves, their co-workers, and the public.

4. A business case must be established and documented prior to approval for a cellular device or service account.
5. Elected Officials or Department Directors are responsible to ensure that appropriate calling plans are purchased for the use anticipated by the employee, and to review the purchase of a replacement device on an account. Cellular devices are constantly being offered with new features, smaller size, etc., most of which are not necessary for effective operation of basic functions. Replacement devices should only be purchased when a device is damaged, or a function is offered that is a business necessity.

1. County-Owned Cellular Devices

1.1. Cellular Device/Service Account Issuance

- 1.1.1. Elected Official or Department Directors are responsible for evaluating the legitimate business needs of their respective departments to determine which employee(s) require a County-owned cellular device and service, and whether that device should be a smart phone or a cellular phone with capabilities limited to voice calls and/or text messaging.
- 1.1.2. County cellular device and service accounts will be issued based on a documented and approved business case. See section 5.1.
- 1.1.3. It shall be the responsibility of the Elected Official or Department Director to ensure that funds are budgeted for the purchase and monthly service costs prior to issuance.
- 1.1.4. Elected Officials, Department Directors, Managers, Supervisors, Finance, and Information Technology will be further responsible for administering adequate controls to ensure compliance with the cellular device policy.
- 1.1.5. The County reserves the right to monitor and randomly audit the business use of all County-owned cellular devices and cellular service plans without notice to employees. Cellular device use in violation of department work policies or for personal financial gain is prohibited.

1.2. Cellular Device Usage

- 1.2.1. The County entrusts employees with communications equipment to enhance productivity and safety. It is the employee's responsibility to use the equipment prudently to ensure the safety of themselves, their co-workers, and the public.
- 1.2.2. Cell phones provided by the County are the property of the County and are to be used to conduct County business.
- 1.2.3. Employee responsibilities for use of County-owned cell phones include:
 - Protecting the County-owned cell phone from theft, loss or damage,
 - Immediately reporting loss or theft to supervisor or department head,

- 1.2.5. The County reserves the right to monitor the use of all County-owned cellular devices. Cellular device use in violation of any local, state, or federal law is prohibited. Such monitoring shall include, but is not limited to, call volume, volume and content of text messages, and data usage. Data obtained from such audits may be used to verify employee adherence to this policy, to evaluate potential policy changes based on usage patterns and costs, or for any other legitimate business purpose.
- 1.2.6. Upon resignation or termination of employment, or at any time upon request, the employee may be asked to produce the cell phone for return or inspection. Employees unable to present the phone in good working condition within the time requested may be expected to bear the cost of replacement.
- 1.2.7. Text messaging is subject to the record retention obligations under State law. County-approved text message archival software must be used on County-issued cellular service accounts where text messaging activity occurs. All business-related text messages must be archived. For infrequent, unanticipated business-related text messaging on cellular devices, where no text message archival software has been installed, the employee must forward all business-related text messages to their County email account for archival purposes.

1.3. Privacy

- 1.3.1. County employees have no expectation of privacy in the use of County-owned cellular devices and cellular service accounts. Any information or data transmitted via a County-owned cellular device shall be electronically captured and retained in compliance with the County's retention obligations under State law, and may be subject to public disclosure.

2. Prohibited Conduct on County-Owned Cellular Devices

2.1. Inappropriate Behavior

- 2.1.1. Sexual text harassment occurs when the content of the text communication is based on sex, including but not limited to sending sexually suggestive or explicit messages and/or pictures.

2.2. Restrictions

- 2.2.1. No personal email account, Apple ID, iTunes ID, or similar personal identifier shall be used to create, access, and/or manage an account or profile on a County-owned cellular device. All accounts and/or profiles shall be generated using a County-issued email address or identifier.

- 2.3.1. Employees whose job responsibilities include regular or occasional driving and who are issued a cell phone for business use are expected to refrain from using their phone while driving, except with the use of a hands-free device and in accordance with applicable laws. Every effort should be made to pull to the side of the road to a safe location prior to answering or initiating cell phone calls. In situations where job responsibilities include regular driving and accepting of business calls, the County will provide hands-free equipment. This rule also applies to use of privately-owned cell phones during business hours.

3. Personal Use

3.1. Allowable Personal Use

- 3.1.1. Some limited personal use of a County-issued cellular device is permitted if accomplished in compliance with the provisions of this policy.
- 3.1.2. A County-issued cellular device may be used for occasional, infrequent personal use that, in the judgment of the employee’s supervisor or department director, does not interfere with employee or departmental productivity.

3.1.3. Personal use of the County's cellular device must be reasonable and responsible, and must not be for private benefit or gain.

3.1.4. Personal use of a County-issued cellular device is justified only if all the following are met:

- The use causes no additional cost to the County.
- The use does not interfere with the performance of the employee's assigned duties.
- The use is brief (generally five minutes or less, no more than three times a day).
- The use does not compromise the security or integrity of County information or software.

3.1.5. No fee-based "premium services" as defined by the service provider may be added to the service package of a County-owned cellular device.

3.2. Use of County-Owned Cellular Devices Outside the Workplace

3.2.1. Unless required by normal job duties to be available by cellular phone or smartphone 24-hours per day, 7-days per week, as authorized by the appropriate County Official, employees shall not carry or use a County-owned cellular phone or smartphone while not on regular duty or in "on-call" status. County Officials may authorize exceptions to this policy for short periods of time due to special circumstances such as disasters, etc.

3.3. Use of Personal Device with County-Issued Cellular Service (Virtual Cellular Service Technology)

3.3.1. To reduce the need for employees to carry both a personal smartphone and a county smartphone, Elected Officials and Department Heads may allow employees the option of using their personal smart phone in conjunction with county-issued virtual cellular service technology. Using this technology, the personal device can manage both a personal cellular phone account and the county-issued cellular phone account. Employee must agree to install the software on their personal phone, which will use the employee's personal data plan (de minimis amount). No stipend will be provided to the employee for use of their personal device.

3.3.2. The employee is responsible for the installation and activation of virtual cellular phone technology and text message archiving software on their personal cellular device. Note that text message archiving is limited to text messages sent/received via the county-issued service account only (as controlled by the virtual cellular phone technology).

3.3.3. Spokane County IT will coordinate and issue the cellular service account (phone #) and provide an activation code to the employee, but is not responsible for personal cellular device support.

3.3.4. Virtual Cellular Service is not available for those smartphones that must also function as a mobile hotspot.

3.4. No Property Interest; *De Minimis* Use for Non-Exempt (or Overtime Eligible) Employees

3.4.1. The County reserves the right to discontinue the use of one or more County-owned cellular devices at any time for any reason. County employees acquire no property interest in their assigned County-owned cellular devices, and are not entitled to due process before such assignment and use is terminated.

3.4.2. The County does not intend to encourage, nor does it authorize, employees to accrue overtime compensation by utilizing the capabilities of County-owned and issued "smart phones" (email, text,

internet) or county-issued cellular service accounts during off-duty hours. Any such use by non-exempt or OT-eligible employees during off-shift hours must be *de minimis* in nature (i.e., 5 minutes or less), for which no right to compensation shall accrue.

4. Payment

4.1. Payment of Personal Use Required

- 4.1.1. County Officials shall maintain internal department procedures to provide a method for employees with assigned cellular phones, who share cell phones, or have an assigned or shared smartphone to review their personal use and reimburse the County.
- 4.1.2. County Officials are responsible to monitor use of County cellular phones and smartphones to ensure that employees are paying for personal use that exceeds the guidelines in section 3.1. Departments with assigned cellular phones or smartphones are required to review monthly billings for excessive personal use and/or additional charges to the County. Additional costs incurred due to excessive personal use are the responsibility of the employee. Employee must reimburse the County in a timely manner.

5. Authorization (Approval) Process

5.1. Initial Request and Review

- 5.1.1. Either on his/her own initiative, or at the direction of the employee's immediate supervisor, employees shall submit a completed County Cellular Device Business Case form and County Cellular Device/Service Account Agreement to his/her supervisor/manager (if applicable) or director for review.
- 5.1.2. Prior to granting approval, any supervisor, manager, or director of an employee requesting a cellular device shall ensure that the authorized usage clearly provides a benefit to the County. This will be accomplished initially with the completion of a County Cellular Device Business Case form identifying the legitimate business need(s) under one or more of the following conditions:
 - Job responsibilities require the employee to be away from the office regularly for long periods of time, it is considered essential to communicate with the employee by phone or email while they are out of the office, and the use of other communication equipment, such as two-way radio or regular land line telephone will not achieve the necessary communications required by the job responsibilities.
 - Cellular phone use enhances the employee's personal safety on the job, and provides communication during emergencies.
 - Internet access for the employee, while away from the office, is critical to the performance of their job.
 - The employee and/or their job function has been designated as "essential" in the event of an emergency and must be reachable via a two-way voice communication.
 - Employee performs "stand-by" duties and must be reachable via two-way communications during assigned times and the use of other communication equipment, such as two-way radio or regular land line telephone will not achieve the necessary communications.
 - Documented cost savings of using a cellular device instead of a two-way radio or landline, including minutes that are included with a cell phone plan instead of making long distance calls on a landline.

- 5.1.3. The employee's Elected Official or Department Director must approve any request for a County-owned cellular device, based solely on the criteria above, before a request can be made to the IT Department for procurement of the device.
- 5.1.4. The completed and approved County Cellular Device Business Case form, along with the completed and signed County Cellular Device/Service Account Agreement form must then be forwarded to the IT Department so that the proper unit can be purchased and arrangements made for cellular service. Once all documents are received by the IT Department, IT will initiate the purchase and service for a County-owned cellular device and record the phone number. The County Cellular Device Business Case form and the County Cellular Device/Service Account Agreement form shall be scanned and electronically retained by IT, with the originals forwarded to Human Resources for placement in the employee's personnel file.
- 5.1.5. The IT Department is responsible for procuring the most cost effective cellular device and plan option based on the employee's approved needs. State contracts, pooling of minutes, and free phone offers are examples of the methods that will be used to establish the most cost-effective option for County-owned and issued cellular devices and plans.
- 5.1.6. County Officials are responsible to ensure that all County-owned cellular and smartphone equipment is inventoried by the respective departments and a current, accurate inventory is maintained. Responsibility for every County-owned cell phone and smartphone is assigned to a County employee whenever possible. The County employee assigned the phone shall be responsible for use that occurs on the phone, review of bills, and payment for personal use. In the case of cellular phones and smartphones routinely used by more than one employee (i.e. mounted in pool vehicle), County Officials shall closely monitor use, and procedures in section 10.6 shall apply.

5.2. Ongoing Obligations of Department/Division

- 5.2.1. After one or more County-owned cellular devices have been issued to a department, the department director shall ensure that the following occurs:
- Maintain a current list of all employees and their associated phone numbers covered under this policy, and periodically review job functions of those employees to ensure a continuing need to authorize use.
 - At least annually, conduct a comprehensive review of the need of each employee to determine if assignment of a County-owned cellular device remains appropriate.

5.3. Employee Responsibilities

- 5.3.1. Employees who, due to the nature of their job responsibilities, make a business case for a County-owned cellular device shall have the following responsibilities:
- Sign a County Cellular Device Business Case form and a County Cellular Device/Service Account Agreement form governing business use only of a County-issued cellular device/service account.
 - Agree to accept and make County business calls/perform data access on the County-owned and issued device and/or service account.
 - Be available, via their cellular device, during work hours and other times required by County policy and the individual requirements of employee's current position.

446 - COUNTY OFFICIAL USE OF SOCIAL MEDIA

I. PURPOSE

To address the roles, responsibilities, and best practices for Spokane County's use of social media to connect with the community. Spokane County departments are encouraged to utilize social media to openly and progressively reach a broader audience while keeping in mind the legal parameters of election laws and record-keeping requirements. This policy establishes standards for the use of social media to further the goals of the County and the mission of its departments, where appropriate.

II. SCOPE

This policy applies to all employees, departments, multi-member boards, bodies created by official actions, and any subcommittees thereof, which are acting on behalf of the County. The policy governs the use of various forms of social media to disseminate information to the public. Social media is not to be used as a mechanism for conducting official county business such as making policy decisions, providing formal public notice, or discussion of topics of legal or fiscal significance that have not already been released to the public.

III. DEFINITIONS: For this policy, the following definitions apply unless the context clearly indicates otherwise:

County: means Spokane County, unless otherwise specified. All references to specific departments of elected officials are to Spokane County departments and elected officials, unless otherwise specified.

VI. MONITORING

6.1 The County will monitor employee use of social media sites as it does any other internet activity under the County’s Internet Usage Policy No. 724.

VII. DISCIPLINE & ACCOUNTABILITY

7.1 Department Directors and Board or Committee heads will be responsible for the content and upkeep of their social media sites, though they may designate duties to specific employees.

- a) Comments unrelated to the subject matter of the forum, and/or links to material not directly related to the discussion.

The terminology “capture” shall mean ensuring that all data uploaded to or entered on a social media site will be retained and archived per public record laws.

8.2 All information posted to County Social Media Sites is subject to State of Washington public records laws, including chapter 42.56 RCW (Public Records Act) and chapter 40.14 RCW (Disposition of Public Records). A posting or comment is a public record if it has been made or received in connection with the transaction of county business (full definition in RCW 40.14.010). All Social Media Sites shall contain a statement advising that comments posted thereon may be subject to public disclosure under chapter 42.56 RCW.

8.3 Relevant records retention schedules apply to all County Social Media content in all media formats including audio, video, images, graphics, data, metadata, and text. The content must be retained in native format for the minimum period required by state retention schedules.

If the site content is an original or primary record (as would be the case with most comments received), the content must be kept for the required minimum retention period in its native electronic format or saved in a format that preserves the integrity of the original record and is easily accessible.

8.5 The Information Systems Department will employ a third-party social media backup service provider to back up the County’s known social media sites. The backup files will be downloaded to our own network to be included with our established backup processes.

447 - PERSONAL USE OF SOCIAL MEDIA

I. PURPOSE

To ensure that use of social media among employees of Spokane County is consistent with County policies, all applicable laws, and the individual user's job responsibilities. II. SCOPE

This policy applies to all Elected Officials, Department Heads, employees, and volunteers of Spokane County.

III. DEFINITIONS: For this policy, the following definitions apply unless the context clearly indicates otherwise:

County: means Spokane County, unless otherwise specified. All references to specific departments of elected officials are to Spokane County departments and elected officials, unless otherwise specified.

Social media can include text, images, audio and video. Examples of Social Media include, but are not limited to, Facebook and other social networking sites, Flickr, Twitter, YouTube, blogging/micro blogging, etc.

IV. COUNTY OFFICIAL USE OF SOCIAL MEDIA – See Policy Number 446

V. PERSONAL USE OF SOCIAL MEDIA

Personal use guidelines of social media include:

Responsibility

Ultimately, you are solely responsible for what you post online.

Before creating online content, consider some of the risks and rewards that are involved. Keep in mind that any of your conduct that adversely affects your job performance, the performance of co-workers or otherwise

adversely affects members of the public, customers, suppliers, people who work on behalf of Spokane County or Spokane County's legitimate business interests may result in disciplinary action up to and including termination.

Know and follow the rules

Carefully read these guidelines, the Behavioral Standards listed in your class specification and Policy Number 710 – Standards of Conduct, the Use of County Equipment and Resources Policy Number 725, Violence in the Workplace Policy Number 605 and the Harassment, Including Sexual Harassment Policy Number 712, and ensure your postings are consistent with these policies.

Inappropriate postings that may include discriminatory remarks, harassment, and threats of violence or similar inappropriate or unlawful conduct will not be tolerated and may subject you to disciplinary action up to and including termination.

Be respectful

Always be fair and courteous to fellow co-workers, customers, members of the public, suppliers or people who work on behalf of Spokane County. Also, keep in mind that you are more likely to resolve work-related complaints by speaking directly with your co-workers or supervisor than by posting complaints to a social media outlet.

Nevertheless, if you decide to post complaints or criticism, avoid using statements, photographs, video or audio that reasonably could be viewed as malicious, obscene, threatening or intimidating, that disparage customers, members of the public, associates or suppliers, or that might constitute harassment or bullying.

Examples of such conduct might include offensive posts meant to intentionally harm someone's reputation or posts that could contribute to a hostile work environment on the basis of race, sex, disability, religion or any other status protected by law or company policy.

Be honest and accurate

Make sure you are always honest and accurate when posting information or news, and if you make a mistake, correct it quickly. Be open about any previous posts you have altered.

Remember that the Internet archives almost everything; therefore, even deleted postings can be searched. Never post any information or rumors that you know to be false about Spokane County, fellow co-workers, members of the public, customers, suppliers, or people working on behalf of Spokane County.

Post only appropriate and respectful content

Maintain the confidentiality of Spokane County's confidential information. Do not post internal confidential communications.

Express only your personal opinions. Never represent yourself as a spokesperson for Spokane County. If Spokane County is a subject of the content you are creating, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of Spokane County, fellow co-workers or people working on behalf of Spokane County.

If you do publish a blog or post online related to the work you do or subjects associated with Spokane County, make it clear that you are not speaking on behalf of Spokane County. It is best to include a disclaimer such as "The postings on this site are my own and do not necessarily reflect the views of Spokane County."

Using social media at work

Refrain from using social media while on work time or on equipment we provide, unless it is work-related as authorized by your manager or consistent with County Official Use Of Social Media Policy Number 446. Do not use Spokane County email addresses to register on social networks, blogs or other online tools utilized for personal use.

Retaliation is prohibited

Spokane County prohibits taking negative action against any employee for reporting a possible deviation from this policy or for cooperating in an investigation. Any employee who retaliates against another employee for reporting a possible deviation from this policy or for cooperating in an investigation will be subject to disciplinary action, up to and including termination.

Media contacts

Employees should not speak to the media on Spokane County's behalf without contacting the Public Information and Communications Manager. All media inquiries should be directed to them. If you have questions or need further guidance, please contact your HR representative.

VI. PROTECTED SPEECH

Employees have a right to engage in protected speech but the line when speech is protected is not always clear so employees should error on the side of caution. For example, speaking as an individual citizen (not an employee) regarding a topic of public concern is protected but the protection is lost if the speech is as an employee regarding private personnel issues (such as complaining about supervisor) or an employee's specific job duties.

Political Speech on the other hand, is highly protected speech. However, employees are prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a political party, committee, organization, agency or person for political purposes.

Additional rights of employees regarding personal communication using social media arise when the speech falls within a “protected concerted activity”. This form of communication deals with speech with other employees about wages, hours and working conditions but is unprotected when communicated solely for personal concerns and only on behalf of an individual . For example, individual speech and activities that do not induce group action constitute unprotected speech as concerted activity because it is merely individual complaining.

As the law of public disclosure is always evolving, Employees should be aware of the potential for public disclosure of social media postings. If an employee discusses their county work on personal social networking accounts or websites, their posting may be subject to public disclosure laws in the event a social media posting comes into the possession of the County prior to a public disclosure request; these posting then may be subject to public disclosure.

Spokane County employees, who become aware of improper governmental actions, whether within their office or another County office, should raise the issue first with their immediate supervisor. The immediate supervisor for any County employee hired or appointed by an elected official, other than the Board of County Commissioners or any of its department heads, shall be the elected official hiring or appointing the employee. The immediate supervisor for those employees hired by the Board of County Commissioners or any department head, shall be the department head of the office in which they are employed. For the purpose of this policy, a department head shall be defined as a person in charge of a major administrative division of County government under the direct control of the Board of County Commissioners, who reports directly to the County Administrative Officer. The employee shall submit a written report to the supervisor, or to a person designated by the supervisor, stating in detail the basis for the employee's belief that an improper governmental action has occurred. Where the employee reasonably believes the improper governmental action involves his or her immediate supervisor, the employee may raise the issue directly with the County Administrative Officer or such other person as may be designated by the County Administrative Office to receive reports of improper governmental action. Where the employee reasonably believes the improper governmental action involves the County Administrative Officer, the employee may raise the issue directly with the chairman of the Board of County Commissioners. Where the employee reasonably believes the improper governmental action involves a Spokane County Commissioner, the employee may raise the issue directly with the Spokane County Prosecuting Attorney.

In the case of an emergency, where the employee believes that damage to person or property may result if action is not taken immediately, the employee may report the improper governmental action directly to the appropriate government agency, as set forth hereinafter, with responsibility for investigating the improper action.

The person receiving the information that improper governmental action has occurred shall take prompt action to assist the County in properly investigating the allegation(s). Normally, investigations will be completed within ten (10) working days. County officers and employees involved in the investigation shall keep the identity of reporting employees confidential to the extent possible under the law, unless the employee authorized the disclosure of his or her identity in writing. After an investigation has been completed, the employee reporting the improper governmental action shall be advised of a summary of the results of the investigation and any personnel action(s) which are a matter of public record, as a result of being included within a disclosable public record.

Spokane County employees may report information about improper governmental action directly to the appropriate government agency with responsibility for investigating the improper action if, among other reasons, the County employee reasonably believes that an adequate investigation was not undertaken by the County to determine whether an improper governmental action occurred, or that insufficient action has been taken by the appropriate County elected official to address the improper governmental action or that for other reasons the improper governmental action is likely to recur.

Spokane County employees who fail to make a good faith attempt to follow the County's procedures in reporting improper governmental action shall not receive the protection provided by the County in these procedures.

Protection Against Retaliatory Actions

Spokane County Elected Officials and employees are prohibited from taking retaliatory action against a County employee because he or she has in good faith reported an improper governmental action in accordance with these policies and procedures.

Employees who believe that they have been retaliated against for reporting an improper governmental action should advise their immediate supervisor, the Human Resources Director, or his/her designee. The immediate supervisor or Human Resources Director shall take appropriate action to investigate and address complaints of retaliation.

If the employee's immediate supervisor, the Human Resources Director or his or her designee, as the case may be, does not satisfactorily resolve an employee's complaint that he or she has been retaliated against in violation of this policy, that County employee may obtain protection under this policy and pursuant to state law by providing a written notice to the Board of County Commissioners that:

- a. Specifies the alleged retaliatory action; and
- b. Specifies the relief requested.

County employees shall provide a copy of their written charge to the Chairman of the Board of County Commissioner of Spokane County no later than thirty (30) days after the occurrence of the alleged retaliatory action. The Chairman of the Board of County Commissioners, shall forward a photocopy of the alleged retaliatory action to the elected official and/or employee who has allegedly committed the retaliatory action. The Chairman of the Board of County Commissioners of Spokane County shall forward the charge to the Human Resources Director or other individual for investigation and submission of a recommendation as to appropriate action(s), if any. A copy of the completed investigation, including recommendations(s) shall be made available to the elected officials, in instances where the alleged retaliatory action has been committed by an elected official other than the Board of County Commissioners or a department head or employee hired by the Board of County Commissioners or its department heads. The County and/or respective elected official shall respond within thirty (30) days to the charge of retaliatory action.

After receiving either the response of the County/Elected Official or thirty days after the delivery of the charge to the Chairman of the Board of County Commissioners, the County employee may request a hearing before a state administrative law judge to establish that a retaliatory action occurred and to obtain appropriate relief provided by law. An employee seeking a hearing shall deliver the request for hearing to the Clerk of the Board of County Commissioners of Spokane

County within the earlier of either fifteen (15) days of delivery of the County's/Elected Official's response to the charge of retaliatory action, or forty-five (45) days of delivery of the charge of retaliation to the County for response.

Upon receipt of request for hearing, the County shall apply within five (5) working days to the State Office of Administrative Hearings for an adjudicative proceeding before an administrative law judge.

Relief that may be granted by the Administrative Law judge consists of reinstatement, with or without back pay, and such injunctive relief as may be found to be necessary in order to return the employee to the position he or she held before the retaliatory action and to prevent recurrence of the retaliatory action.

The County/Elected Official will consider any recommendation proved by the administrative law judge that the retaliator be suspended with or without pay, or dismissed.

Responsibilities

The Human Resources Director is responsible for implementing the County's policies and procedures (1) for reporting improper governmental action and (2) for protecting employees against retaliatory actions. This includes ensuring that this policy and these procedures (1) are permanently posted where all employees will have reasonable access to them, (2) are made available to any employee upon request and (3) are provided to all newly hired employees. Elected Officials and Department Heads are responsible for ensuring the procedures are fully implemented within their respective offices.

460 - ELECTRONIC SIGNATURE AND ELECTRONIC SIGNED RECORDS POLICY

1. PURPOSE

Effective June 11, 2020, Washington State adopted the Uniform Electronic Transactions Act (“UETA”) codified as chapter 1.80 RCW. UETA allows counties and other governmental agencies to use or permit the use of sending and accepting electronic records including the use of electronic signatures. In order to take advantage of UETA, the County is required to adopt a policy setting forth the extent to which it will permit the use of sending and accepting electronic records including the use of electronic signatures.

The purpose of this policy is to satisfy the provisions of UETA and adopt a policy regarding the (1) sending and accepting of electronic records and electronic signatures to and from other persons, and (2) creating, generating, communicating, storing and processing electronically signed records and electronic signatures in the course of conducting official county business.

2. SCOPE

The Board of County Commissioners and all employees who are hired by the Board of County Commissioners or a department under their control are subject to this policy. This policy further applies to all electronic transactions and transactions with the Board of County Commissioners acting on behalf of the County.

The use and acceptance of this Policy by all other elected officials of the County and their respective employees is optional and each separately elected official shall be free to determine whether or not they will use and accept this Policy.

3. DEFINITIONS

Any term or phrase referred to herein but not defined shall have the definition provided in UETA. If this Policy or UETA fail to define a term, its common meaning shall apply. The following terms shall have the following meanings:

- a. “Authentication” means the assurance, using a security protocol appropriate for the purpose, that a given electronic signature is that of a person purporting to sign the record or conduct the transaction.
- b. “Digital Signature” is a type of electronic signature that encrypts documents with digital codes that are particularly difficult to duplicate. Digital signatures have a digital certificate behind them, offering authentication when sending a "signed" electronic document.
- c. “Electronic Signature” is defined in RCW 1.80.010(10) and means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.
- d. “Electronically Signed Record” means a record that is created and signed using an electronic signature.

- e. “Electronic Transaction” means a business transaction or transaction involving governmental affairs in which all parties consent to signing records using electronic signature and in which one or more records integral to the transaction are in fact executed using an electronic signature.
- f. “Record” is defined in RCW 1.80.010(15) and means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.
- g. “Software Solution” means the County’s adopted electronic signature platform such as the Adobe Sign electronic signature platform or the DocuSign electronic signature platform.
- h. “Transaction” is defined in RCW 1.80.010(18) and means an action or set of actions occurring between two or more persons relating to the conduct of business, commercial, or governmental affairs.
- i. “Wet Signature” means a signature created when a person physically marks a record with the intent to sign the record.

4. POLICY

- a. County Elected officials and employees may send and accept electronic records and electronic signatures to and from other persons and otherwise create, generate, communicate, store, process, use and rely upon electronic records and electronic signatures in the course of conducting official County business.
- b. The County accepts the use of an electronic signature in lieu of a wet signature from parties to a transaction with the County so long as the parties intend to sign and execute the record and all parties consent to the use of electronic signature(s). If a party objects to an electronic signature, a wet signature will be obtained.
- c. The County authorizes the use of the County’s Software Solution to affix electronic signatures to a County record. Other forms of electronic signatures are also acceptable, provided that the electronic signature complies with applicable statutes as appropriate, including, but not limited to the Electronic Signatures in Global and National Commerce Act (Federal Law found in 15 USC Sec. 7001 et seq. applicable to interstate and foreign commerce), and the UETA, as existing or amended.
- d. The County authorizes all County Elected officials and employees to use the County’s Software Solution signature platform to affix electronic signatures to a record as provided in this Policy.
- e. In order to accept an electronic signature in lieu of a wet signature, the authentication of the electronic signature must be verified by the receiving party.
- f. Electronic signatures cannot be applied using another Elected official’s or employee’s name.
- g. An electronic signature is an acceptable substitute for a wet signature on records requiring a signature whenever the use of a wet signature is authorized or required.
- h. If an electronic signature is used for interstate transaction or for a record required by the US Federal Government, the electronic signature shall comply with the requirements of the Electronic Signatures in Global and Electronic Commerce Act.
- i. This Policy in no way affects the County’s ability to conduct a transaction using a physical medium and shall not be construed as a prohibition on the use of wet signatures.

- j. In the event the law requires that a record be notarized, acknowledged, verified, or made under oath, this requirement is satisfied if the electronic signature is of the person authorized to notarize, acknowledge, verify, or administer the oath, together with the other information required by other applicable law, is attached or logically associated with the signature or record.
- k. The County may accept a record that has been notarized electronically provided that the electronic notarization complied with Chapter 308-30 WAC and Chapter 42.45 RCW.
- l. Elected officials and employees of Spokane County are responsible for safeguarding log-in credentials. Credentials are not to be shared, and Elected officials and employees are to use only their own log-in credentials.
- m. Falsification of electronic signature(s) is prohibited and may subject a violator to discipline.
- n. Electronically signed records must be retained, for a period of time specified in the applicable retention schedule, in a form that (a) accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and (b) remains accessible for later reference.

5. EXEMPTION FROM POLICY

The use of an electronic signature in lieu of a wet signature authorized by this Policy is not applicable to transactions governed by:

- a. Any law governing the creation and execution of wills, codicils, or testamentary trusts,
- b. Title 62A RCW other than RCW 62A.1-306 and chapters 62A.2 and 62A.2A RCW, or
- c. Any other transaction required by an applicable federal, state, or local law or ordinance to be signed with a wet signature.

Provided, however, the exemption of (a) and (b) above is not applicable to the extent that another law governs the transaction.

This list shall be reviewed the Chief Civil Deputy Prosecuting Attorney upon request, and no less than annually, and is subject to change as technologies develop and/or laws are amended.

Policy No. 510

510 - EMPLOYEE DEVELOPMENT REVIEW (EDR)

I. PURPOSE

To set forth general supervisory guidelines for employee appraisal review, documenting employee performance and achievements, and when needed, documenting challenges, opportunities, and required improvements.

II. SCOPE

This policy applies to all County employees.

III. POLICY

- A. The County seeks to establish and maintain standards of employee conduct and supervisory practices, which will, in the interest of Spokane County and its employees, support and promote efficient business operations. To this end, The County recommends an Employee Development Review (EDR) process be used to further this goal. EDR uses a concurrent appraisal format.
- B. The employee is provided an opportunity to self-evaluate accomplishments, work performance, goal achievements, and areas that need improvement for the rating period and drafting goals for the next rating period. Supervisors are responsible for reviewing and validating the employee's self-evaluation; adding additional information that was not listed from the employee; documenting accomplishments and/or areas that need improvement of the employee, and adding goals and objectives for the employee to address during the next rating period.
 1. Employee Development Reviews (EDRs) should:
 - a. Be conducted at least once during the Review Period but ideally, periodically throughout the Review Period.
 - b. Be completed annually for all County employees. More frequent appraisals will be at the supervisor's discretion.
 - c. Be performed at the sole discretion of Elected Officials who can either do appraisals during a set month of the year, or at the employee's anniversary date or choose not to conduct appraisals at all.
 - d. Be maintained in the County's personnel files housed in the Human Resources Department. Departments may keep a copy in the Departmental Working File.
 2. Since EDRs are non-grievable, employees may provide a written, signed and dated rebuttal to an EDR, if submitted to the supervisor within 5 work days of the formal EDR meeting. Supervisors may respond to this rebuttal in writing to clarify any points made by the employee. The rebuttal and response will be attached to the EDR and kept in the employee's personnel file in Human Resources.

3. Such supervisory practices include administering corrective action when employee conduct or performance problems arise. The EDR is not intended as a tool for discipline but a tool for training.
4. Performance issues should be documented in the employee's EDR as improvement goals to be accomplished during the period rated and then employers can monitor the progress of the employee and when necessary keep the employee on task with reminders of the improvement goals.
5. If an employee's performance and/or behavior is such that requires immediate attention, then this will be tracked separately with a Corrective Action Plan. (Refer to Policy Manual #730 - Corrective Action for more details.
6. It is important for supervisors to remember that items placed in the EDR should not be a surprise to the employee. Items documented should have been discussed with the employee prior to the EDR.
7. Supervisors are responsible for conducting honest employee reviews.

IV. PROCEDURES

The following are suggested steps to take in completing an Employee Development Review on an employee. The immediate supervisor may vary these steps to meet section needs and work-load. However, supervisors should ensure that enough time is given to the employee to conduct the self-evaluation.

A. **Getting Started:**

1. Provide the employee a copy of the EDR 3-4 weeks prior to the "formal meeting." This can be in either the computer version or in hard copy, depending on the employee's desires and availability of computer equipment.
2. Explain the EDR process and how the EDR provides each an opportunity to list personal achievements during the rating period, past goal accomplishments, and to set up goals for the upcoming period. Goals should be realistic, measurable and obtainable.
3. Explain that if there is a solid self-evaluation, that the supervisor only has to write "I concur with the employee's evaluation" in the supervisor's comments. If there is a difference, then the supervisor should document such in the supervisor's comments blocks.
4. Explain that you desire the EDR returned 3-4 days before the formal meeting so you can review the self-evaluation and add your comments.

A. **The Supervisor's Ratings:**

After getting the employee's self-evaluation the supervisor should:

1. Review the self-evaluation portion completely.
2. Document specific facts that substantiate the ratings. Either bullet statements or written statements are acceptable.

3. Document “Organization Expectations for Your Next Period.” Review the employee’s personal, professional goals. If there are organizational expectations, these should be documented.

B. The Formal Meeting:

1. Set this date and time up in advance so both know when and where to meet.
2. In a quiet place, go over each item, – comments and ratings. Discuss goals for the next period and expectations. The supervisor should share specific examples to substantiate the ratings. This time is intended for solid communication between employees and supervisors.
3. Both the employee and the supervisor then sign the EDR.

I. Reviewing Authority: (Elected Official, Department Head or Division Leader)

1. After the formal meeting get the EDR to the Reviewing Authority.
2. Once the Reviewing Authority has reviewed and signed, then make two (2) copies.
3. Send the original to Human Resources for the employee’s official personnel file, give the employee a copy, and the Department/supervisor gets a copy for the Working File, if one is kept.

A. If There Is a Request for a Rebuttal:

1. Since EDRs are not grievable, if the situation arises that an employee indicates that they are not satisfied with the final EDR report, inform the employee that a formal notice for rebuttal should be voiced to the supervisor within 1 workday of the formal meeting.
2. The written rebuttal, signed and dated, must be submitted to the supervisor within 5 workdays of the formal meeting (or 4 work days if the request for rebuttal was requested the day after the formal meeting).
3. When the rebuttal letter arrives, the supervisor should review it carefully. If there are inconsistencies or incorrect information, then the supervisor may respond to the rebuttal. The supervisor’s response should address each inconsistency/incorrect item.
4. Once the supervisor’s statement is finished, a copy of this should be provided to the employee. The EDR, rebuttal letter, and supervisor’s response should be stapled together. Human Resources should get the originals for inclusion in the personnel file and the Department may keep a copy in the Department’s Working File.

V. HOW TO FIND COPIES OF THE EDR on the COUNTY'S COMPUTER NETWORK

- A. Hard copies of the EDR can be obtained in the Department or at Human Resources.
- B. For those with computer access, the EDR can be keyboarded and transmitted between supervisor and employee via the County's e-mail system. However, the final report must be in hard copy and all required parties will sign the final EDR.
- C. To find the EDR on the Network use the following process:

Using Microsoft *Exchange* (E-mail)

- Open *Exchange*
- In the left window, click on *All Public Folders*
- Then double click on the *Human Resources* folder
- Then double click on:
 - *EDR (Computer Copy),*
 - *EDR (Hard Copy), or*
 - *EDR Guide (EDR Procedures)*

COMMONLY ASKED “WHAT SHOULD I DO”

QUESTIONS FROM SUPERVISORS

Q: The employee refuses to self-evaluate.

A: Explain to the employee:

1. The EDR uses a self-evaluation/concurrent evaluation format.
2. This is the employee’s opportunity to have input into their own Review.
3. Supervisors may know much of what the employee has done, but a supervisor cannot know everything.
4. Invite the employee to do the self-evaluation portion of the EDR.

If the employee still refuses to conduct the self-evaluation portion of the EDR:

1. Don’t push any further.
2. In the employee’s comments of each item write, “*Employee chose not to self-evaluate.*”
3. Complete each supervisor’s comments, goals for the next period, and organizational expectations, and overall performance rating sections. (Since the employee chose not to comment, you may need to provide more specifics, accomplishments, facts, and/or concerned areas in the supervisor’s comments.)
4. At the formal meeting, go back over the purpose of the self-evaluation/ concurrent evaluation EDR format.
5. Encourage the employee to keep a record and indicate to the employee you will give them another opportunity to self-evaluate on the next EDR.

NOTE: Self-evaluation may be new and uncomfortable for some employees, since many companies still use the supervisor-driven appraisal format. They could be the reluctance or unfamiliar with self-evaluation.

Q: The employee wants to discuss items/accomplishments before submitting the self-evaluation?

A: Since the EDR format is intended to open lines of communication, the supervisor should take advantage of this opportunity and meet with the employee. The supervisor should:

1. Let the employee talk first.
2. Answer any questions that the employee might have about the EDR, the process, or their accomplishments/challenges for this past rating period.
3. Be honest and supportive, keeping lines of communications open.

Q: What should I document in the EDR?

A: The supervisor should document all things that would “paint a picture in words” that reflects the employee’s performance during this period. **Specific facts should be documented.** There should not be any surprises for the employee. Items to document are:

1. Specific accomplishments.
2. Projects that were above and beyond.
3. How the employee helped toward mission accomplishments.
4. Challenging/problem areas, if any occurred.
5. *Performance issues, if any occurred.

Supervisors can use bullet phrases or written sentences to document the employee’s performance during this period.

Q: How should I document problem areas?

A: If serious performance issues were encountered during this period, these should be documented on the Corrective Action Report (See Policy #730 for specifics). If minor performance issues occurred, they should have been discussed at the time they occurred so they can be documented on the EDR. If these are not resolved by the end of the next reporting period, then these should be placed on a Corrective Action Report.

Remember, Corrective Action Reports should be used anytime throughout the reporting period. The intent of this report is to:

1. Revisit performance or problem areas.
2. Outline expectations to improve.
3. Establishes a plan to improve.
4. Provides the employee time to improve; and
5. Provide check/feedback points to help the employee.

If the Corrective Action Report is not successful, then more administrative or disciplinary steps should be taken in accordance with Policy #730

Q: What if the employee wants a Union representative or person of comfort in attendance during the meeting?

A: The formal meeting is between the supervisor and employee to review the employee's performance for a specific period. Union representatives or persons of comfort can attend if Department Management agrees. This attending person can not participate. Remember, however, it is more important that the EDR be given than it is to keep someone out of the meeting.

Q: What if the employee says they will not come to (sit in) the formal EDR meeting?

A: Since this meeting is the employee's duty assignment, they are insubordinate and could be disciplined. If this occurs, contact the Labor Relations Director and/or Human Resources before proceeding.

Q: What if the employee starts to argue when improvement/weak areas are discussed?

A: If they simply seem surprised or are asking for clarifications, this becomes a good time for communications. This is good. They can disagree but it must be made clear that they will still be held accountable for the improvement. However, if it is truly an argument, they could be insubordinate. If this occurs, contact the Labor Relations Director and/or Human Resources before proceeding.

Q: What if an employee refuses to sign an EDR?

A: If an employee refuses to sign an EDR take the following steps:

1. Inform the employee that the signature just acknowledges that the employee understands what is covered in the EDR and what is expected. Remember, the EDR is a Management tool to give feedback and required improvement information, if any is needed.
2. If the employee still refuses to sign, at the employee's signature block write, "Employee Refused to Sign" and place your initials by this statement.
3. Provide the employee a copy of the EDR after it has been reviewed.
4. Again, as above, it is more important that the employee know that they will be accountable for what is in the EDR, even if they refuse to sign.

640 - SMOKING IN THE WORKPLACE

I. PURPOSE

The Washington Clean Indoor Air Act, codified in chapter 70.160 RCW, prohibits smoking in public places and work places. The findings in support to the Clean Indoor Air Act recognize that exposure to secondhand smoke is known to cause cancer in humans. Second hand smoke is a known cause of other diseases including pneumonia, asthma, bronchitis, and heart disease.

Under chapter 70.160 RCW, smoking is prohibited within a presumptively reasonable minimum distance of twenty-five feet from entrances, exits, windows that open, and ventilation intakes that serve an enclosed area where smoking is prohibited so as to ensure that tobacco smoke does not enter the area through entrances, exits, open windows, or other means.

Under the State Department of Labor and Industries' Environmental Tobacco Smoke regulations, WAC 296-800-24010, Spokane County must minimize the amount of environmental tobacco smoke that enters its office buildings.

The Board of County Commissioners of Spokane County has the care of county property. In conjunction with this responsibility, the Board has the ability to promulgate rules and regulations regarding smoking on County properties. The purpose of this policy is to further employee as well as general public health, safety and welfare by prohibiting smoking on the Spokane County Courthouse Campus except in designated smoking areas. PURPOSE

To provide a safe and professional work environment for all Spokane County employees.

SCOPE

This policy includes, but is not limited to, executive management, managers, supervisors, full-time and part-time employees, off-site employees and volunteers. It applies whenever an employee is conducting County business or representing Spokane County as well as while on-call or in a paid stand-by status. Members of the Sheriff's department will comply with Sheriff's policies and procedures concerning a Drug-Free Workplace.

Employees in the following types of positions, because of their work-related responsibilities, are subject to drug and alcohol testing:

- A. Commercial Driver License Safety Sensitive Positions. Drug & Alcohol testing shall be in compliance with Federal Department of Transportation (DOT) regulation CFR 49, Part 40.

- C. Resulting from a "reasonable suspicion observation".

DEFINITIONS

Safety Sensitive Positions: County positions where the employee performs a safety sensitive function under CFR 49, Part 382.107.

POLICY

Spokane County is committed to protecting the safety, health and well-being of all employees and other individuals in the workplace. We recognize that alcohol abuse and drug use pose a significant threat to the work environment. We have established a drug-free workplace program that balances our respect for individuals with the need to maintain an alcohol- and drug-free work environment.

As a condition of employment, Spokane County requires that employees adhere to a strict policy regarding the use and possession of drugs and alcohol. It is a violation of our drug-free workplace policy to use, possess, sell, trade, and/or offer for sale alcohol, marijuana, illegal drugs or intoxicants as defined by the United States Drug-Free Workplace Act while on the job, on County property or in County vehicles.

Spokane County encourages employees to voluntarily seek help with drug and alcohol problems.

- H. Employees who test positive for drugs and/or alcohol as defined in this policy will be immediately removed from duty and referred to a Chemical Dependency Professional for assessment and recommendations. The costs associated with any drug and/or alcohol assessment are the responsibility of the employee that tested positive.  - 4. Be subject to any follow-up testing recommended by the Chemical Dependency Professional.
- I. An employee who has been released from work after a positive drug and/or alcohol test will not be allowed to operate a vehicle for transportation to their residence. The employee's management will arrange transportation for the employee to their residence at no cost following that release from work.

ASSISTANCE

Employees who realize they have an alcohol or substance abuse problem are encouraged to voluntarily seek confidential assistance through the Employee Assistance Program, or other approved programs. The County will make every effort to accommodate an employee's recommended drug and/or alcohol treatment program and will not discipline an employee because he/she voluntarily came forward seeking assistance. Treatment for alcoholism and/or drug use disorders may be covered by the employee benefit plan. However, the ultimate financial responsibility for recommended treatment belongs to the employee. Employees may use accrued paid leave while seeking treatment for drug and/or alcohol problems.

"LAST CHANCE" AGREEMENTS

Following a violation of the drug-free workplace policy, an employee may be offered an opportunity for rehabilitation. In such cases, the employee must sign and abide by the terms set forth in a Last Chance Agreement waiving his/her right to "just cause" under any applicable civil service laws or collective bargaining agreement but the waiver to be limited to any future violations of the provisions of this policy for a period to be determined and negotiated but no more than five years as a condition of continued employment (unless recommended by the Chemical Dependency Professional). Retaliation: Any act of reprisal, interference or adverse action, whether direct or indirect, against an individual for raising concerns, filing a complaint, participating in an investigation or otherwise exercising his or her rights protected under this policy.

Sexual Harassment: A form of discrimination involving any unwanted, unwelcome or uninvited sexual attention, in the form of verbal, non-verbal or physical behaviors (see Examples of Sexual Harassment). These behaviors constitute sexual harassment when:

- 1) enduring the offensive conduct becomes either explicitly or implicitly a term or condition of continued employment; or
- 2) submission to or rejection of the conduct is used as the basis for employment decisions; or
- 3) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or offensive.

Policy

Spokane County employees have the right to be treated fairly and with respect. This includes working in an environment free from sexual harassment. Sexual harassment is inappropriate, offensive and illegal. Spokane County is committed to providing and promoting a workplace with zero tolerance for sexual harassment. Spokane County employees are prohibited from harassing other employees, customers, volunteers, interns, etc., whether or not the incidents of harassment occur on County property and whether or not the incidents occur during working hours.

Examples of Sexual Harassment

While sexual harassment encompasses a wide variety of conduct, some examples include: offensive jokes, slurs or name calling, physical assaults or threats, intimidation, ridicule or mockery, the presence of offensive objects or pictures, intentional physical conduct that is sexual in nature (touching, patting, brushing against or grabbing another employee's body), unwelcome sexual advances, propositions or other sexual comments/remarks, preferential treatment or promises thereof in exchange for an employee submitting to sexual conduct, other unwelcome verbal or physical conduct of a sexual nature or directed toward an employee based on the employee's gender.

The Employee's Responsibility

Spokane County employees are expected to treat each other with dignity and respect. Frequently, the respondent may not be aware the action or behavior is offensive. If possible, let the respondent know the action in question is offensive and request that it stop.

If the employee does not feel comfortable speaking with the individual, and/or the offending behavior or action continues or recurs, the employee is encouraged to discuss their complaints with the appropriate supervisor or, if the supervisor is the source of the conflict, with the pertinent department head or elected official (DH/EO), or the Human Resources Department.

Employees who see this type of behavior, hear of it, or know of its occurrence must immediately report it to a supervisor, DH/EO or the Human Resources Department.

Employees are required to cooperate fully in the investigation and processing of a harassment complaint. Represented employees may be accompanied by either a union representative or a person of comfort, if they choose. Non-represented employees may have a "person of comfort." In no case will the County provide funding for legal representation.

Where an employee has a third-party present, the role of that party is as a silent observer of the investigatory interview.

Spokane County's Responsibility

Spokane County will provide a work environment free from sexual harassment.

Spokane County will have a Sexual Harassment policy and procedures to follow when a complaint is made. The County will take complaints of sexual harassment seriously; complaints will be investigated in a timely manner and appropriate action will be taken when violations of the policy are confirmed.

Sexual harassment training will be required for all new hires; employees are required to complete subsequent refresher training classes every two (2) years. The Human Resources Department and Risk Management may mandate additional training classes as appropriate.

An employee who is found to have violated this policy will be disciplined as in any other case of serious illegal employee misconduct. Corrective action may include discipline, up to and including termination. Where the respondent is a non-employee, notice will be given of the County's policy and our zero tolerance of harassment. If the behaviors are not corrected, additional action will be taken as deemed necessary.

No employee will be disciplined or otherwise retaliated against for complaining about harassment.

An employee who files a false or malicious sexual harassment complaint may also be disciplined, up to and including termination.

Retaliation

The County will not condone retaliation by an employee against another employee who files a sexual harassment complaint or who participates in a complaint investigation. Any perceived retaliation should be reported immediately to the Human Resources Department. A finding of retaliation may result in discipline, up to and including, termination.

Informal Resolution Process

Spokane County encourages employees to resolve issues informally if possible.

1. An employee who feels that s/he is, or has experienced unlawful sexual harassment may resolve the complaint following these informal methods:
 - a. Discuss the issue(s) with the respondent. It may be helpful to conduct this meeting in the presence of another employee.
 - b. Write a letter to the respondent explaining the concern(s) and asking for the behavior/actions to stop.
 - c. Contact any of the following: his/her supervisor, DH/EO, or the Human Resources Director (or designee), and ask their assistance in communicating their concerns to the respondent.
2. When the supervisor or DH/EO is contacted to assist the complaining party to resolve the problem, they should conduct separate discussion(s) with the complainant and respondent to determine a resolution. The discussion will include a reminder of the County's policy on retaliation. The Supervisor or DH/EO shall contact Human Resources for assistance and to provide status information.
3. Human Resources staff is available to facilitate a discussion with all parties and, when appropriate, assist in implementing a resolution. Complaints may be concluded at this point.
4. The supervisor, DH/EO or HR person should document the discussion and resolution. This information should be maintained in a secure file in Human Resources.

Formal Resolution Process

The Formal Resolution Process is used in instances where,

- (a) an employee believes the informal procedure may not resolve a complaint; or
 - (b) if an employee desires a more formalized procedure to be used in resolving her/his complaint; or
 - (c) the supervisor, DH/EO or Human Resources Director (or designee) determines the complaint should be processed more formally; or
 - (d) the Human Resources Director administratively signs as the complainant (this administrative signature will not affect any other section of the Formal Complaint Procedure).
1. To facilitate an effective investigation, a complaint should be filed as soon as possible after the alleged incident or occurrence. The Complainant will be asked to use the attached form to provide a written statement about the alleged misconduct, including as much detail as is possible. Employees are required to advise the investigator of address or telephone number changes and must be willing to sign for certified and/or registered mail.
 2. After the complaint has been put in writing, the Human Resources Director, or designee, will review the complaint and conduct a preliminary inquiry to determine if the complaint will activate an investigation under applicable personnel policies. The complainant will be notified if the investigation process is activated. If the investigation process is *not* activated, the Human Resources Director (or designee) will meet with the complainant to discuss other possible options for resolving the issue raised.
 3. If a matter is referred for investigation, the Human Resources Director (or designee) shall assign an Investigator. Complaints processed under the Formal Resolution Process shall be investigated only by Spokane County Human Resources personnel. In instances where the complaint cannot be impartially investigated by Human Resources personnel, or as otherwise deemed necessary, the complaint may be referred for investigation to an alternate individual.
 4. The Investigator will schedule and conduct interviews with the complainant, respondent, applicable witnesses and other individuals who may have information pertinent to the complaint. Discretion will be used in communications regarding the complaint. Both the complainant and the respondent may at any time contact the Investigator for an update on the status of the investigation.
 5. The Investigator will make every effort to complete the investigation within 60 working days. If the investigation cannot be completed within 60 working days, the Investigator will contact the complainant and the respondent to advise both parties of the anticipated time frame within which the investigation will be completed.
 6. Within fifteen (15) working days of the last interview, the Investigator will submit the Investigatory Report to the Human Resources Director. This report will include, among other items, a statement of the allegation(s), a statement of evidence and findings, as well as recommendation(s), if any.
 7. After receiving the Investigatory Report, the Human Resources Director will complete his/her review of the Report within ten (10) working days. The Human Resources Director may either accept the

8. Report or refer the Report back to the Investigator for further action(s) along with a suggested time frame for such action(s) to be completed. In the event, the Report is referred back to the Investigator, the Investigator shall advise the complainant and respondent of such action and the suggested time frame to complete the additional tasks.
9. Upon acceptance by the Human Resources Director, the Report shall be forwarded within five (5) working days to the appropriate DH/EO.
10. The DH/EO shall take appropriate action within fifteen (15) working days after receiving the report. The DH/EO will consult with the Human Resources Director or designee prior to taking any action. Any action taken shall be reduced to writing. Discipline, if warranted, may range from an oral reprimand to termination. In instances where suspension or termination is determined to be the appropriate action, due process procedures or civil service/collective bargaining procedures will be followed.
11. The Human Resources Director (or designee) shall meet with and review the findings of the investigation with both the complainant and respondent. A copy of the report may be provided to either party upon request. These meetings will take place as soon as practical, following acceptance of the Report by the Human Resources Director.

Appeal of the Investigation Findings

Only the findings of this investigative report may be reviewed on appeal under this policy. Either party may seek review of the findings of the investigative report. In the event of a timely appeal, any disciplinary action by the DH/EO shall be stayed pending the review. The written appeal shall be filed with the Human Resources Director within fifteen (15) working days of the receipt of the report. The written appeal shall stipulate the specific reasons for the basis of the appeal.

After receipt of the appeal, the Human Resources Director (HRD) or designee, will review the original report and the written appeal of the party. The HR Director will then either accept the report or modify its findings. This determination shall be put in writing and submitted to the parties, with a copy to the DH/EO and HR Director, within fifteen (15) working days of the appeal.

Confidentiality and Public Records Request

While a high level of discretion and confidentiality will be exercised with regard to the complaint and investigation process, absolute confidentiality cannot be promised or ensured. A copy of the complaint or the Investigator's Report will not be made available for release except as provided by law. Documentation pertaining to the informal and/or formal resolution discussions will be kept in a secure file in the Human Resources Department and shall not be released to any member of the public except upon receipt of a written public record request or court order/process.

Other Available Procedures

The procedures available under this policy shall not supersede any remedies available under any existing local, state or federal laws. While employees who believe they have experienced sexual harassment should use the County's informal and/or formal resolution procedures to resolve complaints, they may also file a sexual harassment complaint, within certain time frames, with appropriate state and federal agencies such as:

713 - ATTENDANCE

I. PURPOSE

To provide a method to monitor employee attendance to promote efficient operations.

II. SCOPE

This policy applies to all County employees.

III. POLICY

A. Every employee has the responsibility to maintain a good attendance record.

B. Supervisors will exercise the primary management-level responsibility to control employee attendance. Excessive employee absence or lateness are undesirable performance issues and will be managed by supervisors according to the procedures below.

C. Recurring attacks of the same illness (e.g. headaches, stomach aches, backaches, etc.) can be corrected. The employee is expected to see a doctor and resolve the problem. When an employee is absent for health reasons to the extent they are not able to be an effective employee, a counseling session will be held to determine whether the problem can be corrected or whether the employee's employment shall be continued.

D. The Elected Official, Department Head, or their designee will make the determination whether the absence should be excused or unexcused based on the facts of each individual case.

IV. Related paragraphs

#210 III G - Attendance expectations

#313 III J - Sick Leave Review procedures

V. DEFINITIONS

A. Absence: An absence is defined as any absence from work during scheduled working hours (including overtime).

B. Tardiness: Late arrival for assigned work.

C. Unscheduled absence: An absence will be considered unscheduled if notice is not given within 3 working days for any requested time off. Absences due to work related injuries/illness, vacation requested outside the terms listed below, jury duty, bereavement or FMLA leave will be considered unscheduled absences. Management will review unscheduled absences considering frequency of occurrence; whether the absence was avoidable or if it was of an emergency nature; and/or if the employee was legitimately sick and could not report to work.

D. Scheduled absence: An absence will be considered scheduled if the following recommended notification time line is met.

AMOUNT OF TIME REQUESTED	MINIMUM NOTICE TO MANAGEMENT
1-4 days	3 work days
5 or more days	15 work days notice

VI. PROCEDURE

It is the County’s recommended practice that supervisors administer the procedures outlined below, regardless of employee position, eligibility for sick leave benefits, or length of service. In the case of each absence, the following will apply:

A. Notification:

1. The employee must notify their Elected Official, Department Head or the supervisor designated by the Elected Official or Department Head to receive these calls, as soon as the employee knows he/she will be absent. Calls to employees not designated to receive these calls will not satisfy this notification requirement.
2. Calls should be made in ample time so a replacement employee or work load adjustment can be made if necessary before the shift start time. In any case, the call should be made no later than within thirty (30) minutes following the start time of the assigned shift.
3. At the same time the call is made, the employee should advise the supervisor how long they expect to be absent. It will be necessary to keep the employee’s department advised of their status on a routine and continuing basis during the absence, especially if the employee is unable to return to work as expected. Failure to notify and/or keep in contact with the department could mean the unscheduled absence is also unexcused.

4. Any employee who is absent for three (3) consecutive days and fails to notify their Elected Official, Department Head or designee regarding their absence shall be presumed as having voluntarily resigned their position.
 5. Upon return from each absence the employee will be required to fill out a absenteeism form (unless completed prior to the absence) stating the reason for the absence. A doctor's certificate or other confirmation of reasons may be required, and may be verified by Management.
- B. False Reason: If an employee has given a false reason for an absence, or if a doctor's certificate cannot be confirmed, the employee may be terminated immediately.
- C. Requested Day Off: If an employee requests a specific day off which cannot be granted and then fails to report as scheduled on that day, the employee is then subject to disciplinary action up to and including discharge.
- D. Tardy: All employees are expected to be at their work location at the scheduled time. An employee shall be considered tardy if late more than five (5) minutes from the scheduled start time. An accumulation of three (3) instances of tardiness will be considered as one (1) unscheduled unexcused absence. When an employee reports more than thirty (30) minutes late for a scheduled shift that will be considered an unscheduled unexcused absence.
- E. Excused and Unexcused Absences: In addition to scheduled and unscheduled absences, absences may be considered unexcused or excused. An absence will be determined excused or unexcused on the basis of whether the employee could have prevented the absence with reasonable forethought. Whether excused or unexcused, unscheduled absences will still be considered unscheduled for purposes of the attendance program. To be fair to everyone, there is no list of rigid rules defining excused and unexcused absences that can be written. However, here are a few general examples, in addition to those mentioned above.
1. Examples for unexcused absences may be, but not limited to, as follows:
 - a. Personal business, unless previously approved by the Elected Official, Department Head, or designee.
 - b. Family problems that could be handled other than during work hours.
 - c. Transportation problems, unless the supervisor is immediately notified of the problem. Recurring problems will not be excused.
 - d. Baby-sitter problems unless the supervisor is immediately notified of the problem. Recurring problems will not be excused.
 - e. Outside activities, unless previously excused (sports, etc.).

2. Examples for **excused** absences may be, but not limited to, as follows:
 - a. Sickness outlined in the policy.
 - b. Death of a relative, or friend; absence to assist with arrangements and/or attend the funeral, must have prior approval of the supervisor.
 - c. Doctor or Dental appointments that cannot be made outside of regular work hours. When this scheduling is not possible, prior approval is needed.
- F. Any employee having a second (2nd) unexcused tardy receives an oral reprimand.
- G. Any employee having a third (3rd) unexcused tardy or one (1) unexcused absence shall receive a written reprimand.
- H. Any employee accumulating two (2) unexcused absences in a twenty four (24) month period shall be subject to suspension.
- I. Any employee accumulating three (3) unexcused absences in a twenty four (24) month period shall be subject to termination.

714 - SOLICITATION AND DISTRIBUTION

I. PURPOSE

To ensure a productive work environment where employees and business operations may function without disruption.

II. SCOPE

This policy applies to employees and non-employees during work time and while on Spokane County premises.

III. POLICY

- A. The County strives to establish a work environment that is productive and without undue disruptions to the workday. Therefore, soliciting by one employee of another, or collecting from one employee by another, is prohibited while either employee is on work time. Distributing literature and circulating petitions during work time or in work areas at any time is also prohibited. Finally, trespassing, soliciting or distributing literature by anyone outside the County is prohibited on County premises.
- B. The County may approve fund-raising campaigns if each helps a countywide or national sponsored campaigns (i.e.: United Way). The Chief Executive Officer (CA) is the approval authority on any fund-raiser that solicits donations while on County work time or on County property.

The Discrimination Complaint Procedures shall not rescind any procedures available under any existing federal or state laws.

Definitions

As used in this policy, the following terms shall have the meanings indicated:

Complainant: The person who feels she/he has been the subject of discrimination and files a complaint to correct the matter.

Discrimination: Any action or policy directed against an individual because of that individual's race, color, national origin, religion, creed, sexual orientation (including gender identity), age, marital status (employment only), veteran with disability status (employment only), Vietnam era veteran status (employment only), or disability.

Retaliation: Any adverse change in the terms and conditions of a Spokane County employee's employment as a result of filing a discrimination complaint or participating in a discrimination investigation. It is unlawful for an employer or "any person" to discriminate against an employee because she or he has filed any complaint or instituted or caused to be instituted any complaint proceeding under or related to state or federal laws concerning discrimination; including has testified or is about to testify in any such proceeding. Dismissal is the most common form of retaliation. Other adverse employment actions include involuntary demotion or transfer, negative performance appraisal, and verbal misconduct.

Responsibility – Employee

Frequently, the offender may not be aware that a behavior is offensive. If at all possible, advise the offending individual that the conduct in question is offensive, and request that it be immediately discontinued.

If the employee does not feel comfortable telling the individual and/or the offending conduct continues or recurs, he/she shall immediately report the matter to their supervisor, Department Head or Elected Official (DH/EO), or the Human Resources Director.

Employees who see this type of behavior, hear of it, or know of its occurrence should immediately report it to a supervisor, DH/EO or the Human Resources Director.

Employees are required to cooperate fully in the processing of the discrimination complaint. Represented employees may be allowed to be accompanied by their Shop Steward or a person of comfort, but in no case, will the County provide funding for legal representation.

Employees are required to advise the investigator of address or telephone number changes and be willing to sign for certified and/or registered mail.

Responsibility – Spokane County

The County will have a discrimination policy and procedures to follow when a complaint is made. Discrimination complaints will be investigated in a timely manner and appropriate action will be taken when violations of the policy are confirmed.

An employee who is proved to have discriminated against another employee will be disciplined as in any other case of serious illegal employee misconduct. Discipline may include dismissal.

No employee will be disciplined or otherwise retaliated against for complaining about discrimination.

A copy of the complaint or the Investigator's Report will not be made available for release except as provided by law.

An employee who files a false or malicious discrimination complaint may also be disciplined. Discipline may include dismissal.

Retaliation

The County will not condone retaliation by an employee against another employee who files a discrimination complaint or who participates in a complaint investigation. Any perceived retaliation should be reported immediately to the Human Resources Director.

INFORMAL DISCRIMINATION COMPLAINT PROCEDURE

1. An employee who feels that he/she is, or has been the subject of discrimination may, and is encouraged to, resolve the complaint by any of the following informal methods:
 - a. Verbally discuss the action(s) giving rise to the complaint with the offending party. This meeting may occur with or without the presence of another County employee.
 - b. Writing a letter to the offending party with regard to the action(s) giving rise to the complaint.
 - c. Contacting any of the following: his/her immediate supervisor, DH/EO, or the Human Resources Director, and asking for their assistance in communicating their concerns to the offending party.
2. No formal investigation will be done by the immediate supervisor, DH/EO or Human Resources Director under the informal process. When the supervisor or DH/EO is contacted, they are responsible for conducting discussion(s) with the complainant and the offending party to determine the severity of the behavior. The discussion will include a reminder of the County's policy on retaliation for filing a discrimination complaint. The supervisor or DH/EO will also be responsible for taking appropriate action(s) to resolve the offending behavior. If the Human Resources Director is of the opinion that

The behavior is of a more severe nature, the complaint will be processed under the formal procedure.

3. If the supervisor, DH/EO or the Human Resources Director assists the complaining party to resolve the problem, verbal or written communication(s) with both parties will be documented. Such documentation will be kept in a confidential file in the Human Resources Department.
4. The documentation referred to in paragraph three (3) shall remain confidential and shall not be released to any member of the public except upon receipt of a written public record request. All receipts shall be forwarded to the Spokane County Prosecutor's Office to determine whether or not the requested documents are subject to public disclosure.

FORMAL DISCRIMINATION COMPLAINT PROCEDURE

1. In instances where (a) an employee believes that the informal procedure may not resolve a complaint; or (b) if an employee desires a more formalized procedure to be used in resolving her/his complaint, or (c) the supervisor, DH/EO or Human Resources Director determines that the complaint should be processed more formally, or (d) the Human Resources Director administratively signs as the complainant (this administrative signature will not affect any other section of the Formal Complaint Procedure) the **Formal Discrimination Complaint Procedure** may be used. The complainant, under the formal procedure, shall file a formal complaint with the Human Resources Director. At the time the formal complaint is filed, the complainant will be asked to put the complaint in writing (see attached form). The complaint, at this point in time shall remain confidential and shall not be released to any member of the public except upon receipt of written public record request, as explained in paragraph four (4) of the **Informal Complaint Procedure**.
2. In order to facilitate an effective investigation, a complaint should be filed as soon as possible after the alleged incident or occurrence. If represented by a bargaining unit, the complainant, as well as the alleged offender, may choose to be accompanied by a shop steward or a person of comfort at any step of the Formal Procedure.
3. All complaints processed under the **Formal Discrimination Complaint Procedure** shall be investigated **only** by the Human Resources Director or his/her designee. In the instances where the complaint cannot be impartially investigated by the Human Resources Director or designee, the complaint may be referred to an individual who is not an employee of Spokane County.
4. II. SCOPE

This policy applies to Elected Officials, Department Heads, employees of Spokane County and any vendors, volunteers, or outside agents granted access to the Courthouse Complex.

Note: Coordination between City and County Leaders is recommended for areas of joint agency use.

- C. The I.D. Card system's primary purpose is to provide varying levels of access to the Courthouse Campus. As such, County Campus access falls under the oversight of the Security Committee and the Campus Security Deputy. Under their direction, a variety of access levels may be granted to individuals based on the request of a Department Head or Elected Official. I.D. Card types vary with the most typical listed as follows:
1. Original Basic I.D. Cards – Initially issued to employees, volunteers and vendors for access through security checkpoints will no longer be issued and replaced with Prox. CID Cards.
 2. Prox. I.D. Cards – Programmable cards that provide access through magnetically locked doors, or to gates, on the Courthouse Campus and record dates/times utilized from any campus access readers.
 3. Vendor/Volunteer I.D. Card – Specifically requested by a Department Head, or Elected Official, and subject to the approval of the Campus Security Deputy and/or Security Committee. These cards must clearly state, inside of a red strip along the bottom of the card, the company or organization the individual is representing.
 4. Bar Association I.D. Cards – Authorized through the Bar Association, are printed vertically, are primarily used for identification purposes and allow access through security checkpoints.

 6. Special Provision I.D. Card – Authorized by the Campus Security Committee when special circumstances justify authorization specific to the nature of the request.

- D. New I.D. Cards may be requested in one of two ways:
1. A Department Head or Elected Official may fill out, and sign, a Photo I.D. Authorization form and send it with the individual to Risk Management during the scheduled I.D. production times.
 - a. As this circumvents the background check, the requesting department takes full responsibility for granting the individual's access.
 2. An outside vendor, organization, or agency, may fill out a Police Record Authorization form in the Public Safety Building, authorizing a background check, for each individual they are requesting access for. This request does not guarantee access will be granted. The Campus Security Deputy will determine access based on the results of the background report. There are no exceptions. The Campus Security Deputy then contacts Risk Management, via fax, e-mail or verbally and authorizes individuals for I.D. card issue.
 - a. Vendors under a contract with Spokane County must coordinate access requests for their employees with the contracting department and campus security.
 - b. The contractor must give a list of the employees, who are providing the contracted service, to the Purchasing department.

When regulated Data is being communicated through phone calls or spoken aloud, Users must take precautions (e.g., closing a door, asking people to step out for a few moments, using a headphone, speaking softly, or finding an alternative way to communicate the information) to prevent access by unauthorized parties.
10. Lost or stolen County technology assets must be reported immediately by opening a ticket with the IT helpdesk. Your department or agency may have additional procedures for lost or stolen assets. Please speak with your supervisor to determine what these additional procedures may be.

Malicious individuals often use email when trying to acquire County customer Data, Confidential or Non-Public Information and Data, or to compromise County technology assets. You are required to use County messaging applications (e.g., email, instant message, text messaging, etc.) in the following professional manner:

1. Access to personal email accounts from County owned, or operated, devices is prohibited and attempts to do so will be blocked by IT security measures. IT has multiple layers of security in place to protect County email from malware and other harmful software. Personal email account used on County owned, or operated, devices result in a bypass of these necessary

security layers. These activities increase the risk of introducing malware and other harmful software to the County network. Email is the number one vector used by bad actors to gain initial access into an organization's network.

2. Personal email accounts shall not be used from any device for conducting County business, as this can place the County and individuals out of compliance with relevant legal and regulatory requirements. As county records are subject to PRR's (Public Records Requests), and the review and the capture of responsive records from personal email accounts for PRR's represent a significant increase in costs of compliance to the County. This policy provides an effective security measure and a reduction in County expense relating to record requests and production.
3. Not all Users are authorized to access the same Data. Accounts are issued solely for the use of the individual to whom the account has been assigned. Sharing individual account information may lead to unintentional disclosure of Data and is prohibited.
 - a. Shared mailboxes where an authorized workgroup can monitor emails sent to and from the shared mailbox is allowed.
 - b. Administrative delegation of access to an individual email account is acceptable (e.g., an executive or administrative assistant or a peer), as long as this is accomplished through the email system's delegation functionality and not by sharing credentials.
4. If you have doubts or serious concerns about the origin or authenticity of an electronic message, or if you receive a highly abnormal or suspicious message, you should report the message by submitting a ticket to the helpdesk or by use of the messaging systems integrated reporting mechanism (e.g., a phishing button in email clients). Your department or agency may have additional reporting requirements so check with your supervisor.
5. Use caution when opening emails and attachments, particularly those received from an external sender.
 - a. Don't open any attached files or click on hyperlinks to download files containing macros, scripts, or executables from an unknown or suspicious source.

Use caution when opening attached files or clicking on hyperlinks, or when unusual requests or information is included in the email even if from a familiar sender.
 - c. Ongoing training will be provided on detecting malicious emails to all County Users. Additional training may be required if there is repeated susceptibility to malicious emails by individuals.
6. Do not forward County email containing confidential, sensitive or regulated Data to personal email accounts.

1. If the call will be recorded, you must notify all call participants that the call will be monitored or recorded, including the purpose of recording at the outset of the recording and include the notification in the recording. This does not apply to lawful monitoring or recording that does not require consent in accordance with federal, state, or local law (e.g., RCW 9.73.030). Voicemail or other automated telephony system recordings comply with this section if the recorded greeting clearly indicates that the caller has reached a voicemail system or is about to be recorded.
2. Call recordings containing sensitive or regulated Data presents serious security and compliance risk and should be avoided. Departments or agencies that will purposefully and continuously record sensitive or regulated Data such as payment card Data or protected health information must comply with applicable federal, state, and local law.

I. Acceptable Use of Wireless Networks

Not all wireless networks are configured with strong security protections. In addition, unauthorized and malicious wireless devices may pose a risk to County technology assets. While performing your role at the County:

1. Direct connections (i.e., directly connected to internal wireless access points or physical network infrastructure like a Data jack in a wall plate or a network switch port) to the County's

protected internal private wired and wireless network is provided only to County Users using County owned and operated technology assets. Third parties, vendors, contractors, and other non-county personnel access to the County's protected internal private wireless or wired network is prohibited without prior approval by the IT Department, who may employ security measures to prevent unauthorized network connectivity. 3. Do not share passwords, smart cards, tokens, keys, fobs or any other access or authentication devices with any other person.
4. Vendors must be limited to the minimum amount of privilege and access required to perform the necessary duties while using remote access methods approved by the IT Department.

Remote support sessions must first be authorized by the IT Department before the session is established and terminated as soon as the vendor has finished their work.

No vendor may be given remote access that is not strictly controlled and monitored.

Vendors shall not be given permanent remote access to the County's network unless that access is strictly limited to the systems supported by the vendor and controls are in place to monitor their activities to ensure they are not able to gain additional access to other County technology assets from the systems they are able to remotely access.

5. Remote access to technology assets that contain sensitive or regulated Data requires multi-factor authentication and use of a secure connection between the host and the remote device.
 - a. You must not use remote access products like TeamViewer, GoToMyPC, or similar products unless approved by the IT Department.
 - b. Do not use unsecured public or private wireless networks. Do not bypass warnings that indicate the wireless network is not secure.

- a. You must exercise judgment and use caution when interacting online. It is important to remember that in an online environment, the lines between public and private, and personal and professional, are not always clear. When you identify yourself as a County workforce member, employee or affiliate on social media, a perception is created about you as a representative of the County, your expertise, County customers, and the County itself.
- b. Creation and use of a social media account on behalf of the County must be done in compliance with County social media policies and expressly authorized by the Board of County Commissioners of the County.

L. Reporting Known or Suspected Vulnerabilities or Security Incidents

You must report known or suspected security weaknesses, instances of inappropriate access, and suspicious activities to the IT Department by opening a ticket with the helpdesk. Your department or agency may also have reporting requirements so please check with your supervisor.

1. You will be responsible for the confidentiality, integrity, and availability of your files. If concerning circumstances occur with your files such as inappropriate access, loss of the files, or changes are made to files without your consent please speak with your supervisor and report this issue by opening a ticket with the helpdesk.
2. You must report suspicious activities happening to or on your workstation such as someone remote controlling the workstation without your consent or new and unfamiliar software performing unusual activities by opening a ticket with the helpdesk.

3. E-mail, internet systems, or any work products generated by County equipment:
 - a. Are the properties of Spokane County.
 - b. All Internet usage is monitored and recorded (See Policy No. 724 – Internet Usage).
 - c. E-Mail messages are not private, except for Attorney Client Communications, despite any such designation either by the sender or the recipient. However, the County recognizes that in some limited situations, such as officers or employees working at remote locations, a system of reimbursement may be appropriate. Communications considered internal Union business will not be allowed without prior specific approval.

VI. PUBLIC FOLDERS FOR E-MAIL USE

A. Public Folders are available for posting information that is of value to a broad spectrum throughout the County. Examples of available folders are:

- News of the Day (*this includes lost & found, vehicles with lights on, health warnings*)
- Policies
- Surplus equipment
- Commissioner agendas
- Employment opportunities.

B. Users who are unsure where to post a message should contact the "HELP" desk. The Information Systems Department will determine which public folder is appropriate for the message.

VII. EXAMPLES (From the Washington State Executive Ethics Board)

These examples are not all inclusive of all possible scenarios. They are intended as a guide for each Elected Official, Department Head, and County employee.

Example 1: An employee makes a local telephone call or sends an e-mail communication to his home to make sure his children have arrived safely from school. This **is not** a policy violation. There is no cost to the governmental agency, and because either the call or the e-mail is brief in duration, it does not interfere with the performance of official duties.

Example 2: An employee uses her agency computer to send electronic mail to another employee regarding the agenda for an agency meeting that both will attend. She also wishes the other employee a happy birthday. This **is not** a policy violation. The personal message is de minimis and improves organizational effectiveness by allowing informal communication among employees.

Example 3: Every spring a group of employees meets during lunch to organize an agency softball team. The meeting is held in a conference room that is not needed for agency business during the lunch hour. This **is not** a policy violation. There is no cost to the County and the meeting does not interfere with the performance of official duties because it is during a lunch hour.

Example 4: An employee operates an outside business. Everyday she makes or receives 5-10 business calls on her County telephone. All of the calls are local calls. This **is** a policy violation.

The employee is conducting a private business on County time, which is a cost to the governmental.

Example 5: After working hours, an employee uses the office computer and printer to prepare client billings for a private business using his own paper. This **is** a policy violation. Although use of the office computer and printer may result in a negligible cost to the governmental agency, conducting a private business is an inappropriate use of County resources.

Example 6: An employee is active in a local PTA organization that holds fund-raising events to send children to the nation's capital. Although a parental contribution is expected, the more a parent raises, the less his or her contribution. An employee uses agency e-mail to solicit contributions for her child. This **is** a policy violation. The employee is using County resources to further a private interest and to promote an outside organization.

Example 7: Agency equipment includes a video tape player. One night an employee takes the machine home to watch videos of her family vacation. This **is** a policy violation. Although there is no cost to the governmental, an employee may not make private use of County equipment removed from County facilities or other official duty station.

Example 8: An employee is assigned to do temporary work in another city away from his or her usual duty station. To perform official duties, the employee takes an agency laptop computer. While away, the employee uses the computer to do tax work for a private client. This **is** a policy violation. Although it is permissible for an employee to use the laptop at a temporary duty station, it is not permissible for the employee to perform work related to his or her outside business on the laptop.

Example 9: An employee routinely uses the Internet to manage her personal investment portfolio and communicate information to her broker. This **is** a policy violation. Use of the Internet is limited to official County business, and there is a cost to the County for the employee's time while he or she conducts personal business.

726 - TRAVEL POLICY

I. PURPOSE

To establish guidelines for business travel.

II. SCOPE

All employees, volunteers and certain contractors traveling on County business.

III. POLICY

Spokane County (County) recognizes that out-of-town travel and related business expenses are integral to the operation of local government. All reasonable expenses incurred by employees on behalf of the County are reimbursable. This policy establishes equitable standards for all employees who incur such expenses.

The Spokane County travel policies are applicable to all elected officials, appointed officials, employees and volunteers unless otherwise provided. The policy can also apply to contractors and witnesses, at each elected official's or department's discretion, unless specific contractual agreements state otherwise.

The Elected officials and department heads are primarily responsible for ensuring that any expenses incurred for travel are obtained at the most economical price and are necessary for County business. Prudent judgment is to be exercised and contractual/grant regulations must be followed in approving these costs. It is the responsibility of individual departments to audit the travel forms thoroughly to ensure their completeness, correctness and fiscal integrity.

A traveler on County business is expected to exercise the same care in incurring expenses and accomplishing the purposes of the travel that a prudent person would exercise if traveling on personal business. Excess costs, circuitous routes, delays, or luxury accommodations unnecessary or unjustified in the performance of County business are not considered acceptable as exercising prudence. Travelers are responsible for excess costs and any additional expenses incurred for personal preference or convenience.

IV. PROCEDURES

1. **Authorization of Travel** – Travel must be approved in advance by a department head, elected official or designated financial manager. Persons authorizing travel shall not be subordinate to the requestor. Elected officials do not need to receive authorization for travel.
 - a. The cost of the trip will be estimated and submitted on an approved County travel report to the employee's department head or elected official prior to booking a component of the travel.
 - b. For weekend or mandatory stay travel, a written comparison retained by the department must account for all costs of the stay including lodging, meals, transportation, and overtime or compensatory time, if applicable.
 - i. Weekend Stays – Departments can approve weekend stays if cost savings will be realized in total travel expenses.
 - ii. Mandatory Stay – If the travel exceeds one week and is required under the employee's job requirements, the employee may return home during the trip at the county's expense only if a cost analysis shows a savings.
 - c. If traveling internationally, notify the County Credit Card Program Administrator with the anticipated travel dates and destination to obtain a Travel Credit Card that will work in the international location.
 - d. Once overnight travel is complete, all receipts and paperwork are to be submitted to department accounting staff for processing within 10 working days of returning from the trip or once the last County credit card transaction has been reconciled, whichever is sooner.
2. **Definitions**
 - a. County – Spokane County
 - b. Day Travel – Travel outside of the County that exceeds six hours but does not include an overnight stay. Travel outside the County for six hours or less, or travel within the County is not considered day travel.
 - c. Overnight Travel – Travel outside of the County that includes an overnight stay.
 - d. GSA Fixed Meal Allowance – Established per diem rate per host city as published annually in 41 CFR Section 301, Appendix A (see www.gsa.gov/perdiem).
 - e. Non-Travel Status – Incurring expenses when not meeting the definition of Overnight Travel or Day Travel
3. **Advances** – Since most travel costs must be placed on Spokane Country credit cards, the County does not provide travel advances. Exceptions may be made for travelers. These exceptions must be approved by the traveler's Department Head or Elected Official and the County Auditor.

Any advances must be reconciled on an approved County travel report within 10 working days of returning from the trip or once the last County credit card transaction has been reconciled, whichever is sooner. Any excess advance must be repaid by the employee at that time.
4. **Transportation** – The elected official or department head is responsible to select the most practical and economical mode of transportation. Examples of factors that should be considered are cost of transportation, cost of traveler's time and scheduling requirements. If

the traveler elects not to use the selected method of transportation, the traveler will be reimbursed only for the lower cost of the two modes.

- a. The excess cost of first class or business class fare over coach class fare for a given mode of travel shall not be reimbursed when less expensive fares are available. Fares with extra leg room, such as Comfort +, etc., are considered business class fares; however, the extra fees to select an aisle or exit row seat in coach class is allowed.
 - b. Rental Cars – **Employees shall decline ALL additional insurance coverage offered by rental car companies, GPS devices, and prepaid fueling options** (except when transporting prisoners / inmates). County employees while on County business are provided liability, property and injury coverage through County insurance programs.
 - c. Receipts for requests for reimbursement for items such as parking; ferry and bridge tolls; taxi, subway and bus fares; airport shuttle service and rental vehicles; which are under \$25.00, are not required.
 - d. Mileage – Persons using government vehicles and passengers in any vehicle are not eligible to claim mileage reimbursement. The County will reimburse travelers for point to point mileage in their personal vehicle from their normal place of work to the travel destination. Mileage for business use of a personal auto will be reimbursed using the current IRS mileage rate.
5. **Lodging** – Lodging includes the room rate and applicable taxes. It does not include telephone, room service or other miscellaneous charges.
- a. The cost of lodging must be reasonable. The determination of reasonableness is the responsibility of the County employee and the elected official or department head. Reasonableness will be based on the circumstances of each city or locality, such as personal security, convenient access to the meeting or conference site, and room availability. There are no set maximum dollar limits. To ensure that lodging costs are reasonable, the following criteria shall apply:
 - i. The government lodging rate must be requested and used, if available.
 - ii. The conference lodging rate at the conference hotel is considered reasonable if a lower government rate is not available.
 - iii. The maximum reimbursable rate is the single occupancy rate, unless the double occupancy rate is the same rate.
 - iv. If lodging is reimbursed under grant funding, the traveler is required to adhere to the GSA maximum lodging rate, determined by the business destination.
 - b. Elected officials, appointed officials or County employees are not required to share rooms.
 - c. Lodging receipts are required.
6. **Registration** – Registration includes the tuition of attending a conference or training course.
- a. A detailed agenda and receipt is required.
 - b. All travel expenses covered/included in the registration (shuttles, meals, etc.) must be identified.

7. **Meals**
- a. County credit cards may not be used for meals.
 - b. A continental breakfast or evening snacks provided by a hotel or conference is not considered a meal.
 - c. Day Travel
 - i. The fixed meal allowances may be claimed if in Day Travel status at the following times:
 - a. 6:00 a.m. for breakfast
 - b. 12:00 p.m. for lunch
 - c. 6:00 p.m. for dinner
 - ii. The per diem rates for day trips will be based on the GSA Fixed Meal Allowance for the destination location for that meal.
 - d. Overnight Travel
 - i. Rates – Meal and incidental expenses shall be reimbursed at the established per diem rate per host city as provided by the GSA. Per diem for the first and last day of travel will be reimbursed at 75% of the daily M&IE per diem rate. For meals included in a registration fee, airfare, or other County expense, the per diem meal and incidental rate shall be reduced by the fixed allowance for the respective meal, unless:
 - 1. You purchase a substitute meal to satisfy your medical requirements or religious beliefs, or
 - 2. You are unable to eat the furnished meal due to conducting other official County business.
 - ii. Locale – Per diem rates are based upon the lodging location. However, if the conference or meeting is held in a higher per diem rate area than the traveler's lodging, the higher rate can be claimed. The traveler must attach sufficient documentation to the Travel Report to substantiate the location of the conference or meeting.
 - iii. Alaska, Hawaii and Foreign - Per diem rates for Alaska, Hawaii and US Territories are maintained by the Department of Defense. Per diem rates for foreign travel are maintained by the US Department of State. The Canadian PST and GST are not refundable for business travel.
 - e. Non-Travel Status – See County Code 1.19 for allowable reimbursements.
8. **Travel for Other Agencies** – Occasionally, an employee will travel for another governmental agency, association or board. The travel rules and reporting requirements vary depending on how the expenditures are paid.
- a. If the other entity is paying all expenses directly, then no County travel report is required and the other agency's rates and rules prevail.
 - b. If the County advances any money (direct payments to vendor or charges on the County credit card), then an approved Country travel report is required for all expenses. Any excess or deficit should be repaid to the County.
 - c. The traveler's department is responsible for collecting the reimbursement due from the outside entity.
9. **Miscellaneous Allowed Expenses** – Miscellaneous expenses related to County business that are considered essential and reimbursable include, but are not limited to:
- a. Baggage handling service when necessitated by physical limitations or when carrying excessive baggage or equipment for County business.

- b. Baggage fees assessed by the airlines. The traveler is limited to one personal checked baggage when traveling up to ten days. When traveling over ten days, the traveler is allowed a second personal checked bag. Additional baggage fees for equipment required on the business trip are allowable.
 - c. Refundable tickets or flight travel insurance, if the trip may be canceled due to the business nature of the department or the trip. Examples may include travel booked to testify before the legislature, which may be canceled if the bill does not progress. Cost comparisons are to be done by the department to find the most economical way to address this possibility.
 - d. Laundry service when the employee is required to be away from his work for more than fifteen consecutive days.
 - e. Internet when free wireless is not available at the travel site, if approved prior to travel and required as part of your job duties.
 - f. Telephone Calls – If the traveler does not have a cell phone, calls may be reimbursed up to \$3.00 per day for one call per day. This is a reimbursement of actual expenses; receipts are required
 - g. Parking, ferry and bridge tolls; taxi, subway and bus fares; and airport shuttle service are reimbursable
10. **Unallowable Expenses** – Spokane County will not pay for, or reimburse any employee for:
- a. Alcoholic beverages or drinks, except for law enforcement officers as part of an undercover operation;

 - f. Personal travel expenses (extended stay adjacent to county travel) is not included in total travel cost

730 - CORRECTIVE ACTION

I. PURPOSE

To set forth general supervisory guidelines for a corrective action process aimed at documenting employee performance. **AS GUIDELINES, THEY DO NOT CONSTITUTE AN EMPLOYMENT CONTRACT AND ARE NOT INTENDED TO MAKE ANY COMMITMENT TO ANY EMPLOYEE CONCERNING HOW INDIVIDUAL CORRECTIVE OR DISCIPLINARY ACTION CAN, SHOULD, OR WILL BE HANDLED.**

II. SCOPE

This policy applies to all County employees. (Labor agreements may vary. See specific labor agreements in reference to represented employees.)

III. POLICY

The County seeks to establish and maintain standards of employee conduct and supervisory practices that will, in the interest of Spokane County and its employees, support and promote effective business operations. Such supervisory practices include administering corrective action when employee behavior or performance problems arise. Corrective actions must be in accordance with labor agreements, when they apply. The following is a listing of general policy considerations regarding corrective actions. This list is not intended to exclude any additional considerations deemed necessary nor is it intended to require each of the considerations listed be utilized.

- A. **The County reserves the right to forgo progressive discipline as deemed necessary.**
- B. Constructive feedback by the supervisors and managers to employees, is intended to assist employees with the goal of achieving full satisfactory standards of conduct and job performance.
- C. Correcting employee shortcomings or negative behavior to the extent required is the desired outcome.
- D. Written documentation of disciplinary warnings given and corrective measures taken should be communicated to employees and acknowledged with their signature at the time the problem is observed.
- E. Documentation of Corrective Action Report (see attachment A) will become part of the employee's personnel record.
- F. Discharge could result from continued or single gross violation of either an employee behavior problem or unsatisfactory job performance.
- G. Refer to labor agreement grievance procedure or Policy #740, Complaint Procedures.

IV. OPTIONS FOR CORRECTIVE ACTION

Depending on the facts, circumstances, and severity involved in each situation, management may choose to begin corrective action at any step up to and including immediate discharge.

The following are options and guidelines for good business practices:

A. Oral and Written Warnings:

For minor infractions supervisors must determine if an oral or written warnings should be issued. If issued, an oral warning and a memo for documentation and/or written warning should be placed in the supervisor's file. After either oral or written warnings, the supervisor should monitor the employee's issue and provide feedback when appropriate. If the situation does not improve, within a reasonable time or immediately depending on the problem, the supervisor may repeat the measure or implement a more severe option.

B. Corrective Action Report:

For repeated infractions, or a more substantial infraction, the employee should at a minimum be issued a Corrective Action Report. If the situation does not improve immediately or within the time designated in the Corrective Action Report, the supervisor may implement more severe options.

The written Corrective Action Report should be prepared and presented in a discussion with the employee. The employee will be given an opportunity to comment in writing and should be asked to sign the notice, acknowledging receipt. Three copies of the notice will be distributed as follows: (1) Original to personnel file at Human Resources; (2) departmental records; and (3) employee.

C. If the issue is not corrected through the Corrective Action process, see Policy #800 - Discipline and Termination for more guidance.

NOTE: Consult with Human Resources, Legal and Labor Relations for assistance on any of the above situations.

CORRECTIVE ACTION REPORT INSTRUCTIONS

This Corrective Action Report is given in the interest of the employee as well as the County. It is given with a sincere desire to help the employee correct the deficiency identified and succeed on the job.

Verbal warning and counseling sessions - Informal day-to-day corrective or verbal counseling sessions must be given privately and must bring immediate improvement. If improvement is not immediate and permanent, a written record should be issued immediately.

Written Corrective Actions - The written record must be constructive, accurate, and specific. It must be given to the person in private and discussed. A written Corrective Action is appropriate for repeated or deliberate minor infractions. It is quite appropriate in the case of a serious or major offense. For a Corrective Action Report to be truly effective, there must be follow through to see that the improvement is definite and permanent.

In preparing the Correction Action Report, keep the following points in mind:

1. Be specific. Deal with the aspects of job performance or behaviors that are observed.
2. Specify improvements necessary for continued employment.
3. Prepare the form in advance of the time you sit and discuss it with the employee.
4. Prepare three copies. Have all available at the time you discuss it with the employee.
5. Sign and date the form yourself at the time you discuss it with the employee.
6. After you have discussed it, ask the employee to sign all copies. That signature is not an admission nor agreement of the content, only that the employee has received the Corrective Action Report. Give the employee a copy. Send the original to the Human Resources Department to be made part of the employee's official personnel file, and place a copy in your department employee file.
7. Counseling is a private thing and will not be repeated, shared, or discussed with other employees by management other than on a subject need to know basis.

NOTE: If the employee refuses to sign the report, do not become involved in a discussion or dispute over the matter. Simply have a witness (must be equal or higher in position to the employee) sign the form attesting to the fact that the employee was counseled and an attempt was made to have the employee sign the form and was provided a copy.

740 - COMPLAINT PROCEDURES (For Non-Represented Employees)

I. PURPOSE

To provide employees with procedures for resolving complaints.

II. SCOPE

This policy applies to all employees. (This process may vary based on individual labor contracts.)

III. POLICY

- A. The County recognizes that sometimes situations arise in which an employee feels that he or she has not been treated fairly or according to County rules and procedures. For this reason the County provides its employees with procedures for resolving complaints.

Step 1: The employee should attempt to resolve any problem or complaint at his/her level. This may involve action with a conflicting co-worker or supervisor.

Step 2: If this issue cannot be resolved, the employee may elevate the problem to the next higher level (immediate supervisor, manager or division leader). The employee will be required to submit in writing their concern/complaint. The appropriate managerial level will acknowledge receipt, within ten working days, of receiving the employee's written complaint.

The written complaint must be filed within ten working days of completing Step 1 leading to the complaint, or ten working days after the employee becomes aware of the circumstances. The written complaint should contain, as a minimum, the following:

- a. A description of the problem, listing specifics.
- b. A specific policy or procedure that the employee believes has been violated or misapplied.
- c. The date of the circumstances leading to the complaint or the date when the employee first became aware of those circumstances.
- d. The remedy sought by the employee to resolve the complaint
- e. Previous responses to written complaint. (If applicable)

[Sexual Harassment complaints are addressed in Policy #712]

Step 3: When the employee is not satisfied with the response from the previous level, the employee may submit the problem in writing to the Elected Official/Department Head. This leader will attempt to respond within five days after receipt.

- A. Certain employees may have more than one source of dispute resolution rights (i.e., the County's Civil Service rules, a collective bargaining agreement, and/or this complaint process). Employees represented by a bargaining unit or who are covered under Civil Service rules should follow grievance procedures set out in their respective labor agreements or Civil Service rules, where applicable. In all other cases, the procedures described in this section shall be used. Under no circumstances shall an employee have the right to utilize both this process and any other County complaint or appeal procedure that may be available to an employee.

745 - IMPERMISSIBLE CONDUCT AFTER LEAVING COUNTY SERVICE

I. PURPOSE

To promote and demand the highest standards of ethics from employees.

II. SCOPE

This policy applies to non-represented management employees of Spokane County. All appointees shall execute a statement acknowledging this policy which shall be placed in their personnel file.

III. POLICY

No former employee shall, within a period of one year after leaving County employment:

- A. Participate in specific matters involving the County if, while in the course of employment with the County, the former employee was officially directly involved in the specific matter, or personally and substantially participated in the specific matter, or acted on the specific matter;
- B. Represent any person as an advocate in any matter before Spokane County in which the former employee was directly involved while a County employee; or
- C. Participate as or with a bidder, vendor or consultant in any competitive selection process for a County contract/bid in which the former employee assisted the County in determining the project, or work to be done, or the process to be used in completing the project.

Whenever an employee of Spokane County wishes to contract with a former County employee for expert or consultant services within one year of the latter's leaving County service, advance notice shall be given to and approval received in writing from the County CEO.

The prohibitions of subsection III (A) and III (B) of this policy shall not apply to a former employee acting on behalf of another governmental entity/agency if the County CEO has determined that the service to the governmental entity/agency is not adverse to the interest of the County.

Because damages to the County for a violation of this policy are difficult to quantify and prove, employees agree that each violation of this policy after leaving County employment will subject them to liquidated damages in the sum of one thousand (\$1000.00) dollars. The liquidated damages under this policy may be enforced in the same manner as a judgment in a civil court. This liquidated damages provision shall not prevent the County from seeking injunctive relief in a court of competent jurisdiction.

800 - DISCIPLINE & TERMINATION POLICY

Policy No. 800
April, 2001
Page 1 of 4

800 - DISCIPLINE & TERMINATION

I. PURPOSE

To establish guidelines for dealing with situations that require various levels of discipline, up to and including discharge. (Labor agreements may vary. See specific labor agreements for information about discipline.)

II. SCOPE

This policy applies to all County employees.

III. PHILOSOPHY

Employment with the County should be a positive experience. However, when an employee's behavior or work performance is inappropriate or unacceptable, discipline may be imposed to correct such behavior, except in the cases involving termination.

IV. POLICY

Progressive discipline, as defined below, should be used to correct behavior or performance when appropriate. **However, the County reserves the right to waive progressive discipline as necessary.**

V. AUTHORITY

The Elected Official/Department Head or supervisor, as appropriate, has full discretion and authority to impose disciplinary action in accordance with County policy.

VI. EXAMPLES OF INAPPROPRIATE/UNACCEPTABLE BEHAVIOR

Employees will be considered displaying inappropriate or unacceptable behavior if one or more of the following behaviors are shown: (NOTE: This list is not all inclusive, and serves only as a general guide.)

- A. Employees acting outside the scope of their duties or violating the policies set forth in this manual.
- B. Acts, errors, or omissions that discredit public service or impair the orderly services to the citizens of the County.
- C. Attendance Problems
 - Unexcused absence
 - Chronic absenteeism
 - Unexcused or excessive tardiness
 - Leaving without permission

D. Work Performance Problems

- Failure to complete work assignments
- Producing substandard products or services
- Loss of minimum requirements for the job (e.g.: bondability, drivers license, etc.)

E. On-The-Job Behavior Problems

- Insubordination
- Smoking in unauthorized places
- Gambling
- Failure to use safety devices
- Failure to report injuries
- Carelessness
- Using abusive or threatening language with supervisors, co-workers, or customers
- Possession of illicit drugs or alcohol
- Under the influence of alcohol and/or drugs related to employment
- Possession of firearms or other weapons
- Sexual harassment
- Unauthorized acceptance of fees, gratuities, or other items in the performance of the employee's official duties
- Violation of a law that impacts work, working conditions, or workplace environment

F. Proven Incidents of the Following Capital Offenses Will Result in Immediate Termination

- Theft or conversion of time, money, or materials from the County or other employees
- Fighting
- Sleeping on the job
- Willfully damaging County property or other employees' property
- Falsifying records or documents
- Other actions so serious in nature as to warrant immediate termination

VII. QUESTIONS WHICH MUST BE CONSIDERED WHEN DETERMINING THE LEVEL OF DISCIPLINE

- A. What is the policy violation?
- B. Was the employee aware of the policy?
- C. After an investigation, is the employee guilty of the wrongdoing?
- D. Are there extenuating circumstances?
- E. Has the rule and consequence been uniformly applied?
- F. What is the employee's past work record?
- G. Is there sufficient documentation to support the discipline?

VIII. DOCUMENTATION

Maintaining accurate and complete work records is an essential part of an effective disciplinary system. For documentation to be complete, the following items should be included:

1. Date, time, and location of the incident(s).
2. Negative performance or behavior exhibited by the employee—the problem.
3. Consequences of that action or behavior on the employee's overall work performance and/or the operation of the employee's work unit.
4. Prior discussion(s) with the employee about the problem.
5. Disciplinary action to be taken and specific improvement expected.
6. Consequences if improvement is not made, and a follow-up date.

IX. PROGRESSIVE DISCIPLINE

- A. ***Unless specific rights are granted in labor agreements or Civil Service rules all employees are considered "at-will" employees and may be terminated from employment any time, with or without cause, and with or without notice.***
- B. Discipline may be administered in increasing degrees. If the matter is not serious and an employee's first violation, an oral reprimand starts the discipline process. Each additional violation brings a higher level of discipline such as written reprimand, suspension, or discharge. However, certain offenses are so serious in nature that they will result in more severe levels of discipline, bypassing lower levels and could possibly proceed up to immediate termination.
- C. Examples of Possible Progressive Discipline
 1. Oral Reprimand:

This discipline is the first and lowest level. It places the employee on notice that improvement is needed. If issued, a memo for documentation should be placed in the supervisor's working file (see attachment "A" as an example).
 2. Written Reprimand:

This second level may be for more serious violations or when there has been no correction from the Oral Reprimand. A guide for the written Reprimand is found as Attachment B.
 3. Suspension:

The third level is for more severe violations or when there has been no correction from the Written Reprimand. Suspension can start immediately or at a later date as determined by the supervisor. The supervisor's manager, Department Head, and Human Resources should be notified immediately. The suspended employee may not accrue vacation/sick leave days or hours toward retirement longevity. Exempt employees must be suspended in full workweek increments. Forfeit of vacation days may be appropriate discipline if scheduling problems exist.

4. Discharge:
Ending the employment relationship with Spokane County.

X. OTHER POSSIBLE DISCIPLINE OPTIONS

A. Demotion:

Reducing an employee to a lower level classification may be appropriate to correct work performance deficiencies. Before such action takes place, a review of the circumstances with Human Resources and Labor Relations should be done.

B. Administrative Leave:

1. It may be prudent to place an employee on administrative leave with or without pay for an indefinite period, pending completion of an investigation or other administrative proceedings. Normally, an employee is placed on Administrative Leave when there is a concern that:
 - a. The investigation would be impeded by the employee remaining at work;
 - b. There is a concern for safety of other individuals at work;
 - c. There is a concern for security; or,
 - d. The individual would present a disruptive force by remaining at work.
2. If any employee is placed on administrative leave due to a disciplinary process, they may not accrue personal holidays, vacation, sick leave, or longevity benefits while on leave. If a suspension results for any other reason, the employee may have their benefits credited back depending upon the outcome of the investigation. Consult with Human Resources and/or Labor Relations for guidance.

XI. EXIT INTERVIEW

The supervisor should schedule the departing employee for an exit interview in Human Resources. (See Policy #920 for details.)

XII. PUBLIC DISCLOSURE

“To the extent permissible by Public Disclosure Laws of the State of Washington, Spokane County will make every attempt to keep confidential any information relating to any investigation and resultant actions. However, each employee must be aware and put on notice that should they, or anyone acting in their behalf or at their behest, divulge information to the media or any other individual relating to the investigation and/or resultant action resulting there from, Spokane County reserves the right to release factual information relating to the investigation and/or resultant action to the extent that the County determines it is necessary to convey accurate statements with regard to the investigation and/or resultant action.”

The Elected Official/Department Head, Chief Executive Officer, or Human Resources should only make this statement.

Give the employee a copy. Send the original to the Human Resources Department to be made part of the employee's official personnel file, and a copy may be placed in your department employee file.
7. These meetings are private and will not be repeated, shared, or discussed with other employees by management other than on a subject need to know basis.

Policy No. 910

March 2022

Page 1 of 3

910 - EMPLOYEE SEPARATION

I. PURPOSE

To ensure timely and accurate removal of employees from the County payroll, consistent with positive employee relations practices.

II. SCOPE

This policy applies to all employees.

III. DEFINITIONS

The categories of separation and their definitions are:

A. Resignation: A voluntary separation, including:

1. Resignation (employees should give two weeks written notice).
2. An absence of three or more consecutive working days without notice to the County may be perceived as a voluntary separation. (See Policy No. 713, Attendance)
3. Failure to return from leave of absence without management approval.

B. Deceased: The death of an active employee.

C. Retirement: A voluntary separation, which usually includes qualification for benefits under the County's retirement plan.

D. Reduction in Force: (Also see Policy No. 912, Reduction-in-Force and Recall.) Work is no longer available (job eliminated, contract expired, department closed, reorganization, budget constraints, etc.).

- E. Discharge: An involuntary separation in which the employee is removed from the payroll for violation of employee standards of conduct or safety regulations, unsatisfactory job performance, “at will” status, or any other reason deemed by the County to warrant discharge.

IV. PROCEDURE

- A. Notice to Employee: In accordance with appropriate labor agreements and current County codes, advance notice may be given, when appropriate.
- B. Management Approvals: When an employee is released, separated due to a reduction-in-force, or discharged, written approvals will be required from the Elected Official or Department Head, in addition to the acknowledgment of the Human Resources Department.
- C. Change in Status: The immediate supervisor of the separated employee is responsible for initiating the Personnel Action Form.
- D. Resignation/Termination:
 - 1. EMPLOYEE RESPONSIBILITIES:
 - a. An employee who wishes to leave County employment in good standing should provide a minimum of two weeks written notice of resignation.
 - b. An employee who resigns, with or without notice, will be asked immediately by the supervisor to complete a voluntary resignation form (See Attachment A). The completed notice will be forwarded to the Human Resources for filling in the employee’s permanent record.
 - c. An employee is required to report to work their last day of employment; an employee may not utilize sick, vacation or PTO leave on their final day. If an employee fails to report to work on their last day, the date of termination will be modified to the last date the employee physically worked. Modifying the date of termination may impact the effective date of health insurance coverage.
 - 2. SUPERVISOR’S RESPONSIBILITIES:
 - a. This two-week notice may be waived by the employee's Elected Official/Department Head.
 - b. The supervisor or employer will respond in writing to the employee’s resignation.
- E. Return of Equipment and Keys: By the last day of work, the supervisor must obtain and the separating employee must return all County equipment, keys, and computer code information.
- F. Return of Identification Badges: Spokane County identification badges should be returned or collected on the last day of employment with the County.

- G. Exit Interview: Separating employees, whether voluntary or involuntary, will be referred to the Human Resources Director for an exit interview on or before their last day of work. (See Policy No. 920, Exit Interviews.)
- H. Employment References for Separated Employees: Refer to Policy No. 040, Personnel Records and Privacy.

V. BENEFIT ELIGIBILITY

Generally, when an employee is separated, benefit credits are lost (beyond those paid for at the time of termination), with these exceptions:

- A. Reduction-in-Force: Refer to Policy No. 912.
- B. Vested Right Retirement: General provisions of benefit credit are specified in the appropriate retirement plan booklet. (See the Benefits Coordinator.)
- C. Health Insurance Benefits: Extended coverage and conversion privileges of the health insurance benefit plan are provided in accordance with conditions outlined by COBRA. (See the Benefits Coordinator.)
- D. Vacation/Sick: Refer to Policy No. 311, Vacations, and Policy No. 313, Sick Leave.
- E. Death: Upon the death of an employee, all compensation due shall be paid to the surviving spouse or the estate of an employee.

VI. PERSONAL BELONGINGS

- A. Any personal belongings left on or in Spokane County property after date of termination will be held in the Human Resources building for 60 calendar days post termination date. In the event a separated employee has personal belongings to collect, an appointment may be scheduled by calling 509-477-5750, or by accessing the Human Resources Building located at 824 N. Adams Street, Spokane, WA 99260. In the event personal belongings are not collected after 60 calendar days, those items shall be disposed of.

912 - REDUCTION-IN-FORCE AND RECALL

I. PURPOSE

To provide guidelines for reduction in the workforce and recall procedures.

II. SCOPE

This policy applies to employees of Spokane County. Labor agreements may vary. See specific labor agreements in reference to specific represented employees

III. POLICY

- A. Elected Official/Department Heads may lay off employees for lack of work, budgetary restrictions or other changes that have taken place.
- B. Extra-help, seasonal, temporary, limited term, part-time employees or employees who have not completed their initial review period will be laid off before regular employees are affected.
- C. In determining who is to be laid off, consideration will be given to individual performance and the qualifications required for remaining jobs. Seniority will be considered when performance and qualifications are equal.
- D. Economic conditions, changes in technology or other unforeseen circumstances may require adjustments in staffing levels by means of personnel reduction-in-force (RIF). Before competent employees are separated due to lack of work, the County may explore reasonable possibilities for reassignment. Elected Officials/Department Heads, managers, and supervisors to accomplish any possible inter-department transfers of personnel will maintain liaison concerning this subject with the Human Resources Department.

IV. DEFINITIONS

- A. "Reduction-in-Force" (RIF): Reducing the number of employees when work is no longer available (e.g.: job eliminated, budgetary reductions, reorganization, or departmental closures, etc.).
- B. Recall: Re-employment of an individual on a current certified lay-off list.
- C. Certified Lay-off List: A list of employees who have been terminated due to a reduction in force within the past 18 months.

V. PROCEDURE FOR REDUCTION-IN-FORCE

(Exception: Refer to appropriate labor contract.)

These procedures will guide decreases in the workforce:

- A. When the number of employees must be reduced, employee performance will generally govern. Where two or more employees are of similar ability, length of service may also be a consideration.
- B. The County may occasionally retain certain employees without regard to length of service because of the employee's special knowledge, skill, training, or experience.
- C. Written management approvals for RIF are required as provided in Policy No. 910, Employee Separation.
- D. County elected officials/department heads, managers and supervisors, respectively, are required to give all non-represented employees, except as provided for hereinafter, ten (10) working days notice prior to their layoff as a result of a RIF due to: (i) changes in economic conditions; or (ii) changes in technology; or (iii) restructuring/reorganization. County elected officials/department heads, managers and supervisors, respectively, are encouraged to give additional notice, but are only required to give (10) working days notice. **PROVIDED HOWEVER**, this notice requirement shall not be applicable to those classifications/positions set forth in the following and incorporated herein by reference: (Resolution 3-0067)
