

B&J Environmental INC is looking for a Water and Wastewater Operator.

The pay range is \$23-\$30 based on qualifications and work experience.

Our desired candidate will perform skilled /technical work involving the operation and maintenance of water and wastewater treatment plants. This requires technical knowledge and independent judgement to make treatment process adjustments and perform maintenance on plant equipment, machinery, and related control apparatus in accordance with established standards and procedures.

There is computer work involved with inputting data so basic computer skills are necessary.

Benefits include paid sick time, medical, dental and vision. Vacation after one year is two weeks paid. We also have a 401K with match. Uniforms are provided so if interested please call 234-308-6016.
