

CITY OF BEREA WATER PLANT SUPERINTENDENT

The City of Berea is accepting applications for the position of SUPERINTENDENT in the Water Treatment Plant.

NATURE OF WORK: This is responsible technical, planning, and supervisory work in the operation and maintenance of the municipal water system and water treatment plant.

Work involves responsibility for the performance of supervisory and technical duties involved in the safe and efficient operation and maintenance of the city's water system and water treatment plant to meet current Ohio EPA requirements. Other work includes the planning of improvements of the water treatment plant as needed. Work is performed with considerable independence within the framework of departmental policies and established standards. Supervision is exercised over a staff of semi-skilled, skilled, and technical personnel.

JOB REQUIREMENTS:

40 hour work weeks

Overnight, holidays and weekends are possible

Must be available for emergencies during off duty hours

To have possession of a Class III or IV Water Operators Certification.

To apply, or for more information, visit the [City of Berea Website](#) .

Resume is required, please attach resume to the application.

Job posting will remain open until position is filled.
