### Water Distribution Line Foreman

The City of East Liverpool water department is seeking a qualified candidate for the position of line foreman for the distribution system. The position requires an Ohio EPA class 1 water distribution license or equivalent. Three years related work experience, maintains an awareness of worker safety guidelines and procedures, and applies these in performing daily activities and tasks. Must have a valid Class B CDL driver's license. Applicants must attach a copy of operator or distribution license, driver's license, along with a resume.

<b>Duties:</b> Supervise all work and layouts	Locate Leaks
Time keeping	Locate service lines
Valve operation	Supervise and assist
Valve repairs	Distribution survey
Main line installation	Hydrant Repairs
Main line repair	Hydrant Flushing
Other duties as assigned	Inspects assigned work at job sites
Maintenance of work records	Field investigation of customer complaints

This position also requires the ability to operate a backhoe, skid steer, excavator, compressor, plate tamper, jumping jack, roller, front loader, truck, and trailer combination, one ton dump truck, five-ton dump truck. The understanding or the ability to learn about the city's water system, how it works and what it takes to fix water breaks. At times, this position will require long hours (overtime is required and mandatory). This position requires a lot of dirty, wet, and working in all types of weather conditions. This position is an at will employee and reports to the Water superintendent.

**PAY:** \$24.00 Hour plus benefits, vacation, and Holidays

If interested send a copy of a resume along with a copy of driver's license and operator certificate to [info@eastliverpool.com](mailto:info@eastliverpool.com)
