

Job Title: CHIEF PLANT OPERATOR

Department: Water Treatment Plant

Classification:

Full Time – Hourly
Rate: \$27-\$36/hour
Exemplary Benefit Package

Reporting Relationship: Works under the supervision of and reports to the Water Plant Superintendent.

Position Description:

Under general directions, manages the operations of two (2) water treatment plants. Assisting the water treatment plant superintendent in preparing and coordinating departmental work schedules. Preparing reports as needed on operation and maintenance activities. Preparing requisitions on purchase of equipment and plant chemicals. Resolving complaints concerning water quality. Running required water quality testing and supervising shift operations. Coordinates the facility maintenance with Plant Superintendent and maintenance personnel.

Perform other related duties as required.

Qualifications:

Any combination of training, education and work experience which indicates possession of the skills, knowledge and abilities listed.

A high school diploma or equal education. Possession of a State of Ohio Class II Water (or higher) Treatment Operator’s License within one (1) year of appointment to the position. Five (5) years of experience in water treatment operation, and/or any equivalent combination of education and/or experience which evidences a comprehensive knowledge of the water treatment process, operation, and maintenance.

Possession of a valid “State of Ohio Motor Vehicle Operator’s License”. An ability to be on-call after regular business hours; an ability to communicate with the public; an ability to work in adverse weather conditions and an ability to maintain self-control under adverse circumstances. Must possess the ability to move heavy objects (100 lbs. or more) in and around the plant and facilities.

May be required to possess a State of Ohio class III Water Supply license if our facility is reclassified by the OEPA.
