

Succession Planning

“Our committee of Industry Professionals recognized the Ohio EPA Professional Class 1 Wastewater Operator OIT (Operator In Training) Credential from Operator Training Committee of Ohio (OTCO) as a clear career path beginning to working in water operation. They have recommended this credential to be included on the Ohio Department of Education's List of Industry Recognized Credentials for 2019-2020 at a 12 point value in the Agriculture career field.”

From Industry Credential Review Team July 8, 2019

How Can I Get This In My Area?

1. Talk to OTCO
 - a. Curtis Curtis@otco.org
 - b. Ann Ann@otco.org
 - c. Set up information session
 - i. Instructor
 - ii. Min qualifications for instructor approved by OTCO
