

Pace of "Playsure" Helpful Hints

Keep Pace With Your Tee Time: Add about 1 hour or less to your tee time and plan to be playing your **5th** hole of the day! In another 60+/- minutes you should have completed 9 holes & be headed to the LR for a break. **Spoiler Alert:** Haven't seen the group in front of you in the last 15 minutes? Consider yourselves "on the clock"

Drop Off Your Partner & Get Out Of The Cart: Grab some clubs, think about your shot & start walking to your ball.

Watch Your Balls: At the very least have your partner's back, watch her ball until it lands or follow the ball flight

Pick Up Your Ball On The Green when the hole is over!
Pick Up Your Ball if you are out of the hole.

Get off the green, get in your cart & score on the next tee box.
