SAN LEON DEDICATES WATER TOWER TO JOE MANCHACA

A ceremony was held February 24th at the San Leon MUD to formally dedicate the communities water tower to past Water Board President, the late Joe Manchaca. Among those in attendance were Joe's wife, Marlene Manchaca, members of the community, MUD personnel, and current and past Water Board members. Also attending were elected officials, Senator Mayes Middleton, Representative Terri Leo-Wilson, GSCO Major Ray Nolen, Jimmy Fullen, and others. An active member of the American Legion & Steve's Organized Bunch, Joe served on the San Leon MUD board for nearly 15 years. He was a pillar in the community, caring for his neighbors and doing his part to improve the quality of life for everyone. He strongly advocated for our veterans and was a staunch supporter of our first responders and county officials.

DO YOU KNOW THE RULES?

The Seabreeze News received a phone call and the lady stated she lived in San Leon, an unincorporated area of Galveston County. Living in an unincorporated area has its advantages and its disadvantages. She stated that she has a new neighbor that just lets his dog run loose while her five dogs are in a fence in her backyard. When she mentioned to him that he can't just let his dog run loose, he looked at her and said there are no laws about dogs in San Leon. Instead of making a big deal about it, she just turned and went into her house. Not only was the guy wrong for letting his dog run loose, but she was not in compliance with Galveston County dog laws. Galveston County does have a leash law. Here are some other helpful facts that we found.

How many dogs can you own in Galveston County?

(a) It shall be unlawful for any person to keep, harbor, possess, maintain or allow to be kept, harbored, possessed or maintained, more than **three (3) dogs** or three (3) cats or a combination of said animals with the total number not exceeding three (3) over three (3) months old, upon or within any premises owned.

Is there a dog barking law in Texas?

Animal Nuisances. It shall be unlawful and constitute a public nuisance to keep any animal(s) that causes frequent, excessive or long continuous barking, whining, crying, meowing, howling, or other animal-related noise that interferes with public peace and comfort.

Can you leave your dogs outside all day in Texas?

It is illegal in Texas to leave your dog outside without proper shelter in extreme temperatures.

The Safe Outdoor Dogs Act, signed by Gov. Abbott in Oct. 2021, gives harsher penalties for those who chain their dogs up or leave them without shelter.

Can you break a window to save a dog in Texas?

Only eight states — California, Colorado, Indiana, Massachusetts, Wisconsin, Florida, Ohio and Tennessee — have "Good Samaritan" laws that allow any person to break a car window to save a pet.

Does Texas require you to register your dog?

The State of Texas requires rabies vaccinations for any dog or cat four months or older anywhere in the state. However, **state law leaves requirements for licensing pets up to the city and county.**

What is the one bite rule in Texas? Who Is Liable for a Dog Bite in Texas?

Texas has an overarching one-bite law. This law can make it difficult to hold pet owners responsible for attacks. It requires the victim to prove the dog has bitten another person in the past or the owner had reason to know of the dog's vicious propensities.

How long before a stray dog is legally yours in Texas?

At least 7 days. If the identity of the owner is not known, scan the animal for microchip identification, provided the shelter, pound, kennel operating as a shelter or pound, or animal rescue organization facility has such technology available. If the owner is known, notice must be given.

man, and he wants to be **that guy**. It sounds petty over \$30.00 but if he is blowing up your phone and threatening to come to your job, Larry is out of control! Give the cheap bastard his \$30.00 and be done with him. He will only become a bigger problem every time he comes around.

Dear Editor,
Most of us that are over 50 use Facebook to keep up with friends that we have met throughout the years. A week ago, I saw where one of my old friends' husband was in the hospital. When I got off work yesterday, I went on FB to check the status of her husband and I watched a FB live video of her in her husband's hospital room while he was in surgery. I watched about 45 minutes of her rambling on about nonsense. I was appalled by her rambling and every now and then she would speak about her husband. She talked about a meal train, and I get that, she does have children, but she was getting the food not the kids. She talked about her Airbnb and that she doesn't want help but if she doesn't accept it, she would be stopping her friends from doing God's work. Oh, and she must have been by some kind of airport because every now and then she would turn the phone around and say, "Look. There goes another airplane" or "Oh, look at the size of that mosquito outside the window" or "there goes a moth." Someone on the live feed said they will drop off some books to her. Well, that turned into a whole discussion about reading books versus a Kindle all the way to Amazon. There were people cleaning the room and she was making fun of them and laughing. She was smacking gum. Maybe I was wrong about feeling like she was making a big joke about her husband's misfortune. That was his second surgery in a week. She kept saying FB live is the best way to get information out there about her husband. During the 45 minutes of the live freed ,she mentioned her husband for about five minutes. It was all about me, me, me and I, I, I.

Signed, What was she thinking?

Dear Thinking,
Wow. That is 45 minutes you will never get back. I agree that was not a way to get her husband's info out to their friends. I am sure you are not the only one that feels that way.

Dear Editor,
Since the pandemic, everything has gone up and everyone has been affected! The landlord, the renter, the person with a credit card (or three) and they have been paying unexpected higher bills on these credit cards. I seen on a talk show that the two people that are living in their van, and between the two they had four jobs, they were pissed that the landlord sold the property and the new owners went up on the rent.

**Signed,
Don't want to live in a van by the river.**

Dear Living in a van,
These people did not buy these properties to have a charity case, they bought it for an investment. Any upgrades that they do, the big box stores have increased the price on all materials and everyone that rents want all the upgrades. It is a bad situation for everyone. There are not many places where you can park a van and live in it, besides by the river. A can of fix-a-flat is now \$20.00.

Dear Editor,
I am a 52-year-old single woman, I have had a friend since high school that is always there to help me when I need to move or need things done around the house. I recently moved into a new house and there were a few things I needed help with and here comes Larry to my rescue. Larry likes to drink beer and sometimes gets a little creepy, but I just mark that up to the beer drinking. The last time Larry showed up he was drinking, and he put about \$30.00 on his credit card for a few supplies and I was very grateful for his help. He got really creepy, and I made him leave. Fast forward to today, I work doubles almost every day and my boss does not allow cell phone at work. When I get off work it's late and I have not replied to Larry's text or phone calls, I am tired and it's late. Larry has threatened to come to my job and Larry has now threatened my landlord with putting a lien on her house over \$30.00. Can he do this?

**Signed,

San Leon Don's FISHING TIPS

Don is on a first name basis with most of the local fish...

We are in March and lots of specks will be caught, some under size and must be released. I'll try to give those that don't know the proper way to handle these fish so they survive and grow to be a legal size. Don't use a rag to hold the fish while removing the hook as it removes the much-needed slime for its wellbeing. Get it back in the water as soon as possible. Keep your hands wet, use good needle nose pliers to remove the hook. If it swallows the hook, just cut the line as short as you can. It will most likely die anyway. You may want to move to another location if undersize fish is all that you are catching or you can bend the barb down using your pliers. We need to do all we can to protect all species of fish to ensure there will be fish for our future generations to enjoy for years to come.

FROM THE ARCHIVES OF DEAR STEVE'S WIFE TRAINING SCHOOL

Dear Steve:
I am a 24 year old woman. My fiance and I are getting married in June. We are financing the entire wedding ourselves without the help of our parents. The wedding is to be very small with only eight very close family members. The party afterwards can be as big as it can get because it is on a friend's property and anyone and everyone that wants to attend, is invited. My problem is, a whole lot of friends think they should be able to attend the wedding. How can I gracefully tell them that it is for our immediate family only.

Signed,
Needs to know in League City

Dear Needs:
Here is what you tell them. I am having a wedding with only eight family members present. No one else is invited to the wedding. You are welcome to come to the party afterwards. Now, what's so hard about saying that, stupid?

Dear Steve:
My wife has a small dog that craps on the floor two or three times a day. We have a big fenced-in back yard, but my wife doesn't want her little 'baby' to go outside. The dog does not ever let you know he needs to go outside because he has never been trained. He just craps and pees whenever he wants to and she follows behind and cleans it up. I took the dog one time and rubbed his nose in it and put him outside and both the dog and my wife started whining. What should I do?

Signed
Stepping in it in Dickinson

Dear Stepping:
Here's is what you do. The next time the dog craps on the floor, pick it up in your hand and rub it in your wife's face. Tell her you are going to do this every time the dog craps in the house. I guarantee you, she will open that back door and let the dog out several times a day. Sometimes it's necessary to train your wife like you would like a good dog to be trained.

Dear Steve:
My wife and I have lots of arguements about making decisions. We cannot seem to agree on anything and I am tired of the bickering. Who makes the decisions in your marriage?
About to give up in Bacliff

Dear About:
I let my wife make EVERY decision in our house until it is something important, then I make the decision.

Dear Steve,
I am the mother of a twenty year old son that was in the criminal section of your paper. How dare you put my son's picture in there for the whole community to see. I'm not sure you can legally post his mug shot picture and I am going to talk to a lawyer about this. What gives you the right to post these young people's pictures and embarrass them?
Signed,
Very Mad Mother in Bacliff

Dear Mad Muther,
We looked up your son and he has been arrested five times for crystal meth. When your son is on crystal meth he has to get money to buy the shit so on his police record he has also been arrested for theft twice, burglary of a habitat, and breaking and entering. What this means is, your son does drugs and in order to get the drugs he steals and robs. You are his mother, instead of defending him you ought to be seeing what you could do to help him. If your son is embarrassed by having his picture in the paper tell him he can change all this by simply stopping riding in the back seat of a police car.

Funny Bones

One day little Johnny was digging a hole in his back yard. The next-door neighbor spotted him and decided to investigate. "Hello Johnny, what are you up to?" he asked.
 "My goldfish died and I'm gonna bury him," Johnny replied.
 "That's a really big hole for a goldfish, isn't it?" asked the neighbor.
 "That's because he's inside your cat!"

A teacher is trying to teach good manners to her third-grade students. She turned to her class and said, "Michael, if you were on a date having dinner with a nice young lady, how would you tell her that you have to go to the bathroom?"

Michael said, "Just a minute, I have to go pee."
 The teacher responded by saying, "Well, that would be rude and impolite. What about you Sherman, how would you say it?"
 Sherman said, "I am sorry, but I really need to go to the bathroom. I'll be right back."
 "That's better, but it's still not very nice to say the word bathroom at the dinner table. And you, little Johnny, can you behave for once and show us your good manners?"
 Johnny said, "I would say: Darling, may I please be excused for a moment? I have to shake hands with a very dear friend of mine, who I hope to introduce you to after dinner."
 That's when the teacher fainted...

A Christian name Bill saw an ad for a Christian horse, so he went to check it out. The horse's owner said, "It's easy to ride him. Just say 'Praise the Lord!' to make him go and 'Amen!' to make him stop." Bill got on the horse and said, "Praise the Lord!" Sure enough, the horse started to walk. "Praise the Lord!" he said again, and the horse began to trot. "Praise the Lord! Praise the Lord!" he yelled, and the horse broke into a gallop. Bill was enjoying his ride so much that he almost didn't notice the cliff he and the horse were about to go over. Bill shouted "AMEN!" at the top of his lungs, and the horse stopped right at the edge of the cliff. Relieved, Bill said, "Phew! Praise the Lord!"

A doctor goes out and buys the best car on the market, a brand new Ferrari. It is also the most expensive car in the world, and it costs him \$500,000. He takes it out for a spin and stops at a red light. An old man on a moped, looking about 100 years old, pulls up next to him.
 The old man looks over at the sleek shiny car and asks, "What kind of car ya got there, sonny?"
 The doctor replies, "A Ferrari. It cost half a million dollars!"
 "That's a lot of money," says the old man. "Why does it cost so much?"
 "Because this car can do up to 250 miles an hour!" states the doctor proudly.
 The moped driver asks, "Mind if I take a look inside?"
 "No problem," replies the doctor. So the old man pokes his head in the window and looks around. Then, sitting back on his moped, the old man says, "That's a pretty nice car, all right, but I'll stick with my moped!"
 Just then the light changes, so the doctor decides to show the old man just what his car can do.
 He floors it, and within 30 seconds, the speedometer reads 150 mph. Suddenly, he notices a dot in his rear view mirror – what it could be...and suddenly...WHHHOOOOOSSSSSHHH!
 Something whips by him going much faster! "What on earth could be going faster than my Ferrari?" the doctor asks himself. He floors the accelerator and takes the Ferrari up to 175 mph.
 Then, up ahead of him, he sees that it's the old man on the moped! Amazed that the moped could pass his Ferrari, he gives it more gas and passes the moped at 210 mph.
 WHOOOOOOSH HHHHH! He's feeling pretty good until he looks in his mirror and sees the old man gaining on him AGAIN! Astounded by the speed of his old guy, he floors the gas pedal and takes the Ferrari all the way to 250 mph. Not ten seconds later, he sees the moped bearing down on him again! The Ferrari is flat out, and there's nothing he can do! Suddenly, the moped plows into the back of his Ferrari, demolishing the rear end.
 The doctor stops and jumps out and unbelievably, the old man is still alive. He runs up to the mangled old man and says, "Oh my gosh! Is there anything I can do for you?"
 The old man whispers, "Unhook my suspenders from your side mirror."

TWDB Grant Funding

The District has been in the process of obtaining state funding to help improve our sewer infrastructure. Our application was passed through administrative review and we're currently going through a technical review process, which may take several months. Once the TWDB has confirmed the data supplied in our application, the District will be able to finalize the funding to address much of the improvements needed in our aging sewer collection system.

Water Line Improvements

For the past several years, the District has been working to inventory and identify key areas of our infrastructure that needs improvement, key of which are 2" water mains that are currently near or at capacity due to State mandated limits. Of the almost 31 miles of 2" lines, nearly half of them are already at capacity! Fortunately, since the wastewater plant expansion project came in under budget, we can reallocate the remaining funds toward improving those lines. The first phase of improvements should be awarded at this month's meeting, with the remainder undergoing design and bidding later this year. While we aren't sure the final date for the improvements to be fully completed, we're excited about the improvements that will be undertaken in the coming months and years to build resiliency and support for the future growth of San Leon!

IN MEMORIAM

DONNIE LEE WIMBERLY

Donnie Lee Wimberly unexpectedly, but peacefully, left this world on Sunday, February 5th, 2023, at the age of 49 at home in Magnolia, Texas. He was born and raised on the Northside of Houston where he attended Aldine School District, and met many of his lifelong friends, that soon became family. He was given his first car as a young teenager, a white, beat up 1972 Chevy truck. His dad began teaching him how to become a mechanic, soon creating a love for racing. Turning his once beat up white truck, into

a bright red, loud, and fast race car. While still in high school Donnie met Joyce, they became inseparable, she raced away with his heart, and their journey began. They married in 1994 and welcomed what would become his whole world, their two daughters, Alexis and Torrey. He spent the last years of his life dedicated to his beloved grandchildren, Aubrey and Cameron. Quickly molding himself into the best dad and grandpa anybody could have asked for.

Donnie survived many things in his short life, that many of us would not have overcome. His goofy and mischievous sense of humor constantly caused laughter and despite everything Donnie had been through, he remained encouraging and supportive to anybody who had the pleasure of meeting him. He was the strongest man that many of us had ever known, some may even call him a man of steel. But he was certainly our Superman.

Donnie was preceded in death by his mother, Elizabeth (Liz) Gail Matthews Wimberly. He is survived by his wife and best friend of 35 years, Joyce Ann Koliba Wimberly; daughters Alexis Ann Wimberly and Torrey Lee Wimberly; grandchildren Cameron James and Aubrey Elaine; father Donald Lee Wimberly, Sr., and his brother Jason Allen Wimberly.

Tanya Halle

March 7th, 1969 – February 24th, 2023

Sadly, Sisters Helping Sisters mourns the loss of another fierce warrior. Tanya battled inflammatory breast cancer for nearly a decade. She joined SHS in 2018 and immediately won over the hearts of all who met her. Though her battle was long and tough, her faithful spirit and beautiful smile never wavered. Tanya's biggest achievement was obtaining her Master's Degree while battling Stage 4 breast cancer. Above all, Tanya loved God and her little furbaby ChiChi. She will be missed by all of her SHS sisters and brothers.
