Dear Friends,

On behalf of First United Methodist Church I want to thank you for your donation of red coquina sand to our Prayer Garden. With Austin Outdoors designing and coordinating the project, you were part of creating a beautiful space!

It has been several months since the installation. This summer we were blessed with good rain that helped establish the garden, and it looks AMAZING! See for yourself...

Now the picture is great, but it really doesn't do it justice. Please come by and see what a beautiful place you had a hand in creating! The Prayer Garden is open every day until 11:00 p.m. Please feel free to come at your leisure—it is a beautiful, peaceful place.

Thank you once again for your generosity! You were part of something that touches the lives of so many in our community – you help them experience the beauty of God's creation when they need it most!

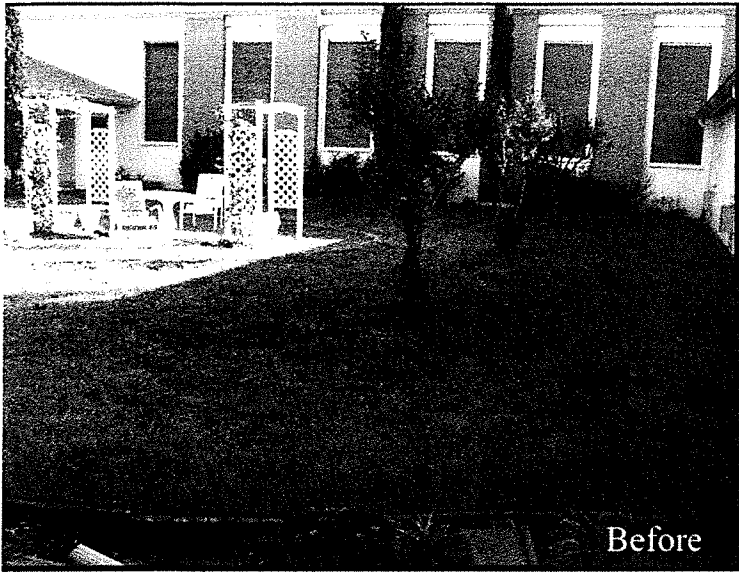

Gratefully Yours,

Beth ☺
