WHO WE ARE & WHAT WE DO!

TECHNICAL EXPERIENCE

- Supporting our customers IT security needs for over 25 years
- Extensive expertise in discovering cyber vulnerabilities in industrial applications & services
- Remove or mitigate threats from would-be hackers in Internet of Things and Industrial Internet of Things.
- We specialize and focus on effective cyber security solutions.

CYBER SECURITY SOLUTIONS FOR INTERNET OF THINGS

Third Eye View's cyber security solution for the IoT comes from our approach to the IoT stack. The IoT stack is a break out of all IoT processes into manageable & understandable layers. Our focus is on the physical layer to the network edge. The physical layer contains devices like sensors & actuators. The network edge will contain the IoT gateways & devices that provide on premise data analytics.

The Basic View & Sensor

Gateway & Sensor   Mobile & Web App   Reports & Alerts

Reports

- Temperature Summary
- Humidity Summary
- Probe Summary

Automated Remote Monitoring Features

QUICK & EASY SET UP
Scalable fast deployment for temperature & humidity constant and accurate monitoring.

ACTIONABLE ALERTS
Receive timely alerts via sms text messages and emails. Set sensor reading thresholds & configure alert settings.

CORRECTIVE ACTION
Quickly document the neccesary course of action required to address alerts associated with incidents and workflows.

COMPLIANCE VISIBILITY
Ensure CDC, JCAHO, & FDA regulatory compliance with accurate data recording & printable results.

ENTERPRISE READY
Industrial grade sensors with low power & long range capabilities for monitoring facilities of any size.

SECURITY & PRIVACY
Highest standards of HIPAA-compliant data protection, ensuring end-to-end embedded AES encryption.

OUR COMMITMENT TO YOU

We are committed to delivering a superior monitoring solution that supports all of your needs. Here's what you can expect once the solution has been installed:

IMMEDIATE COST SAVINGS
Employees won't have to manually monitor refrigeration systems anymore. That means you'll begin saving money from day one!

AROUND THE CLOCK COMPLIANCE
If refrigeration temperatures ever fall out of range, you'll receive instant, actionable alerts so that you can immediately address issues before they become costly regulatory violations.

24/7/365 MONITORING
We'll always be available to answer any questions or concerns you have about the solution & its features.

LIFETIME GUARANTEE
We stand by our solution 100%. Support is provided on product and services, post-sale via service agreement.
