

The De Morgan Wellness Group

Personal data we collect

DE Morgan collects data from you, through our interactions with you and through our products. You provide some of this data directly, and we get some of it by collecting data about you through your interactions, uses, and experiences with interactions with our website and information you provide ie name email, date of birth when you complete forms to be a new patient or seek out help for preceptor placement.. The data we collect depends on the context of your interactions with DeMorgan and the choices you make, including your privacy settings and the products and features you use. We may also obtain data about you from third parties.

You have choices when it comes to the technology you use and the data you share. When we ask you to provide personal data, you can decline. Many of our products require some personal data to provide you with a service. If you choose not to provide data required to provide you with a product or feature, you cannot use that product or feature. Likewise, where we need to collect personal data by law or to enter into or carry out a contract with you, and you do not provide the data, we will not be able to enter into the contract; or if this relates to an existing product you're using, we may have to suspend or cancel it. We will notify you if this is the case at the time. Where providing the data is optional, and you choose not to share personal data, features like personalization that use such data will not work for you.

How we use personal data

DE Morgan uses the data we collect to provide you with rich, interactive experiences. In particular, we use data to:

- Provide our products, which includes updating, securing, and troubleshooting, as well as providing support. It also includes sharing data, when it is required to provide the service or carry out the transactions you request.
- Improve and develop our products.
- Personalize our products and make recommendations.

- Advertise and market to you, which includes sending promotional communications, targeting advertising, and presenting you with relevant offers.
- Health education
- Student Education
- Community Education
- Family health
- Teasing out trends in healthcare and student education
- Research

We also use the data to operate our business, which includes analyzing our performance, meeting our legal obligations, developing our workforce, and doing research.

In carrying out these purposes, we combine data we collect from different contexts (for example, from your use of two DeMorgan products) or obtain from third parties to give you a more seamless, consistent, and personalized experience, to make informed business decisions, and for other legitimate purposes.

Our processing of personal data for these purposes includes both automated and manual (human) methods of processing. Our automated methods often are related to and supported by our manual methods. For example, our automated methods may include artificial intelligence (AI), which we think of as a set of technologies that enable computers to perceive, learn, reason, and assist in decision-making to solve problems in ways that are similar to what people do. This manual review may be conducted by employees or vendors who are working on DeMorgan's behalf. Develop spreadsheets using Microsoft or Google products to develop products going forward using interns or student help. This data may come from cookies collected from our websites.

Reasons we share personal data

We share your personal data with your consent or to complete any transaction or provide any product you have requested or authorized. We also share data with DeMorgan-controlled affiliates and subsidiaries; with vendors working on our behalf; when required by law or to respond to legal process; to protect our customers; to protect lives; to maintain the security of our products; and to protect the rights and property of DeMorgan and its customers.

How to access and control your personal data

You can also make choices about the collection and use of your data by DeMorgan. You can control your personal data that DeMorgan has obtained, and exercise your data protection rights, by contacting DeMorgan or using various tools we provide. In some cases, your ability to access or control your personal data will be limited, as required or permitted by applicable law. How you can access or control your personal data will also depend on which products you use. For example, you can:

Not all personal data processed by can be accessed or controlled via the tools above. If you want to access or control personal data DE Morgan processed. You can contact DE Morgan at 7271 N Main Street Suite 2 Dayton, OH 45415 for concerns about privacy.

Cookies and similar technologies

Cookies are small text files placed on your device to store data that can be recalled by a web server in the domain that placed the cookie. We use cookies and similar technologies for storing and honoring your preferences and settings, enabling you to sign in, providing interest-based advertising, combating fraud, analyzing how our products perform, and fulfilling other legitimate purposes. DE Morgan apps may use additional identifiers, such as the advertising ID in Windows described in the [Advertising ID](#) section of this privacy statement, for similar purposes.

We also use “web beacons” to help deliver cookies and gather usage and performance data. Our websites may include web beacons, cookies, or similar technologies from third-party service providers.

You have a variety of tools to control the data collected by cookies, web beacons, and similar technologies. For example, you can use controls in your internet browser to limit how the websites you visit can use cookies and withdraw your consent by clearing or blocking them.

Products provided by your organization—notice to end users

If you use a DeMorgan product with an account provided by an organization you are affiliated with, such as your work or school account, that organization can:

- Control and administer your DeMorgan product and product account, including controlling privacy-related settings of the product or product account.
- Access and process your data, including the interaction data, diagnostic data, and the contents of your communications and files associated with your DeMorgan product and product accounts.

If you lose access to your work or school account (in event of change of employment, for example), you may lose access to products and the content associated with those products, including those you acquired on your own behalf, if you used your work or school account to sign in to such products.

When you use a DE Morgan product provided by your organization, DE Morgan's processing of your personal data in connection with that product is governed by a contract between DeMorgan and your organization. DeMorgan processes your personal data to provide the product to your organization and you, and in some cases for DeMorgan's business operations related to providing the product as described in the [Enterprise and developer products](#) section. As mentioned above, if you have questions about DE Morgans processing of your personal data in connection with providing products to your organization, please contact your organization. If you have questions about DE Morgan's business operations in connection with providing products to your organization as provided in the Product Terms, please contact DE Morgan as described in the [How to contact us](#) section. For more information on our business operations, please see the [Enterprise and developer products](#) section.

Privacy settings can be set based on your on needs within this company please

Other important privacy information

Below you will find additional privacy information, such as how we secure your data, where we process your data, and how long we retain your data. You can find more information on DeMorgan and our commitment to protecting your privacy at DE Morgan [Privacy](#).

Product-specific details: Enterprise and developer products

In the event of a conflict between this DE Morgan privacy statement and the terms of any agreement(s) between a customer and DE Morgan for Enterprise and Developer Products, the terms of those agreement(s) will control.

You can also learn more about our Enterprise and Developer Products' features and settings, including choices that impact your privacy or your end users' privacy, in product documentation.

If any of the terms below are not defined in this Privacy Statement or the Product Terms, they have the definitions below.

General. When a customer tries, purchases, uses, or subscribes to Enterprise and Developer Products, or obtains support for or professional services with such products, DeMorgan receives data from you and collects and generates data to provide the service (including improving, securing, and updating the service), conduct our business operations, and communicate with the customer. For example:

- When a customer engages with a DE Morgan sales representative, we collect the customer's name and contact data, along with information about the customer's organization, to support that engagement.
- When a customer interacts with a DE Morgan support professional, we collect device and usage data or error reports to diagnose and resolve problems.
- When a customer pays for products, we collect contact and payment data to process the payment.
- When DE Morgan sends communications to a customer, we use data to personalize the content of the communication.
- When a customer engages with DE Morgan for professional services, we collect the name and contact data of the customer's designated point of contact and use information provided by the customer to perform the services that the customer has requested.

The Enterprise and Developer Products enable you to purchase, subscribe to, or use other products and online services from DeMorgan or third parties with different privacy practices, and those other products and online services are governed by their respective privacy statements and policies.

Productivity and communications products

Productivity and communications products are applications, software, and services you can use to create, store, and share documents, as well as communicate with others.

Search and artificial intelligence

Search and artificial intelligence products connect you with information and intelligently sense, process, and act on information—learning and adapting over time.

Cloud Based Services

Windows is a personalized computing environment that enables you to seamlessly roam and access services, preferences, and content across your computing devices from phones to tablets to the Surface Hub. Rather than residing as a static software program on your device, key components of Windows are cloud-based, and both cloud and local elements of Windows are updated regularly, providing you with the latest improvements and features. In order to provide this computing experience, we collect data about you, your device, and the way you use Windows. And because Windows is personal to you, we give you choices about the personal data we collect and how we use it. Note that if your Windows device is managed by your organization (such as your employer or school), your organization may use centralized management tools provided by DeMorgan or others to access and process your data and to control device settings (including privacy settings), device policies, software updates, data collection by us or the organization, or other aspects of your device. Additionally, your organization may use management tools provided by DeMorgan or others to access and process your

data from that device, including your interaction data, diagnostic data, and the contents of your communications and files. For more information about data collection in Windows, see [Data collection summary for Windows](#). This statement discusses Windows 10 and Windows 11 and references to Windows in this section relate to those product versions. Earlier versions of Windows (including Windows Vista, Windows 7, Windows 8, and Windows 8.1) are subject to their own privacy statements.

Entertainment and related services

Entertainment and Related Services power rich experiences and enable you to access a variety of content, applications and games. This notice was adopted from Microsoft privacy statement. Privacy settings can be set based on you your needs within this company please.
