

Beach Vacation Part 1

(By: Karen Murray)

Part 1

I don't know how many of you have read about the skiing vacation I took last winter. It was a rather boring until my boyfriend Dave and his friend Jim decided to do some very kinky things to Jim's girlfriend

Cathy and me, of course. None of the individual activities were new to me, but the combination of things did get me very excited. Cathy on the other hand was quite innocent of these kinky entertainments. The

vacation turned out to include her first assfuck, her first time naked in front of more than one guy at a time, her first time naked (in a sexual context) in front of a girl (me), her first enema, her first

outdoors fuck, her first lesbian kiss, her first swapping, her first time with two cocks at once, her first lesbian licking, her first lesbian fingering, her first taste of pussy, (lots of lesbian firsts in here) etc., etc., etc...

Well, it was so much fun that the boys (Dave and Jim) decided to spend a summer vacation together as well. Needless to say Cathy and I were going to be used for their kinky perversions again. I was dripping

cunt juice just thinking about it. Now that it has happened, I am going to tell you about it. Dave and I arrived late on Sunday afternoon. Jim and Cathy were already there and had dinner ready for the barbecue. No one mentioned doing anything kinky. We just waited until someone started something. Nothing kinky happened that night. Dave gave me a good fuck, but nothing out of the ordinary. The next morning we got up and went to the kitchen for breakfast. Jim and Cathy were already making pancakes

and coffee. The sight of the syrup made me giggle and that got Cathy giggling as well. Jim told Dave that these two dirty-minded girls needed to be taught some breakfast manners. Dave agreed and took my

arm and bent me over the table. As he lifted up my robe to expose my ass to Jim, Cathy was getting bent over next to me. Soon there were two asses bared for the boys to see and punish. First Dave gave me a smack on each ass cheek, Jim did the same to Cathy. Then they switched, Jim smacked my ass, Dave did Cathy's. Then they switched and increased the number to two smacks per ass cheek. Then switch and spank, then switch, increase to three smacks, then switch again. Now there were four pink, tender ass cheeks showing. I had received harder spankings before, but these were enough to get me hot and the grin on Cathy's face told me she wanted to get started on the kinky stuff too.

They stood us up and stepped back. Dave told us to drop the robes we were wearing. We opened them and drop them to the floor. Jim told us to turn around slowly. We did, showing off everything (tits, cunt, ass).

Dave mentioned that Cathy and I had not properly greeted each other. He told us to

"Do It", and we did. We fell into each others arms and tried to devour the others tongue. Quickly our hands moved down to tits we hadn't seen or sucked in 6 months. Wanting more, our hands moved down to cunts and asses. I had two fingers in Cathy's hot wet snatch and a finger working in her ass crack before the boys pulled us apart. They told us we would have to wait to have that kind of sex. In the meantime, they wanted breakfast, and Cathy and I were the desert. After eating the pancakes and drinking their morning coffee, Cathy and I were laid on the table, legs up and open. Dave sat at my crotch, Jim at Cathy's. Maple syrup was poured onto our cunts and properly licked off. Soon both Cathy and I were in the throes of a great orally induced orgasm. Before we recovered from it completely, the boys switched places. This time strawberry jam and a longer, slower orgasm. When we were recovering from our second orgasm of the day, the boys turned us face down on opposite sides of the table. Dave began to lubricate my asshole. I knew it was Dave because he is so gentle when he is buttering up my ass for a fucking. He finished and moved away. Hands grabbed my ass cheeks and a cock pressed against my asshole. I looked up to watch Jim plow Cathy's hot ass only to see Dave working his cockhead into her. I reached forward with my right hand to pull one of Cathy's cheeks. I reach back with my left to pull my own ass cheek. Dave told Cathy what I was doing and told her to do the same. Soon we were holding our ass cheeks open for the boys to fuck our willing assholes. Jim pulled his cockhead out for a moment, said he wanted to see how open I really was, then put his cock back into my tail, this time pushing slowly until he was complete filling my ass. The boys began a long rhythmic fuck. This fuck was for their pleasure, and they certainly took their time getting it. I really enjoy an assfuck, because the pleasure never seems to stop, it builds to a point where I don't care about anything else, and stays at that plateau until either I finger myself off or the guy shoots his load. Cathy thrashes around a bit more than I do when she is getting her tail worked over, but she enjoys it.

After a long time of this pleasure plateau, Jim began to pump my ass faster. I reacted by tightening my ass, squeezing his muscle to match his strokes. I wanted to cum when he did so I moved my left hand underneath and worked my finger into my slit. I was certainly wet enough for any sex act, but I am right handed and it was a little difficult to finger myself to orgasm. Jim saw (and felt) what I was doing and told Cathy to do the same to her cunt. The thought of a finger entering her hot wet hole got me really going. Jim grabbed my waist and plunged all the way in and held me tight as he shoot his cum into me. I pushed hard against my clit and thought about Cathy's love button. I was cumming before Jim finished spewing. I looked up to see Dave smiling as he unloaded into Cathy's tail.

When we were able to get up, Dave said that we needed a thorough cleaning before we would be allowed out onto the beach. The boys led us to the bathroom. We were told to get into the tub and wash each other. Dave used the hand-held shower nozzle

to rinse us. Cathy and I eagerly washed the other's tits, cunt, ass, everything including our mouths which were filthy!. After Dave started rinsing the soap off our tits, I had a chance to suck Cathy's big fleshy tits again, still soapy. I made sure that I quickly got a finger into both Cathy's cunt and soapy ass. A splash of water on my face from Dave told me it was time to

change positions. I stood up and let Cathy begin to suck on my tiny nipples. She was so hungry for my soapy tit, she sucked my entire little tit into her mouth. (I just wish I had more tit flesh for her to suck) She sucked and licked until Dave splashed her face to make her stop. He rinsed off the rest of us and then Jim said he was ready. While Cathy and I were sucking tittie, Jim was preparing our first enema of the vacation. Dave had given me several enemas in the three years we have been screwing, and then after the ski trip, he has been giving them to me every Friday night, to get me ready for the weekend.

They told us to get down on our knees in the tub and bend over the side. This is the same position they had us in during the ski trip, when Cathy got her first enema. Jim hooked two enema bags to the shower curtain rod and dangled the hoses so we could see the long thin nozzles. Jim and Dave took positions next to us and began to soap up our freshly fucked assholes. After they had some fun fingering our tails, they slowly inserted the long nozzles. The smile on Cathy's face showed me that she had been cleaned out more than once since our ski trip and thoroughly enjoyed it. The rush of hot soapy water startled me as it filled my rectum. The boys squeezed the bags to make sure we got filled.

The heat was causing us to sweat as the boys removed the nozzles and inserted butt plugs. They pulled our heads up and Dave joined us in the tub. He turned on the shower and had us wash his important parts.

After we soaped, massaged, and rinsed his now rigid cock, he pulled my head towards him and I opened my mouth to receive his still soapy cock. He fucked my mouth for a few strokes, then pulled out and turned towards Cathy. Her open mouth was waiting for him to insert his cock and fuck away. A few

more strokes and he came back to me. We alternated getting our mouths fucked until Dave finally held my head as he shot a load of cum down my throat. Dave got out of the tub and Jim took his place. After we

cleaned him appropriately, he repeated the alternating mouth fuck until he shot his load into Cathy's mouth. Jim got out and as he dried himself off, Cathy and I were instructed to finger yourselves. We

stood in the tub, leaning against the wall with our legs spread as wide as they could in the tub. One hand down into my snatch, the other squeezing my titties, I began to pump my hot slick hole, rubbing my

clit with each stroke. It didn't take long before I came. I opened my eyes and watched Cathy slide down into an open legged squatting position and pump two fingers in and out of her cunt with total abandon. While she recovered, I was allowed to empty my ass after Jim pulled out the butt plug. When I finished, Dave came back and told Jim that everything was ready.

Jim had me get into the tub and he rinsed me off quickly. Dave was pulling out Cathy's butt plug. (Actually he was enjoying just wiggling it around in her tail.) Jim took me back out into the kitchen, where Dave had laid a sheet on the table and prepared for the next activity. Jim had me lay on the table and spread my legs wide. (I had gotten my cunt shaved clean when I went to a reunion in January. I kept it hairless all spring. Dave liked it so much, that he talked to Jim about it whenever they called to plan this trip. I stopped shaving my cunt in June to give these boys something to do. And now Jim was going to do it.) Jim took a shaving mug and brush and lathered my cunt, from the top of my triangle, down my slit and across my asshole. Then he took a razor and gently removed what little hair I had grown in the last seven weeks.

He smiled every moment, especially when he shaved my outer lips. He inserted his finger into my cunt hole and squeezed my lip between his thumb and the finger in my hole. He pulled my lip taut and shaved off every little hair follicle. When he was finished with my cunt, he had me turn over. Knees and tits on the table, ass high in the air, he applied more lather to my ass, not just my asshole or my crack, but all over my ass cheeks as well. Again he very gently shaved me, leaving not a single piece of fuzz on my ass. He wiped off the remaining lather and liberally applied some baby oil. He made sure that I was very smooth and slick and ready. Jim took me from the table and Cathy took my place. Jim had me bend over slightly so he could fondle me from behind while we watched Cathy get shaved. He slipped two fingers into my cunt and his thumb into my ass. He held me this way until Dave had shaved Cathy's cunt and ass as well as Jim had done mine. I wiggled against Jim's fingers when we watched Dave oil up Cathy, especially when he worked two oil coated fingers into her cunt and twisted his hand around. When Dave finished having his fun with Cathy's slick cunt and ass, she was taken from the table and we were escorted to the living room, where the boys had laid out our new bathing suits, suits they had bought for us.
