

Feme Virgin

(By: Ken Martin)

Here I was, sweating my ass off at my aerobics class, thinking what an asshole my ex-boyfriend was, when I lost my concentration, stumbled, and fell into the most beautiful woman that I had ever seen. She had black, straight hair, that fell almost to her waist, bright green eyes, a rosy complexion, and an enviable bust line. She couldn't have been more than 5'2" tall. Slim, trim, sexy as hell, just what I had always wanted to be. But I was tall, sure I was in shape, but men never seemed to go for the tall ones.

Over come by her beauty, I mumbled an apology, grabbed my towel, and headed for the showers. Standing in the warmth of the shower, I couldn't keep my mind off that girl. I had never had an experience with a woman, and I wasn't sure that I had ever wanted to. But something about this girl...I don't know, just got me thinking. I started fantasizing about what she would look like without her leotard on. Needless to say I got turned on by my thoughts. With soapy fingers, I began to mindlessly caress my breasts and nipples, all the while thinking about her.

My nipples responded almost immediately, pushing erect against my hands. I felt a heat start in my pussy, and a pulsating sensation in my clit. Soon enough, I was slipping my soapy finger inside My nipples responded almost immediately, pushing erect against my hot cunt, rubbing my throbbing clit with my thumb. Even though I couldn't imagine what I would do if I was ever alone with her, I was still turned on at the prospect. Startled, I guiltily removed my hands from my aching cunt, and turned at the sound of the shower door being opened. It was her!

"I hope you don't mind, but all the others are occupied. Can we share?" I was stunned! She was absolutely beautiful! Naked, slippery, shiny skin, with nothing on but a gold chain around her middle. I mumbled that I was almost done, and that she could have the shower to her self.

"No, I said that I wanted to SHARE it, if that's ok with you." Not believing what she was saying, I didn't reply, I just handed her the soap, and turned to wet my red face. Imagine my surprise when she started soaping my back! Making my skin tingle, she gently soaped my back and neck, making these tiny circles. working down my back, she began soaping my buttocks.... gently kneading my ass cheeks, she dropped to her knees on the wet floor, continuing her message down my thighs to my calfs.

I turned around to look at her. She just smiled at me, reaching out her hand. I took her hand and helped her back to her feet.

"I'm starving, lets go to my apartment and grab some lunch." she said. Unable to say anything, I just nodded and followed her to the lockers. We quickly dried off, got dressed, and left the gym. Walking the few blocks to her apartment, she told me her name was Raven and that she was a computer analyst. I told her that mine was Cassie and I was a CPA. Over lunch we discussed various topics, but never touching down on what had transpired at the gym.

Taking a last bite of her sandwich, washing it down with the last of her wine, she looked me straight in the eye and said, "Cassie, now that we have finished with this trivial bullshit, I'd like to get to the reason that I invited you here. I saw the way you looked at me in the dance class, and I could feel how your body reacted in the shower to my touch. Let's cut the crap and be honest. I think that you need some serious loving, and I mean loving the way only a woman could understand. So if I haven't shocked you, or offended you, will you consider making love to me?"

"Well... ah... er... I've never done this before, but if you'll help me learn...?" I left the rest of the sentence unfinished, desperately praying that she wouldn't turn me down.

"Come then, and experience." she said, taking my hand and rising to her feet.

Following her into her bedroom, my hands were shaking, my thoughts were spinning around in my head, but all I wanted to do was to please my new friend. Sitting, facing her on the bed, we gazed into each other eyes. She reached out and cupped my face in her delicate little hands. Leaning toward me, her sweet breath fanned my face, as she kissed my eyebrow, my cheek, and with a wet little tongue traced my ear. Chills ran down my spine, and my back arched.

I put my arms around her and gasped. She put her lips to mine, gently at first, she kissed, then sucked at my lips, probing with her tongue. More urgent now, we traded tongues, relishing in our first kiss. I could feel the heat begin between my legs. Feeling bolder, I ran my hand up and down her back, finally coming around her side, up her flat tummy, to her breast, which overfilled my hand, even through her bra. She moaned at my touch. Pulling away from her, I tugged at her shirt tucked inside her jeans. Pulling it up and over her head, I gazed at her overflowing tits, straining at their confinement. Unclasping her bra from the front, I peeled it away from her body.

Her tits seemed to leap out at me, begging me to touch. I cupped her breasts in my hands. I gently squeezed her breasts. I decided that I wanted to see more. She must have had the same idea, because she began tugging at my clothes. After a brief moment, we were nude, gazing at each other. Stepping toward me, she licked first one nipple, then the other, bringing them both erect. I threw my head back, reaching for her breasts, feeling my pussy tingle. Falling to the bed, she laid on top of me, kissing and sucking my nipples, making me hot, pressing her body into mine. I ran my hands through

her long hair down her back to her sweet little ass. Kneading her flesh, pulling her ass cheeks apart, grinding her little pussy into mine. Lying side by side now, she licked her index finger and probed my pussy, grazing my sensitive clit, gently sliding her finger into my hot wet hole.

Pulling her finger out, she licked it, and moaned, "I want to taste your sweet pussy." she told me breathlessly. Moving down my body with gentle kisses, she lay between my legs. Nuzzling me at first, she wrapped her arms around my thighs. The first touch of her tongue nearly knocked me from the bed. She dove in with her tongue, tasting me, then just flicking my clit. She drove me wild! Pretty soon, I was guiding her head, grinding my cunt into her face. She licked, sooo good. She stuck her tongue deep inside me, licking as deep as she could go. I felt the first tremor of orgasm wash over me. Sensing this, she concentrated on my clit, sucking it into her mouth.

I came, screaming, arching off the bed, pushing my pussy into her mouth, pulling her closer to me. Wanting to make her feel as I had felt, my pussy still twitching with waves of pleasure, I pulled her on to my chest.

"Now, I want to taste you" I told her, grabbing her ass, and pulling her pussy to my mouth. The first taste was wonderful. I began frantically to lap at her dripping pussy as I wrapped my arms around her. She began to grind her pussy into my mouth, rocking her hips back and forth, around in circles. Grabbing her ass, I pulled her harder down on my face, trying to stick my tongue into her as deeply as possible. She cried out, grabbing my head, and violently began to whip her hips over my mouth, saying my name over and over. My face was covered with her pussy juice, but I didn't care. I could tell she was close to coming. Spreading her legs wider over my face, she pushed her pussy harder into my mouth, frantically rocking back and forth.

"Cassie, I...oh... oh... oh God, Cassie, yes... ummmm... just like that...yes,...faster...oh Cassie, I'm coming,...yes...oh...oh....YES Cassie, Yes, just like that, oh good....feels so fucking good!" I reached behind her and stuck the tip of my finger into her ass. With that her orgasm broke loose like a dam, and flooded my face with torrents of her sweet pussy juice. I continued to lap and drink down her goo. It was running down my face, I could feel a puddle gathering on my chin and then it ran down to my neck and wetted my hair. I wouldn't let up but kept stabbing my tongue deep within her as if it were a cock. Finally she couldn't take anymore and she slumped off of my chest and cuddled next to me.
