

# Spoiled Rotten by Mommy

by Chrissy Bubbles

I had been having trouble trying to find a job and I was living with my girlfriend Danielle, because I didn't want to live with my parents anymore. She was always complaining about the amount of time I spent on the Internet, looking at things. Little did I know she had been investigating my Internet activities and found out what I had been doing. I had been looking at sites having to do with feminization and infantilism, and sites where you could buy adult baby things.

My 18<sup>th</sup> birthday was today and Danielle had a high-profile job, and made a lot of money. I was expecting a lot of gifts because she liked to spoil me, and I enjoyed it also. Danielle came home from work and she did her daily routine of complaining about me being lazy and saying I was as useful to her as a baby, because babies couldn't do anything. She said she was going to give me a big birthday party later that night, but she had to set up so I had to go wait in the bedroom upstairs.

I decided to get ready. My friends weren't coming over because we were planning a party the following night. When the time came Leah came up to the bedroom and put a blindfold on me. She led me downstairs and sat me at the table. I could smell the chocolate cake as she placed it in front of me. She removed my blindfold and I was confused. The decorations all said Happy First Birthday, and there was only 1 candle on the cake, a bunch of Danielle's friends who I didn't like were also sitting around the table.

I started to ask her what was going on.

She put her finger to my lips and said " Shh, I have realized what my friends here have been telling me for months. You are useless to me as a boyfriend and you don't appreciate me. I have always wanted a baby girl and since it obvious you will never help me have one, I've decided to make you one.

I said "WHAT THE FUCK DO YOU THINK YOU'RE DOING? I AM OUT OF HERE YOU CRAZY BITCH", and I started to get up and leave a few of Danielle's friends grabbed my arms and sat me back down.

She said " That wasn't a very nice thing to say to your mommy. Little baby girls who talk like that need their mouths washed out with soap. If you try to get up or talk to me like that again I will spank you.

I said "So what, your spanks won't hurt me I'm not a little baby."

She said I think you are, and you just earned yourself a spanking. Be a good girl for mommy and open up all your presents. The table was stacked high with boxes like I had expected. Danielle retrieved a card and read it to me. It said "Dear Chrissy".

I said my name is not Chrissy it's Chris.

Danielle said it is Chrissy from now on, and I know you like it because I have been checking up on your Internet purchases and activities so make it easy for both of us. She continued "Here is something green to keep baby's mouth zestfully clean". She handed me a little rectangle shaped package and made me unwrap it. It was a bar of Rainforest Falls Zest soap.

She retrieved the next card it said "Here is a pad you use when your baby girl's tinkle thing is bad."

Then she retrieved the next card, it said "I hope Danielle Pampers you with these". She handed me a big box and it was a big package of Extra Large Pampers.

I was almost in tears.

Danielle said "Don't cry baby mommy will take good care of you and she will Pamper just like the card says." With that she took the changing pad and placed it on the floor. Then her friends forced me onto it and began removing my clothes, and lifted my butt off the floor. Danielle took out a Pamper and put it underneath me. Her friends put me down on it and Danielle taped me into it.

I was completely in tears.

She said "There, there baby Chrissy it'll be ok" and she kissed me on the forehead.

My tears slowed and I was forced back into the chair.

The next card said "These are to keep baby from grabbing things". I unwrapped a small box and saw something that looked like gloves but had no fingers.

Danielle said "These are baby mittens, and they are used to make sure baby's don't take off their diapers or other clothing." They were pink and had ribbons on them. She put them on my hands and tied them tight. There was no way I was going to be able to take off my diaper. The next presents she unwrapped herself because the mittens prevented me from unwrapping anything. I got lots of things. They were all pink. There were plastic panties, rattles, baby bottles, pacifiers, a bathrobe, a bath bonnet, a big hairbrush and bath brush. She told me the bath brush and hairbrush had more than 1 purpose.

Then I got a pink baby t-shirt that said "Spoiled Rotten by Mommy". She put this on me. I also got a pink bib that said the same thing. One of the last things I got was a complete outfit. There was a petticoat, a pink adult baby dress, booties, and baby bonnet. She said she had ordered 5 more outfits similar to this one from a website she found from my history on the Internet.

The last present I got was 3 baby doll nighties in pastel pink, purple, white. She said the biggest gift was yet to come. She popped a pacifier in my mouth and tied the pink ribbon it had on it in a knot behind my head. I tried to spit the pacifier out but I couldn't. She told her friends to pick me up by my ear and pull me upstairs. There was a room she previously told me was a guest room at the end of the hallway. I was pulled into that room and to my surprise it was nursery done in all pink and white, with pink frilly curtains. There was something that looked like a bed with bars in the center of the room. I was informed that this would be my crib. There was also and an oversized changing table.

There is a bathroom attached to the nursery. Her friends pull me into it. I hear someone turn on the water in the sink. My pacifier is removed, but the next thing I know, the soap I received is shoved in my mouth and rubbed all over. The lather is getting all over my mouth and my teeth are scraping off slivers of the soap. One of Danielle's friends holds the back of my head so I can't pull back. Danielle watches and says "I hope your mouth is zestfully clean when we are done, and I don't have to hear anymore dirty words come out of your mouth".

After a while, when every inch of my mouth had been thoroughly scrubbed, Danielle's friend removed the bar and put it in little baggie. Danielle takes a cup from the bathroom closet and fills it with liquid soap, she takes my pacifier and puts it in the cup. While I am in the bathroom Danielle's friends notice my hairy leg chest and arms. They get some Nair and put it all over my body.

They say, "Baby Chrissy needs to be completely hairless". They put me in the tub and rinsed me off. All the hair on my body came off.

Danielle said "now that Baby Chrissy is hairless let's give her, her bath, and her birthday spanking. Her friends undressed me and they filled the tub with hot water and pink bubble bath. When the tub was almost filled to the top with frothy bubbles, they put the bath bonnet on me. Then they put me in the tub.

Danielle said "This lavender bubble bath will make Chrissy smell like a little girl and get her clean. Then we'll use the bath brush to make her spanking clean, and we'll clean her insides also."

I did not know what she meant by cleaning my insides but I was pretty sure I didn't want to find out. A few of Danielle's friends went under the sink and got sponges out. They grabbed some Ivory, and Johnson's baby soap out of the bathroom closet. They lathered up the sponges with the soap. I thought they were going to use them to wash me but Danielle grabbed my cheeks and forced my mouth open, and her friends took turns scrubbing their sponges all over the inside of my mouth.

When they decide my mouth had been thoroughly scrubbed. Danielle shampooed my hair with baby shampoo, and used the bath brush to wash me. When I am done being washed. Danielle says "It's time to clean Chrissy's insides out and warm her bottom."

They pull me out of the tub Danielle sits in a chair and I am placed over her lap. Danielle tells her friends to get the KY jelly and the enema bulb out of the closet and put the Ivory in the sink and fill it with hot water.

They do this and then they spread the KY all over my anus and fill the bulb in the sink, and push the tip of the bulb in. Danielle tells them to squeeze the bulb and the warm soapy water begins to invade my insides and cause them to expand. Danielle tells her friend to place the baby soap in my mouth and to hand her the bath brush, and hairbrush. They refill the bulb a couple times and then they put the tip of it in my anus. I hold the soap in my mouth and the water in my stomach is causing me to cramp.

Danielle says "You will hold that until I am done giving naughty baby Chrissy her spanking." She starts by spanking me with her hand. This hurts but not that bad. Then she uses the bath brush and I start crying like a little baby. They sit me on the toilet, so I can evacuate the enema.

They say now that Baby Chrissy is cleaned out, it's time for beddie bye. They bring me into the nursery and put a pink baby doll nightie on me, and put me in the crib and Danielle said "Nightie night Chrissy, sweet dreams".
