

Steam & Cream

(By: dotcom)

My first time in Korea, I got there after about a day in the air, and I was beat. It was Wednesday, and I didn't have anything to do until Friday. The First Sergeant told me there was a massage parlor on base, and recommended a massage as the best way to get over my jet lag.

About dark, I decided to take his suggestion, and wandered around until I found the massage parlor, which I later found out was called the "Steam & Cream." I went in and looked around. There wasn't anyone else in the place. A few seconds after I walked in, a cute Korean girl walked out from the back room and asked me if I wanted a massage. I said yes, and she told me that it was ten bucks for a half-hour, and fifteen for an hour massage. I gave her a twenty and told her to keep the change, and she led me back into the back. There were four massage rooms back there, and she led me into the last one. There was a steam booth, a small pool (or a real big bath tub) and a massage table. She gave me a towel and told me to take my clothes off, hang them up, then get into the steam booth. I did, and she went back out for a few minutes.

After about ten minutes in the steam booth, she came back in, opened it up and helped me out, and into the pool. While I stood there, she poured water over me, soaped me down, then rinsed me off. After I dried off, she led me over to the massage table and had me lie down. While she was giving me a good back rub, we started talking. She said her name was Soonie, and asked me what I later found out were the standard bar-girl questions: "What's your name," "How long have you been in Korea," "How old are you," "What rank are you," and "Do you have a girlfriend?" I answered her questions, and she perked up when she found out I was single. While we were talking, I was watching her as best I could, and liking what I saw. She was wearing a short skirt and halter top, both of which had gotten wet while she was washing me down in the pool, and I was getting a good look at her legs.

After a while, she told me to roll over. I was embarrassed to, because I had a gigantic hard-on by that point, but I did anyway. She didn't pay it any attention, at first, just worked her way from my shoulders to my waist, then worked on my legs for a while. All the while, my dick was getting bigger and harder. Then she asked me if I wanted a 'special massage'?

By this point, I was willing to try anything, so I said OK, how much? She said \$10, \$15 or \$20. I didn't have a whole lot more money with me, so I told her that I'd go with the \$10 massage and see what happened. She pulled the towel back from over my dick and got herself a handful of lotion, then proceeded to give me a slow, leisurely hand-job that just about had me bouncing off the table before I came.

After I caught my breath, I asked her what the \$15 massage was like, and she bent over and quickly kissed the head of my dick, then stood back up. I asked what the \$20

massage was, and she said, "I blow you, then you fuck me." She went on to say that I'd have to wait until after closing time to fuck her, so we wouldn't have to worry about someone walking in and catching us. Closing time was 10:00, and it was about 7:30 now. I told her that I'd be back later.

I got back just before 10:00 and sat down in the lobby. A minute or two later, a different girl came out and asked my name. I told her who I was, and she asked me if I was there for the late special. I said I was, and she said that Sooni had to go home early. Then she told me that her name was Mimi, and she would be glad to give me a special massage. Mimi was short and cute, and I had no problem agreeing to the substitution. She told me to go back outside and walk around back while she locked the place up and shut off the lights. She didn't want anyone to notice that I'd gone in and not come back out, and she'd let me in the back door. She was walking away from me as she said that, and as I gazed at her gorgeous ass, I thought to myself that I'd gladly go in her back door.

When she let me in, she was holding a candle and told me that was all the light we could use, so no one would notice. Instead of one of the massage rooms, she led me into a small back room that had a chair, a desk, some shelves and a futon. She peeled me out of my clothes (not that I put up much of a struggle), then I helped her out of hers.

After we crawled under the covers, she asked me what kind of special massage Sooni had told me about, and I told her about the \$10, \$15 and \$20 massages. Mimi told me that she'd do all that, but she had a \$30 'super-special massage.' I asked her what that was, and she said "ten dollars," and grabbed my dick. "Fifteen dollars," and she bent over and sucked the head of my dick into her mouth for a second. "Twenty dollars," and she took my hand and put it over her pussy. "Thirty dollars," and put my hand over her ass. "Till midnight," she added. Apparently, she had to leave base after midnight.

I agreed, then she said, "I like a lot of GI dick. You come one time each way tonight, and I give you ten dollars back." Sounded good to me.

I was already rock hard when she started to stroke my dick, and it didn't take her long to coax out a load of cum, which she caught in her other hand and lapped up like a cat with a bowl of cream. As soon as she finished with her little treat, she sucked my dick into her mouth and started to deliver some good head. While she was sliding her lips up and down the pole, I was fondling her tits and fingering her pussy, eventually fucking two fingers in and out of her. She got wet quick, and before long her legs were running with pussy juice.

After about ten minutes of being blown, I finally got my next nut, and she sucked it right down. I lost my hard-on almost at once, but told her to wait about fifteen minutes, and I'd be ready to go again. While we were waiting, I kept finger-fucking her and rubbing her clit, and she came twice. While I was fingering her, she was playing with me, and it didn't take long until I was hard again. As soon as I was, she was on her back with her legs wide open, telling me to fuck her, and to fuck her hard.

I rolled over on top of her and right into her cunt. She was wet and hot and sloppy, and there was no resistance as I slid in to the hilt. It was a nice, snug fit. I started stroking in and out. I

started off slow, but sped up as I went along, until I was slamming it to her as hard and as fast as I could. We were kissing, tongues in each other's mouth, and I felt like I was fucking her at both ends at the same time, my dick in her cunt and my tongue in her mouth. I reached down and cupped a hand around an ass-cheek. I could feel the cunt-juice running down the crack of her ass, and I started to wiggle a fingertip into her asshole.

I was able to vary my tempo and speed to stall off coming too soon (not that I'd have popped off right away after two wads in twenty minutes). Finally, after about thirty minutes, I felt my nuts drawing up and knew that I didn't have too much time left.

I said, "I'm gonna cum? where do you want it?"

She said, "In my mouth? come in my mouth!" A minute later, I pulled out of her soaking cunt and slid up her body. She opened up and I rammed my dick, dripping with her cunt-juice, into her mouth. She started sucking just as I came. She gulped it all down, then sucked the last few drops from my balls. It wasn't a large wad, since I'd already come three times earlier that night, but it was one of the most intense orgasms I'd ever felt.

I had the feeling that if I lost my hard-on, I wouldn't be able to get it up again for a while, so I told her, "Bend over the desk, I'm gonna ride your ass."

She got up and went over to the desk. She handed me a bottle of lotion, bent over, then reached behind herself with both hands and spread her ass-cheeks wide apart.

I squirted a generous amount of lotion down the crack of her ass, then some more into my palm. I stroked the lotion onto my cock with one hand, while rubbing my fingers of the other hand up and down her ass. I slipped a finger into her asshole, then two, and spent a minute or so finger-fucking her, until I thought she was loose enough.

I pressed down on my cock with one hand, until it was aimed at her ass. I put the tip right up against her asshole and slowly pressed against her, until the head popped into her pucker. I stopped there for a moment, then started leaning into against her. As soon as I was fully embedded in her ass, I stopped again. I reached around underneath her and started rubbing her clit. Mimi started coming almost as soon as I touched her clit, biting her knuckles to keep from screaming. As she came, her bucking and jumping around combined with her asshole spasming and sucking against my cock to make me come again. I'd come so often in such a short time that my balls almost hurt, and I was sure that the cum was barely dribbling from my dick.

I wasn't sure that I'd be able to get hard again that night, much less come again.

Fortunately, Mimi's tight asshole kept the blood in my cock from escaping, so I didn't lose my hard-on. After a few minutes, when I was sure that I'd stay hard if I kept in motion, I began to stroke in and out of Mimi's ass. I started off slow, then began to pick up speed, until finally I was fucking her asshole hard and fast.

After about five minutes, I decided to try something different. I pulled out of Mimi's ass and told her to turn over. She got up, and then laid back down on the desk, face up. I spread her legs apart and put a small pillow under her ass to tilt it up, bent my knees a little so my dick was the same level as her asshole, then slid my cock back into her ass. I was able to lean over and kiss her while fucking her ass. I had her legs hooked over my shoulders and her ass hiked up in the air, and I was pounding my dick into her ass as hard as I could. Mimi was fingering her clit and pussy, and was coming almost continually.

I was coming closer and closer to the edge, and finally went over. I pulled my dick out of Mimi's ass and she grabbed it and started jerking it with her slippery hands as I came. There were just a few drops of cum, but it was a feeling I'll never forget.

I looked up at the clock and it was 11:30. Mimi said we had to get cleaned up, and she had to leave soon. We went into one of the other rooms to wash up.

While Mimi was lathering me all over with soap, my dick started to stir and get hard again. After she'd rinsed the soap off me, she knelt in front of me, sucked my still soapy cock into her mouth and started bobbing her head up and down. I was surprised I could get hard again, but I didn't think I would be able to come again, or that I had anything to come with. After about five minutes, I told her to get on her hands and knees and I'd fuck her for a while.

She got on her hands and knees and I slipped right into her pussy and started stroking away. I saw a bottle of shampoo within arm's reach, so I grabbed it and squirted a generous dose down the crack of Mimi's ass, then started rubbing it into her asshole.

Then I pulled my dick out of her cunt and slid it up her ass instead. She was rubbing my balls against her clit and started cumming almost at once. That was all I could take, so I grabbed her by the hips with both hands and slammed it to her as hard as I could about three more strokes, then came deep in her ass. There probably wasn't anything to shoot, and it felt like my balls were turning inside out. It hurt, but felt good, at the same time.

After that, we finished washing up, then Mimi let me out the back door. I walked her to the front gate, then went back to my room, collapsed into bed and slept until noon.

I saw the first shirt later that afternoon, and he asked me if a good massage had helped with my jet lag. I said it sure did, but it was all I could do to keep from laughing.
