

Toy Drive Kickoff at Superstition HD

Saturday November 3rd was a phenomenal day to be out and about! It was perfect for attending the Toy Drive Kickoff Car & Motorcycle Show at Superstition Harley-Davidson in Apache Junction. The primary beneficiary of this event is Sunshine Acres Children's Home in Mesa.

Co-sponsored by the Seductive Car Club, this annual gathering provides the opportunity to view some serious eye candy while knowing that your donations are going to a local organization that has been helping kids in our community *for more than 60 years!*

Participation in the show was amazing! It looked to be the best turnout yet. There were so many cars, they were parked in the walkways! Cars outnumbered the bikes, but in a way it was understandable.... It was such a beautiful day to be out

riding ☺ The oldest vehicle we observed was a 1929 Ford. It's always a treat to see these vehicles being kept up & road-ready. Thanks for bringing it out!

The vehicle count came in at more than 150 entries; which doubles the count from last year! Event Coordinator Brina at Superstition HD commented, "The show has grown so much over the last few years we are almost running out of room ... but we'll make next year bigger and better than ever!"

Vendor booths included Apache Brand Customs, Art by Brenda V. Diaz, information from BACA [Bikers Against Child Abuse], and Clip Man. There were woodcrafted flags that were creative, unique, & attractive. Bitchin' Stitchin was set up indoors. There was additional art by Denae Frazier. She offers a variety of themes including but certainly not limited to cars. Several food trucks were onsite providing eats

... 3 Dogs, a Weiner Wagon, and a Taco truck.

Activities included music, raffles, a 50/50, and a the Car Hop Competition.

Santa's Sleigh was already full to overflowing. And today was just the beginning! Donations were collected up to December 15, when the delivery ride took place.

We learned from Brina that, thanks to everyone's generosity, Superstition HD & Seductive Car Club were able to provide all the children at Sunshine Acres (over 70 kids) with multiple presents. They were able to help 5 local families as well; PLUS donate toys to Hope Women's Center in Apache Junction, AZ. Your donations are so very appreciated!
