

Anniversary Beach Bash @ Superstition H-D

Life's A Beach at Superstition Harley-Davidson. Well, it was on June 15th © That's when the dealership's owners were celebrating their 4th Anniversary.

More than 220 people came out to commemorate this milestone. The SHD staff made everyone feel welcome and appreciated. You were greeted with the yummy aroma of bar-b-que as you walked in the door. The store had beach-themed decorations throughout. Visitors were lei'd as they arrived. It was all very festive & fun.

Outdoors was a water slide which some of the kids were enjoying. There was also a bikini bike wash & a sidewalk sale offering merchandise specials.

Indoors, there was a photo-op zone set up, with a lot of people participating. Limbo and hoola hoops

were part of the activities. The Motorclothes Dept had specials going on. Bitchin Stitchin was busy. There was an information booth from Orange Theory Fitness and Law Tiger Jay was on hand to show support. Music was being presented by a new {to us} trio called The Jokerz. They were very good!

Superstition Harley-Davidson has a very active and friendly HOG Chapter. There were plenty of members on hand this day. Their rides are open to non-members. You can find them on Facebook to see their upcoming calendar. They organize a variety of rides... breakfast rides, day rides, & longer; giving plenty of opportunities to get out on the road with fellow enthusiasts.
