

# Skipped Sturgis Shindig @ SHD

Superstition Harley-Davidson hosted a party for those folks who skipped Sturgis this year. On August 10, 2019 they invited everyone over for lunch, music, camaraderie, & fun.

There were about 150 who stopped by the HOG Café for sub sandwiches, sides, & cold drinks. It seemed like a smart choice of eatables for such a hot day.

And of course there were lovely ladies waiting

to give your bike a wash... shining up your ride so you'd be looking fine as you depart the dealership.

Music was provided by Aaron Loveless. He played a solo gig on his acoustic guitar. He's very talented; even recreating a Hendrix-style Star Spangled Banner using his electric pickup.

Superstition HD maintains an active calendar, with events large & small. Their Patriot Day event is coming up September 7; starting at 11am; in support

of First Responders and Veterans.
