

# Superstition HD - Seductive CC Toy Drive

The Superstition Harley-Davidson & Seductive Car Club 7th Annual Toy Drive Motorcycle & Car Show took place on Saturday November 7, 2020. Concerns of rain were dispersed by sunshine and blue sky that morning – no doubt creating much relief for anyone who planned to participate. The rain that had been predicted in the days leading up to the event came in overnight instead; clearing out in plenty of time.

There were more than 100 entries, brought in by numerous area car clubs; plus independent auto owners & motorcyclists. The fee to participate was a new unwrapped toy.

It is likely that any number of these people have built their vehicles over time, as they could. There were all stages of 'done' on display; from still under construction to fully restored or customized.

These shows are a wonderful opportunity to get up close & appreciate the

detail put into the pet project of a car or motorcycle lover. You could see a great deal of imagination and creativity had been poured into these vehicles, as well as the attention to detail.

One fellow shared the story of the 'Johnny Cash Cadillac'.

Another gentleman explained that his 1932 Ford took some 1800 hours to build; accumulated over 15 years. He did a beautiful job.

A vintage Cushman Eagle brought back memories for Bruce & for others.

The oldest motorcycle we saw was a custom combo with a sidecar, registered as a 1912. The oldest car spied was a 1926 Dodge Brothers Victory Six.

There were 6 categories in the competition, with over 35 awards. Most were People's Choice. Everyone at the show has the opportunity to vote for their favorites in each category. Plus there was a Dealer's Choice trophy and Seductive Car Club Choice trophy. Congratulations

to all of the show winners! In addition, the East Valley Cruisers won the Club Participation trophy. This is given to the club that donates the most toys.

The reason for the gathering was to collect gifts to support Sunshine Acres Children's Home. The toy delivery was on December 12th. They were unable to hand the toys out directly to the kids this year. Instead, they did a parade of cars and motorcycles through the SACH grounds; with all of the families out in front of their houses. Paul Ponzetti of Seductive CC commented, "It was an amazing and rewarding 7th annual, and something we are very proud and honored we were able to pull off during this difficult year."

Superstition HD & Seductive CC extend, "A special thank you to all who donated to make a child's Christmas a little brighter."

'Well Done' to all involved!

*Betsy & Bruce*
