

*The future of tomorrow begins
with the science of today.*

MISSION

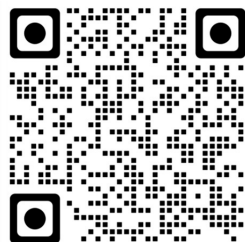

To provide analytical testing services for the pharmaceutical, nutraceutical, and hemp industries that allow our customers to tell the story of their products through data.

Analytical storytelling

Where science fortifies your story.

CHRILabs

Chemistry. Research. Innovation.

Who is ChRi Labs?

ChRi (kri) Laboratories, a contract laboratory, brings quality, safety, and transparency to support your specific outsourcing requirements. As a full-service FDA-registered and ISO 17025 accredited analytical testing lab, ChRi's GMP and CMC Laboratory Services provide solutions for Raw Materials, In-Process Formulations, and Finished Products. Since 2009, we have built fascinating relationships with companies of all sizes by combining immense customer-centric thinking with scientific and regulatory expertise. By hyper-focusing our efforts on building and maintaining a robust internal quality system aligned with the cGxP (cGMP & cGLP) standards, we will never compromise quality or integrity. Our extensive scientific expertise emphasizes our ability to support your analytical needs at various stages of the drug development process. At ChRi Labs, we are dedicated to helping you at every step of the way. Let's help tell the story of your product with data.

CERTIFICATIONS

ISO 17025 **FDA Registered** **DEA Registered (1-3)**

cGMP Compliant **cGLP Compliant**

OUR INDUSTRIES

PHARMACEUTICALS **NUTRACEUTICALS** **DRUG-DEVICES** **HEMP**

CMC & GMP TESTING SERVICES

- | | |
|-------------------------------------|----------------------------------|
| Anti-Oxidant Assays | Impurities/Degradation Products |
| Aug. Molecular Weight Determination | Karl Fisher Moisture Content |
| Batch Uniformity Testing | LOD (Loss on Drying) |
| Bioanalytical Assays | Method Development/Validation |
| Compendia Methods/Verifications | Method Transfer/Crossover |
| Content Uniformity & Potency Assays | Microbial Enumeration Testing |
| Drug Release | Organic Impurities |
| Dissolution Testing | pH Testing |
| Elution Testing | Process Optimization |
| Elemental Impurity Testing | QC Release Testing |
| ELISA Biomarker | Raw Material Testing |
| Finished Product Release Testing | Related Substances |
| Formulation Stability Testing | Residual Solvents Analysis |
| FTIR Analysis | Stability Testing & Storage |
| Hemp Testing Services | UV-VIS |
| HPLC and GC Assays | Validation of Cleaning Protocols |
| ICH Stability Storage/Testing | Yeast Beta Glucan Assays |

INSTRUMENTATION

- | | | | | | |
|----------|---------|----------|----------|----------|-----|
| HPLC/PDA | HPLC/IC | HPLC/GPC | HPLC/RI | | |
| GC/MS | GC/FID | GC/HS | FTIR/ATR | FTIR/KBR | PCR |
| | | | UV/VIS | ICP/MS | |
