

MABAS 12 Water Rescue Team

Training Safety Plan

Drill Dates: November 17, 2023

Time: 0900-1200

Drill Location: Midwest Club Pond, Between Court 15 & 16, Oak Brook, IL 60523

Type of Training: (check all that apply)

X	Dive
	Swift Water
	Boat Operations
	Other
X	Sonar

Drill Objectives:

- Scene set-up
- Sonar set-up
- Line tending techniques and shore-to-diver communications
- Choosing pattern type for last seen point of object
- Sonar-based direction for divers

Description of Training:

Shore personnel will practice real-time scene establishment. We will begin tracking how efficiently the team can set up our SSA system for rescue.

If personnel allows, we will include Sonar set up in the timed evaluation. Otherwise Sonar will be set up after SSA and deployed.

We will review line tending with newer members and those with swift water certification. Divers will choose a pattern with their tender to search for an object and potentially will be aided in their search with Sonar.
