New Member(s)

❖ No new members

This is a notice to all the retired members of the club. Hopefully this newsletter gets to you in time for it to make a difference. On November 7th 2021 the clocks will be changing and falling back one

hour. Now the reason I directed this to the retired members (who have hopefully forgotten what working was like) is because this just means you get to fly an hour earlier. For the rest of us that work, this means it

will most likely be dark by the time we get home. Please think of us while you're at the field in the middle of the week enjoying a flight.

For those of us that have grown up around the area we all have come to appreciate and enjoy the fall color. Many people come from all over to see the leaves changing on the mountains around us. There

was a gentleman who contacted the club about using the airfield to fly a drone and get some fall foliage video. He made the trip from New York with a friend. Thankfully the weather cooperated for

them, and they got some great video of around Tuscarora and Beltzville. He was very thankful and appreciative of the opportunity to come fly at the club field. [Tuscarora Flying Field Video](#) use this link to check it out.

I would imagine that most of you check the weather on a regular basis. This year has been quite wet for late summer and fall. The Civil Air Patrol wanted to have a rocket launch at the field. Sadly, this still hasn't happened despite several attempts. The rain and wind just has not

been cooperating for them on the planned days. Hopefully before it gets too cold and this rain turns into snow they can get out there and make it happen. We will keep the members posted as to when this going to be planned again.

Its soon approaching a new year and that means election time. Its election time for local municipalities and for the club. At the November meeting nominations were made for all the offices and for a grievance committee. If anyone would like to consider to be an officer of the club feel free to reach out to any of the current officers and you can still be put on the ballot to be voted on at the December meeting.

For more details on the last meeting please have a read through of the meeting minutes that are along with this newsletter.

The next regular club meeting will be at the State Park Office at 7:00 pm on the 6th of December. There will be an officers meeting toward the end November of at La Dolce Casa to plan upcoming events and topics.

Hope everyone's projects are all going well, and everyone is doing as well.

See you all later.

Respectfully,
Kyle Snyder
Club Secretary
