## Incident 1.

### Official ASDP Incident Report

I walked outside to my backyard, and I saw a cloud  formation that appeared like a lion or a horse and to the left above this strange cloud was a hole and inside was a craft hovering there. I could see it. I'd like to see if you can enhance or improve the video quality to bring out what I witnessed. It was there for about three maybe four minutes.

#### **Questions in Report App**

**Location-**I witnessed a craft above the lake behind my house.

**Contact-** Yes the shining ones and the small brown ones. Telepathic heard a voice or when I was sick these small little brown large head toddler size ones were running in my bed, they were there to assist me. But only I could see them.

**Bloodline Chosen?** I was told by the shining ones that they choose people and tribes and follow them through their lives and have been doing so for centuries. I believe it's our genetic material. I was told that we are precious to them. That we are distant cousins of their people. That the human race was seeded on this planet  and many others in the galaxy.

**Other Witnesses?**- I'm not sure I've never asked.
