Winter
2024

We are all born with only two instinctive fears. The fear of falling, and the fear of a loud noise. All other fears are learned.

I ain't 'fraid a no debel

A quote from Les Brown:

“Fear is the most subtle and destructive of all human diseases. Fear kills dreams and hope.”

Fear is tool used by the enemy to discourage, delay, dissuade, and deter believers and nonbelievers alike. It's fear that can stop us in our tracks from doing something significant in this world for the sake of the Kingdom.

20 years ago it was fear that gripped my heart and made me second guess myself. I felt that creating a one-of-a-kind Christian Rock station was too big for me, and fear said I was too small. Fear was wrong. Fear was a lie.

“God has not given us a spirit of fear, but of love and of a sound mind.” [2 Tim. 1:7]

Do you know what will keep you from sharing Hey Radio with your circle of friends? Well, It's **FEAR**...just that simple. Fear of being embarrassed. Fear of looking silly. Fear of offending someone by sharing your faith.

The **truth** is, if you're a bit fearful about talking to someone about Jesus, then Hey Radio can be **just the answer!** Let us do the heavy lifting. Share Hey Radio with a friend. And they will share with ten more, and those ten will each share with ten more! Someone in that thread will hear about Jesus for the first time and **YOU** can be a part of that! So go on. **Tell a friend! I dare ya'...**

It's TAX Time Again!

Every year about this time all American's across the country start preparing for April 15th. Some with fear and trepidation, and some with a whole other sense of excitement and anticipation.

Referring to the 2nd group, because of inflation-related adjustments that the IRS makes yearly to tax brackets, **higher refunds** this year may be the norm.
