Elizabeth, I have no idea if you have a TOP against Dan but suggest you have one because he's been acting strangely and lying his ass off. I don't support Tiger's run but both Craig and I have told him to stay out of race he has no chance of winning anyway, but his lies to me about his other ex-wife Donna are what concerns me because he may be Trafficking her and living off her wages....be safe cuz he made it a point to cruise past your house with me in the car at beginning of the year and I asked why he didn't stop to say hello to the kids and he had no answer. Nothing about him is real, the business has no LLC or license and no political clients I could find....clues would be helpful

Thank you for letting me know, I really appreciate it. I went through hell almost ten years ago and I'm still going through it today and I don't think many people understand that. I have had a protective order previously, you aren't the first person who has suggested I get one because of Daniel's behavior and things he has said. Daniel's conversation with the other person concerned them so much they said they couldn't live with themselves if something happened to me and they could have warned me. After receiving your message I will certainly request another temp protective order. Is there anything specifically that he has said or has done that I can include in my tpo request to make sure it gets granted? I'm so scared, please help if you can. There is so much people don't know.

don't know.

I've asked him dozens of times why he didnt take you to court if you were denying him seeing the kids and he tells me too expensive and told him you tried to get out of paying for your kids and that made the papers. Pro se filing is \$100 with a paralegal but he buys me a new laptop and was here often last year and may still be here. he blocked me on FB I started asking questions having observed him with woman we met at Red Rock, a Filpina alleged exec at Panda Express with 4 yr old posing like a whore in scores of digital pix he took of her. Then quarantine starts and panics bu tells me hes still paying all of Bogdonna's expenses in Carrollton TX and I think her prostitution money is paying him and you cant be a good whore during virus---like you, these three new women are top-tier gorgeous, all but red rock girl too suggestive sexy Maxim like pix---hundreds and hundreds of them for him.

I know his phone's PINGS would show cell towers close to your Summerlin home and we'd gone to the Albertson's by you I didn't even know was there. If he's still in town hes cruising by your house all the time but not stopping tp say hey to the kids, so I checked if he ever filed police report against Tiger for 'smacking his kids around' as he told me Tiger does, No Metro, TX or OR reports filed, no court request to adjust child support as income changed, no informing court of potential mistreatment of minor kids...9 years of no effort by him made at all to protect or emancipate his kids if all this bullshit was true. He's been using Craig and me as an excuse to be in town and last he told me in March was he was staying in east valley but was staying at Craigs

March was he was staying in east valley but was staying at Craigs garage on south Decatur while he was doing some website work for him but is not there per Craig this AM but I haven't yet told him about Dan acting like a psycho stalker

his drinking is off the charts and I think hes a speed freak too---meth---just too amped up. Claims Tigers Ma loves him and hates you, claims his mother approves of all he does but I asked why kids never went up for a week with Grandma....crickets...then he jumps on my website and has no idea what he's doing with Wordpress which is world largest and oldest platform...Helurks people on FB so let me know if hes still on there if you know. He is bizarre control freak, claims to be innocent country bumpkin able to attract all these top tier females but not keep them happy. Religious stuff is all bullshit too. I can't believe his mother approves or knows about any of this His final claim to me was he and your oldest girl are getting a local house in Vegas but didn't tell me if Tigers Ma is paying for it cuz she loves him so much per him to me multiple time these past two years....

He has ancient, archaic views on women and their roles in society and his life....ave man stuff. I think he went to Ukraine to buy Donna from broker there cuz nothing about that marriage was real and is INS fraud no doubt about it. I write about etro Vice all the time so I have to think maybe Metro already knows his pervy shit. but Red Rock girl was gorgeous, self made multi biz owner smart and looked like magic match but she is not needy or weak, so he had no interest which could have been chemistry thing, but with Donna then Filpina and there being 1000s of photos on phone of both, has got some sideshow sex freak going on which is why has not an real interest in his kids he said you're stupid and

phone of both, hes got some sideshow sex freak going on which is why hes got no real interest in his kids he said you're starving and making them dumb and stupid. Told him I know every judge down there and let's file an emancipation motion...wold not do it...he knew I was circling his many lies he's been telling me then.

Wow! That behavior is crazy but not surprising. I'm glad you were smart enough to ask him why he hasn't taken me to court if I was denying him seeing the children. I believe it's a felony to withhold children from the other parent if there is a court order. I can show you proof of emails (how we are suppose to communicate) where I've asked him if he was going to take them during his time and he hasn't. I have offered him many times to take the children and he hasn't. He is supposed to have them every Christmas break, every spring break, and during the summer. He doesn't want to take them, if he did want to take them he would take them. He is allowed to have them almost the whole summer and he has never once taken them for a whole summer not even a month during the summer in almost 10 years. He has taken them for one or two Christmas breaks and one or two spring break and that's it and this was even with me willing to pay the flights. He doesn't send birthday cards or gifts and barely calls them. I have phone records that can prove this. Hard evidence. He has been lying about all this to you. He doesn't want to see them, actions speak louder than words. He was court ordered to pay \$2,200+ a month in child support and has never once paid that amount. He is also lying to you about Tiger obviously if that's what he is saying. Tiger has never hit the children nor would I ever allow anyone to hit them. Tiger has been their parent for well over half their lives and he has a great relationship with them. I gave up my whole life to protect them. Daniel has done some horrible things to me, in October 2010 just before I was elected he and his teenage girlfriend admitted to me and the Pastor that Daniel was leaving me and the children and

just before I was elected he and his teenage girlfriend admitted to me and the Pastor that Daniel was leaving me and the children and running away to Oregon with his teenage girlfriend. The pastor wrote and signed an affidavit for the court about this incident and the pastor is a non-interested third-party. I still have this proof and document to this day and I'm happy to show you if you'd like. I have pictures of Daniel's texts where he admitted that all of this was his fault. Again more proof. Once this teenage girl and Daniel admitted their relationship to us the girl left him because she didn't want to be caught up in all of that. After Daniel didn't change his behavior with women, after session, I told him I was leaving him and he said if I divorce him he will destroy me personally, publicly, professionally and take away the children so I'll never see them again. His crazy behavior escalated. He used my friendship with Tiger against me and Daniel began manipulating and using people to destroy me "personally, publicly, and professionally". Tiger was adopted and raised by his Grandparents and both have passed away. He is clearly lying about a lot of things and I believe you are right, about him realizing you were catching on to him. Daniel and Donna were married two months after my divorce from him was final and I was sent a picture of both him and Donna (Bogdana) together on a Ukrainian website and they said it looked like a mall order bride website. Yes he is archaic and believes women are beneath him. Remember him saying that I need to submit to him?

And that's not even touching on my home being broken into multiple times, my daughters window being shot, CSI coming to my house, me being followed & videoed when I was first divorcing him (and after) after he said he was leaving me and the children to run away with a teenage girl. (All that can be proved) It's text book domestic violence and when the person is trying to leave the abuse gets 10x worse. He destroyed my life because I finally had the

gets 10x worse. He destroyed my life because I finally had the courage to stand up to him. Maybe one day people will know the truth. Luckily I've had a number of people apologize to me so I think slowly but surely the truth is being revealed. It's just heart-breaking what I've had to endure. Regarding fb I can't see any of his stuff because he blocked me but I do know that for years including very very recently he has friend requested my friends and they have told me he acts crazy. Thankfully people are finally seeing it. So yes, I think you're right he has realized you have caught on to his lies.

Not surprised on any of this. Master manipulator and I couldn't figure out why he was using me and Craig and what his end game was here as your kids are almost majority age and could seek emancipation all by themselves if things were so bad and no judge would deny them here, but I would submit and affidavit that any effort associated with Daniel be rejected by the court. I know he attended CCSD Board meetings and met its Prez and schmoozed her. Knew he was lying about the kids cuz I'm a BIG fathers rights guy and offered my help, all the lawyers and judges I know to assist and he rejected all. He doesnt give a sh!t about those kids. Didnt know about adoption, so who is this mother he talks about.

I gotta tell Craig about this to protect him and his biz and reputation but I'll pull my punches. Will not write about it but will also brief Muth to bring him up to speed. The January drive by at your house was creepy to me and was tipping point...my email ~~never picked it up, but in reviewing all of his bullshit, thought it best to advise you that he is no less than lurking you and Tiger, and that's VERY creepy after almost a decade...he's regressing, not progressing~~ Thought of contacting you at office in February but got sick and hospitalized for a few days and never picked it up, but in reviewing all of his bullshit, thought it

Yeah, as an employer I'd be careful because I believe he's manipulated employers to pay him under the table in the past to avoid child support. I'd be interested to hear what Craig and Chuck have to say. Can I call you later?
