Green Globe Engineering services has been established for over 17 years and are in the design, survey and construction of roads, buildings and infrastructure developers. In electrical sector, we have laid foundations of 220Kv & 132kv transmission lines, yard foundations and allied civil works related to substation, Construction of SBA quarters and control rooms in electrical sub stations. We have completed SCADA of 46 No of sub station in KPDCL and 46 in JPDCL in partner with GE Power. We have also provided technical assistance to private housing developer societies in well utilization of land and proper layout designing. Besides this we have also done construction of these housing colonies..

Green Globe Engineering services is the only firm in Jammu & Kashmir state having vast experience of SCADA & EMS; we have worked and provided technical assistance in Retrofitting of 700 No of 11kv panels in Kashmir valley and Jammu division, and are currently providing technical assistance in SCADA Project of J&K under ULDC-II. Our technical team is technically capable and updated with the current knowledge of SCADA and it sallied equipments.

Partnership and innovation are the two forces rather the fundamental principle of our way to work. Taking the se principles as the back bone of Green Globe Engineering services shouldered by a group of technically sound professional shave taken stride of market governance and technical capability in various fields with Heavy Electrical Equipment (Transformers, Switch Gears, Control Panels, Transmission line equipments etc) as core Business. Our dedication, qualified and competent group possesses previously working with big Multinationals the capabilities to create an idiom for a new generation.

Ever since its inception Green Globe Engineering services has striven to be a dependable customer driven organization. Perhaps it is this commitment that has enables Green Globe Engineering services to amass an enviable customer list including some of the prominent Government like, Power Development Department, and BSNL, Erricson and other Public/Private sector institution/office.

We have over selves as anchor of automation, total solution and total commitment in other words total solution providers is what customer expect from us, thus we value our clientele our partners and our people. The expectations from us toward sour customer are our greatest motivation, which keeps us, determined to enlarge our skills with equanimity. We have a fleet of techno savvy professional, to serve our purpose. We had achieved a good name in J&K State Electricity Board.

PROFILE

Master inga craft is nothing, fit hasn't the benefit of vision. knowledge, by it self, can not initiate change. It comes from will to apply knowledge and refine the way things are. Employment a new methods may generate added efficiencies to older processes, but very of ten, the yopenup new possibilities that the system was never designed for .It takes vision and foresight to expand the scope of modernization.

We also provide technical assistance for testing of all electrical installation and their allied equipment's with best results in J&K. We believe in that the best partnership comes from are spect for each other talent and expertise and finding the best.

Warm regards,
Mr. Muzaffar Ahmad Mantoo

Green Globe
Engineering Services

Our Team

- Green Globe Engineering Services believes in finding a talent among the crowd, so we have setup an exclusive HR department to pick up the cream out of the crowd, Currently our team includes some professional Engineers, Managers, Quality analysts and many more so that we can deliver the quality to our clients.

Green Globe
Engineering Services

Our Safety Measures

- We believe that quality speaks up for itself at every location or any work station we maintain our position that the quality and safety measurements are never compromised, we have set up a tea, for the inspection of all sites so that necessary guidelines are never compromised.

Green Globe
Engineering Services

Work Environ- -ment

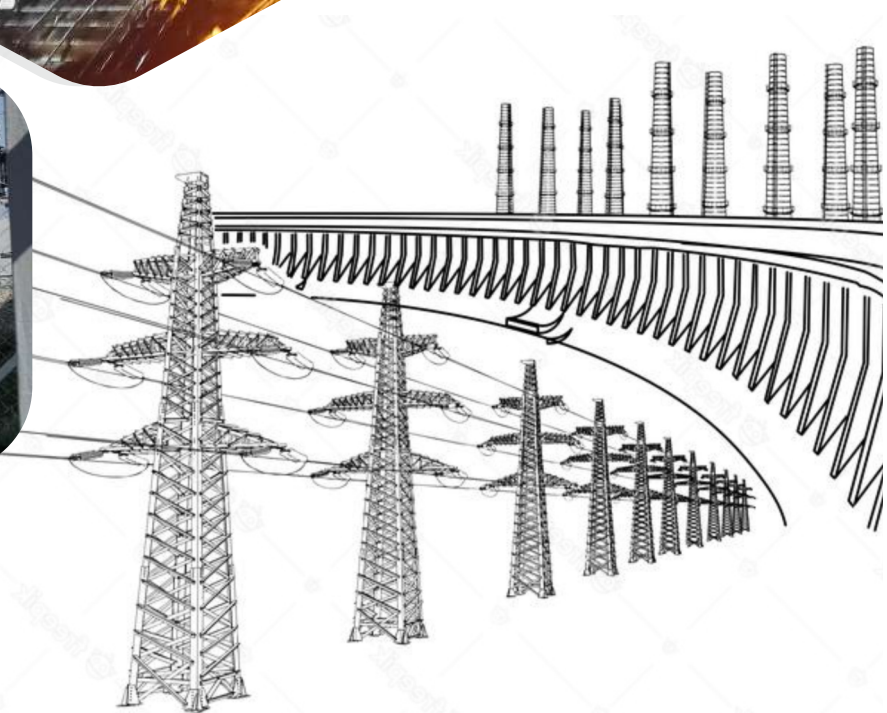

- We are shaped not by what we say, but what we do
What is culture but a shared set of beliefs, values and practices? Our culture is the foundation of our success and it is completely people oriented, touching lives and making a difference to employees, stakeholders, customers and partners alike. We believe that excellence is not a destination but a journey of continuous improvement and we keenly promote an open culture, encouraging feedback, and actively transforming it into action.

OUR CSR ACTIVITIES

One of humankind's greatest challenges this century will be to ensure sustainable, just and balanced development. The needs of current and future generations cannot be met unless there is respect for natural systems and international standards protecting core social and environmental values. In this context, it is increasingly recognized that the role of the business sector is critical. As a part of society, it is in business' interest to contribute to addressing common problems. Strategically speaking, business can only flourish when the communities and ecosystems in which they operate are healthy.

Generally, CSR is understood to be the way firms integrate social, environmental and economic concerns into their values, culture, decision making, strategy and operations in a transparent and accountable manner, and thereby establish better practices within the firm, create wealth and improve society.

“We Green Globe Engineering Services believe in CSR because it is a proposition aligned with our values, but also because it makes business sense. Our commercial partners expect from us sound environmental and social practices. We get and understand the message and are actively promoting CSR among associates. We want to be recognised as a responsible industry, adding value to our products.”

Green Globe has taken part in many CSR events

- Sponsored and Organised winter Sports Carnival at Pahalgam in association with JK Tourism.
- Participation in an event named “YEH ZEHAR KYU” for Drug De-addiction.
- Sponsored and organised Cricket tournament and distributed Sports kits for various sports tournaments in Valley.
- Sponsored and Organised sports events with various Government Departments.
