

ENVIRONMENTAL POLICY.

Hurst Project Management is committed to minimising the impact of its business on the environment and wishes to reduce potentially harmful effects wherever they may occur. Our Environmental Objectives are as follows:

- Compliance with all relevant legislation, regulations and standards.
- Work with Clients, Suppliers and Sub-contractors to develop a sympathetic and receptive approach to environmental issues.
- Ensure that all staff understand their impact upon the environment and are aware of their obligations and responsibilities. Provide training and support for staff to ensure that they can fulfil the commitment given in the policy.
- Establish plans to handle emergencies and implement related training programmes.
- The reduction of the use of natural resources and where possible, the use of timber only from sustainable resources.
- The prevention of pollution.
- The reduction of waste.
- The Recycling of paper, timber and metals

This Environmental Policy is available to all staff and is also available to the public and other interested parties.

The Policy will be revised as necessary to address environmental issues arising from new legislation, new developments within the Company and within the companies we supply.

Craig Hurst
Managing Director
