

QUALITY POLICY.

Hurst Project Management Limited is dedicated to its Quality Policy.

The Policy will ensure total satisfaction for our customers. We will achieve this by setting the highest standards in both quality and service which will also set the benchmark for all our supply chain partners.

The Company Objectives are to become the leading Interior Contracting Company in the UK with a wide and varied client base of blue chip household names.

Our client base will cover market sectors with sufficient diversity to ensure that we remove any possible reliance on a single work stream.

We will remain flexible to our customers requirements and will achieve their goals and expectations using our ability to identify and satisfy their needs.

Everyone in the Company contributes directly to these objectives, and a copy of this Policy statement is issued to each member of the company, to ensure the Policy is understood, implemented, and maintained by all personnel within the Company, and will be further explained in discussions with management for all personnel.

All suggestions from staff will be gratefully accepted and evaluated to further increase the quality of our services.

A copy of this policy statement has been given to all members of staff.

Craig Hurst
