*Example of brief description for previous item in last year's Clothesline sale: "You will enjoy 25 mouth-watering Indian vegetarian samosas. If you've ever eaten in an Indian Restaurant, you have probably tried – and fallen in love with- samosas. These lightly pan fried, jauntily triangular pastries are simply yummy. I make the most popular version, slightly spicy potato and pea filling called aloo samosas. If you love Indian samosas, these are for you. They are handmade and rolled with tender loving care and with just the right amount of spice. Dipping sauce is included."*
