Adjustable for 360  
degrees rotation

Two tilting angles

**TITANO BAG** Is Made of High quality. Oxford Fabric is made from cotton, a mixture of elastane, or a combination of cotton and polyester. This bag is designed with a tridimensional capacity, simple and minimal curve appearance, and anti-theft on travel to be higher performance.

# TITANO BAG

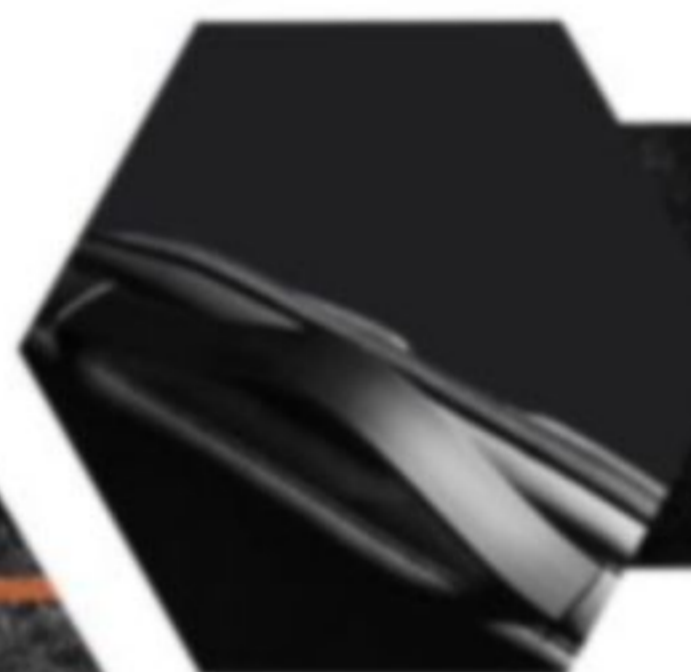

Take is no load bearing. The initial curve structure design concept arose from the convenience of a shop, establishing store function. Use minimalism/simple curve appearance design/anti-theft on journey to enhance performance.

## Anti Thief

The zipper, which is completely hidden at the rear of the bag, is its ingenuity. No thief will be able to unzip the bag and gain access to your personal stuff.

## Weight Balance

The Backpack is meant to disperse weight down and back, reducing up to 25% of downward pressure on your shoulders.

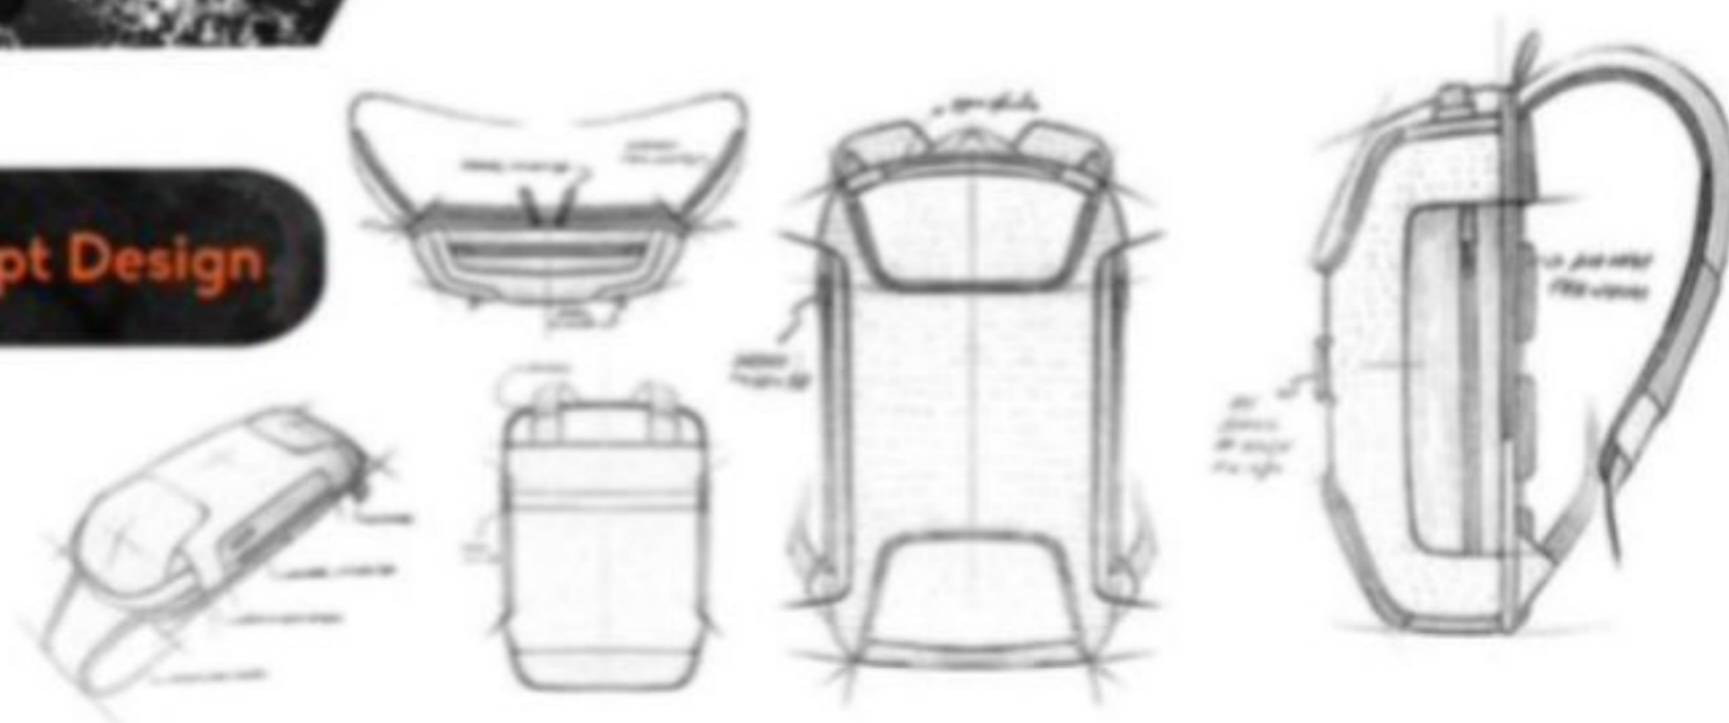

## WaterProof

Don't worry about rain or water stains, all it takes is a quick wipe with a cloth to make your bag seem like new.

## Concept Design

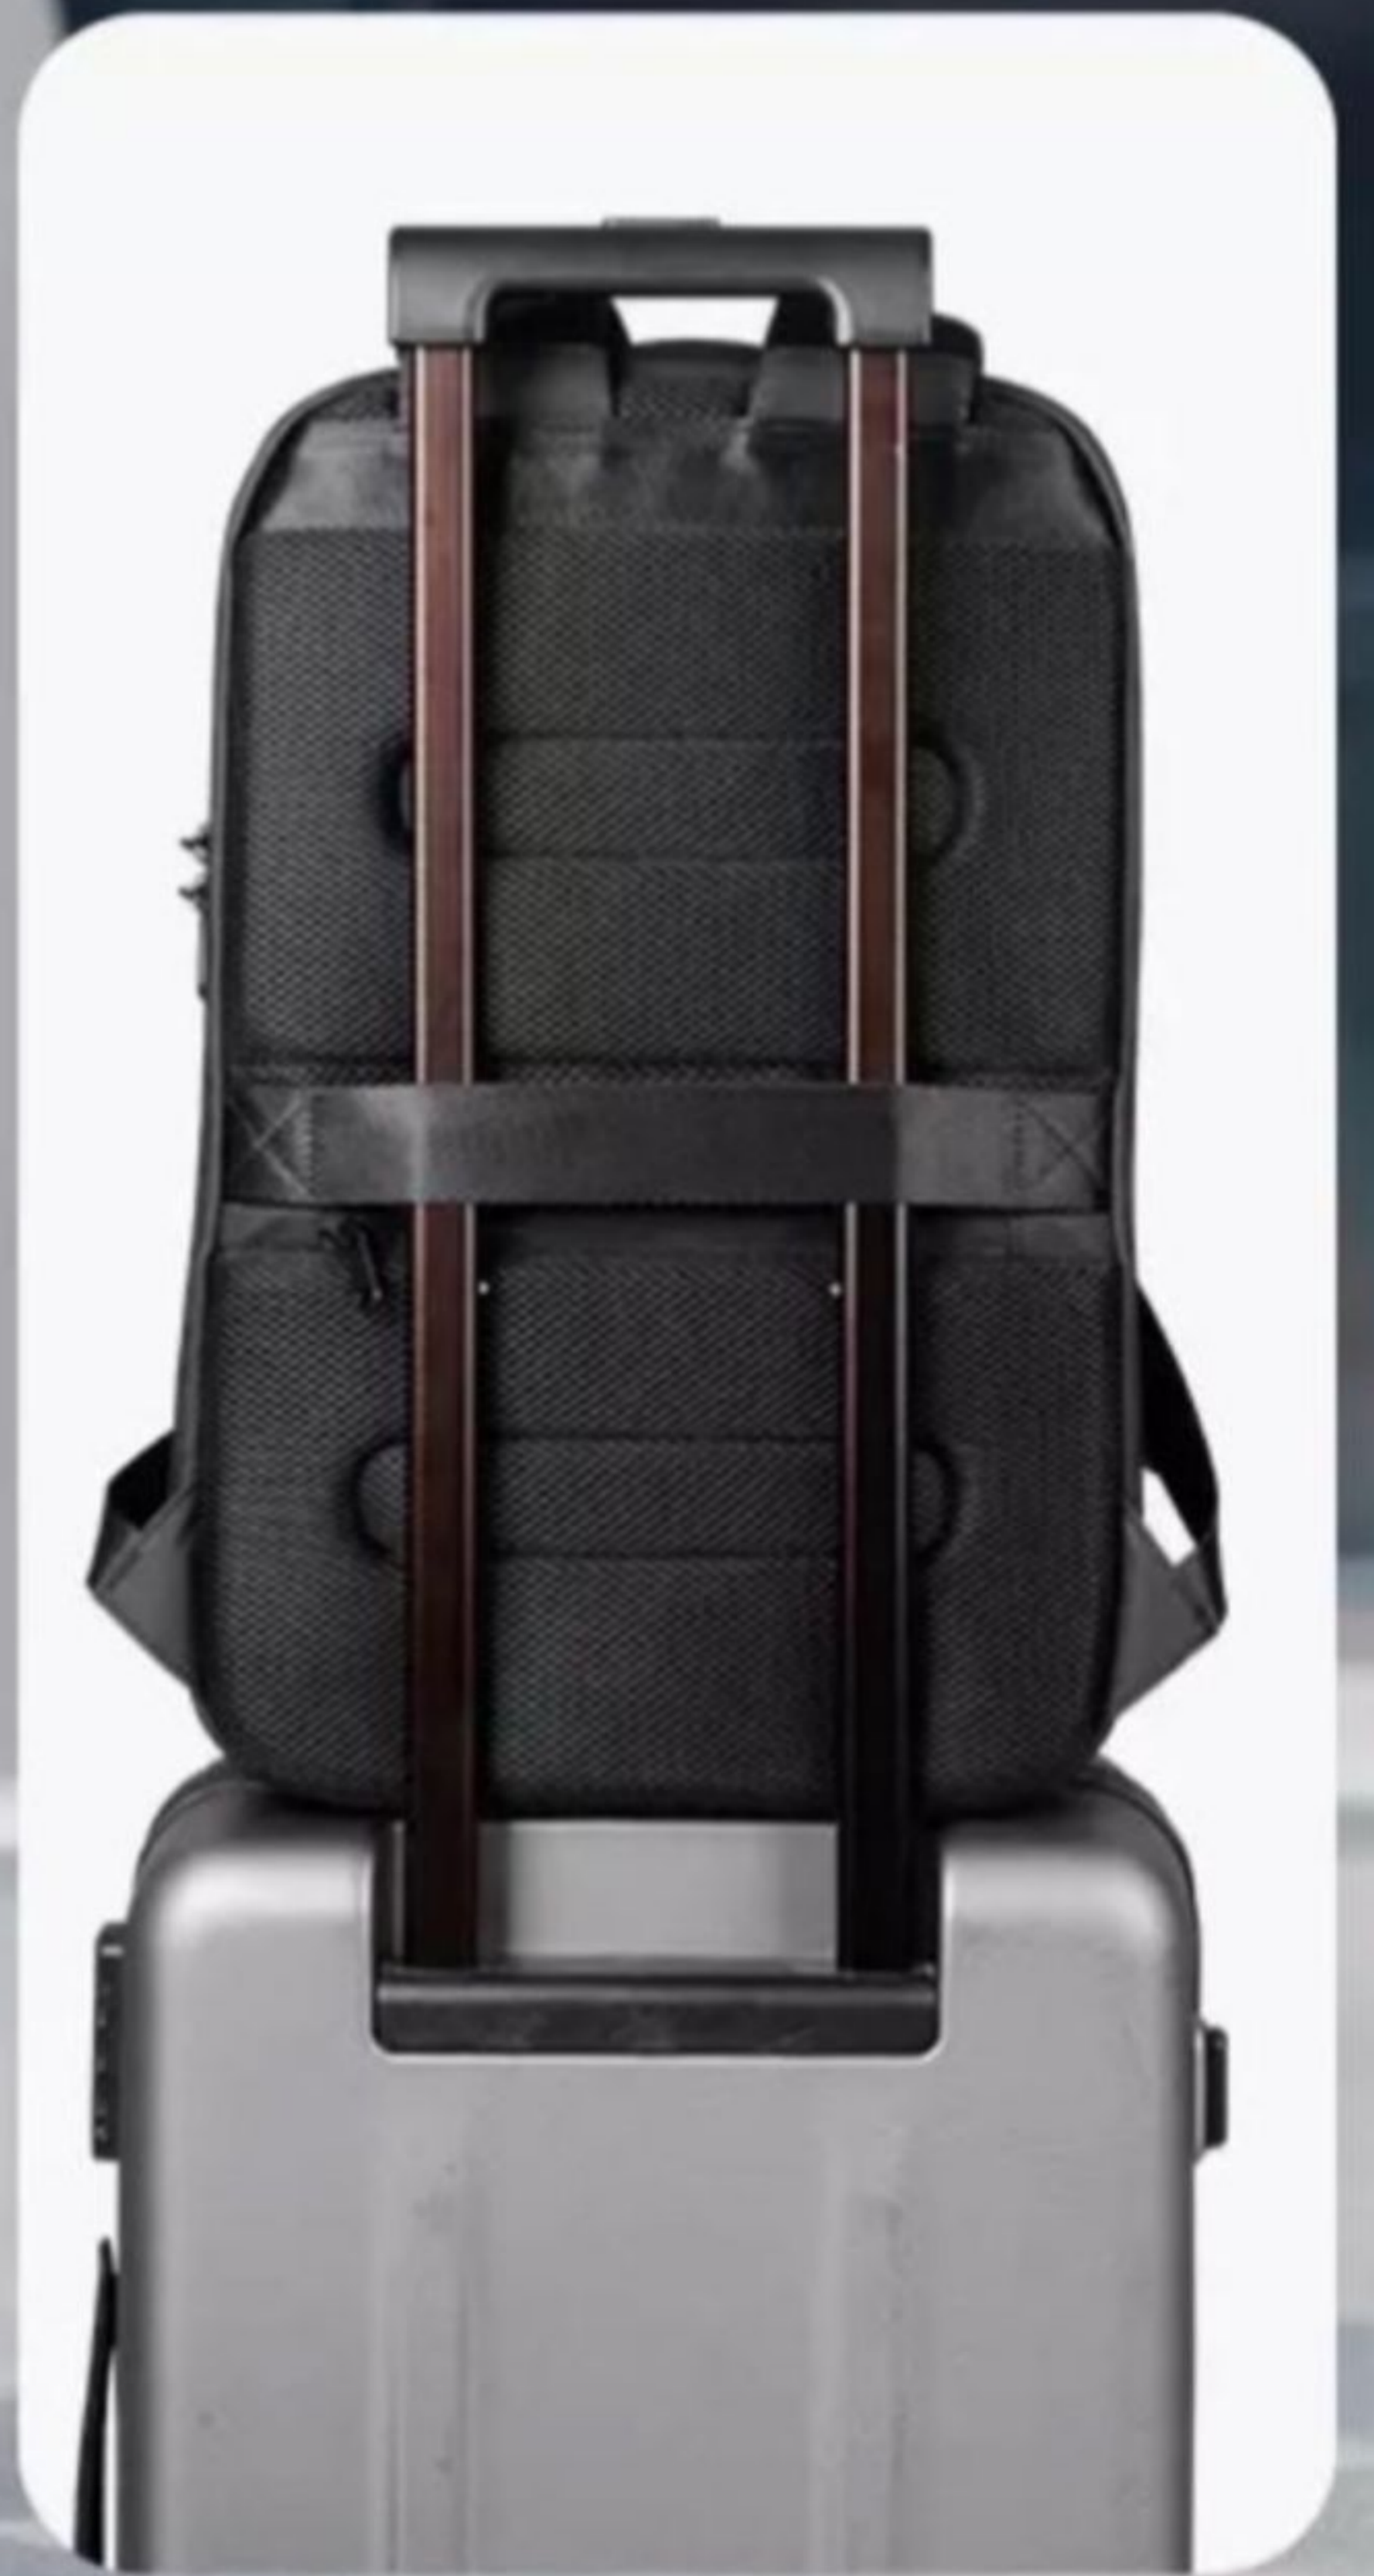

## Fixed belt of Trolley Case

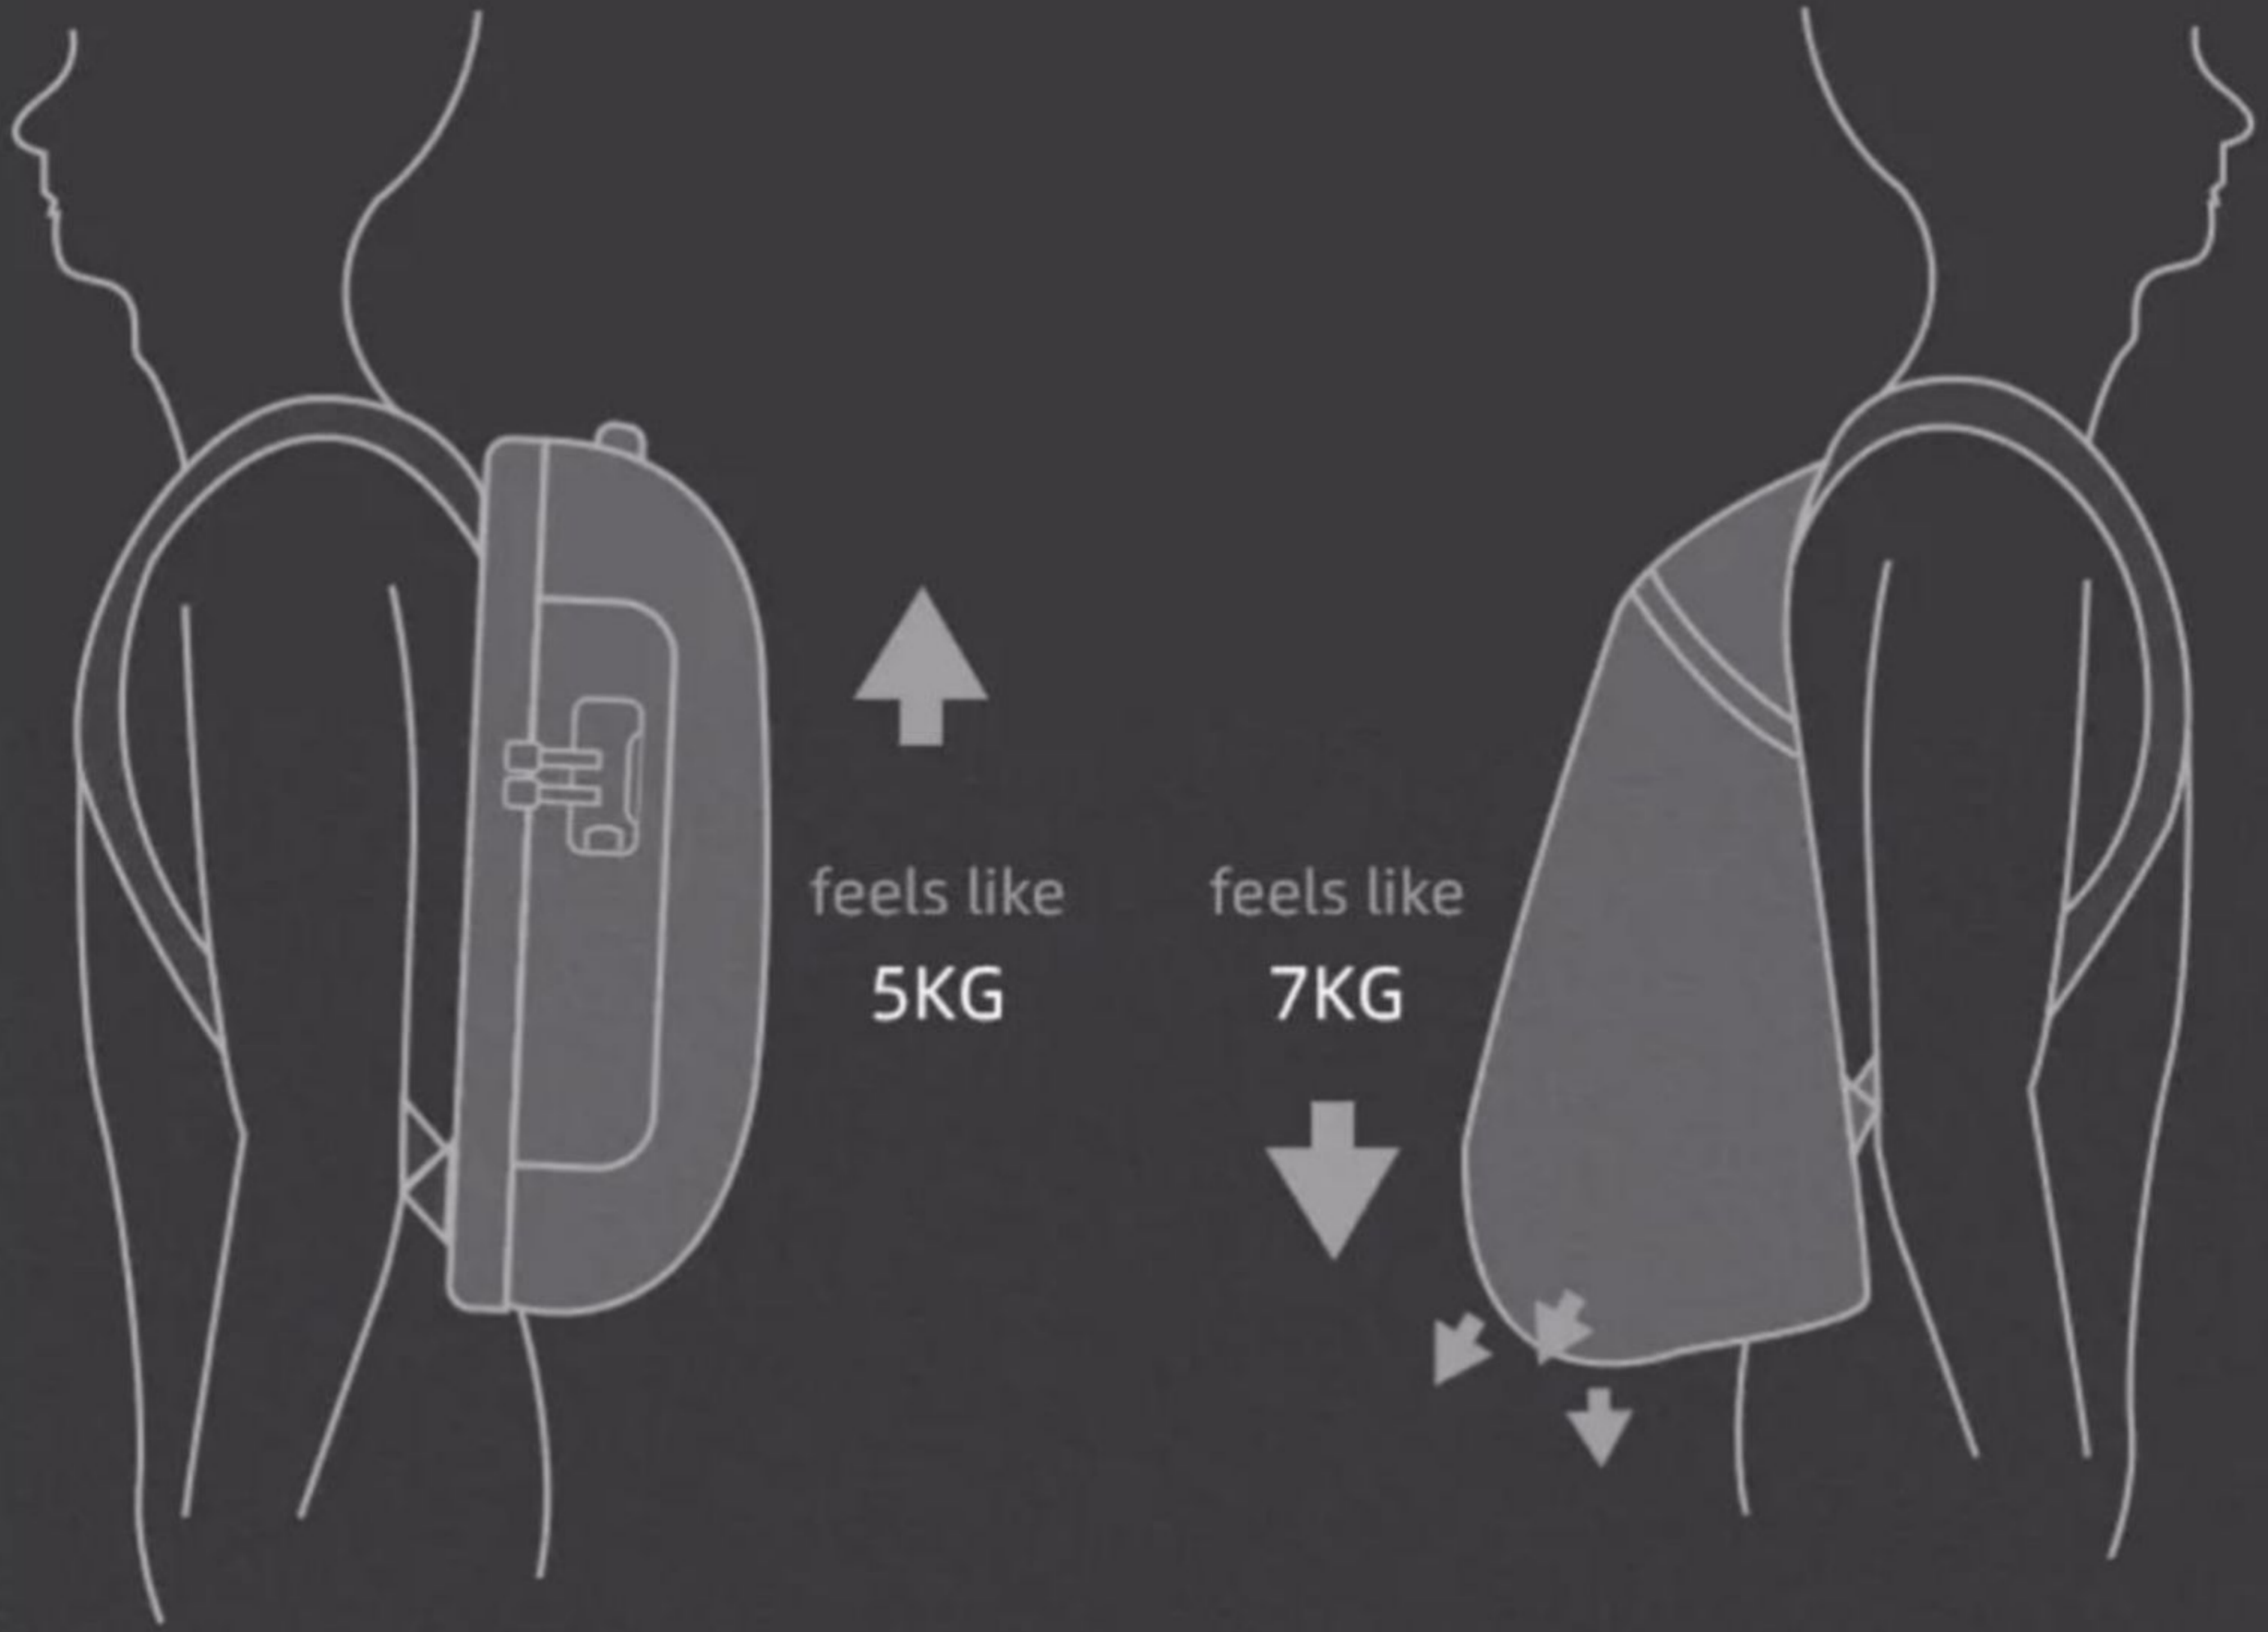

It can be used with the trolley case to release the pressure on the shoulder, no burden for long-distance travel

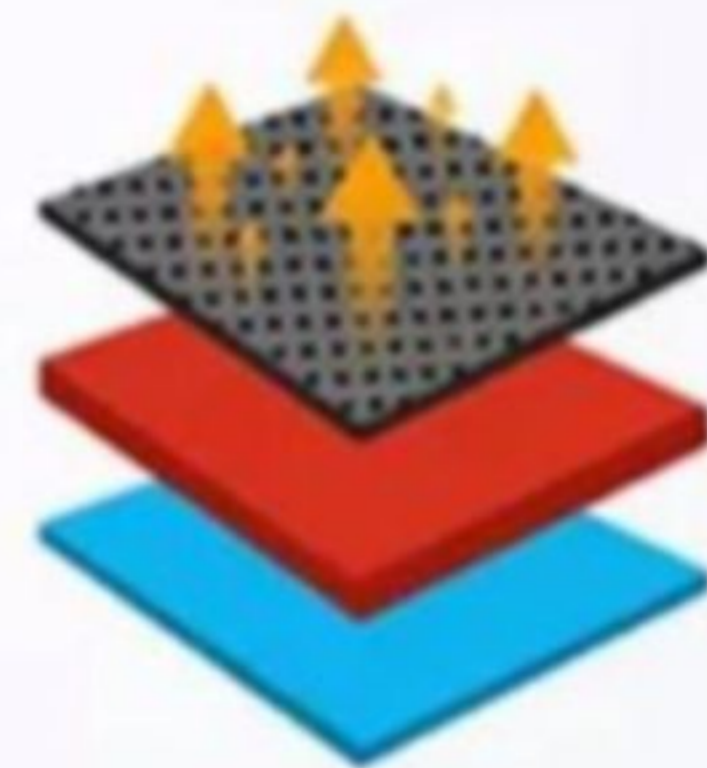

# BREATHABLE BACK SYSTEM

3d stereo ventilation on the back

## CONSIDERATE DESIGN

- Breathable mesh
- Weight balance
- High-density foam

# SOUND WAVE

Our SOUND WAVE Bluetooth speaker is portable. Is the weather bad? Don't be concerned. You can rock out to our unique sound rain or shine thanks to its waterproof construction. Move around more.

## Magnetic Base

The bottom includes four very powerful magnets that may be attached to iron-containing things and placed at will, allowing you to live a more leisurely existence.

## High-Quality Speaker

This Speaker designed 65mm high-quality loudspeaker unit features a 5mm passive radiator face, a bigger sound cavityspace at the same volume, and a louder loudspeaker amplitude. It produces incredibly strong bass at a very low volume.

### Loudspeaker with Passive Radiator

### BassPK

Deep enough dive,  
strong bass

## IPX6 Waterproof Design

The complete housing has been meticulously constructed to be water resistant for indoor and outdoor usage, so that the speaker is adequately protected from splashing water, unexpected rain, lying dust.

### MULTIPLE PLAYBACK MODES

Supports wireless Bluetooth connection playback and TF (Micro SD) memory card playback; if you don't want to play music with a Bluetooth device, a memory card songs are plenty to keep you entertained all day.

Classic Gray

### Extended 8hr Playtime

Built-in li-ion 400mAh Rechargeable battery guarantees up to 8 hours playtime in 50% volume
