

# HOW DO I CHOOSE COORDINATED PAINT COLORS?

PORCARO POWER PAINTING

Does the idea of choosing coordinated paint colors make you anxious? You are not alone. Many people feel frustrated when they try to choose complementary colors for one room or an entire home or office suite. Rob works with his clients to help them choose attractive colors.

As an added bonus, you don't just get a small swatch of color to hold up to the wall you want to paint. Rob and his team bring the paint to you and put large samples on the wall to be sure that you are satisfied with your choice before the project begins.

If the paint swatch method doesn't help you make a decision, Rob can refer you to a professional designer, [Renee Adsitt at Color Whiz Architectural Color Consulting](#), who is excellent in color design. She provides professional advice at a minimum cost to you.

Rob also provides 30 years of experience in related services, such as:

- replacement of siding
- answers to frequently asked questions about spoor (evidence of animals)
- how to rid your home from recurring mildew
- contacts for other related trades if needed

Please call or e-mail us today to setup your FREE consultation.

We look forward to meeting with you soon!
