

# EXTERIOR PAINT TYPES AND USES

PORCARO POWER PAINTING

We use several types of quality materials in the work we do. To achieve the best possible finishes available in the industry, we often partner with reputable companies such as:

[Miller Paint](#)

[Sherwyn Williams](#)

[Benjamin Moore](#)

[Kelly Moore](#)

## Exterior Painting

To endure the climate changes of the Northwest, we often use Kelly Moore and Parker Exterior 100% acrylic flat and velvet finishes. We typically paint cedar trim with Parker's oil based wood hide, for lasting durability.

## Color Matching

We specialize in color and product selections, as well as meeting the desires of our clients. With computer correspondence we are capable of matching colors from almost any palette to within 99% true color frames. We hope to serve you using these quality products partnered with our superior craftsmanship.

Please call or e-mail us today to setup your FREE consultation.

We look forward to meeting with you soon!
