### 3:00 - 3:45 pm: SHERRY WILLIAMS

#### "THE IMPORTANCE OF THE ENERGY OF HOW WE SPEAK TO OTHERS"

At a young age, Sherry was constantly told by her father that "Children are meant to be seen and not heard." As she grew up, she had a hard time expressing herself in fear being wrong and those she was in a close relationship with would leave her. Imagine if every child was talked to with loving energy - rearranging how words are spoken - even if it needs to be stern. Imagine children becoming adults and expressing themselves in a positive way with outsiders and the ones they eventually have a close relationship with. Imagine a world where we as adults all know how to communicate with positive energy. Sherry is an Intuitive Therapist and Energy Healer with a Master's in nutrition, herbs and vitamins and holds a life coaching certification. Sherry uses her skilled set of intuition and clairvoyance to find the source of your repetitive cycles/patterns with sharp accuracy and offers effective strategies to resolve your challenges.
