

CONFLUENCE WATERSHED SUMMIT

NORTH FORK PAYETTE RIVER WATERSHED

January 25, 2021

WEBINAR SERIES

10AM - 12PM

No Charge to Attend

This is a first in a series of presentations that will cover topics including the state of the watershed, challenges, and actions to lessen the impacts of increased cultural pressures on water quality.

All concerned with lake closures, water safety and toxic algae blooms are invited to attend this watershed summit to learn and contribute.

JOIN THE DIALOG AND WORK TOGETHER TOWARD WATER QUALITY SOLUTIONS

Join the Idaho Department of Environmental Quality, Valley Soil and Water Conservation District, Natural Resource Conservation Service, ISWCC, Bureau of Reclamation, Payette and Boise National Forests, Idaho Fish & Game, Bureau of Land Management, State and local officials, Valley County community groups, business and land owners.

EDUCATE

Learn the state of the North Fork of the Payette River Watershed.

MOTIVATE

Share ideas and opinions about what we can do to protect the Watershed. Network with others motivated to get involved.

ACTIVATE

Short and long-term action plan development.
