Unicorn: a mythical creature, someone amazing, or a very rare find. As a guiding definition, no one embodies the unicorn's spirit more than Apryl. Fearlessly unique and infectiously inspiring, Apryl's intuitive approach to hairstyling is rare indeed.

"You shouldn't leave my chair seeing someone reinvented, but a genuine reflection of yourself and how you feel," says Apryl. "My goal isn't just to make my clients look beautiful; it's to help them feel and be beautiful from the inside out."

A stylist since 2002, a business owner for the last five, and proud member of the Unicorn Tribe, Apryl specializes in vivids, cuts, and overall artistry. "The more expressive and creative the process, the more inspired I get to take that journey."

Apryl is also a Reiki master and shaman offering professional tarot readings on her extensive menu of professional services.

"I'm here to help clients find their own brand of beautiful both emotionally and spiritually — to help people tap into their happy."
