BIOSLIMMING WRAP

AN ABSOLUTE REVOLUTION IN BODYWRAPS

A revolutionary breakthrough in body wrap technology! Considered by professionals to be one of the most effective high end body contouring spa treatments Bioslimming Active Wrap results are clinically proven to produce visible, instant & more importantly, long lasting results from FIRST Treatment.

The treatment helps to reduce 1-4cm (1-2.5 inches) per measured area in only 60 mins*!
Dramatically decreases appearance of fat deposits and cellulite by 47% and helps decrease the appearance of stretch marks.

BIOSLIMMING TRIO

The Bioslimming trio is scientifically formulated to enhance and maintain the results after the Bioslimming Active wrap!
The Trio can be used on its own without having a spa treatment and will give great results, however the results are more dramatic when combined with the Spa treatment.

Using Bioslimming allows women to target their problem areas with precision.

STEP1

BIOSLIMMING ACTIVE WRAP

Bioslimming professional products are exclusive to spas.

The products have been scientifically formulated to produce amazing results from first treatment. Bioslimming wrap is extremely effective at reducing Fat & the appearance of Cellulite and has a host of other benefits. This fast acting cellulite treatment contains active ingredients which have been proven to have an impact on the appearance of cellulite, on clinical trials the appearance of cellulite diminished by 47% from first treatment and reduced by up to 67% in less than 4 weeks following regular salon treatments and the use of homecare products.

Bioslimming is available as both a salon treatment and homecare treatment. Unlike traditional wraps you do not require to be wrapped in bandages and it is really more of a massage treatment, which makes it a very pleasant treatment to have. The massage helps in the fight against cellulite and fat as the massage helps to further break down the fatty deposits and stimulates the lymphatic system helping to remove toxins.

6 TO 12 SESSIONS ARE RECOMMENDED /

We recommend 1 to 2 Wraps/weekly

NEW! CONTROL SHAPE

Your daily Care!

THE ANTI-CELLULITE ACTION

Smoothing of the fat nodes 83%

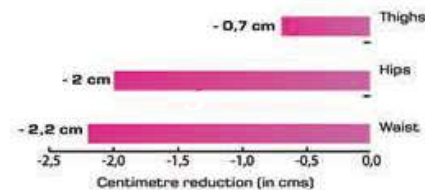

Formulated with 3 high-powered active ingredients Control Shape will help refine your figure by acting at several levels:

- Boosts lipolysis, thanks to the pre-lipolytic action of a pink pepper extract.
- Fights against cellulite (fat burning, stimulation of collagen synthesis)
- Improves skin microcirculation to reactivate the elimination of waste that accumulates in the tissue.

Formulated with a moisturising active ingredient it provides 24 hours' skin hydration while erasing the appearance of orange peel skin.

*** Clinical tests: Application of Control Shape twice a day for 28 days 18 female volunteers.*

Reductions measured in centimeters on the waist, hips and thighs.

FAT STORAGE DECREASE, FAT ELIMINATION

the slimming effect of Control shape is rounded off by stimulating micro-circulation and it generates centimeter/inch loss.
