

# MANAGE ALL MONITORING WITH ONE COMPANY.

When partnering with BCI, all your fire and security monitoring needs 24/7/365 can be managed via a single point of contact, avoiding the hassle of juggling multiple vendors. We customize an inspection/certification program that works best for you and most effectively for your systems.

**We consult with you to create a plan that works for you.**

A service representative will meet with you, tour your facility if necessary, and develop a service plan that will ensure your systems are tested and certified to keep them in compliance with your local Authority's Jurisdiction requirements.

## **Our service offerings include:**

- ✓ Fire and burglar monitoring
- ✓ Fire, sprinkler and kitchen hood inspections
- ✓ Extended Maintenance Programs
- ✓ Service Agreements
- ✓ Fire Alarm Inspection
- ✓ Extinguisher inspection and certification
- ✓ Deficiency repairs on all equipment
- ✓ Parts replacement
- ✓ After hours emergency response
- ✓ New fire alarm and security systems

Upon completion of service, we will provide you with the required documentation as outlined by the National Fire Protection Association and as accepted by your local authority.
