## ***The Men of Harmony,***

Formerly known as the United States Steel Chorus, is a chorus of male voices whose objective is to preserve the traditional choral, folk, and popular songs of our Country while spreading good will to the community.

We trace our roots back 70 years to the construction of the United States Steel's Fairless Works plant in Fairless Hills, Pa.

Our original purpose was to sing Christmas carols for the men who could not go home for Christmas. The group soon developed shows and a road tour to include tree lightings, benefits, schools, nursing homes, hospitals, senior centers, and eventually, year-round concerts.
