

# REACH LV

## Youth Recovery Center

**Mondays & Wednesdays 4-7pm**

Our mission is to provide a recovery community program that supports, empowers, and provides services to adolescents and their families in all phases of recovery.

### Professional Support

Our certified recovery specialists, experienced staff, and carefully vetted volunteers lead with empathy and cultural sensitivity to assist and support adolescents and their families in all phases of recovery. Everyone must meet, comply with, and adhere to the training, safety, regulatory, and policy requirements set forth by the center, the city, county, and state.

## VIRTUAL HANGOUT

### THURSDAYS 7PM - 8PM

We are VIRTUAL! Teens and young adults are invited to join our Youth Hangout. Substance use and other issues affect self-esteem, relationships, and one's outlook on life. No matter how you're affected, you're welcome here.

**For teens & youth up to age 21**

### REACH services include:

- Recovery Meetings
- Peer-to-Peer Support
- Planned Sober Social Events
- Family Support Groups
- Psychosocial Education Groups
- Linkage to Counseling & Community Services

### Better Together

REACH LV offers a safe, sober, supportive environment where adolescents can meet new peers and create new friendships to support them on the road to lasting recovery. Our use of the Alternative Peer Group (APG) model compliments any clinical or behavioral treatment and increases the likelihood for continued recovery by 88% or better.
