

KYM LEE

FOUNDER AND CEO

"Personified perfection! Nothing comes easy when you want the very best, or you yourself want to be the very best. I set out several years ago to make GALAXY the best product in the industry and I have become a slave to that perfection. Winning dozens of competitions didn't only come from doing a better competition nail, the product had to perform to my expectations every time. We at GALAXY have refined our Liquids and Powders formulas to a standard that other companies in the nail industry now compare.. we have refined the product to your expectations."

Kym Lee's MISSION TO PERFECTION

KYM LEE SEMINARS

To be a professional in the nail industry in the 21st century requires more than the ability of doing nails, the new nail trade is business, good business. Kym Lee has been inspiring the growth of our profession for over 20 years, promoting quality method and sound professionalism through sharing her expertise and 63 time championship skills.

As a working nail professional, Kym has learned the ups and downs, the ins and outs, what works and what doesn't. And unlike so many successful people in the beauty industry, Kym wants to share her experience as well as teach faster and more productive techniques.

Kym has already helped tens of thousands of nail professionals by improving etiquettes, operational methods, her tips on shortcuts, trends and style. After completing just one Kym Lee Seminar, students and professionals alike go back to the work place more informed about their business. Even the seasoned veterans receive inspiration from attending one of Kym's exciting programs.
