STEALTH TIPS

The STEALTH Tips are a completely transparent tip that does not require any blending. Therefore when used with pink and white acrylic there will not be any tell tale lines. The perfect tip for our SHIMMERING GLASS system or our very vibrant COLORIFIC Powders. Take creativity to the next step with STEALTH Tips and let your imagination be your guide.

ULTIPMATE TIPS

Kym's super patented glueless tip method begins with this tip. The ULTIMATE Tip is designed with a pre-set "C" shape ensuring stronger side walls. The width is the same from the stress area to the free-edge for shaping straight sides or a tapered nail. The ULTIMATE Tip and the patented glueless method are exclusive features of the GALAXY way of doing better nails.
